Dear Detective Hoffman:

SUBJECT: Weight Tickets from North Landfill

Enclosed, are copies of subject tickets for July 28, 1983 as requested, they are the ones within the weight ranges we discussed. While most of the information on the tickets is self explanatory it is important to note several specific items. Account #00000 are the cash transactions. Time is shown as military time. Material type 02 is trash and material type 04 is from a private hauler. It is conceivable to this scenario that the transaction could be coded either way. The quality of the copies are not as good as desired but are the best available short of sending the actual tickets, which we cannot do.

If you have any questions regarding these, or require additional information, please do not hesitate to let me know.

Sincerely,

A handwritten signature in black ink, appearing to read "Dennis L. Bedwell". The signature is fluid and cursive, with a large initial "D" and "B".
