And he got out of it, had a beer in his hand and he walked through an opening in the dunes, down towards the water and I got out of my car cause I was going down anyway and he was standing there, it was a very windy day, there had been surfers and sailor's, ah it's a spot where they sail and ah, ah, I'm very sure we started a conversation, it was something to do with the wind. He said I love it and ah I love boating and that I had spent my service up on the Great Lakes on a boat, everybody else in the Army was ah ashore but for some reason or another he had duty on the water.

Q. He indicated to you that he was in one of the armed services apparently?

A. As a matter of fact he showed me an identification which ah and I, it's hard for me to see anything without my glasses.

Q. Why did he show you identification?

A. I don't know, I don't know. Oh I presume it was during our conversation about boats and it was, I could see in big black letters AS and then I couldn't see anything else on it I would have to put on my glasses.

Q. How much time did you spend at the beach (inaudible)

A. Oh probably ah an hour maybe.

A. He probably did go up but I never took him in. That's what confused me because on this Wednesday evening he accused me of making an engagement with him at the Young Circle and he said that he walked around in the rain and something and he was, got a cold or something and I told him that I had been at home with a bad sore throat and so no I did not meet him two or three I did not ever go there.

threaten you?

A. No.

Q. Did you ever pull a knife on him?

A. Good God no I don't even own one.

Q. Did he ever pull a knife on you?

A. He showed me a knife that he had. Now this, the one thing that disturbed me about this boy is that he is evidently afraid of violence on his person and he had, he had a knife, he asked me to set in his car and I was sitting in the passenger seat and he said something to me about you don't have any knives or guns or anything on you. What was a strange thing. I would certainly think...and then he said see I've got this knife and it was, I don't know I think a switch blade on it but and he took it out, the folding blade you know, and opened up the thing and put it in his glove compartment and then he, it was strange but I had the feeling that he thought I might be violent and I am the least violent of anybody you'll ever know, I hate violence.

Q. And you're....

A. And then he reached down and he said see I got this pipe and he reached down like this and you know it went up under my knee and I thought my God I better get out of here.

Q. What kind of pipe is it?

A. I don't know, I don't know, I couldn't see. It was dark then, I would think it was about this big around and he said it was a pipe.

Q. Did he said what he used it for?
