Q. Who was present at the house?

A. Ah just Reve when I first got there, Adam was still in bed sound asleep. Ah cause he had stayed up quite late the night before and ah I wanted to go ahead and get some drivers license which we had both had lost, hers had expired on her birthday a couple days before and mine was stolen.

Q. Where was yours stolen from by the way?

A. Out of my car underneath the seat there someone had ransacked me.

Q. Which car is that?

A. 65 Mercury convertible and ah she informed me that she had to do some miscellaneous errands, she had to go to Sears to buy a lamp that was on sale, and she was going to go to Apollo Gym and then Gram was gonna watch Adam around 12:30, 1 o'clock. So I had a cup of tea at the house I don't believe we had any breakfast at this time because it was getting late, it must have been at least ten thirty or so and I had to get down to work there to see what was happening and just before I left Adam came out, out of his bedroom came out and made a bee line straight for the couch there in the family room he was still tired as hell from last night you know incoherent totally. He laid down on the couch and Reve went and laid down with him they were cuddling for a while. I finished up my tea and said I had to get going and I would talk to 'em later.

Q. Did she <sup>ask</sup> ask you at that time if you would take Adam with you to work?

A. Yes she did. She asked me if I would take Adam and ah, and ah but I was gonna do it but I had to go that particular day and do some filming down there at the beach and I was gonna be with the owners and I would be most of the

not renting material at all the tourists just couldn't handle it. So I figured I better hang in there until I hear from this owner or something of that nature, just to you know find out what's happening there.

Q. Who saw you down at the Golden Strand, what people?

A. The only people I could think of that day that I would see in the morning when I actually arrived would be ah Gordon was off that day I know, Louis he, I'm pos...I don't remember actually seeing, I usually make my rounds in the morning. I walk through the back gate there I used to see the people in the restaurant and I see Louis at his office and I go straight up the stairwell up to my cabana which is situated in the top corner of the place. So ah, I'm pretty sure I saw Louis that morning there when I arrived and ah

Q. Did he see you?

A. I would imagine so. If I saw Louis he saw me. That's what I meant I would have said hello to him or good morning to him or something of that nature. Ah, I proceeded right to my cabana, opened it up still checking out the weather, ah I hung out for about fifteen, twenty minutes debating whether to hand in there at all kinda walked, went back down stairs got a glass of water, out of the cabana office down stairs. I believe I went back upstairs but the majority of the time I went straight up to my cabana again ah, and I just hung up there for hours.

Q. Did anybody see you up there?

A. Ahmmmm, not til later in the afternoon.

Q. Which would be what time?

A. Oh, I was there around two o'clock.

Q. So from eleven-eleven-thirty til two o'clock you don't know if anybody could have possibly seen you?

A. Ah, not to my knowledge. I spent alot of time up in my office, my, the way my office is situated up there nobody passes by, I mean you gotta go up looking for me to see me.

Q. Yeah I'm familiar with your office I was up there.

A. And ah, what I basically, I was hanging out the day there, ah I eventually went downstairs and washed the boats up, got them ready for, I knew the owners would be down, it was getting late into the afternoon before they even appeared. I even in fact took a run down to the Thunderbird Motel to borrow some sails just for the demonstration, I can just set up some nice sails, my sails are kind of shabby you know for these pictures.

Q. Uh huh. Jimmy did you at one point reconsider about picking up Adam and were gonna call Reve around noon to call her you were going to pick up Adam?

A. Yeah when I was at, when I was down there it started getting real windy and I thought I'm just gonna bag this but then I never did. I decided I just better stick it out there.

Q. And you never called or tried to call?

A. No, no.

Q. You knew what her activities were gonna be for the day, she told you earlier that morning when she (inaudible)

A. Yep she said she was gonna go to Sears to pick up some lamps that were on sale and then she was going to the gym to work out.

A. I think she said 1 o'clock.

Q. What time does she normally go to the gym?

A. It varies on her schedule depending on what Adam was doing or what her school activities were or what she had to do that day. It varies. A lot of times she wouldn't go until at night time with John, they wouldn't go until the evening after work or something, it varied all the time.

Q. What added pressure Jim?

A. Well my parents, John, Reve, everybody has made some suggestions that we you know.

Q. Yeah.

A. But it's...I don't see how they could really help me. It's just one of those things I just..you know.

Q. You don't know unless you go there and try to get some kind of help.

A. No. The only time he made me angry would be trying to stay up late or not going to bed on time or something ridiculous.

Q. But Sunday night you didn't get him to bed til midnight or later.

A. He didn't have school the next day though.

Q. So that's the criteria?

A. Yeah, oh yeah. Cause he does sleep in in the morning.

Q. Are you pretty much the disciplinarian with Adam?

A. Ah no we all really had our parts. Everybody had there own.

Q. And what was your part?

A. My basic part on disciplining him was just be sure that he got to bed on time and you know he brushed his teeth in the morning and just normalities

Q. Alright so you indicated you ran up to the Thunderbird to get the sails?

A. That was on the beach, right I took a run.

Q. This would have been after two, sometime after two?

A. Ah it had, it had to have been, it had to have been, I was there for at least, it appeared, I didn't have a watch on at the time but it would appear that I was there for a couple hours before I went down there, it seemed like quite a few hours, two or three hours. I would say anywhere from , I was down there anywhere from 1 o'clock to two thirty or so anywhere in there.

Q. And you weren't able to make contact with the guy from the Thunderbird?

A. No I went down there and there were two young kids down there working it that day for some reason, like thirteen years old or something, fourteen or fifteen.

Q. Did they know you?

A. No I never even seen them before. I think one of the kids his father works on the pool deck or something I'm not quite sure there. I might have met them once through Gordon, Gordon knows everybody down there at the Thunderbird, we used to go down there and play a little bit of ping pong and things like that ah but the kids that were there they didn't know me so they didn't give me the sails that I wanted so they gave me a phone number

I talked to the young on the phone and she said call back. I got ahold of this Derek fellow that runs it this English guy. So I said scrap it I can't get 'em for the day so, so I never really followed through with it.

A. No none at all.

Q. You didn't have your indifferences about anything?

A. Basically not no. We had a lot of similarities in fact.

Q. Whose idea was it for you to move out of the house Jim?

A. Ah I think it was kind of a mutual understanding. It had been something that was going you know I needed a place...they needed a place

Q. Between all three of you or between you and Reve...

A. Yeah all three of us yeah we talked it over for quite a bit you know here and there but ah we all left on very good terms there was no problems.

Q. You mentioned one point you got very upset with Reve because the emotional situation that you indicated in talking to Joe, Joe Matthews for the record, that you were really pissed as hell when you moved out on one particular day?

A. Well pissed as hell would be like saying she burnt my toast that morning. Ah we had a little indifference there was a little, over something ridiculous I don't remember exactly what it was. But ah yeah we were upset for a couple hours and I believe I headed for my parents house and called her back up and ah yes it was ah...

Q. When did the affair that you got involved with Reve actually begin. Do you remember how long ago it was?

A. I'm trying to think here.... cause I always thought that all this here was confidential.....

Q. It is confidential material. The police have knowledge of it. Is it still going on today?

A. No it's not.

Q. You stopped all that?

A. Reve and I have what you might say a brother and sister relationship as far as closeness goes. If I was to go out today and get engaged or if she was to have five more kids we would always still be as close as you could possibly get. We got a brother and sister relationship. We've always been like that, very close. Being able to talk to one another.

Q. Except that during the time of the affair you wouldn't describe it as a brother and sister relationship unless you believed in incest?

A. No.

Q. Right?

A. That's correct.

Q. That's what I'm getting at. Do you remember what period of time you were asked to move out of the Walsh's house? I'm really more concerned (insudible) the time yeah but which member of the family asked you, that you have to move?

A. Rev did.

Q. Did she mention it was John's decision that you move?

A. Uh huh.

A. And it wasn't, like I said before this was not a cut and dry thing where one day Reve approached me and said listen ah, you know what I'm saying, this was over a period of over a year maybe.

Q. You made mention of Joe Matthews again quoting that "if I didn't get out soon I would never get out", what do you mean by that?

A. I meant getting out of the rutt at my age and I had to get out and freaking get a house together and start saving some money to buy a house and start getting my life together. You know cause I was very domesticated there I mean you know it wasn't your normal you know after work you don't go out with the boys and go drinking and I went home helped prepare dinner or did the dishes and got Adam ready and, not that I minded it in any way.

Q. I think you were probably a help. How long did you actually live there?

A. Ahh, I'm trying to think when I moved in the house. Two years.

Q. Was it after born?

A. Oh yeah Adam was born back in '74 and they've been living in Hollywood since ah I think it would be three years this past summer.

Q. You lived with them only in the Hollywood house or did you stay with the sometime in the other...

A. I stayed with them sometimes in Miami. Cause I had a house, Reve's brother and myself had a house about a mile away.

Q. You mean Joe? No Reve's brother?

A. Yeah her brother Cliff.

Q. Did you frequently go on vacations with Reve and Adam and John?

A. Yeah periodically we'd all go out.

Q. Were there times you went on vacation with just you and Reve and Adam?

A. Ah.

Q. Or excursions or whatever you want to call them?

A. Yeah. Not too many though.

Q. If you had three or four (inaudible)

A. One or two, I'm not quite sure on it you know.

Q. Did you have a room of your own in the Walsh residence over on McKinley Street?

A. Yes I did.

Q. What part of the house would it be located concerning where Adam's room is?

A. Just directly opposite Adam's room. Our doors met, faced each other.

Q. Allright now look, I've been in the home several times and you walk in the front door the first room to your right is that Adam's room?

A. That's correct.

A. That's mine.

Q. That's a three bedroom house?

A. Right.

Q. You mentioned to Joe Matthews in an interview that we had with him that the real reason why you didn't take Adam with you the day that he disappeared was that you were upset with Rave and you wanted to show her that she just couldn't pawn Adam off on you whenever she wanted?

A. No, I get like that sometimes whenever the gym's mentioned. You know she was always going over to the gym or doing this and that but on this particular day...many a times I wouldn't take Adam because of that reason you know. She wanted to go do her thing, you know like lets give him...

Q. Have you on occasion when you picked Adam up met Reve there at the same time?

A. Yes I have.

Q. In other words you just wouldn't call her and say Reve I'm gonna pick up Adam today or something like that.

A. No if I was in the neighborhood or something but if I knew she was going we've had times where she had to go somewhere and she was gonna be really pressing it to get there you know, if I knew that for a fact I would definitely drive over there and we would wait for her to arrive. I wouldn't just take him without telling, you know.

Q. Lets say Adam knew that maybe John and Reve was gonna pick him up today this afternoon, okay, and you showed up okay, you had no problems even with you if you said come on Adam I'm pickin you up. He wouldn't say well I'm waiting for my mother or father they told me to wait for them?

A. Well no not with out relationship no. I'ts quite obvious.

Q. What kind of instructions was Adam given about strangers and being aware of you know bad people out there? Did you give him any instructions or Mr. and Mrs. Welsh?

A. Yeah basically he was not to go with strangers. We were very protective as far as even letting him go to the park by himself, you know when he lived right across the street from the park he was...and he didn't like to go off by himself, he liked to hang onto people that he knew. Just recently within the past year over at Lockhart Stadium he finally started going out on his own, I mean he would go down and get a smoke or he'd go down and get some

candy downstairs and... and ah I wasn't too happy about that situation but it was good for him to start getting out and trying things on his own cause he was very homespun or whatever, kind of timid. He would always be with ya, you know.

Q. Did you or Mr. and Mrs. Walsh give him instructions of what to do if a stranger should come up to him, you know what type of action he should take?

A. I never really did like that. I just always told Adam to avoid strangers you know, if they talk to you boy walk away, you know get away from the guy.

Q. Was Adam afraid of being left alone ever?

A. Oh yeah.

Q. In strange places?

A. Definitely. If it was a strange place definitely. Definitely, you had to, you had to be with him no doubt about it. Especially in stores that he didn't know or something of that nature, yeah.

Q. Did Adam ever get you upset or do anything that got you upset?

A. No. Besides maybe writing on the wall or something but it was nothing it was ridiculous, no he didn't not at all.

Q. What type of punishment would the Walsh's or yourself (inaudible) out to Adam if he was bad? What would be his form of punishment?

A. Usually a verbal scolding and he would, or the T.V. would be off and as I can remember he wouldn't be allowed to watch T.V. for the remainder of the evening or and he would have, the biggest, the worse punishment you could give him in the world would be to "go in there and clean up that room".

Q. Clean up his room?

you know I mean you can walk up to a little kid and say hey listen your mother was just hit by a bus out front, we've gotta get to the hospital she needs you, you know, and if he knows his mother was not there, there's so many different things that you could.

Q. Well he knew his mother was in the lamp department.

A. Damn right he did. I'm just throwing it as an example not using it as a case.

Q. If somebody, even if a security guard had requested Adam to go outside Adam would have raised a ruccas he wasn't about to go outside without his mother. He would have yelled my mommy's over here in the lamps and they were have known that that little boys mother was in the lamp department and don't be messing with him, he's that kind of a boy, because Sunday they went to Tamiami trail.

A. I'm sorry...

Q. I'm talking about Adam and his attitude. Sunday they'd gone to the Tamiami Trail park whatever to a plant show and they were separated by a couple of rows and Adam was absolutely bonkers over that, screaming and yelling and told his mother and father don't you ever do that to me again.

A. And that's happened before. He's like that. If he's in a strange place boy.

Q. Sears is strange outside for Adam he wouldn't just venture outside that door.

A. There's no way he would have gone out that door unless....

Q. Unless what?

A. Q. Prior to that time you and Rave discussed between yourselves about a possible future together, possible future together.

Q. And that hurt you it had to hurt. If my parents favored my brother and I knew it I'd be hurt. Any person would be hurt if they felt that one child was favored more than the other. That's understandable.

Q. You were the first born though weren't you?

A. Yes I was. That's what's even the more burden on me of course.

Q. Yes it does cause the first born has alot of rights that shouldn't be denied believe me. I'm the first born in my family and I didn't like the fact that my dad liked my brother more than me cause my brother was a better kid in school. I think as Adam was growing up and he participated in sports and you know drew the attention of his parents more and more and then Eve started seeing less and less of you, I think ah you kind of despised them at that point. Q. Yeah.

A. She was, there was nothing....I'm gonna tell you this right now, Reve and I have been slowly been panning it off, panning it off, we've been good friends, well we will <sup>always</sup> be good friends, we've always had it like that. John and Rev are probably gonna have another baby definitely, definitely. More power to 'em, hey good luck, you know great.

Q. Yeah but you see John could give her the material things that you couldn't give her.

A. I know that. I know that, that's alright.

Q. That upsets you though?

A. It got me motivated, it got me goin, that's when, you know I had finished with this girl, I mean when John was my age he was schlep in pads, he didn't get off the beach til he was 29, I've got some time.

Q. But he made something of himself alright, you kinda resent John for that cause you have not done anything with your life yet.

A. Give me five years. Four or five more years here.

Q. Now Jimmie what we're doing guy is ...

A. I know what you're doing.

Q. We talked with you before (inaudible) interview from Matthews, what we're really doing is referring to things we got from Matthews and other interviews with you to get some clarification.

A. That's what I'm trying to say here. But I'm saying Reve, I had my whole life, I had my own life here. We've gotten to this point. That was one of the things why I left in fact I had most of my money saved for my apartment which would have been even better. Reve was coming over to the apartment, Adam was coming over, John was coming over, I needed my piece of mind, I had to start gettin my own things together, no doubt about it.

Q. Where was your apartment?

A. I haven't got it yet. I was looking like hell, I was in the process of getting one.

Q. I thought you just said that they were coming over I thought you had one.

A. No. No.

Q. See the whole thing is, we during a whole three month investigation, we can't find anyone that could account for you between eleven and two o'clock.

A. I agree with that, I agree with it. And all I can say is you can ask anybody, I mean where my office is, if I got up there and lay down and read magazines or I go over there and write checks and go over my bills, if I don't come out of that office for two hours, nobody is gonna see me, it is not the norm, I wish to God I could punch a clock, I wish to hell Gordon was there that day, cause Gordon and I, he comes up, I go down, he comes down

Louis, I've got nothing in common with him but Gordon we throw the ball around, we hangout, we got alot in common. He wasn't there that day. Like I said it was a windy day, summerday. There wasn't many people around that day. There wasn't many people on the beach. There wasn't many people on the deck and it's not uncommon for me to go down there and go up my apart.. my cabana where it's situated and not be seen, it's not too difficult.

Q. Did you leave the beach during that time?

A. Not at all. My car was parked there and the last time I got into the car or to leave that beach was when Joe Walsh came and got me out of the water.

Q. Has Adam ever been taken over to your house, your parents house?

A. All the time, all the time.

Q. He's been there? Was he familiar with the place and comfortable with it?

A. Yeah he grew up there basically.

Q. What do you mean grew up there?

A. Well ever since I've known Adam from when he was two months old he's been coming over to my parents with me. He's a regular there. You'll find Adam in that house a few times a week, at my parents house. My parents and family were very close to Adam. He was very comfortable there. We had all the animals over there, my parents dogs and cats.

Q. Well it appears that you know with John working so hard to establish himself that you spend most of the time with Adam, you were more his father than John?

A. Well it's the type of jobs I was doing. Usually I'm working on the beach

or doing something of that nature, if it was a rainy day or if it was a windy, I had the day off, that's one of the beach luxury's. You know.

Q. You kind of brought up the child, according to what you're telling us? Is that correct?

A. I spend my time with him yeah.

Q. More time than John.

A. Well is all depends during certain periods yes, other times John wouldn't travel at all he'd have him for himself. Adam got, Adam got the dose of everybody.

Q. That's why you resented being thrown out of the house because you would no longer see Adam.

A. I wasn't being thrown out of the house.

Q. Well whatever, asked to leave.

A. I left on the best of terms, the best of terms. I had to leave sometime, I wanted to leave.

Q. Is that your opinion, that you left on the best of terms or is that John and Reve's opinion?

A. I would say, it's a general concensus there was no hard, there was never any hard feelings, this wasn't anything that was made a big thing out of. I was back two days later for dinner, we did our whole thing again. I still saw Adam, there wasn't any big setback, it wasn't any big trauma.

me?

ovie, that was Sunday night.

I'm just saying in general I'd take Adam you know we'd go out to go out looking at sailboats or whatever we do together. There was some when I left that house at all. None. I just wish that I had a little more money to get a place immediately so I wasn't in transit weeks but I was working my business was really picking up during that time.

you were living at the Walsh's were given, paid any money?

they ever do that?

uh.

about when you went out and did things with Adam whose money was it? Did Reve give you money or did John give you money?

was or else I sprung for it, it was usually pretty cheap things like a hot dog or a kiddie cocktail doesn't tap me out.

to get away from that, "Adam was the bond between John and Reve, but it is not the bond between us".

even know what that means. Adam was definitely... Adam was definitely the bond between Rev and I.

and, I hope he's not the bond between Rev and I.

got hauled in here at two o'clock that afternoon.

Q. You didn't get hauled in here, you were asked to come in here.

A. I was asked to step outside and then I was asked to go for a ride. All I'm trying to say is I was picked up at the house and brought her at 2:00 o'clock in the afternoon and put through the most torturous, my kid was gone for two weeks, poor little Adam was gone for two weeks, and her it was sitting there and all of a sudden these guys had nothing, they've got nothing, they're back and they're asking me ridiculous questions and it was like what time did I take that lie detector test, you guys have no idea on the stresses of this.

Q. Oh I understand the stress.

A. It doesn't appear you do. I doesn't appear it.

Q. Why, what am I supposed to do about your stress. See why you are under so much stress now is cause you know your whole world is coming apart at the seams now.

A. No it's not.

Q. You're never gonna solve this case pal.

A. What are you saying?

Q. What am I saying? I think you took Adam that's what I'm saying. I think it was a whole accident. I think you did it for spite to show Reve you know I'll show you, who are you to tell me to get out of the house (inaudible)

A. (inaudible)

Q. He may have choked in some way, he may have suffocated, I don't know okay, but pal I believe you're the one who did it.

Adam's killer found, that's number one. Number two, I've gotta, I don't want any of this that's gonna hurt this missing child's bill at all, you know what I mean, gotta keep this thing going, it's gotta get past, whatever. Reve and I have been breaking away from each other, she was planning on having another kid, fine, great, I'd like to have my own family too, I gotta get on my own two feet, I knew that, I got to get back to college and finish it up, gotta make the sailboat business work, if it doesn't sell out and get involved in something else. I agree to that 10,000 percent. Ah, that's the basics of it. There wasn't any big thing. When I left that house there wasn't any problems. I've left that house before. That wasn't the first time I've left. I've left before for a couple weeks and went back. It wasn't the first time.

Q. Did ah...

A. We were a close type family. We did everything together. You guys are making it sound like this is some sick, little kinky thing we were doing behind the doors. You're wrong.

Q. It was. It was normal? Everybody does that behind closed doors?

A. No it's not normal but the way you guys are pointing this out is wrong.

Reve and I were close definitely. We still are close but we got a brother

Q. Well maybe we are off base but ah we still have to pursue this you know that's why we called you in.

A. Adam was close to me.

Q. Any person who could take that child out of the mall without being detected or without putting up a fuss, you would be that person. Nobody could account for you down at the motel okay, that's another reason you're here.

Q. Nobody could account for me at the motel?

Q. No. Not between the hours of eleven and two or two thirty.

A. At the hotel. Like I say that's not, I wished the hell I (inaudible)

Q. But don't you see where we're coming from? Why we're pursuing you?

A. I can see that. Hey listen I wished the hell I had a motive that day God, listen if I knew this I would have a motive believe me, I mean I would have had somebody to see me, I would have been, Jesus,....

Q. You been out conjuring up one.

A. God I would have been hanging around there and ah, I'm tellin you man, I loved Adam.

Q. I know you did.

A. More than anything and I loved Adam more than Reve. I'm saying my love was for, that kid was everything to me I'm tellin ya and if Reve went out and had mre kids, fine. If I went out and did my thing, but I'd always have Adam there to help me out, to wash my car, something, I was that close to the kid.

I grew up with the kid. I mean destroying Adam would have been destroying our lives and that's just what it's done.

Q. I don't think you have any (inaudible) we've been trying to tell you something Jim, we don't even think the person..when this happened, did it on purpose buddy, we just don't believe that.

A. What was the motive then. I don't, I don't?

Q. It was accidental whatever happened to him. Taking him was on purpose but (inaudible)

A. Doesn't make any...I'm not following you at all. Whoever took Adam knew him. And then they killed him by accident, well where does that leave us?

Q. I think it's quite clear.

A. Well I don't know what to tell ya. No doubt about it I knew Adam was going to Sears that day with Reve. I stopped by there that morning. I mean you guys are all stating the obvious, well no shit! That's real you know what I mean.

Q. In the first interviews we had with you you indicated that you were at Reve's at 9 o'clock, between 8:30 and nine and then today you're telling us that it was closer to eleven, between 10:30 and eleven.

A. Over at Rev's? I was there for like an hour. I got to the Strand by about eleven o'clock in the morning I think, like I said I wasn't wearing a watch. I don't know the exact times.

Q. Whatever vehicles did you have access to other than your sister's car?

A. Ah, let me see which ones were running and which ones weren't running.

Ah, I had my step van, I believe that was even parked at the time. I couldn't

A. You gonna (inaudible)

Q. I don't know, I don't know what your motive is when you're upset with Reve when you learned that you were being let out of the house.

A. Listen how many times do I have to stress this, I think you should talk to John on it, I think you should talk Rev on it, I don't know who you should talk to but we left, I left on good terms and I was happy about leaving believe me. There wasn't any....once we got it down analyzed it, it was the best thing in the world for me. I needed to grow up. I needed to get out there and do my own thing, period. And I can understand that. I can relate to that and that's the way it was. I mean I was so upset and so pissed off that I called her it was about two hours later, I showed up for breakfast as normal, started taking Adam around again, went over to the fucking dinner all the time, listen I'm tellin ya, it was nothing, we still went to the Striker's games or whatever the hell we did. Q. How about smoke some cocaine?

A. No. I've done it before yes.

Q. Reve, John?

A. Ah, I would say they've done it but very rare, very rare. Everybody around them was pretty much into health. We all are in exercise program.

A. That's for sure now.

Q. What's your theory on it?

A. My theory is I don't have a clue as to what happened to Adam. Nobody seems to have a clue. I cannot believe that nobody saw anything in a freakin' mall.

Q. Neither can we. Just last week there was a kid supposedly taken out of Jefferson store, okay. Had six to eight witnesses that identified the person, got the tag on the car, described the vehicle we have to locate.

A. I know people are more aware of course I bet the mother was screaming her freaking head off or something. The mother was obviously there. What I'm trying to say is, number one, getting back to Sears, I've even had you say, I've had you come over to my parents house and even say, listen Adam was never even seen at St. Marks.

A. That's correct he wasn't seen at St. Marks.

Q. We spoke to the Vicar, we spoke to Jackie, the one working the desk and you know what she said, I only saw Reve come in to pay tuition, never saw Adam that day.

A. Naa.

Q. Talked to the Vicar he said the same thing.

A. At Sears? Well that's it, you said not even, you said nobody at Sears.

Q. One person we found.

A. You did find somebody?

Q. One person that said they remember seeing Reve holding some boys hand but they couldn't say it was little Adam or anything. Oh ask the Vicar he was standing right there and saw Adam and I think he even saw something to Adam. We spoke to Vicar and he doesn't remember seeing Adam, he said if Adam was there I would have said something to him. That bothers us also.

A. That's what's been bothering me, all of a sudden it's like everybody's story sounds ah... Reve told me that day, she was going to Sears with Adam she was going to work out. Re: James Edward Campbell

Gentlemen:

I have been consulted by the above subject who has retained our office in connection with your investigation of the Adam Walsh homicide. From what has been explained to me by my client, it is apparent that each of you have designated him as a target of your investigation.

I have been informed of the various meetings you had with Mr. Campbell and the tests that you have submitted him to, such as polygraph examinations and hypnosis. The manner and method of these tests and the unusual procedure employed have created an atmosphere of apprehension. This is particularly true where I have been informed certain threats have been made such as "We know you did it, and we are going to get you one way or the other". If this is true in any measure, then the time has come to inform you both that there will be no longer any communication between your Department and my client, James Edward Campbell.

Any communication you care to make with Mr. Campbell you must accomplish through this office. I have been informed that you have continually harassed Mr. Campbell almost on a daily basis. This seems to be beyond the realm of propriety and I must ask you both to desist from this practice.

I appreciate very much the vigor with which you pursue your sworn duty to investigate this terrible offense, but there is a limit to which my client can submit to your continual tests and threats. Should you have any warrant or other process, please advise and I will be glad to submit Mr. Campbell in a spirit of cooperation. On the other hand, if no charges have been made or formalized, then I would appreciate your both staying away from him.

Very truly yours,

Dear Detective Hickman:

This will confirm our telephone conversation in which I relayed to you contact by a Peggy Gordon who discussed with me her belief that she had knowledge of the killer of Adam Walsh.

As I indicated to you, Ms. Gordon contacted me upon referral from a television reporter formerly with WTVJ, Channel 4 and presently located in Cleveland, Ohio, who had covered the kidnapping for her station.

Having known you and the high quality of your work in the detective bureau for the past eight years, I am sure that you will treat this matter with the same high degree of professionalism and diligence that you approach all your assignments.

With best personal regards, I am

Very truly yours,

A. The first contact I had was approximately on the third day of Adam Walsh missing. I called the Hollywood Police Department and asked to speak to a detective pertaining to the Adam Walsh case and then they connected me and a gentleman got on the phone by the name of Jim Campbell, introduced himself to be a relative of John Walsh's and I didn't proceed to ask him if he was a detective or whatever because I just assumed that he worked somewhere around here.

Q. Do you know what time of the day this call was?

A. It had to, I'm thinking it was before noon, early noon.

Q. Okay what did you inquire from Mr. Campbell?

A. I told him that I had seen Adam Walsh's picture on the T.V. and this has never happened to me before and I really didn't understand what was going on, but I wanted to call up and assure everybody that he was still alive.

Q. Can you explain to us that this has never happened to you before, transpired to you causing you to make this phone call?

A. Well after I saw his picture on the T.V. I just got a certain feelings about the child that I really couldn't explain so I figured that it would be better if I just called down here and I just tell them that the child was alive, it was certain, I knew that the child was still alive even though I hadn't known any history about it, I really didn't know that he had been taken by the Mall, I just saw, I don't know I just saw his picture on T.V.

Q. Did you ever have these feelings at previous times?

A. No, first time.

Q. What did Mr. Campbell relate to you then?

A. Mr. Campbell related to me that he needed, he needed all the help he could get, he never mentioned the detectives or the police department here and I told him that Adam Walsh was taken out of the mall by someone that he knew, a friend, and that this person had never done this before and the person had never committed a crime or anything and all he wanted to do was be his friend, and that no harm would come to the child unless the person was backed against the wall and Jim Campbell said that any time that I have this information quote-unquote, be sure that I talk to him and don't talk to anyone else.

Q. He felt that nobody else would understand you?

A. Yeah.

Q. Did you ever tell Mr. Campbell at this time, your first conversation that you had a description of the suspect that may have abducted Adam?

A. No, no I didn't have it at that time, but I did discuss with Jim Campbell that the boy was not forced out of the mall that he was taken out of the mall by his friend and that the person wouldn't hurt him he just wanted him, he just wanted the child, and not to back him against the wall and don't have too much publicity, that was our main conversation. Every time he called me he tried to drill me.

Q. What do you mean he tried to drill you?

A. He tried to like pump me for information, almost as if, it was like, he wanted me to do some talking as if to give him ideas.

Q. Mrs. Gordon the duration of the conversation was it three minutes, five minutes, ten minutes?

A. Oh he stayed on the phone as long as I would you know he never hung up on me, he just, he was very calm, cool and collected, just like lingered there.

So I thought well thats fine you know and I hung up the telephone.

Q. When was the next time either you contacted him or he contated you?

A. The next time he called me was that night again, he called me three times that day, and it was merely the same conversation, and the more that I talked to the man, the more I was get out of the feelings that I, the more that I would talk to him the more I would feel and right after I got off the telephone with him I used to get certain vibrations like danger you know and stuff like this it was really amazing and when he called me up on the phone the third time I just told him that everything was about the same that you know they could not find the boy in the area that they were looking and I even told him on the telephone don't bother looking out in the everglades or whatever, because the man does not intend to hurt him at the time and he told me I was right, he said I feel that your right, but, if I would have known more about who I was working with it probably would have hit me sooner.

Q. Then what occurred when was the next time?

A. The next time he called me the following morning and I think I just reemphasized what I had told him the other conversations, I really, I couldn't really get anything until after I hung up the phone with him and I remember the last time, the last time that I talked to Jim Campbell it was in the morning and that night, I got, it was very unusual that this happened, I could see a dark area and hammering, very loud hammering and just like when your in the dark and you see pieces of wood in front of you you can see

Q. When was the next time you had conversation with him?

A. That was the last night.

Q. But you said it was several times he called you?

A. Well I skipped over a couple of them because it was just stuff I had gone over with him before.

Q. Okay did you eventually have contact with Mrs. Walsh?

A. Yes I called her up on the telephone when I couldn't find Jim Campbell because I hadn't had anything and I wanted to see how this was progressing so I got on the telephone and I called Hollywood Police to ask for the detective agency and I asked for Jim Campbell and the detective goes who, and he said does he work here and I said, I don't know you tell me I've been talking to him for the last couple of days and I've been dialing the same telephone number and I thought he was working there or he's a relative of John Walsh and the man still didn't know who I was talking about.

Q. You proceeded to call Mrs. Walsh?

A. Yes so I called Mrs. Walsh.

Q. Not in this area?  
A. Uh huh he was not to be reached.  
Q. What happened after that phone call to Mrs. Walsh?

Then I went, I got really upset because the next day...was it the next day, it was Saturday, Saturday I had an attack right in my living room where I got very, very hot all over and then all of a sudden I got cold, and I got chills all over me and I started having a headache that really hurt really bad and it lasted, this attack lasted for two hours and after it was over I told Bobby, I said Adam Walsh was just killed.  
Q. Do you know about what day that was?  
A. (R.G.) That afternoon would be the first weekend which was the first.  
A. scared me really bad I couldn't breathe I was suffocating, you know I felt like I was being strangled and, I never want to go through anything like that again, so I went to her house and we sat there, I explained what happened to her and she said Peggy maybe you should go down to the mall, so I said I really don't want to fool around with this anymore, I really don't understand whats happening, so she said well I'll go down to the mall with you and my husband Bob got me and her in the car and took us to the mall, and I walked through the toy department and my knees almost collapsed on me, honest to God, my knees just came right out from under me and she was walking on the other side of the toy department and at that time that we had walked in the mall, another six year old boy was lost in the toy department, another boy had been left there by his parents, the same age and everything, he had just been abandoned and here's Adam Walsh's picture all over the place, so when I got out of the mall I told Teddy, I said I really couldn't feel anything the only thing I got was my knees almost buckled beneath me and she said the same thing happened to her in the mall and so I went across the street to the cinema, to the theater thats over there and I asked the girl if I could use the telephone cause I still wanted to get in touch with Jim Campbell, I could not understand for the life of me why this man would call me three, four times a day and then all of a sudden disappear, you know I thought if that's the way they work....

*That's occurred only on one day*

What do you mean disappear, not call you you mean?

Q. Mrs. Gordon when you say he disappeared is that your speculation or were you told by others that he just dropped out of sight?

A. Nobody knew where he was nobody even know that he, nobody was even... Rave didn't even, she didn't say well I know Jim Campbell, she didn't say that well he's a good friend of mine, she just says well I'll try to reach him, she never, you know she never led me on that she knew who he was and with the police department not knowing who he was, her not knowing who he was, I didn't know who I spoke to so I just figured he was hired help and he just left, so I proceeded across the street to the cinema and I asked the woman for the... I called up here cause I left the telephone number at home to her house and they gave me the telephone number and I called up Rave at the house and I asked to speak to Jim Campbell and she said I'm sorry but Jim Campbell cannot be reached, he's at a meeting or he got to go to a meeting or he's tied up.

Q. That's all on the same day right?

A. Yes and so I told her I says I've been over to the mall and everything and I just like to have a piece of clothing of Adam Walsh's, so she said no problem come by the house and pick up the clothing so we got in the car and everything and Teddy was with us so we went over to the house and we pulled up outside and there was quite a few people standing outside at the time and what happened next, there was so much confusion there.

G.) That's why you pulled up in front that's when the girl and three guys pulled up in a truck with cowboy hats on, big burly guys and you told one of the girls that you were gonna pick up a shirt or something then she

A. That was in the last conversation.

Q. That was the last time you ever talked to him?

A. Uh huh, that was along with the conversation the last one, cause thats the last that I had heard from him and I thought it was quite strange that I had given him the information thats why I took the map down there because I felt that he went no where with-it and I couldn't contact him so thats why I took the map with me.

Q. Who did you give that map to?

A. I didn't give it, when I got in front of the Walsh's house I showed them the map.

Q. Who did you show it to?

A. The guys of the grove and the guys that were standing out by the house.

Q. You don't know who they were?

A. Uh uh and I told them that it was fruitless to search in this area because he was no longer in this area and they looked at the map and you know they said that they would start going up in that area.

Q. Who has the map now?

A. Well I don't know what his name is that came to pick up the map, I called down here and I think within twelve minutes there was somebody at my front door to pick up pictures and maps.

Q. You don't know if it was a member of the police department?

A. I don't know.

Q. Did the person identify himself?

Q. Describe the person?

A. He had dark hair, a fair complexion, medium build, and he did tell me that he was....

A. He was about 5'11", he did tell me that he was related to Adam or John Walsh.

Q. Was he clean shaven?

A. Yes very clean shaven.

Q. What was your purpose for being here today what caused you to contact Detective Hoffman and myself?

A. Because after I read the article, not necessarily reading the article in the paper, but just to know that Jim Campbell was the one that was actually pumping me for information on the telephone, because its very hard to explain that to be this involved with me and after giving him the location of where Adam Walsh could be found for him to drop me like he did brought some question into my mind before I ever saw this picture.

Q. What picture are you referring to?

A. The one in the paper.

Q. The Tropic Magazine article?

A. Yeah.

Q. Dated January 24?

A. Yes.

Q. I mean James Campbell.

A. When I saw his picture in the magazine and his name, after, I really didn't respond to the name Jim Campbell soon as I saw it because it didn't hit me that....this guy....it was.....my mind that this man could be a coast guard when its the man that I had been giving all this information to and even the woman Teddy, the woman that went down there, she called me up after they found Adam Walsh and she said everything that you told that man on the phone happened, and she said I want to congratulate you that you were so on the nose and I thought you know I didn't even question that at all, but when I did pick up Adam Walsh's shirt, the shirt was very hot, I could get a lot of heat from that shirt when I was sitting in front of Adam Walsh's house, it was very, very hot and when we left Adam Walsh's house and we come around that bend and go up along that fenced area there, I could see blood on the shirt and I knew he was dead. I knew from the attack I had that he was dead, but nobody, nobody could tell me where Jim Campbell was and I called many times Renee.

Q. Renee....

A. Renee I called her up many times trying to get that man, I called here many times trying to get him.

A. Late at night sometimes around 12:00, 12:30.

Q. So he only talked to you for a couple of days?

A. He talked to me for about, I think I was in contact with him for about three or four days at the most, four days at the most and then it was...he told me I was doing a real good job, I was helping him out a lot.

Q. Did you ever meet Mr. Campbell in person?

A. No.

Q. Throughout this whole thing?

A. No he never told me to come down there and he never said can I come up here and talk to you, I asked him a couple of times to come up here.

Q. You didn't know what he looked like?

A. Never.

Q. What was the description on the composite you drew of the person you felt was responsible for taking Adam?

A. Well before I drew the composite I told Jim Campbell what the man looked like on the phone and I was describing Jim Campbell.

Q. How did you describe that composite?

A. Uh that he got light brown dark hair, he pulls it back, he's got, I've got it written on the paper that he hasn't shaved in quite a while, he's got a mustache and a beard and he's medium build, he's about 5'11" or I had 5'1", you know and he's very withdrawn and I wrote it down on a piece of

Q. I have no more to ask you.

Q. I have no other questions at this time is there anything else that you'd like to add to your statement at this time concerning this incident?

A. The one thing that I would like to see this police department do is find out if Jim Campbell ever borrowed a white car.

Q. Why is that?

A. Because I told Jim Campbell on the telephone that the van was completely, forgot the van,....

Q....it wasn't involved....

A...it was not involved and there was not a woman involved there was just a man involved and if they could find the person that had a white car that took Adam Walsh out of there, and he agreed, he agreed that it was the car, as a matter of fact he's the one that sat there and asked me if there was any dents in the white car if there was rust on the white car you know, he would turn around and giving me information instead of me giving him information.

Mr. Hoffman, 941-6484

When I spoke to you on the  
last time I had some more  
information for you, but you  
seemed a little little  
with me so I didn't feel  
I should bother with it.  
All you hear on T.V. if you  
can help a police officer  
do it, but you all seem to  
get offended when ~~they~~ do.  
To get to the point,  
My husband said I should  
tell you this anyway!

I remember some very important  
information about the phone calls  
from Tina.

Jim said - Between me and you  
the child is dead.

Jim said - There's no chance he is  
alive now!

Jim said - Now we are looking  
over for a body or some signs

(1119)

00130

I feel that this information  
is very important  
but it might not be to you!  
but I swear on the bible he did say  
this!

in said -  
We will turn up  
something it is just a  
matter of time!

in said - Not knowing is the  
hardest part for  
John & Rene - if we  
find him dead at  
least the searchers  
will be over.

↑ I not sure about the  
wording on this word  
but it meant the  
same thing!

It took a lot to remember  
this but I told you that  
their way something I wasn't  
remembering - and this is it.

He told me the child was  
dead -

5. Is it ok if I talk to  
a reporter, or phone me but I  
told him I would have to check!  
if you don't want me to I won't.

Q. Did you ever happen to notice whether or not MR. JAMES used a not a cover but there is a like a aired seat to put on top of the seat to drive in comfort. It's like a cushion you put on top of your seat to sit on?

A. As a matter of fact he did have some sort of backing that you would sit on and it also was a back rest. It was a combination seat and back rest. I do remember something similar to that and I do remember seeing him with a blanket or two every now and then.

Q. Why would you take exception to the fact MR. JAMES was gone for approximately two week or two and a half week period of time during last time during the months I've mentioned before?

Q. You spend most of your time at your apartment?

A. Right cause I was out of work at the time and like I said I don't go out a lot every night you know. I was unemployed at the time and I couldn't afford it and I basically hung around here and watched T.V. and had a few beers and I know exactly what goes on around here.

Q. During the time that MR. JAMES was away, was his vehicle also missing?

A. Yes it was. His car is always parked next to mine and his car was definitely gone.

Q. Now after MR. JAMES arrived back to the Pompano area and back at his residence, is that when he eventually had the seat changed and upholstered in

A. Let me say....let me say this, I might not be exactly right but I'll say he might have had it done pretty close time from when he came back. I think that he had had a new .....

Q. Within a couple of days probably?

A. Let me narrow it down and say maybe take a rough guess and say within a week, within a week. It was pretty shortly after he came back that he had a new seat.

Q. What brought your attention to this seat that it was changed?

A. I noticed the difference from the front seat to the back seat, I noticed the front seat was a different design and a slightly different shade of color.

Q. Did you ever inquire to MR. JAMES why he had it done?

A. Yes I did

Q. What was his response?

A. He said that the other one was getting old and that he said he was just gonna go ahead and get a new one done.

Q. He was going to get a new one done?

A. That's what he told me that he had had the new seat done.

Q. Did he ever mention to you how much he paid for the seat cover, did you ever inquire?

A. I believe it was roughly in the neighborhood of \$80. something dollars.

Q. Did he ever mention to you or did you inquire rather where he had the seat cover put on the seat?

A. He mentioned that he had had it done up on Dixie Highway in Pompano. We had talked about having seat covers done on cars and I had mentioned to him that I was going to have a front seat put in my Chevy and that's why I inquired of him how much he had paid for his front seat cause I have a burn mark on my front seat and a couple of coffee stains and I was...at that time I was wondering you know I was curious what the reupholstery job was. That's why I had asked him.

Q. Did you feel that seat, that the original seat warranted repair?

A. No, no I don't, I don't feel that it did need a repair. I feel that the front seat was in pretty good shape.

Q. MR. WINDHURST, in the four years that you have lived in this apartment, you indicated that MR. JAMES has lived in the front apartment #1?

A. Yes

Q. And he's had that same automobile?

A. Yes he has

Q. Where did he normally park that car in the parking lot provided out here?

A. Always next to my car. That was his assigned parking spot.

Q. And he's always next to your car?

A. Yes he has

Q. Would that be in the spot south of your car or north of your car?

A. Right

Q. And what time of the year was that, was that around the summer also?

A. No, that was, that was, that was in 1979 when I had offered him the parts for sale. It was in 1979 cause I was gonna have the car towed out of here and the guy wanted to give me, I think the guy gave me \$40.00-\$45.00 for it when the guy towed the car out that night and I had approached JAMES a day or two before about the parts. He knew I had a blown engine, my car was sitting out here, I had the heads off it you know and I had told JAMES this you know he looked at my motor you know.

A. That's correct. He had told me that he had a nice tour over there in his car. He said he had a wonderful time riding around, he went to different places over there.

A. No the topic never came up as to where he was.

Q. He offered nothing?

A. No he offered nothing, the conversation was strictly about his front seat.

Q. In the summer of '80 he furnished information as to where he had spent his time?

A. Yes he did. If I'm not mistaken I think he said he might have visited the water ski show in the middle of the state some where.

Q. Cypress Gardens?

A. Yeh, something like that. He was in that general area. He was on the west coast and I think he said he had gone up and hit that area too.

A. No, no that I'm aware of, not that I'm aware of.

Q. During the period of time that he was away the summer of '81, was the mail being left in the mail box for him that was being dropped for him by post office or did somebody pick it up for him?

A. I would say at one time I saw a lot of envelopes here and then a little bit later I didn't see any mail.

Q. So you have no knowledge if somebody was picking it up for him?

A. Right

Q. Or he picked it up when he returned?

A. Apparently some...I don't know if it was the landlord picked up the mail or somebody must have picked up the mail but at one time there were a lot of envelopes in the mail box and then there was nothing.

Q. I don't have any other questions to ask you at this time. MR. WINDHURST you know this is a taped statement. It will later be reduced to a type written form. At that time you can read and sign your statement or you can waive the reading and signing and I as a Notary Public taking this statement from you will sign this statement. What did you decide on?

A. Well I would like to read the statement over and then I'll sign it.

33. Remarks:  
On Monday, February 1, 1982, this writer met with Det. Scarborough at the Broward Medical Examiner's Office, 5301 S.W. 31st Avenue, Fort Lauderdale. Also present were Detectives Hickman and Hoffman of Hollywood Police Department, and Serologist George Duncan of the Broward Sheriff's Office.

Using a 35 mm camera and one roll of color film, photographs were taken of a 1971 Plymouth Fury, 4 door, brown in color with brown vinyl top, Florida Tag 888K-509, Vehicle Identification Number PH41K1P186821, noting seals intact on all doors and trunk. The seals were broken and additional photographs were taken of the interior of the vehicle.

Det. Hickman removed the front driver seat. Using a vacuum cleaner with a special filter, the areas under the front and rear seat were vacuumed. Serologist George Duncan checked the interior of the vehicle for blood (see Duncan's report for details). The evidence was transported to the Forensic Services locked evidence room.

On 2 February 1982, this writer forwarded the evidence via certified mail, return receipt requested, to the Florida Department of Criminal Law Enforcement Crime Laboratory in Tallahassee.

Negatives developed and kept in the Forensic Services case file. A copy of this report and one set of 8 x 10 photographs delivered to Det. Scarborough. No further action.

O.B. SUPPLEMENT: ABDUCTION - 901 PINE DR.  
CHANGE STATUS OF PERSON SUBJECT TO ARREST JAMES, EDWARD HAROLD, WHITE MALE,  
6/3/31, 232 NE. 23 AVE., POMPANO.

ON 11/17/61, THE UNDERSIGNED WAS REQUESTED TO PARTICIPATE IN AN INVESTIGATION OF AN ABDUCTION THAT TOOK PLACE AT 901 PINE DR. THE UNDERSIGNED, DETECTIVE TIPTON, RESPONDED TO THAT LOCATION. AT 901 PINE DR. THE UNDERSIGNED MET WITH SERGEANT PELLIGRINO OF THE POMPANO BEACH ROAD PATROL. SERGEANT PELLIGRINO ADVISED THE UNDERSIGNED THAT A SMALL CHILD HAD BEEN PLAYING OUT IN THE YARD NEAR HER APARTMENT WHEN SHE WAS TAKEN BY A WHITE MALE TO A VEHICLE. SERGEANT PELLIGRINO ADVISED THAT A WITNESS HAD OBSERVED THIS AND THEN SPOKE TO THE PARENTS OF THE CHILD AT WHICH TIME THE PARENTS ADVISED THAT THEY HAD NOT GIVEN PERMISSION TO ANYONE TO TAKE THE CHILD. SERGEANT PELLIGRINO ADVISED THAT BOTH THE WITNESS AND THE FATHER OF THE CHILD GAVE PURSUIT OF THE SUBJECT IN SEPARATE VEHICLES. THE SUBJECT WAS LOST AND THE POLICE WERE THEN SUMMONED. APPROXIMATELY THREE TO FOUR MINUTES BACK TO WHERE THE SUBJECT HAD BEEN LOST FOR THE LAST TIME, THE CHILD WAS LOCATED NEAR 901 PINE DR. THE CHILD, ERIN GUNNING, WAS FOUND TO HAVE MULTIPLE ABRASIONS AND BRUISES ABOUT HER BODY AS IF SHE HAD BEEN THROWN FROM A MOVING VEHICLE. THE WITNESS HAD PROVIDED THE TAG NUMBER TO THE ROAD PATROL WHICH WAS BEING CHECKED AT THAT PARTICULAR TIME. WHILE AT THE SCENE THE UNDERSIGNED HAD THE OCCASION TO ACTUALLY OBSERVE THE VICTIM. AT THAT TIME THE VICTIM WAS BEING TREATED BY FIRE RESCUE FOR THE ABRASION AND BRUISES. THE VICTIM WAS BEING BANDAGED ON HER HEAD, HER TORSO, ARMS AND HER LEGS. THE UNDERSIGNED SPOKE BRIEFLY WITH THE FATHER OF THE VICTIM WHO ADVISED THAT HE HAD CALLED HIS PERSONAL PHYSICIAN AND IS MEETING HIS PHYSICIAN AT HOLY CROSS HOSPITAL. AT THAT TIME THE UNDERSIGNED RECEIVED THE RADIO COMMUNICATION THAT ROAD PATROL HAD LOCATED A VEHICLE THAT MATCHED THE DESCRIPTION WHICH HAD BEEN GIVEN OUT IN A BOLD FORM TO THE ROAD PATROL OFFICERS FROM THE INFORMATION PROVIDED BY WITNESS AND THE FATHER. THE VEHICLE WAS ALLEGED TO BE A PLYMOUTH WHICH WAS TO HAVE BEEN EITHER A DARK MAROON OR A DARK COLORED CAR WITH THE TAG NUMBER OF RNK-509. THE WITNESS, LARRY EDWARDS, TOLD THE UNDERSIGNED THE TAG WAS DEFINITELY A FLORIDA TAG. THIS INVESTIGATOR WAS ADVISED THAT THE VEHICLE HAD BEEN LOCATED AT 232 NE. 23 AVE. THE UNDERSIGNED TOOK THE WITNESS, LARRY EDWARDS, TO THAT AREA. WHILE DRIVING THROUGH THAT AREA, THE UNDERSIGNED HAD THE OCCASION TO PASS NUMEROUS VEHICLES. WHILE PASSING ALL OF THESE VEHICLES, THE WITNESS DID NOT MAKE ANY MENTION OF ANY OTHER CARS THAT HE HAD SEEN. AS THE UNDERSIGNED WAS RIDING DOWN NE. 23 AVE. IN THE 200 BLOCK, THE WITNESS POINTED OUT A VEHICLE TO THIS INVESTIGATOR STATING THAT HE THOUGHT THAT WAS THE VEHICLE THAT HE HAD CHASED ALONG WITH THE VICTIM'S FATHER. THE VEHICLE WAS PARKED DIRECTLY IN FRONT OF 232 NE. 23 AVE. THE VEHICLE WAS BACKED IN SO THAT THE TAG NUMBER COULD NOT BE SEEN. AT THAT PARTICULAR TIME THE UNDERSIGNED HEARD ON THE RADIO TRANSMISSION THAT THE CAR WAS REGISTERED TO A EDWARD JAMES, 232 NE. 23 AVE. THIS INVESTIGATOR, ALONG WITH ROAD PATROL OFFICERS, LOCATED THE APARTMENT OF EDWARD JAMES. THE UNDERSIGNED HAD PARKED AN UNMARKED POLICE CAR WHICH WAS OCCUPIED BY THE WITNESS APPROXIMATELY 1/2 BLOCK NORTH OF THE SUB-

JECT'S RESIDENCE. THE POLICE UNIT WAS PARKED ON THE WESTSIDE OF THE ROADWAY. THE UNDERSIGNED ALONG WITH THE ROAD PATROL OFFICERS SURROUNDED THE SUSPECT'S HOUSE AND ATTEMPTED TO CONTACT THIS INDIVIDUAL. OFFICERS KNOCKED AT THE DOOR OF THE SUSPECT'S HOME. THE HOME IS ACTUALLY AN EFFICIENCY APARTMENT LOCATED ON THE WEST END OF AN APARTMENT COMPLEX. THE PHONE WAS ALSO HEARD TO BE RINGING FROM THE SUSPECT'S APARTMENT DURING THIS TIME. NO ONE ANSWERED THE BELL OF THE PHONE IN THE APARTMENT. APPROXIMATELY 10 MINUTES AFTER THE ARRIVAL OF THE ASSIGNED AT THE SCENE. THIS INVESTIGATOR OBSERVED A WHITE MALE WALKING ON NE. 1 ST. IN AN EASTERLY DIRECTION. AS THE SUBJECT APPROACHED NE. 23 AVE. AND NE. 1 ST., THE SUBJECT TURNED SOUTHBOUND. THE SUBJECT HAD WALK DIRECTLY BY THE UNMARKED POLICE CAR THAT WAS PARKED ON THE WESTSIDE OF THE HIGHWAY. THE SUBJECT WALKED BY THAT PARTICULAR UNMARKED POLICE CAR AND THEN CAME TO 232 NE 23 AVE. AT THAT PARTICULAR TIME OFFICERS ASKED THE PERSON FOR IDENTIFICATION. IDENTIFICATION WAS PRODUCED BY THE SUBJECT IN THE NAME OF EDWARD MAROLD JAMES. THE UNDERSIGNED WALKED OVER TO THE UNMARKED POLICE UNIT AND ASKED WITNESS LARRY EDWARDS IF HE RECOGNIZED ANYONE HE HAD SEEN IN THE AREA. THE REASON THE UNDERSIGNED ASKED THIS IS DUE TO THE FACT THE SUBJECT AND PEOPLE WERE CURIOUS AS TO WHAT WAS GOING ON IN THE AREA AND WERE STANDING IN THE STREETS. MR. EDWARDS TOLD THE UNDERSIGNED THAT THE PERSON HE SAW WALK BY THE POLICE UNIT CARRY A BAG APPEARED TO BE THE SAME SUSPECT THAT HE SAW HOLDING THE VICTIM PRIOR TO HIS CHASE OF THE SUBJECT. MR. EDWARDS STATED TO THE UNDERSIGNED THAT HE FELT THAT IT WAS THE SAME INDIVIDUAL. THE UNDERSIGNED WAS THEN BROUGHT BACK OVER TO WHERE THE SUBJECT WAS, AGAIN SPOKEN TO BY THE E OFFICERS AT WHICH TIME THE SUBJECT TURNED AROUND AND FACED OUT ONTO NE. 23 AVE. THE UNDERSIGNED AGAIN WALKED BACK OVER TO THE VEHICLE AT WHICH TIME THE WITNESS STATED THAT IT WAS DEFINITELY THE SAME SUBJECT THAT HE SEEN CARRYING THE VICTIM AWAY FROM THE APARTMENT COMPLEX. MR. JAMES WAS ASKED IF HE WOULD COOPERATE AND COME TO THE POMPANO BEACH POLICE DEPARTMENT. MR. JAMES STATED THAT HE WOULD DO SO VOLUNTARILY AND AGREED TO RIDE WITH POLICE OFFICERS TO THE STATION. MR. JAMES WAS PLACED IN A POLICE UNIT WITH HIS BAG OF CLOTHINGS AND BROUGHT TO THE POMPANO BEACH POLICE DEPARTMENT. THE UNDERSIGNED ALSO RETURNED TO THE POMPANO BEACH POLICE DEPARTMENT TO OBTAIN A STATEMENT FROM MR. EDWARDS. BUT AT THE POLICE DEPARTMENT PRIOR TO OBTAINING THE STATEMENT FROM EDWARDS, THE UNDERSIGNED MET WITH MR. JAMES AND ADVISED MR. JAMES OF HIS MIRANDA RIGHTS. MR. JAMES STATED THAT HE UNDERSTOOD ALL OF HIS MIRANDA RIGHTS AND SIGNED A RIGHTS WAIVER. AT THAT TIME THE UNDERSIGNED OBTAINED A COLOR PHOTOGRAPH OF MR. JAMES. THE PHOTOGRAPH WAS PLACED INTO A PHOTOGRAPHIC LINEUP CONSISTING OF FIVE OTHER COLOR PHOTOGRAPHS. THE UNDERSIGNED THEN MET WITH MR. LARRY EDWARDS, THE WITNESS TO THIS OFFENSE.

DURING THE SWORN STATEMENT MR. EDWARDS RELATED THE FOLLOWING TO THE UNDERSIGNED. MR. A. I GOT IN MY CAR AN I STARTED DOWN PINE DRIVE, WEST, CAUSE THATS THE WAY THAT I FELT THAT HE WENT. I DON'T KNOW WHY BUT I WENT THAT WAY AN HERE HE WAS PULLED OVER ABOUT A QUARTER OF A MILE DOWN THE ROAD. I CAME UP REAL FAST. AS SOON AS HE SEEN ME BARRELIN DOWN THE STREET HE TOOK OFF IN HIS CAR RIGHT IN FRONT OF ME AN I FOLLOWED HIM ACROSS THE INTERSECTION AN DOWN THE STREET. I PULLED IN FRONT OF HIM TO STOP HIM WITH MY CAR. HE TURNED RIGHT REAL SHARP AND GOT AWAY BECAUSE I WAS GOIN TO FAST TO STOP. THE APARTMENT MANAGER WAS RIGHT BEHIND HIM SO HE FOLLOWED HIM.

Q. THE FATHER OF THE CHILD?

I WAS RUNNIN STOP SIGNS TRYIN TO CATCH HIM AN HE WASNT EVEN SLOWIN DOWN AT THEM. FINALLY HE GOT ABOUT 4 OR 500 FEET AHEAD OF ME AN HE TURNED. WHEN HE TURNED, I CAME AROUND THE CORNER. I SAW ABOUT 20 OR 30 SECONDS AFTER HIM AND THERE WAS NOTHING BUT A BIG HILL OF DIRT, SMOKE FROM THE GROUND WHERE I GUESS HE SKIDDED AROUND THE CORNER IN THE DIRT OR SOMETHING.

Q. WHEN YOU SAW THE TAG WAS IT A FLORIDA TAG OR AN OUT OF STATE TAG?

A. IT WAS A FLORIDA TAG.

Q. THEN WHAT HAPPENED AFTER YOU LOST THE MAN THE LAST TIME?

A. I FLAGGED AN OFFICER DOWN ON THE STREET, AND I TOLD HER WHAT I SEEN. SHE TALK MY NAMES AN THINGS AN THEN SHE TOLD ME TO GO HOME OR DOWN TO THE PANADERS APARTMENT IS WHERE I LIVE IN THE SAME BUILDING. SO I WENT DOWN THERE.

PROBABLE CAUSE AFFIDAVIT

Before me this date personally appeared Tipton Stanley E. who being first duly sworn deposes and says that on the 17th day of Nov. 1981 at 901 Pine Drive

The above named defendant committed the above offenses charged and the facts showing probable cause to believe same are as follows: On the listed date the three year old victim, Erin Gunning was playing in the hall of her residence. A witness was leaving the home of the victim after speaking with the victim's father and observed a W/M holding the victim in his arms. The witness overheard the W/M telling the victim that he would buy the victim candy or icecream. The witness observed the W/M at a close distance and got an in depth look at the W/M. The witness thinking something was not correct returned to the victim's father and advised the father of the situation. At that time the father advised that no one had permission to take his daughter anywhere. Both the witness and father ran to the area and entered their own vehicles. Pursuit was given and the subject and subject vehicle was observed leaving the area. The witness and father chased the subject into another section of Pompano where the subject vehicle was lost. The witness stated that he had seen the victim bouncing around in the subject vehicle as the vehicle was being chased. Speeds during the chase were estimated at 70 mph at times. The witness returned to SE 10 Ave and Atlantic Blvd. and sat there to see if the subject would pass that area attempting to leave. At that time the witness observed the subject leaving the area where the victim lives. The witness again gave pursuit but did not see the victim in the car that time. The witness obtained the subject's tag number. During the chase the witness again lost the subject due to the high rate of speed travelled by the subject. A check was run on the tag after police were summoned. It was learned that the victim had been located near her home and was badly bruised and abraded. It was ascertained that the victim had been pushed from the vehicle. The undersigned drove the witness to NW 23 ave. where a vehicle matching that of the subject's was located. The witness was seated in an unmarked vehicle. The subject walked past the unmarked vehicle with bag reaching from the store. The subject was observed by the witness and positively identified as the subject that had taken the victim from the back of the victim's home. CONT On

NOTE: STATUS OF PERSON - SUBJECT, 25 - 30 YRS., 5'8"-6", 150 - 200 LBS. DARK HAIR, BLUE EYES, MEDIUM BUILD, MEDIUM COMPLEXION, NO FACIAL HAIR, L/S/W BLUE JACKET, BROWN PANTS, DRIVING BROWN VEHICLE.

AT APPROXIMATELY 1940 HOURS, ON MONDAY, 1/05/81, OFFICER KEMP-TOZZIE WAS DISPATCHED TO THE HOME OF MARIE PEEKE, AT 190 SE 12 AV., APT. #5B, POMPANO BEACH, BROWARD COUNTY, FLORIDA. AT THIS TIME MRS. PEEKE STATED THAT SOMETHING HAD HAPPENED WITH HER SON AND SHE WANTED TO TELL THE POLICE ABOUT IT. MRS. PEEKE STATES THAT HER SON KEITH, AGE 5, WAS PLAYING OUTSIDE EARLIER THIS EVENING BEFORE DINNER. HE CAME IN ABOUT A HALF HOUR LATER AND DESCRIBED AN INCIDENT WHICH INCLUDED SEXUAL BATTERY. THIS OFFICER SPOKE WITH KEITH WHO GAVE AN ACCOUNT OF WHAT HAD HAPPENED IN HIS OWN CHILDISH WAY. HE COULD NOT RECALL ALL THE DETAILS AND IT WAS MOSTLY THROUGH MRS. PEEKE'S QUESTIONING OF HIM WHICH THIS OFFICER LEARNED WHAT HAD HAPPENED. IT APPEARS THAT KEITH WAS OUTSIDE PLAYING BY THE POOL AREA WITH SEVERAL LITTLE CHILDREN, PLAYING HIDE 'N SEEK. HE WAS HIDING OVER ON SE 2 ST. AREA BY THE DUMPSTER. AT THIS TIME A WHITE MALE CAME WALKING THROUGH THE ALLEY WAY FROM BEHIND THE BUILDING TOWARD THE DUMPSTER. THE WHITE MALE TOLD HIM HE WOULD HELP HIM HIDE AND HE COULD GET INTO HIS CAR. HE ASKED KEITH TO GET INTO HIS CAR WHICH KEITH DID AT THIS TIME. THE WHITE MALE SPOKE TO THE CHILD AND DROVE HIM AROUND STATING THAT HE WAS GOING TO TAKE HIM TO A FRIEND'S HOME. KEITH REMEMBERS GOING PAST ATLANTIC BL. WHERE ALL THE STORES ARE AND PASSING MAC DUVALOS AND THEN PASSING BURGER KING. THE WHITE MALE SUBJECT TOOK KEITH INTO WHAT HE CALLED "A FRIEND'S HOME." KEITH REMEMBERS SEEING THE LIVING ROOM AND NOTED THAT IT WAS SMALL. HE STATES HE ALSO SAW THE BATHROOM AND A SMALL KITCHEN FROM WHERE HE WAS SITTING BY THE COUCH. THE WHITE MALE TOLD HIM THAT A FRIEND OF HIS, A GIRL HAD LIVED THERE. THERE WERE PHOTOGRAPHS AROUND AND KEITH SAID THERE WERE "PICTURES AND FACES IN THEM." AT THIS TIME THE SUBJECT WAS CONTINUALLY TALKING TO THE CHILD AND PULLED DOWN HIS PANTS. AT THIS TIME THE WHITE SUBJECT FONDLED THE CHILD AND COMMITTED ORAL SEX ON THE CHILD. HE THEN DRESSED KEITH AND TOOK HIM BACK TO THE CAR AND DROVE HIM HOME, DROPPING HIM OFF BACK AT THE APARTMENT BUILDING PARKING LOT ON SE 12 AV. IT WAS AT THIS TIME THAT KEITH WENT UPSTAIRS TO SEE HIS MOTHER. THE SUBJECT HAD TOLD KEITH NOT TO TELL HIS MOTHER ANYTHING THAT HAPPENED. THE SUBJECT TOLD KEITH HE HAD LIVED IN THE BUILDING AND WAS NOW GOING TO GO TO THE STORE AND WOULD BE BACK A LITTLE LATER. MRS. PEEKE HAD ASKED KEITH WHAT HAD HAPPENED AND SHE DISCOVERED THAT HIS PANTS WERE ON DIFFERENTLY THEN THE WAY SHE USUALLY DRESSES HIM. SHE STATES HIS UNDERSHIRT WAS TUCKED INSIDE HIS UNDERPANTS WHICH IS NOT THE USUAL WAY HE DRESSES. HIS ZIPPER WAS ALL THE WAY UP TO THE TOP OF THE BELT WHICH IS ALSO NOT THE WAY HE WEARS HIS PANTS. WHEN SHE TOOK HIS PANTS OFF AND FELT HIM SHE DISCOVERED THAT HIS PENIS WAS WET. IT WAS AT THIS TIME THAT SHE HAD KEITH EXPLAIN EVERYTHING THAT HAD HAPPENED AND SHE NOTIFIED THE POLICE. KEITH WAS HESITANT TO EXPLAIN THE SEXUAL DETAILS AND WOULD ONLY TELL THEM TO HIS MOTHER WHO RELATED THEM TO THIS OFFICER. HE SEEMED VERY EMBARRASSED ABOUT TELLING THIS OFFICER AS TO WHAT THE WHITE MALE HAD DONE. IN GAINING A DESCRIPTION FROM KEITH DESCRIBES HE WAS AN OLDER WHITE MALE, APPROXIMATELY 25-30 YRS. OLDER THEN HIS FATER WHO IS 27. HE STATES THE WHITE MALE HAS SHORT DARK HAIR

1192

AND HE THINKS HE HAS BLUE EYES. THE WHITE MALE HAD NO FACIAL HAIR, DID NOT HAVE A MUSTACHE OR A BEARD LIKE HIS FATHER. HE WAS WEARING A BLUE COAT AND BROWN PANTS. KEITH GAVE A DESCRIPTION OF THE VEHICLE AS A BIG BROWN CAR AND HAD 2 DOORS ON IT, NO BACK SEAT DOORS. HE CANNOT REMEMBER THE INSIDE OF THE VEHICLE AND DOES NOT REMEMBER SEEING ANYTHING INSIDE, ANY BOXES OR CLOTHES OR ANY OTHER ITEMS. HE THINKS THERE WAS A STRIPE ON THE SIDE WHICH WOULD BE ONE OF THE BLACK MOLDINGS. AT <sup>NO</sup> TIME DID THE WHITE MALE GIVE HIS NAME TO THE CHILD BUT HE DID ASK KEITH WHAT HIS NAME WAS AND REFERRED TO HIM AS SUCH. THE WHITE MALE HAD TOLD KEITH THAT HE LIVED IN THE BUILDING. IT IS UNKNOWN WHERE THE SUBJECT WAS COMING FROM SINCE HE WAS WALKING BETWEEN THE BACK OF THE BUILDING AND THE PROPERTY TO THE EAST OF EAST OF IT. THE VEHICLE WAS ALREADY PARKED ON SE 2 ST. BY THE DUMPSTERS. THAT IS WHERE HE HAD KEITH GET IN THE VEHICLE. HE DID DROP KEITH OFF RIGHT IN FRONT OF THE BUILDING BY THE POOL AREA ON SE 12 AV. THIS OFFICER ALONG WITH THE MOTHER AND THE CHILD DROVE AROUND THE ENTIRE AREA TRYING TO LOCATE THE EXACT PLACE. KEITH REMEMBER CERTAIN STREETS AND REMEMBER GOING DOWN ATLANTIC BL. HE REMEMBERED GOING PAST MAC DONALDS AND HE SAID HE ALSO SAW A BURGER KING. THIS OFFICER DROVE TOWARD BURGER KING AND TURNED EAST ON NE 2 ST. AND WENT THROUGH THE ENTIRE AREA UP TO 8TH ST. FROM 26TH AVE. TO FEDERAL HWY. AT ONE POINT KEITH THOUGHT HE SAW WHAT LOOKED LIKE THE PLACE AND IT WAS A TRIPLEX. HE STATES IT WAS A HOUSE AND IT HAD A DRIVEWAY BUT IT WAS A SKINNY HOUSE. THIS WOULD INDICATE THAT IS POSSIBLY A TRIPLEX OR A DUPLEX THAT HE TOOK KEITH TO. KEITH CANNOT REMEMBER TOO MUCH ABOUT THE STREET OR HOW THE CARS WERE PARKED. HE DOES REMEMBER SEEING A CHRISTMAS TREE SOMEWHERE BUT HIS MOTHER THINKS THAT HE IS TALKING ABOUT ONE OF THE LARGE FIR TREES WHICH ARE PLANTED IN SOME PEOPLES YARDS. HE STATES HE ALSO SAW A WOODEN LARGE K SOMEWHERE. THIS OFFICER THOUGHT HE MIGHT HAVE MEANT K-MART WHICH WOULD BE FURTHER NORTH BUT HIS MOTHER STATES HE KNOWS K-MART AND THAT'S NOT WHAT HE WAS TALKING ABOUT. THIS OFFICER COULD NOT LOCATE A LARGE WOODEN K IN SOMEBODY'S FRONT YARD OR ON A CORNER. IT IS UNKNOWN WHAT KEITH WAS REFERRING TO AT THIS TIME. KEITH BEING VERY YOUNG COULD NOT GIVE MUCH OF A DESCRIPTION ON THE WHITE MALE OTHER THEN WHAT WE'VE ALREADY DESCRIBED. HE WAS CO-OPERATIVE BUT DUE TO HIS YOUNG AGE IT IS HARD TO DETERMINE EXACTLY WHAT HE REMEMBERS AND WHAT HE REMEMBERS FROM GOING FOR RIDES WITH HIS MOTHER. HIS MOTHER DID MOST OF THE QUESTIONING AND HE APPEARED TO ANSWER HER EXACTLY WHAT HAD HAPPENED. KEITH ALSO STATES IT WAS NOT A NEW CAR BUT IT WAS A CAR THAT DID NOT HAVE DENTS OR BEAT UP MARKS IN IT. THIS WOULD INDICATE MAYBE A 70 TO 75 VEHICLE. HE DOES NOT KNOW THE MAKE OF THE CAR OR ANY OTHER INFORMATION.

NO FURTHER INFORMATION AT THIS TIME. MRS. PEEKE WILL CONTINUE TO QUESTION HER SON AND WILL REFER TO THE D.B. IF ANYTHING ELSE IS DISCOVERED. HOLD ALERTED FOR SUBJECT. TOT D.B. THIS CONCLUDES THIS OFFICER'S INVESTIGATION.

POMEROY BEACH POLICE DEPARTMENT

DATE NBR	OFFENSE	LOCATION	ZONE	SHIPPY	CASE NUMBER
1	Sexual Battery (Rape)	190 SE 12 Ave. Pompano	47	2	100541

Victim : W/M : Peck , Keith ; 12-21-75 ; 190 SE 12 Ave. Pompano -Apt#5B **PENDING**

The undersigned along with Det Dunlap and aides Thomson and Coley were advised of the above offense , in which the victim was lured into a "big brown car" and taken to an apartment where the victim had his pants pulled down and the unknown suspect then had oral sex with the victim in which the suspect performed the "oral sex on the victim". The suspect then drove the victim back to the area of his apartment located at 190 SE 12 Ave.

From numerous interviews with the victim it seems the suspect drove the victim somewhere east of No. Federal Hwy. between Atlantic Blvd. and NE 6 Street. The victim does remember passing MacDonalda Hamburgers , Burger King and the Picture Lounge located at 200 No. Federal Hwy. Pompano Beach Fla. The victim also stated that when he was in the apt. he could see pictures on the walls , and the bathroom and kitchen all in the same area. It seems the victim was trying to describe a studio/efficiency apartment.

The victim was driven to the area where the offense possibly occurred several times with his mother and father present . All streets were carefully checked with the victim in the police unit during these times , giving the victim an opportunity to carefully look at homes & apartments in the area. The results of these outings with the victim and his parents were negative as far as locating the actual location.

Because of the victims young age , a concrete description of the suspect is still uncertain at this time. The physical description of the suspect is still general and vague as contained in the original report. During the course of the investigation, the victim was shown numerous pictures of past sex offenders and other suspects/vehicles of persons that were developed as possible suspects . All of these attempts to identify a person or vehicle were negative.

Several persons were extensively investigated but were ruled out as suspects as some were in prison at the time of the offense and other had alibi's that were verified. The undersigned also went to the Broward County Rape Center and reviewed their suspect files for possible leads in this case. As a result several cases occurring in surrounding agencies were looked into by the undersigned (cases in Lighthouse Point , Oakland Park , and the Broward County Sheriffs Office). It appears none of the cases however were actually related to the above offense.

Also be advised that for several days a plain clothes surveillance was conducted in the area of the victims home in hopes that the suspect may return. This attempt also had no results. (conducted on the dates of 1/6-7-8-9/81).

There is no physical evidence in this case , nor actual crime scene. The totality of the investigation as far as make and model of vehicle and close suspect description was hampered due to the fact of the victims very young age. An

Intelligence Bulletin was passed out to all divisions of the P.D. and also discussed at length at the Tri-County (CONTINUED)

Before me this date personally appeared Tinton Stanley E. who being first duty  
 LAST FIRST MIDDLE  
 sworn deposes and says that on the 17th day of Nov. 1981 at 901 Pine Drive CHARGE LOCATION

the above named defendant committed the above offenses charged and the facts showing probable cause to believe same are as follows:  
 On the stated date the three year old victim, Erin Gunning was playing in the hall of her residence. A witness was leaving the home of the victim after speaking with the victim's father and observed a U/M holding the victim in his arms. The witness overheard the U/M talking the victim that he would buy the victim candy or ice cream. The witness observed the U/M at a close distance and got an in depth look at the U/M. The witness thinking something was not correct returned to the victim's father and advised the father of the situation. At that time the father advised that no one had permission to take his daughter anywhere. Both the witness and father ran to the area and entered their own vehicles. Pursuit was given and the subject and subject vehicle was observed leaving the area. The witness and father chased the subject into another section of Pompano where the subject vehicle was lost. The witness stated that he had seen the victim bouncing around in the subject vehicle as the vehicle was being chased. Speeds during the chase were estimated at 70 mph at times. The witness returned to SR 10 Ave and Atlantic Blvd. and sat there to see if the subject would pass that area attempting to leave. At that time the witness observed the subject leaving the area where the victim lives. The witness again gave pursuit but did not see the victim in the car that time. The witness obtained the subject's tag number. During the chase the witness again lost the subject due to the high rate of speed travelled by the subject. A check was run on the tag after police were summoned. It was learned that the victim had been located near her home and was badly bruised and abraded. It was ascertained that the victim had been pushed from the vehicle. The undersigned drove the witness to NE 23 ave. where a vehicle matching that of the subject's was located. The witness was seated in an unmarked vehicle. The subject walked past the unmarked vehicle with the victim from the store. The subject was observed by the witness and positively identified as the subject that had taken the victim from the area of the victim's home. CONT On

PROBABLE CAUSE AFFIDAVIT

Before me this date personally appeared Tipton Stanley E. who being first duly sworn deposes and says that on the 17th day of Nov. 19 81 901 Pine Drive

the above named defendant committed the above offenses charged and the facts showing probable cause to believe same are as follows:  
CONTINUATION OF PAGE 1

No police were near the subject at that time. The subject was asked if he would come to the Pompano P.D. and a crowd to do so on his own free will. At the P.D. the subject was advised of his rights and agreed to speak to police without an attorney. The subject originally denied placing a small child in his car or fleeing anyone. The subject later changed his story and stated he did in fact want a small child playing near apartments. The subject stated that he did not know if the child was male or female. The subject stated that he offered to take the child to the store and buy the child some icecream. The subject further stated that he placed the child in his vehicle and drove from the area. The subject stated that he realized what he had done and let the child out of the vehicle a short distance from where he had picked up the child. The subject stated that he did in fact flee someone chasing him after he dropped the child off. The subject denied pushing the child from his vehicle or injuring the child. The subject was charged with kidnapping.

The defendant was also charged with aggravated battery due to the fact that the three year old victim was thrown from the defendant's vehicle and sustained injuries that required treats sent at a local hospital.

When examining the defendant's vehicle a .32 cal. loaded revolver was found beneath the seat of the driver. Pornographic photos were also found in the vehicle as were several pairs of women underwear.

Other witnesses have stated that the defendant's vehicle has been observed near schools in area. BASED ON THESE FACTS IT IS REQUESTED THAT THIS DOCS BE RATED AS HIGH AS POSSIBLE. The subject further stated that he is attempting to find work elsewhere in order to leave the area.

On Wednesday, January, 27, 1982, FATS your affiant met with the owner of carter of Pompano Thrift Shop Inc., Mr. Elwood Lee Pinnell, W/M, DOB, 9-11-40. Mr. Pinnell was asked to check his records to ascertain if a Mr. James had purchased a seat cover from Mr. Pinnell. Mr. Pinnell located an original sales slip for a seat cover sold to James and showed name to your affiant. The sales slip was dated 2/27/81, and is made out to Mr. Ed. James, address 232 NE 23rd Avenue Pompano Beach. The sales slip indicates that the seat cover was purchased for the amount of \$77.40. A copy of said receipt was attached and incorporated herein as Exhibit "A".

Your affiant now has probable cause to believe that this vehicle was involved in the accident where the front seat covering was changed and the original seat cover was removed prior to Aug. 27, 1981. Your affiant has a subpoenaed warrant for the vehicle. The fact that your affiant did not possess the necessary information to search the front seat area of said vehicle as the previous search which your affiant has probable cause to believe may contain certain of the front seat area is reported due to property of evidence value, to wit: the front floor, front panel, human hair, the placement of the seat cover, front floor, floor and doilies, etc. is critical as the vehicle was searched on August 27, 1981 and the seat in said vehicle being searched on August 27, 1981, thus covering up the evidence searched for in the previous search warrant.

AFFIDAVIT FOR SEARCH WARRANT

Before me, \_\_\_\_\_, a Judge of the  
Seventeenth Judicial Circuit, in and for Broward County, Florida, personally appeared DETECTIVE RONALD HICKMAN, of the City of Hollywood, Broward County, Florida, Police Department, who being by me first duly sworn, deposes and says that he has probable cause to believe that in a motor vehicle described as:

1973 Plymouth Fury 4 door, which is dark brown in color and has dark tan vinyl top. Said vehicle bears on the rear license plate mount a current Florida license tag which bears the numerals RNK509, a current Florida license decal with the month of June is located in the upper left and right of this license tag and bears the numerals 3006124. The vehicle identification number of this vehicle is located below the windshield on the left front and said numbers are PH41K3F186823. This motor vehicle presently is located at 1701 North Dixie Highway, Pompano Beach, Broward County, Florida at Driscoll's Towing and Carrier Service. This location being the location where the Pompano Beach Police Department placed this vehicle after taking the vehicle into custody as evidence on November 17, 1981 at 7:30 P.M. from 232 N.E. 23rd Avenue, Pompano Beach, Florida, under Pompano Beach Case Number 144934. A Division of Motor Vehicle's check of the license tag mentioned above indicates this vehicle is registered to JAMES, EDWARD H., date of birth June 3, 1931, with an address of 232 N.E. 23rd Avenue, Pompano Beach, Florida.

There exists property stored and concealed therein, to wit: human blood, fingerprints, human hair follicles, and clothing fibers which constitutes evidence relevant to proving that the felony offenses of Murder and Kidnapping have been committed.

Your Affiant's reason for his belief and the facts establishing the grounds for this Affidavit and the probable cause for believing that such facts exist are as follows:

On Tuesday, December 8, 1981, your Affiant prepared an Affidavit for a Search Warrant for a search of the above-said motor vehicle. On Tuesday, December 8, 1981, a Search Warrant was issued for the search of the above-said vehicle, signed by the Honorable H. Mark Purdy, Circuit Court Judge, Seventeenth Judicial Circuit, Broward County, Florida.

The facts establishing probable cause for the issuance of said warrant were as follows:

"On Monday, July 27, 1981, between the hours of 12:00 Noon to 12:30 P.M., a kidnapping occurred

AFFIDAVIT FOR SEARCH WARRANT

at the Sears and Roebuck store located at 300 Hollywood Mall, City of Hollywood, Broward County, Florida. The victim of this offense was one ADAM WALSH, whose date of birth was November 14, 1974 and whose home address was 2801 McKinley Street, Hollywood, Florida. The disappearance of ADAM WALSH was reported by the victim's mother REVE WALSH. REVE and ADAM WALSH arrived at the Sears store on the date and time mentioned above for the purpose of MRS. WALSH shopping at said location.

REVE WALSH stated that ADAM was allowed to remain in the Toy Department unattended. Upon MRS. WALSH returning to the Toy Department, she could not find her son where he had been instructed to stay.

MRS. WALSH gained the assistance of store personnel in an attempt to locate ADAM. This was done through the use of the paging system and a physical search of the store and Mail area. The Hollywood Police were notified and responded for the purpose of conducting additional systematic searches. Hollywood Police personnel searched the area and were unable to locate ADAM WALSH.

From July 27, 1981 through Monday, August 10, 1981, continual investigations were conducted for any clues with respect to the whereabouts of ADAM WALSH. At no time during this period were any communications received by either the Hollywood Police Department or the WALSH family with respect to a ransom demand, even though a substantial reward had been offered for ADAM's return of over \$100,000.00.

On Monday, August 10, 1981, at approximately 6:45 P.M., the severed head of a young white male child was found floating in a drainage canal in the Indian River County near the Florida Turnpike. The head was found by MR. ROBERT HUGHES and MR. VERNON BAILY, who are employees of "EVANS PROPERTIES", which is located at mile marker 130-1/2, Indian River County, Florida.

On Tuesday, August 11, 1981, a close friend of the victim's family was allowed to view the severed head at the Indian River County Examiner's Office and a positive identification was made of the head as that of ADAM WALSH. This identification was also verified through a comparison of ADAM WALSH's dental records.

On Wednesday, November 25, 1981 at 9:20 P.M., your Affiant along with DET. J. E. SMITH, met with a MR. JOHN RUSSELL TERRY, white male, date of birth March 4, 1926. The meeting with MR. TERRY was at his request and took place at the Deerfield Beach Police Department, Deerfield Beach, Florida.

MR. JOHN RUSSELL TERRY when interviewed gave the following information to your Affiant in a sworn tape recorded statement concerning MR. TERRY'S contact with one EDWARD HAROLD JAMES, white male, date of birth, June 3, 1931.

AFFIDAVIT FOR SEARCH WARRANT

MR. JOHN RUSSELL TERRY stated he had been incarcerated in the Broward County Jail on the charge of a stolen motor vehicle, from the dates of November 5th, 1981 through November 24th, 1981. The case was dismissed against MR. JOHN RUSSELL TERRY due to lack of information.

MR. JOHN RUSSELL TERRY further stated he shared a cell with EDWARD HAROLD JAMES from the dates of November 23rd through November 24th, 1981. During this time period JOHN TERRY stated that while he was in jail with EDWARD JAMES, EDWARD JAMES told JOHN TERRY certain facts concerning circumstances that caused EDWARD JAMES' arrest by the Pompano Beach Police Department reference EDWARD JAMES kidnapping a three year old white female in Pompano on November 17th, 1981. Also, EDWARD JAMES told JOHN TERRY how he had abducted a five year old white male from a shopping center in Hollywood, Florida during the summer months and how he, EDWARD JAMES, had cut the boys head off with a knife when the boy wanted to be returned and had threatened to tell on EDWARD JAMES if he wasn't taken home.

MR. JOHN TERRY, in his sworn statement, stated that EDWARD JAMES told him that he manipulated the five year old boy out of the department store the same way he manipulated the three year old girl, that he thought was a boy, by offering to buy him ice cream.

JOHN TERRY further stated that EDWARD JAMES had told him that he had driven the boy in his car onto the Florida Turnpike north of Stuart, Florida, where he killed the boy when the boy threatened EDWARD JAMES, demanding that JAMES give him money or he would tell his parents what EDWARD JAMES had done with him. MR. JOHN TERRY stated that EDWARD JAMES told him he took the boy out of the car, his Plymouth Fury, dark brown in color, and he parked the car by a canal and bridge on the Florida Turnpike, where he cut the boys head off with a knife that he had carried in a holster, and then held the head by the hair and kicked it into the canal like a football.

It should be noted that ADAM WALSH'S head was found floating in a canal adjacent to the Florida Turnpike near mile marker 130. The canal area at mile marker 130 is bridged by the Florida Turnpike with bridge rails on either side of the Turnpike, which give the appearance of a bridge.

MR. JOHN TERRY stated that JAMES said he killed the boy because the boy was too smart for his age. TERRY stated JAMES became very excited when telling how he killed the boy and had stated he told the boy "God damn you, you'll tell mama, you'll tell daddy nothing" and then killed the boy.

MR. JOHN TERRY stated JAMES told him he took the body and buried it in an area where there appears to be sulphur mining south of Stuart, Florida. JAMES related that he made sure there was no blood left in his car.

001424  
OUR  
AFFIDAVIT FOR SEARCH WARRANT

This statement leads your affiant to reasonably believe that at one point in time there was human blood contained within the car and that a certain scientific procedure could reveal said blood.

MR. JOHN TERRY stated that JAMES continually talked about how he had killed the boy and how he kicked his head into the canal.

After the statement of MR. TERRY, he was asked if JAMES mentioned keeping any item that belonged to the boy. JAMES told MR. TERRY that he kept an article of the boy's clothing under the front seat of his vehicle for a while until things got too hot at which time the article of clothing was removed from JAMES' vehicle.

It should be noted that your affiant reasonably believes that it is a customary practice of certain sex offenders to keep an item of property belonging to their victim as a memento.

On November 17, 1981, when JAMES was arrested by Pompano Police, he did not possess the holstered knife described by TERRY, as mentioned by JAMES.

MR. TERRY also stated that JAMES had told him that two Hollywood Detectives met with him in jail the night after he was arrested. JAMES told MR. TERRY that the detectives asked him questions about his knowledge of the ADAM WALSH case and he told them he knew only what he had read in the newspaper and what he observed on television. JAMES further told TERRY that he spoke with the two detectives for ten minutes about the case and then got upset with them and stopped talking.

Your affiant believes that if ADAM WALSH had in fact been in JAMES' car, it is highly probable that the victim's fingerprints, hair follicles from falling hair and clothing fibers would be in the vehicle.

It is your affiant's opinion that MR. JOHN TERRY has related what he knows to be the truth. This opinion of your affiant is due to your affiant's thirteen years experience in police investigations, the last six years being involved exclusively in homicide investigations and persons involved in those investigations.

Your affiant and DETECTIVE JACK HOFFMAN did in fact meet with MR. JAMES on Wednesday, November 18, 1981, at approximately 11:30 A.M., on the first floor area of the Broward County Jail.

AFFIDAVIT FOR SEARCH WARRANT

It should be noted that MR. JOHN TERRY when meeting with your affiant on Wednesday, November 25, 1981, was not aware of the meeting your affiant had with MR. EDWARD JAMES on Wednesday morning of November 18, 1981. In the sworn statement obtained from MR. JOHN TERRY he relayed information to your affiant from a conversation he had with EDWARD JAMES concerning JAMES' arrest by Pompano Police. It should be noted that MR. TERRY gave your affiant the same identical information concerning the arrest of EDWARD JAMES that MR. JAMES gave your affiant on November 18, 1981. This further shows that MR. TERRY was not fabricating the information only relaying what he had been told by EDWARD JAMES while in custody with JAMES on the dates of November 23, 1981 and November 24, 1981.

During your affiant's interview with MR. EDWARD JAMES, he was asked about his knowledge of the ADAM WALSH case, and if he could verify his whereabouts on the date of Monday, July 27th, 1981, 12:00 noon. MR. JAMES stated that he only knew of the case through the news media. Further he stated he was working on the date in question for the "TED GRATZ" Construction Company in Plantation, Florida and had worked with this business for the last two years.

On Tuesday, December 1, 1981, at approximately 1:30 P.M. DETECTIVE JACK HOFFMAN of the Hollywood Police Department met with MR. TED GRATZ and conducted an interview with him. During this interview with MR. TED GRATZ, he did confirm that EDWARD JAMES was an employee with his company for the past two years as a general laborer. MR. TED GRATZ was asked to confirm MR. EDWARD JAMES' employment on Monday, July 27th, 1981. MR. TED GRATZ informed DETECTIVE JACK HOFFMAN that after checking his records for July 27, 1981, he could not confirm that MR. EDWARD JAMES worked on that date in question. MR. GRATZ did however advise that although he does not keep permanent records of his employees, he remembers that MR. EDWARD JAMES was absent without notification to MR. GRATZ for one or possibly two days during the summer months between the months of July and August of 1981.

On Sunday, December 6, 1981, at approximately 4:30 P.M., your affiant made contact with SGT. DANIEL of the Martin County Sheriff's Office, Martin County, Florida. Your affiant questioned SGT. DANIEL concerning what type of mining is going on in his county by the Florida Turnpike. SGT. DANIEL advised that there is no mining in Martin County by the Florida Turnpike, however, when traveling south on the Florida Turnpike in the area of Port St. Lucy, Martin County, Florida, there is an area under construction where canals are

AFFIDAVIT FOR SEARCH WARRANT

being dug which would give the appearance of some type of mining possibility being conducted. Sgt. DANIEL did advise that the construction has been underway for at least two years. This would also be consistent with the information given Mr. JOHN TERRY by Mr. EDWARD JAMES.

A background check of Mr. JOHN TERRY revealed that he has served in the United States Navy from the dates of February 7, 1945 through August 30, 1945 at which time he was honorably discharged. A check with the Lake City, Florida State's Attorney's Office revealed that Mr. JOHN TERRY has been treated at the Lake City Veteran's Hospital in the recent past for alcohol abuse. A further check into Mr. JOHN TERRY's background has revealed that he has only been treated for alcohol abuse as far as the medical records indicate."

On Tuesday, December 8, 1981, the said vehicle was searched and the following items were removed and sent to the Florida Department of Law Enforcement Crime Laboratory for analysis:

One (1) folded brown bag, one (1) multi-colored tissue box, one (1) leather-like tan zipper bag 5" x 8", one (1) black eyeglass case with glasses, one (1) man's pocket comb, one (1) key ring with two keys, one (1) shoehorn, one (1) 3-1/2 oz. bottle of Brute, one (1) bandaid, one (1) "Zip" graphite tube, one (1) tire gauge, two (2) blue blankets, one (1) section of white carpet, one (1) white bed sheet, three (3) vacuuming samples, one (1) from the back seat area, one (1) from the front floor area. The vacuuming samples contain suspect hair. Said items have not as yet been examined or analyzed by said crime lab.

On Tuesday, January 26, 1982, a Mr. WILLIAM CHARLES WINDHURST, white male, date of birth 10/22/47, who resides at 232 N.E. 23rd Avenue, Apartment #2, Pompano Beach, Florida, presented himself at the Hollywood Police Department and met with Detective Ronald Hickman and Detective Jack Hoffman. In a sworn taped recorded statement, furnished to the above said officers, Mr. WILLIAM CHARLES WINDHURST stated that he has known Mr. EDWARD HAROLD JAMES for four (4) years and lives in Apartment #2 which is next door to Mr. EDWARD HAROLD JAMES' apartment located at 232 N.E. 23rd Avenue, Pompano Beach, Florida.

In said sworn statement, Mr. WILLIAM CHARLES WINDHURST stated that he observed that Mr. EDWARD HAROLD JAMES was missing or absent from the apartment complex for a period of over two weeks during the last week of July, 1981, and into the month of August 1981. Further,

AFFIDAVIT FOR SEARCH WARRANT

WILLIAM CHARLES WINDHURST stated that he observed that Mr. EDWARD HAROLD JAMES had changed the upholstery on the front seat of his 1973 Plymouth Fury when Mr. JAMES returned in August 1981. WILLIAM CHARLES WINDHURST further stated he had often times observed the interior of JAMES' vehicle and noted that it was in excellent condition. WILLIAM CHARLES WINDHURST stated that he asked JAMES in August, 1981, why he changed the seat covering to the front seat of his vehicle, and JAMES responded by telling Mr. WINDHURST that he had the front seat covered due to it being old and worn. WINDHURST stated to your Affiant that the front seat covering was not old and worn.

EDWARD HAROLD JAMES had also told Mr. WINDHURST that the new covering cost over \$80.00 and that the cover was installed by an upholsterer located on Dixie Highway in Pompano Beach, Florida.

Your Affiant believes WILLIAM CHARLES WINDHURST to be a truthful person and the information he furnished to be reliable. Your Affiant has learned that WINDHURST was honorably discharged from the U.S. Army. He is a member of Labor Local No. 938, Fort Lauderdale, Florida.

On Wednesday, January 27, 1982, your Affiant met with the owner/operator of Pompano Trim Shop, Incorporated, a Mr. ELWOOD LEE PINNELL, white male, date of birth, 9/11/40. Mr. PINNELL was asked to check his records to ascertain if a Mr. JAMES had purchased a seat cover from Mr. PINNELL. Mr. PINNELL located an original sales slip for a seat cover sold to JAMES and showed same to your Affiant. The sales slip was dated 8/27/81, and is made out to Mr. ED. JAMES, address, 232 N.E. 23rd Avenue, Pompano Beach. The sales slip recites that the seat cover was purchased for \$88.40. A copy of said receipt is attached hereto and incorporated herein as Exhibit "A".

As your Affiant now has probable cause to believe that the front seat covering was changed and therefore concealed the seat covering which was exposed prior to August 27, 1981, your Affiant prays that a subsequent Warrant be issued for said vehicle. The fact that your Affiant did not know this information on December 8, 1981, resulted in a less than thorough search of said vehicle which your Affiant has probable cause to believe may contain certain property of evidentiary value, to wit: human blood, fingerprints, human hair, follicles, and clothing fibers.

WHEREFORE, Affiant prays that a Search Warrant be issued commanding the Sheriff of Broward County, Florida and his Deputies and all Police Officers of the City of Hollywood, and the Director of the Florida Department of Law Enforcement or his duly constituted Agents and all Police Officers in Broward County, and all Officers of the Florida Highway Patrol, with the proper and necessary assistance, to search forthwith the

On Tuesday, August 11th, 1981, a close friend of the victim's family was allowed to view the severed head at the Indian River Medical Examiner's Office and a positive identification was made, <sup>to this being the head of ADAM WALSH.</sup> This identification also was verified through the victim's dental records.

On Wednesday, November 25th, 1981, at 9:20 P.M. your affiant along with DET. SERGEANT J.B. SMITH met with a MR. JOHN RUSSELL TERRY, W/M, DOB 3/4/26. The meeting with MR. TERRY was at his request and took place at the Deerfield Beach Police Department.

MR. JOHN RUSSELL TERRY when interviewed gave the following information concerning MR. TERRY'S contact with one EDWARD HAROLD JAMES, W/M, DOB 6/3/31.

MR. TERRY advised that he had been incarcerated in the Broward County Jail during the dates of 11/5/81 through 11/24/81.

~~From~~ the dates of 11/23/81 through 11/24/81 MR. TERRY stated he was a cell mate with JAMES. MR. TERRY related that while he was in jail with JAMES, ~~JAMES~~ <sup>JAMES</sup> had told MR. TERRY certain facts concerning the circumstances that caused JAMES' arrest by the Pompano Police Department reference JAMES' kidnapping a 3 year old W/F in Pompano on 11/17/81. Also, JAMES told MR. TERRY how he had abducted a five year old W/M from a shopping center in Hollywood, Florida during the summer months and how he, JAMES, had cut the boy's head off with a knife when the boy wanted to be returned home and had threatened to tell on JAMES if he wasn't taken home.

MR. TERRY, in his sworn statement, stated that JAMES told him he manipulated the five year old boy out of the department store the same way he lured the three year old girl, he thought was a boy, by offering to buy him ice cream.

TERRY further stated that JAMES had told him he had taken the boy ~~on~~ the turnpike north of Stuart, Florida, where he killed the boy when the boy threatened JAMES and demanded that JAMES give him money or he would tell his parents what JAMES had done with him. MR. TERRY states that JAMES told him he took the boy out of the car, JAMES' Plymouth Fury dark brown, and he parked the car by a canal and bridge on the turnpike, where he cut the boy's head off with a knife that he had in a holster and then held the head by the hair and kicked it into the canal like a football.

<sup>It should be noted that the severed Adam Walsh's head was found floating in a canal adjacent to the Florida Turnpike at mile marker 130. <sup>JOHN</sup>  
MR. TERRY stated that JAMES said he killed the boy because the boy was too smart for his age. TERRY stated JAMES became very excited when telling how he killed the boy and had stated he told the boy, "God damn you, you'll tell mama, you'll tell daddy nothing" and then killed the boy.

<sup>John</sup>  
MR. TERRY stated JAMES told him he took the body and buried it in an area where there is sulphur mining south of Stuart, Florida. JAMES related that he made sure there was no blood left in his car.

MR. TERRY stated that JAMES continually talked about how he had killed the boy and how he kicked his head into the anal.

After the statement of MR. TERRY, he was asked if JAMES mentioned keeping any item that belonged to the boy. JAMES told MR. TERRY that he kept an article of the boy's clothing under the front seat of his vehicle for a while until things got too hot at which time the article of clothing was removed from JAMES' vehicle.

It should be noted that it is a customary practice of sex offenders to keep an item of property belonging to their victim as a memento.

On 11/17/81 when JAMES was arrested by Pompano Police, he did not possess the ~~polished~~ knife described by TERRY, as mentioned by JAMES.

MR. TERRY went on to state that JAMES had told him that two Hollywood Detectives met with him in jail the night after he was arrested. JAMES told MR. TERRY that the detectives asked him questions about his knowledge of the ADAM WALSH case and he told them he knew only what he had read in the newspaper and what he observed on television. JAMES further told TERRY that he spoke freely with the two detectives for 10 minutes about the case and then got upset with them and stopped talking.

MR. TERRY's affiant and DETECTIVE JACK HOFFMAN did in fact meet with MR. JAMES on Wednesday, November 18th, 1981 at approximately 11:30 A.M., meeting with JAMES on the first floor area of the Broward County Jail.

During the interview with MR. JAMES, he was asked about his knowledge of the ADAM WALSH case, and if he could verify his whereabouts on the date of Monday, July 27th, 1981, 12:00 noon. MR. JAMES freely spoke of his knowledge of the ADAM WALSH case by advising he only knew of the case through the news media. Further he was working on the date in question for the "TED GRATZ" Construction Company in Plantation, FL, the same company he had worked for the last two years.

During the interview with MR. JAMES he mentioned that he is not guilty of the charges against him by the Pompano Police, charging him with kidnapping, that of the little boy ~~Pompano~~. When the affiant cautioned MR. JAMES that we did not want to hear any information concerning how he got arrested as we were not involved or interested in that case, he kept on talking and stated he got arrested because of the little boy. He advised him it was a little girl who got into his car when he stopped his car to check some children to check one of his hubcaps making noise. He stated that the little girl or what ever asked him where he was going and he advised he told her he was going to buy some ice cream. JAMES continued by stating he drove with the child in his car for a couple of blocks and then told her to get out as her family would be looking for her. He further stated he was arrested shortly after at his residence.

It should be noted that the affiant was not present by James when he was arrested by the police.

MR. TERRY was your affiant, met with MR. JAMES on 11-15-81 at the Pompano Police Station and was present when James was arrested.

AFFIDAVIT FOR SEARCH WARRANT

Before me, H. MARK PURDY, a Judge of  
the Seventeenth Judicial Circuit, in and for Broward County, Florida  
personally appeared DETECTIVE RONALD HICKMAN, of the City of Hollywood,  
Broward County, Florida, Police Department, who being by me first duly  
sworn, deposes and says that he has probable cause to believe that in  
a motor vehicle described as:

1973 Plymouth Fury 4 door, which is dark brown in color  
and has dark tan vinyl top. Said vehicle bears on the  
rear license plate mount a current Florida license tag  
which bears the numerals RNK509, a current Florida  
license decal with the month of June is located in the  
upper left and right of this license tag and bears the  
numerals 3006124. The vehicle identification number  
of this said vehicle is located below the windshield on  
the left front and said numbers are PH41K3F186823. This  
motor vehicle presently is located at 1701 North Dixie  
Highway, Pompano Beach, Broward County, Florida at  
Driscoll's Towing and Carrier Service. This location  
being the location where the Pompano Beach Police Depart-  
ment placed this vehicle after taking the vehicle into  
custody as evidence on November 17, 1981 at 7:30 P.M.  
from 232 N.E. 23rd Ave., Pompano Beach, Florida under  
Pompano Beach case number 144934. A division of motor  
vehicles check of the license tag mentioned above  
indicates this vehicle is registered to JAMES, EDWARD, H.  
date of birth June 3, 1931 with an address of 232 N.E. 23rd  
Ave., Pompano Beach, Florida.

There exists property stored and concealed therein, to wit:  
human blood, fingerprints, human hair follicles, and clothing fibers which  
constitutes evidence relevant to proving that the felony offenses of  
murder and kidnapping have been committed.

The affiant's reasons for his belief and the facts establishing the  
grounds for this Affidavit and the probable cause for believing that  
such facts exist are as follows:

On Monday, July 27th, 1981, between the hours of 12:00 noon  
to 12:30 P.M. a kidnapping occurred at the Sears and Roebuck  
store located at 300 Hollywood Mall, City of Hollywood,  
Broward County, Florida. The victim of this offense was one  
ADAM WALSH, whose date of birth was November 14, 1974 and  
whose home address was 2801 McKinley Street, Hollywood,  
Florida. The disappearance of ADAM WALSH was reported by  
the victim's mother, REVE WALSH. REVE and ADAM WALSH arrived  
at the Sears store on the date and time mentioned above for

1247

the purpose of MRS. WALSH shopping at said location.

REVE WALSH stated that ADAM was allowed to remain in the toy department unattended. Upon MRS. WALSH'S returning to the toy department she could not find her son where he had been instructed to stay.

MRS. WALSH gained the assistance of store personnel in an attempt to locate ADAM. This was done through the use of the paging system and a physical search of the store and mall area. The Hollywood Police were notified and responded for the purpose of conducting additional systematic searches. Hollywood Police personnel searched the area and were unable to locate ADAM WALSH.

From July 27th, 1981 through Monday August 10th, 1981, continual investigations were conducted for any clues with respect to the whereabouts of ADAM WALSH. At no time during this period were any communications received by either the Hollywood Police Department or the WALSH family with respect to a ransom demand, even though a substantial reward had been offered for ADAM'S return of over \$100,000.00.

On Monday, August 10th, 1981, at approximately 6:45 P.M., the severed head of a young white male child was found floating in a drainage canal in Indian River County near the Florida Turnpike. The head was found by MR. ROBERT HUGHES and MR. VERNON BAILY, who are employees of "EVANS PROPERTIES", which is located at mile marker 130½, Indian River County, Florida.

On Tuesday, August 11th, 1981, a close friend of the victim's family was allowed to view the severed head at the Indian River County Examiner's Office and a positive identification was made of the head as that of ADAM WALSH. This identification was also verified through a comparison of ADAM WALSH'S dental records.

On Wednesday, November 25th, 1981, at 9:20 P.M. your affiant along with DET. J.B. SMITH met with a MR. JOHN RUSSELL TERRY, white male, date of birth March 4, 1926. The meeting with MR. TERRY was at his request and took place at the Deerfield Beach Police Department, Deerfield Beach, Florida.

MR. JOHN RUSSELL TERRY when interviewed gave the following information to your affiant in a sworn tape recorded statement concerning MR. TERRY'S contact with one EDWARD HAROLD JAMES, white male, date of birth June 3, 1931.

MR. JOHN RUSSELL TERRY stated he had been incarcerated in the Broward County Jail on the charge of a stolen motor vehicle, from the dates of November 5th, 1981 through November 24th, 1981. The case was dismissed against MR. JOHN RUSSELL TERRY due to lack of information.

MR. JOHN RUSSELL TERRY further stated he shared a cell with EDWARD HAROLD JAMES from the dates of November 23rd, through November 24th, 1981. During this time period JOHN TERRY stated that while he was in jail with EDWARD JAMES, EDWARD JAMES told JOHN TERRY certain facts concerning circumstances that caused EDWARD JAMES' arrest by the Pompano Beach Police Department reference EDWARD JAMES kidnapping a three year old White Female in Pompano on November 17th, 1981. Also, EDWARD JAMES told JOHN TERRY how he had abducted a five year old White Male from a shopping center in Hollywood, Florida during the summer months and how he, EDWARD JAMES, had cut the boys head off with a knife when the boy wanted to be returned and had threatened to tell on EDWARD JAMES if he wasn't taken home.

MR. JOHN TERRY, in his sworn statement, stated that EDWARD JAMES

001441

AFFIDAVIT FOR SEARCH WARRANT

ad him that he manipulated the five year old boy out the department store the same way he manipulated the three year old girl, that he thought was a boy, by offering to buy him ice cream.

MR. JOHN TERRY further stated that EDWARD JAMES had told him that he had driven the boy in his car onto the Florida Turnpike north of Stuart, Florida, where he killed the boy and the boy threatened EDWARD JAMES, demanding that JAMES give him money or he would tell his parents what EDWARD JAMES had done with him. MR. JOHN TERRY stated that EDWARD JAMES told him he took the boy out of the car, his Plymouth car, dark brown in color, and he parked the car by a canal bridge on the Florida Turnpike, where he cut the boys' heads off with a knife that he had carried in a holster, and he held the head by the hair and kicked it into the canal with a football.

It should be noted that ADAM WALSH's head was found floating in a canal adjacent to the Florida Turnpike near mile marker 130. The canal area at mile marker 130 is bridged by the Florida Turnpike with bridge rails on either side of the turnpike, which gives the appearance of a bridge.

JOHN TERRY stated that JAMES said he killed the boy because the boy was too smart for his age. TERRY stated that JAMES became very excited when telling how he killed the boy and had stated he told the boy "God damn you, you'll tell mama, you'll tell daddy nothing" and then killed the boy.

JOHN TERRY stated JAMES told him he took the body and hid it in an area where there appears to be sulphur mining south of Stuart, Florida. JAMES related that he made sure there was no blood left in his car. This statement leads your affiant to reasonably believe that at one point in time there was human blood contained within the car and that a certain scientific procedure could reveal said blood.

JOHN TERRY stated that JAMES continually talked about how he had killed the boy and how he kicked his head into the canal.

For the statement of MR. TERRY, he was asked if JAMES mentioned keeping any item that belonged to the boy. JAMES told MR. TERRY that he kept an article of the boy's clothing on the front seat of his vehicle for a while until things got too hot at which time the article of clothing was removed from JAMES' vehicle.

It should be noted that your affiant reasonably believes that it is a customary practice of certain sex offenders to keep an item of property belonging to their victim as a memento.

On November 17, 1981, when JAMES was arrested by Pompano Beach Police, he did not possess the holstered knife described by you, as mentioned by JAMES.

MR. TERRY also stated that JAMES had told him that two Pompano Beach Police Detectives met with him in jail the night after he was arrested. JAMES told MR. TERRY that the detectives asked him questions about his knowledge of the ADAM WALSH case and he told them he knew only what he had read in the newspaper about what he observed on television. JAMES further told MR. TERRY that he spoke with the two detectives for ten minutes about the case and then got upset with them and stopped talking.

Your affiant believes that if ADAM WALSH had in fact been in JAMES' car, it is highly probable that the victim's fingerprints, hair follicles from falling hair and clothing fibers would be found on the vehicle.

It is your affiant's opinion that MR. JOHN TERRY has related to you what he knows to be the truth. This opinion of your affiant

AFFIDAVIT FOR SEARCH WARRANT

is due to your affiant's thirteen years experience in police investigations, the last six years being involved exclusively in homicide investigations and persons involved in those investigations.

Your affiant and DETECTIVE JACK HOFFMAN did in fact meet with MR. JAMES on Wednesday, November 18, 1981, at approximately 11:30 A.M., on the first floor area of the Broward County Jail.

It should be noted that MR. JOHN TERRY when meeting with your affiant on Wednesday, November 25, 1981, was not aware of the meeting your affiant had with MR. EDWARD JAMES on Wednesday morning of November 18, 1981. In the sworn statement obtained from MR. JOHN TERRY he relayed information to your affiant from a conversation he had with EDWARD JAMES concerning JAMES' arrest by Pompano Police. It should be noted that MR. TERRY gave your affiant the same identical information concerning the arrest of EDWARD JAMES that MR. JAMES gave your affiant on November 18, 1981. This further shows that MR. TERRY was not fabricating the information he relayed to your affiant in his sworn statement but was only relaying what he had been told by EDWARD JAMES while in custody with JAMES on the dates of November 23, 1981 and November 24, 1981.

During your affiant's interview with MR. EDWARD JAMES, he was asked about his knowledge of the ADAM WALSH case, and if he could verify his whereabouts on the date of Monday, July 27th, 1981, 12:00 noon. MR. JAMES stated that he only knew of the case through the news media. Further he stated he was working on the date in question for the "TED GRATZ" Construction Company in Plantation, Florida and had worked with this business for the last two years.

On Tuesday, December 1, 1981, at approximately 1:30 P.M., DETECTIVE JACK HOFFMAN of the Hollywood Police Department met with MR. TED GRATZ and conducted an interview with him. During this interview with MR. TED GRATZ, he did confirm that EDWARD JAMES was an employee with his company for the past two years as a general laborer. MR. TED GRATZ was asked to confirm MR. EDWARD JAMES' employment on Monday, July 27th, 1981. MR. TED GRATZ informed DETECTIVE JACK HOFFMAN that after checking his records for July 27, 1981, he could not confirm that MR. EDWARD JAMES worked on that date in question. MR. GRATZ did however advise that although he does not keep permanent records of his employees, he remembers that MR. EDWARD JAMES was absent without notification to MR. GRATZ for one or possibly two days during the summer months between the months of July and August of 1981.

On Sunday, December 6, 1981, at approximately 4:30 P.M., your affiant made contact with SGT. DANIEL of the Martin County Sheriff's Office, Martin County, Florida. Your affiant questioned SGT. DANIEL concerning what type of mining is going on in his County by the Florida Turnpike. SGT. DANIEL advised that there is no mining in Martin County by the Florida Turnpike, however, when traveling south on the Florida Turnpike in the area of Port St. Lucy, Martin County, Florida, there is an area under construction where canals are being dug which would give the appearance of some type of mining possibly being conducted. SGT. DANIEL did advise that the construction has been under way for at least two years. This would also be consistent with the information given MR. JOHN TERRY by MR. EDWARD JAMES.

AFFIDAVIT FOR SEARCH WARRANT

A background check of MR. JOHN TERRY revealed that he has served in the United States Navy from the dates of February 7, 1945 through August 30, 1945 at which time he was honorably discharged. A check with the Lake City, Florida State's Attorney's Office revealed that MR. JOHN TERRY has been treated at the Lake City Veteran's Hospital in the recent past for alcohol abuse. A further check into MR. JOHN TERRY's background has revealed that he has only been treated for alcohol abuse as far as the medical records indicate.

WHEREFORE, Affiant prays that a Search Warrant be issued commanding the Sheriff of Broward County, Florida and his Deputies, and other persons in aid of the Sheriff or his Deputies, with the proper and necessary assistance, to search forthwith the above described motor vehicle for the aforesaid property; to wit: human blood, fingerprints, human hair follicles and clothing fibers, serving this Search Warrant in daytime or the nighttime or on Sunday as the exigencies of the occasion may demand or require, and to search said motor vehicle for the property heretofore described, and if the same be found upon the motor vehicle and to seize same as evidence.

is due to your affiant's thirteen years experience in police investigations, the last six years being involved exclusively in homicide investigations and persons involved in those investigations.

Your affiant and DETECTIVE JACK HOFFMAN did in fact meet with MR. JAMES on Wednesday, November 18, 1981, at approximately 11:30 A.M., on the first floor area of the Broward County Jail.

It should be noted that MR. JOHN TERRY when meeting with your affiant on Wednesday, November 25, 1981, was not aware of the meeting your affiant had with MR. EDWARD JAMES on Wednesday morning of November 18, 1981. In the sworn statement obtained from MR. JOHN TERRY he relayed information to your affiant from a conversation he had with EDWARD JAMES concerning JAMES' arrest by Pompano Police. It should be noted that MR. TERRY gave your affiant the same identical information concerning the arrest of EDWARD JAMES that MR. JAMES gave your affiant on November 18, 1981. This further shows that MR. EDWARD JAMES, he was asked about his knowledge of the ADAM WALSH case, and if he could verify his whereabouts on the date of Monday, July 27th, 1981, 12:00 noon. MR. JAMES stated that he only knew of the case through the news media. Further he stated he was working on the date in question for the "TED GRATZ" Construction Company in Plantation, Florida and had worked with this business for the last two years.

On Tuesday, December 1, 1981, at approximately 1:30 P.M., DETECTIVE JACK HOFFMAN of the Hollywood Police Department met with MR. TED GRATZ and conducted an interview with him. During this interview with MR. TED GRATZ, he did confirm that EDWARD JAMES was an employee with his company for the past two years as a general laborer. MR. TED GRATZ was asked to confirm MR. EDWARD JAMES' employment on Monday, July 27th, 1981. MR. TED GRATZ informed DETECTIVE JACK HOFFMAN that after checking his records for July 27, 1981, he could not confirm that MR. EDWARD JAMES worked on that date in question. MR. GRATZ did however advise that although he does not keep permanent records of his employees, he remembers that MR. EDWARD JAMES was absent without notification to MR. GRATZ for one or possibly two days during the summer months between the months of July and August of 1981.

On Sunday, December 6, 1981, at approximately 4:30 P.M., your affiant made contact with SGT. DANIEL of the Martin County Sheriff's Office, Martin County, Florida. Your affiant questioned SGT. DANIEL concerning what type of mining is going on in his County by the Florida Turnpike. SGT. DANIEL advised that there is no mining in Martin County by the Florida Turnpike, however, when traveling south on the Florida Turnpike in the area of Port St. Lucy, Martin County, Florida, there is an area under construction where canals are being dug which would give the appearance of some type of mining possibly being conducted. SGT. DANIEL did advise that the construction has been under way for at least two years. This would also be consistent with the information given MR. JOHN TERRY by MR. EDWARD JAMES.

AFFIDAVIT FOR SEARCH WARRANT

A background check of MR. JOHN TERRY revealed that he has served in the United States Navy from the dates of February 7, 1945 through August 30, 1945 at which time he was honorably discharged. A check with the Lake City, Florida State's Attorney's Office revealed that MR. JOHN TERRY has been treated at the Lake City Veteran's Hospital in the recent past for alcohol abuse. A further check into MR. JOHN TERRY's background has revealed that he has only been treated for alcohol abuse as far as the medical records indicate.

WHEREFORE, Affiant prays that a Search Warrant be issued commanding the Sheriff of Broward County, Florida and his Deputies, and other persons in aid of the Sheriff or his Deputies, with the proper and necessary assistance, to search forthwith the above described motor vehicle for the aforesaid property; to wit: human blood, fingerprints, human hair follicles and clothing fibers, serving this Search Warrant in daytime or the nighttime or on Sunday as the exigencies of the occasion may demand or require, and to search said motor vehicle for the property heretofore described, and if the same be found upon the motor vehicle and to seize same as evidence.

AFFIDAVIT FOR SEARCH WARRANT

is due to your affiant's thirteen years experience in police investigations, the last six years being involved exclusively in homicide investigations and persons involved in those investigations.

Your affiant and DETECTIVE JACK HOFFMAN did in fact meet with MR. JAMES on Wednesday, November 18, 1981, at approximately 11:30 A.M., on the first floor area of the Broward County Jail.

During <sup>your office</sup> ~~the~~ interview with MR. JAMES, he was asked about his knowledge of the ADAM WALSH case, and if he could verify his whereabouts on the date of Monday, July 27th, 1981, 12:00 noon. MR. JAMES stated that he only knew of the case through the news media. Further he stated he was working on the date in question for the "TED GRATZ" Construction Company in Plantation, Florida and had worked with this business for the last two years.

During the interview with MR. JAMES he stated that he was not guilty of the charges filed against him by the Pompano Police with respect to the kidnapping of a little boy in Pompano Beach. Your affiant cautioned MR. JAMES that we did not want to hear any information concerning how he got arrested as we were not involved or interested in that case. JAMES kept on talking and stated he got arrested because of a little boy. We advised him it was a little girl who got into his car when he stopped his car near some children to check on one of his hubcaps making noise. He stated that the little girl or what ever asked him where he was going and he advised he told her he was going to buy some ice cream. JAMES stated he drove with the child in his car for a couple of blocks and then told her to get out as her family would be looking for. He further stated he was arrested shortly after this at his residence.

WHEREFORE, Affiant prays that a Search Warrant be issued commanding the Sheriff of Broward County, Florida and his Deputies, and other persons in aid of the Sheriff or his Deputies, with the proper and necessary assistance, to search forthwith the above described motor vehicle for the aforesaid property; to wit: human blood, fingerprints, human hair follicles and clothing fibers, serving this Search Warrant in daytime or the nighttime or on Sunday as the exigencies of the occasion may demand or require, and to search said motor vehicle for the property heretofore described, and if the same be found upon the motor vehicle and to seize same as evidence.

IN THE CIRCUIT COURT OF THE  
SEVENTEENTH JUDICIAL CIRCUIT  
IN AND FOR BROWARD COUNTY,  
FLORIDA

STATE OF FLORIDA )  
                          ) SS  
COUNTY OF BROWARD )

AFFIDAVIT FOR SEARCH WARRANT

Before me, \_\_\_\_\_, a Judge of  
the Seventeenth Judicial Circuit, in and for Broward County, Florida  
personally appeared DETECTIVE RONALD HICKMAN, of the City of Hollywood,  
Broward County, Florida, Police Department, who being by me first duly  
sworn, deposes and says that he has probable cause to believe that at  
the premises described as:

Apartment number 1, of a single story CBS apartment  
complex, consisting of four individual apartments.  
Said complex is located at 232 N.E. 23rd Ave., within  
the City of Pompano, Broward County, Florida. This  
apartment complex is the third building south of the  
intersection of N.E. 4th Street and N.E. 23rd Ave. and  
is located on the east side of N.E. 23rd Ave. within said  
City. Said apartment complex is white in color and  
trimmed in green. The roof of said complex is a hip  
design and is covered with a white flat tile. Within  
said complex is located apartment number one, located  
at the north western most end of said complex. The  
access door of apartment one faces north and is a wood  
framed jalousie type. Said door is painted green in  
color. The single numeral one being white metal in  
color appears on the west side of this door. The  
numerals 232 appear on the north west roof trim board  
of said complex. There are two hurricane awnings  
attached to the western wall of apartment number one.  
To the west of the access door of this apartment is a  
black in color mailbox with the names E. JAMER and  
KRYSIAK in blue.

There exists clothing described as: child's green shorts, child's  
striped pullover short sleeve shirt predominately red and white in  
color bearing the "Izod" trademark, child's rubber sandals with yellow  
bottoms and blue straps, and a boat captain's hat beige in color, and  
a sharp bladed instrument with a blade over five inches in length used  
as a means to commit the felony offense of murder FS 782.04 or evidence  
relevant to proving that the felony offense of murder has been committed.

The affiant's reasons for his belief that the laws of the State  
of Florida are being violated as stated above and the facts establishing  
the grounds for this Affidavit and the probable cause for believing that  
such facts exist are as follows:

On Monday, July 27th, 1981, between the hours of 12:00 noon  
to 12:30 P.M. a kidnapping occurred at the Sears and Roebuck  
Store located at 300 Hollywood Mall, City of Hollywood,  
Broward County, Florida. The victim of this offense is  
identified as: ADAM WALSH, W/M, DOB 11/14/74, whose home  
address is 2801 McKinley Street, Hollywood, Florida. The  
offense being reported by the victim's mother REVE WALSH.  
REVE and ADAM WALSH arrived at the Sears Store on the date

ained the assistance of the store personnel in order to locate ADAM. This being done through the store manager and a physical search of the store and mall. Hollywood Police were notified and responded to the request. Additional systematic searches all with negative results.

th through Monday August 10th, continual searches were conducted for any clues to the whereabouts of ADAM WALSH. During this period were any communications regarding this police agency or the WALSH family regarding a ransom demand. Even though a substantial ransom was offered for ADAM'S return of over \$100,000.00.

August 10th, 1981, at approximately 6:45 the severed head of a young W/M child was found floating in a drainage canal near the Orange County, Florida Turnpike. The head was found by DET. T. HUGHES and MR. VERNON BAILY, who are employees of the "OPERTIES", which is located at mile marker 1304 on the turnpike.

August 11th, 1981, a close friend of the victim's was allowed to view the severed head at the Indian River County Examiner's office and a positive identification was made, this being the head of ADAM WALSH. This identification was verified through the victim's dental records.

November 25th, 1981, at 9:20 P.M. your affiant DET. SERGEANT J.B. SMITH met with a MR. JOHN TERRY, W/M, DOB 3/4/26. The meeting with MR. TERRY was requested and took place at the Deerfield Beach Police Department.

MR. TERRY when interviewed gave the following information concerning MR. TERRY'S contact with one EDWARD J. TERRY, W/M, DOB 6/3/31.

MR. TERRY advised that he had been incarcerated in the Broward County Jail during the dates of 11/5/81 through 11/24/81.

On the dates of 11/23/81 through 11/24/81 MR. TERRY states that he had contact with JAMES. MR. TERRY related that while in contact with JAMES that JAMES had told MR. TERRY the circumstances concerning the circumstances that caused JAMES' arrest by the Pompano Police Department reference JAMES' arrest on 11/17/81. Also JAMES related to MR. TERRY how he had abducted a five year old W/M from the area of Hollywood, Florida during the summer of 1981. JAMES, had cut the boy's head off with a knife. JAMES wanted the boy to be returned home and had threatened to kill JAMES if he wasn't taken home.

In his sworn statement, states that JAMES told him that he had cut the five year old boy out of the department. In the same way he lured the three year old girl, he thought of offering to buy him ice cream.

MR. TERRY stated that JAMES had told him he had taken the boy to a turnpike north of Stuart, Florida where he killed the boy. JAMES threatened JAMES and demanded that JAMES tell his parents what JAMES had done. MR. TERRY states that JAMES told him he took the boy's car, JAMES' Plymouth Fury dark brown, and he drove by a canal and bridge on the turnpike where he cut the boy's head off with a knife that he had in a holster. JAMES then cut the head by the hair and kicked it into the canal.

AFFIDAVIT FOR SEARCH WARRANT

MR. TERRY stated that JAMES said he killed the boy because the boy was too smart for his age. TERRY states JAMES became very excited when telling how he killed the boy and had stated he told the boy, "God damn you, you'll tell mama, you'll tell daddy nothing, and then killed the boy.

MR. TERRY states JAMES told him he took the body and buried it in an area where there is sulphur mining south of Stuart, Florida. JAMES had related that he made sure there was no blood left in his car.

MR. TERRY states that JAMES continually talked about how he had killed the boy and how he kicked his head into the canal.

After the statement of MR. TERRY, he was asked if JAMES mentioned keeping any item that belonged to the boy. JAMES told MR. TERRY that he kept an article of the boy's clothing under the front seat of his vehicle for a while until things got too hot at which time the article of clothing was removed from JAMES' vehicle.

It should be noted that it is a customary practice of sex offenders to keep an item of property belonging to their victim as a memento.

On 11/17/81 when JAMES was arrested by Pompano Police, he did not possess the Holstered knife described by TERRY, as mentioned by JAMES.

MR. TERRY went on to state that JAMES had told him that two Hollywood Detectives met with him in jail the night after he was arrested. JAMES told MR. TERRY that the detectives asked him questions about his knowledge of the ADAM WALSH case and he told them he knew only what he read in the newspaper and what he observed on television. JAMES further told TERRY that he spoke freely with the two detectives for 10 minutes about the case and then got upset with them and stopped talking.

This affiant and DETECTIVE JACK HOFFMAN did in fact meet with MR. JAMES on Wednesday, November 18th, 1981 at approximately 11:30 A.M., meeting with JAMES on the first floor area of the Broward County Jail.

During the interview with MR. JAMES, he was asked about his knowledge of the ADAM WALSH case, and if he could verify his whereabouts on the date of Monday, July 27th, 1981, 12:00 noon. MR. JAMES freely spoke of his knowledge of the WALSH case by advising he only knew of the case through the news media, further he was working on the date in question for the "TED GRATZ", construction Company in Plantation, the same company he had worked for the last two years.

During the interview with MR. JAMES he mentioned that he was not guilty of the charges against him by the Pompano Police, charging him with kidnapping, that of the little boy in Pompano. When this affiant cautioned MR. JAMES that we did not want to hear any information concerning how he got arrested as we were not involved or interested in that case, he kept on talking and stated he got arrested because of a little boy, we advised him it was a little girl who got into his car when he stopped his car by some children to check on one of his hubcaps making noise. He stated that the little girl or what ever asked him where he was going and he advised he told her he was going to buy some ice cream. JAMES continued by stating he drove with the child in his car for a couple of blocks and then told her to get out as her family would be looking for her. He further stated he was arrested shortly after at his residence.

AFFIDAVIT FOR SEARCH WARRANT

It should be noted that when meeting with MR. TERRY he related the same basic conversation to this affiant that JAMES told this affiant with the exception of the elaborate information told TERRY by JAMES reference the ADAM WALSH murder.

Further, the information given TERRY by JAMES reference being able to drive an automobile to the canal where the victim's head was found is accurate. This canal area at mile marker 130 is bridged by the Florida Turnpike with bridge rails on either side of the Turnpike, this giving the appearance of a bridge.

" On Monday, July 27th, 1981, between the hours of 12:00 noon  
to 12:30 P.M. a kidnapping occurred at the Sears and Roebuck  
store located at 300 Hollywood Mall, City of Hollywood,  
Broward County, Florida. The victim of this offense was one  
ADAM WALSH, whose date of birth was November 14, 1974 and  
whose home address was 2801 McKinley Street, Hollywood,  
Florida. The disappearance of ADAM WALSH was reported by  
the victim's mother, REVE WALSH. REVE and ADAM WALSH arrived  
at the Sears store on the date and time mentioned above for

the purpose of MRS. WALSH shopping at said location.

REVE WALSH stated that ADAM was allowed to remain in the toy department unattended. Upon MRS. WALSH'S returning to the toy department she could not find her son where he had been instructed to stay.

MRS. WALSH gained the assistance of store personnel in an attempt to locate ADAM. This was done through the use of the paging system and a physical search of the store and mall area. The Hollywood Police were notified and responded for the purpose of conducting additional systematic searches. Hollywood Police personnel searched the area and were unable to locate ADAM WALSH.

From July 27th, 1981 through Monday August 10th, 1981, continual investigations were conducted for any clues with respect to the whereabouts of ADAM WALSH. At no time during this period were any communications received by either the Hollywood Police Department or the WALSH family with respect to a ransom demand, even though a substantial reward had been offered for ADAM'S return of over \$100,000.00.

On Monday, August 10th, 1981, at approximately 6:45 P.M., the severed head of a young white male child was found floating in a drainage canal in Indian River County near the Florida Turnpike. The head was found by MR. ROBERT HUGHES and MR. VERNON BAILY, who are employees of "EVANS PROPERTIES", which is located at mile marker 130½, Indian River County, Florida.

On Tuesday, August 11th, 1981, a close friend of the victim's family was allowed to view the severed head at the Indian River County Examiner's Office and a positive identification was made of the head as that of ADAM WALSH. This identification was also verified through a comparison of ADAM WALSH'S dental records.

On Wednesday, November 25th, 1981, at 9:20 P.M. your affiant along with DET. J.B. SMITH met with a MR. JOHN RUSSELL TERRY, white male, date of birth March 4, 1926. The meeting with MR. TERRY was at his request and took place at the Deerfield Beach Police Department, Deerfield Beach, Florida.

MR. JOHN RUSSELL TERRY when interviewed gave the following information to your affiant in a sworn tape recorded statement concerning MR. TERRY'S contact with one EDWARD HAROLD JAMES, white male, date of birth June 3, 1931.

MR. JOHN RUSSELL TERRY stated he had been incarcerated in the Broward County Jail on the charge of a stolen motor vehicle, from the dates of November 5th, 1981 through November 24th, 1981. The case was dismissed against MR. JOHN RUSSELL TERRY due to lack of information.

MR. JOHN RUSSELL TERRY further stated he shared a cell with EDWARD HAROLD JAMES from the dates of November 23rd, through November 24th, 1981. During this time period JOHN TERRY stated that while he was in jail with EDWARD JAMES, EDWARD JAMES told JOHN TERRY certain facts concerning circumstances that caused EDWARD JAMES' arrest by the Pompano Beach Police Department reference EDWARD JAMES kidnapping a three year old White Female in Pompano on November 17th, 1981. Also, EDWARD JAMES told JOHN TERRY how he had abducted a five year old White Male from a shopping center in Hollywood, Florida during the summer months and how he, EDWARD JAMES, had cut the boys head off with a knife when the boy wanted to be returned and had threatened to tell on EDWARD JAMES if he wasn't taken home.

MR. JOHN TERRY, in his sworn statement, stated that EDWARD JAMES

001467  
see AFFIDAVIT FOR SEARCH WARRANT

told him that he manipulated the five year old boy out of the department store the same way he manipulated the three year old girl, that he thought was a boy, by offering to buy him ice cream.

JOHN TERRY further stated that EDWARD JAMES had told him that he had driven the boy in his car onto the Florida Turnpike north of Stuart, Florida, where he killed the boy when the boy threatened EDWARD JAMES, demanding that JAMES give him money or he would tell his parents what EDWARD JAMES had done with him. MR. JOHN TERRY stated that EDWARD JAMES told him he took the boy out of the car, his Plymouth Tury, dark brown in color, and he parked the car by a canal and bridge on the Florida Turnpike, where he cut the boys head off with a knife that he had carried in a holster, and then held the head by the hair and kicked it into the canal like a football.

It should be noted that ADAM WALSH's head was found floating in a canal adjacent to the Florida Turnpike near mile marker 130. The canal area at mile marker 130 is bridged by the Florida Turnpike with bridge rails on either side of the turnpike, which gives the appearance of a bridge.

MR. JOHN TERRY stated that JAMES said he killed the boy because the boy was too smart for his age. TERRY stated JAMES became very excited when telling how he killed the boy and had stated he told the boy "God damn you, you'll tell mama, you'll tell daddy nothing" and then killed the boy.

MR. JOHN TERRY stated JAMES told him he took the body and buried it in an area where there appears to be sulphur mining south of Stuart, Florida. JAMES related that he made sure there was no blood left in his car. This statement leads your affiant to reasonably believe that at one point in time there was human blood contained within the car and that a certain scientific procedure could reveal said blood.

MR. JOHN TERRY stated that JAMES continually talked about how he had killed the boy and how he kicked his head into the canal.

After the statement of MR. TERRY, he was asked if JAMES mentioned keeping any item that belonged to the boy. JAMES told MR. TERRY that he kept an article of the boy's clothing under the front seat of his vehicle for a while until things got too hot at which time the article of clothing was removed from JAMES' vehicle.

It should be noted that your affiant reasonably believes that it is a customary practice of certain sex offenders to keep an item of property belonging to their victim as a memento.

On November 17, 1981, when JAMES was arrested by Pompano Beach Police, he did not possess the holstered knife described by TERRY, as mentioned by JAMES.

MR. TERRY also stated that JAMES had told him that two Hollywood Detectives met with him in jail the night after he was arrested. JAMES told MR. TERRY that the detectives asked him questions about his knowledge of the ADAM WALSH case and he told them he knew only what he had read in the newspaper and what he observed on television. JAMES further told TERRY that he spoke with the two detectives for ten minutes about the case and then got upset with them and stopped talking.

Your affiant believes that if ADAM WALSH had in fact been in JAMES' car, it is highly probable that the victim's fingerprints, hair follicles from falling hair and clothing fibers would be on the vehicle.

It is your affiant's opinion that MR. JOHN TERRY has related what he knows to be the truth. This opinion of your affiant:

AFFIDAVIT FOR SEARCH WARRANT

is due to your affiant's thirteen years experience in police investigations, the last six years being involved exclusively in homicide investigations and persons involved in those investigations.

Your affiant and DETECTIVE JACK HOFFMAN did in fact meet with MR. JAMES on Wednesday, November 18, 1981, at approximately 11:30 A.M., on the first floor area of the Broward County Jail.

It should be noted that MR. JOHN TERRY when meeting with your affiant on Wednesday, November 25, 1981, was not aware of the meeting your affiant had with MR. EDWARD JAMES on Wednesday morning of November 18, 1981. In the sworn statement obtained from MR. JOHN TERRY he relayed information to your affiant from a conversation he had with EDWARD JAMES concerning JAMES' arrest by Pompano Police. It should be noted that MR. TERRY gave your affiant the same identical information concerning the arrest of EDWARD JAMES that MR. JAMES gave your affiant on November 18, 1981. This further shows that MR. TERRY was not fabricating the information he relayed to your affiant in his sworn statement but was only relaying what he had been told by EDWARD JAMES while in custody with JAMES on the dates of November 23, 1981 and November 24, 1981.

During your affiant's interview with MR. EDWARD JAMES, he was asked about his knowledge of the ADAM WALSH case, and if he could verify his whereabouts on the date of Monday, July 27th, 1981, 12:00 noon. MR. JAMES stated that he only knew of the case through the news media. Further he stated he was working on the date in question for the "TED GRATZ" Construction Company in Plantation, Florida and had worked with this business for the last two years.

On Tuesday, December 1, 1981, at approximately 1:30 P.M., DETECTIVE JACK HOFFMAN of the Hollywood Police Department met with MR. TED GRATZ and conducted an interview with him. During this interview with MR. TED GRATZ, he did confirm that EDWARD JAMES was an employee with his company for the past two years as a general laborer. MR. TED GRATZ was asked to confirm MR. EDWARD JAMES' employment on Monday, July 27th, 1981. MR. TED GRATZ informed DETECTIVE JACK HOFFMAN that after checking his records for July 27, 1981, he could not confirm that MR. EDWARD JAMES worked on that date in question. MR. GRATZ did however advise that although he does not keep permanent records of his employees, he remembers that MR. EDWARD JAMES was absent without notification to MR. GRATZ for one or possibly two days during the summer months between the months of July and August of 1981.

On Sunday, December 6, 1981, at approximately 4:30 P.M., your affiant made contact with SGT. DANIEL of the Martin County Sheriff's Office, Martin County, Florida. Your affiant questioned SGT. DANIEL concerning what type of mining is going on in his County by the Florida Turnpike. SGT. DANIEL advised that there is no mining in Martin County by the Florida Turnpike, however, when traveling south on the Florida Turnpike in the area of Port St. Lucy, Martin County, Florida, there is an area under construction where canals are being dug which would give the appearance of some type of mining possibly being conducted. SGT. DANIEL did advise that the construction has been under way for at least two years. This would also be consistent with the information given MR. JOHN TERRY by MR. EDWARD JAMES.

AFFIDAVIT FOR SEARCH WARRANT

A background check of MR. JOHN TERRY revealed that he has served in the United States Navy from the dates of February 7, 1945 through August 30, 1945 at which time he was honorably discharged. A check with the Lake City, Florida State's Attorney's Office revealed that MR. JOHN TERRY has been treated at the Lake City Veteran's Hospital in the recent past for alcohol abuse. A further check into MR. JOHN TERRY's background has revealed that he has only been treated for alcohol abuse as far as the medical records indicate."

WHEREFORE, Affiant prays that a Search Warrant be issued commanding the Sheriff of Broward County, Florida and his Deputies, and other persons in aid of the Sheriff or his Deputies, with the proper and necessary assistance, to search forthwith the above described motor vehicle for the aforesaid property; to wit: human blood, fingerprints, human hair follicles and clothing fibers, serving this Search Warrant in daytime or the nighttime or on Sunday as the exigencies of the occasion may demand or require, and to search said motor vehicle for the property heretofore described, and if the same be found upon the motor vehicle and to seize same as evidence.

Mr. JOHN RUSSELL TERRY W/M interviewed gave the following information concerning Mr. TERRY's contact with one EDWARD AROLD JAMES W/M, DOB: 6-3-31.

Mr. TERRY advised that he had been incarcerated in the Brevard county jail during the dates of 11-5-24-81.

~~From~~ From the dates of 11-23-24-81 Mr. TERRY states he was a cell mate with JAMES. Mr. TERRY related that while ~~a~~ ~~mate~~ he was in jail with JAMES that JAMES had told Mr. TERRY certain facts concerning the circumstances

#5

That caused JAMES' arrest by the Pompano police department reference JAMES' kidnapping a 3 year old girl in Pompano on, 11-17-86 also JAMES told MR. TERRY how he had abducted a five year old girl from a shopping center in Hollywood, Florida during the summer months, and how he, JAMES, had cut the boys head off with a knife when the boy wanted to be returned home and had threatened to tell on JAMES if he wasn't taken home.

MR. TERRY, in his sworn statement, states that JAMES told him he manipulated the five year old boy out of the department store, ~~the same way~~ the same way he lured the 3 year old girl, he thought was a boy, by offering to buy him ice cream.

TERRY further stated that JAMES had told him he had taken the boy onto the turnpike north of Stuart, Florida where he killed the boy when the boy threatened JAMES and demanded that JAMES give him money or he would tell his parents what JAMES had done with him. MR. TERRY states that JAMES told him he took the boy out of the car, JAMES'S Plymouth full dark brown, and he parked the car by a canal and bridge on the turnpike where cut the boys head off with a knife, <sup>that</sup> and then held the head by the hair and kicked it into the canal like a football.

JAMES

MR. TERRY STATED THAT JAMES ~~TERRELL~~ SAID HE KILLED THE BOY BECAUSE THE BOY WAS TOO SMART FOR HIS AGE. TERRY STATES JAMES BECAME VERY EXCITED WHEN TELLING HOW HE KILLED THE BOY AND HAD STATED HE TOLD THE BOY, "GOD DAMN YOU, YOU'LL TELL MAMA, YOU'LL TELL DADDY NOTHING, AND THEN KILLED THE BOY.

MR. TERRY STATES JAMES TOLD HIM HE TOOK THE BODY AND BURIED IT IN AN AREA WHERE THERE IS SULPHUR MINING SOUTH OF STUART, FLORIDA. JAMES HAD RELATED THAT HE MADE SURE THERE WAS NO BLOOD LEFT IN HIS CAR.

MR. TERRY STATES THAT JAMES ~~TERRELL~~ CONTINUALLY TALKED ABOUT HOW HE HAD KILLED THE BOY AND HOW HE KICKED HIS HEAD INTO THE CANAL.

MR. TERRY WENT ON TO STATE THAT JAMES HAD TOLD HIM THAT TWO HOLLYWOOD DETECTIVES MET WITH HIM IN JAIL THE NIGHT AFTER HE WAS ARRESTED. JAMES TOLD MR. TERRY THAT THE DETECTIVES ASKED HIM QUESTIONS ABOUT HIS KNOWLEDGE OF THE ADAM WALSH CASE AND HE TOLD THEM HE ~~TERRELL~~ KNEW ONLY WHAT HE READ IN THE NEWSPAPER AND WHAT HE OBSERVED ON TELEVISION. JAMES FURTHER TOLD TERRY THAT HE SPOKE FREELY WITH THE TWO DETECTIVES FOR 10 MINUTES ABOUT THE CASE AND THEN GOT UPSET WITH THEM AND STOPPED TALKING.

#7

This affiant and DETECTIVE JACK HOFFMAN did in fact meet with MR. JAMES ON Wednesday, November 18, 1981, at approximately 11:30 A.M., meeting with ~~MR.~~ JAMES ON THE first floor area of The Broward County Jail.

During the interview with MR. JAMES he was asked about his knowledge of the ADAM WALSH case, and if he could verify his whereabouts on the date of Monday, July 27<sup>th</sup>, 1981, 12 Noon. MR. JAMES freely spoke of his knowledge of the WALSH case by advising he only knew of the case through the news media, further he was working on the date in question for the "TED GRATZ" construction co. in ~~the~~ <sup>PLANTATION</sup> the same company he had worked for the last 2 ~~two~~ years.

During the interview with MR. JAMES he mentioned that he was not guilty of the ~~charges~~ <sup>charges</sup> against him by the Pompano police, charging him with kidnapping that little boy in Pompano. When this affiant cautioned MR. JAMES that we did not want to hear any information concerning how he got arrested as we were not involved or interested in that case, he kept on talking and stated he got arrested because of a little boy, we advised him it was a little girl, got into his car when he stopped his car by some children to check out one of his hubcaps making noise.

1287

001484  
he stated that the little girl <sup>OR WHATEVER</sup> asked him where he was going and he advised he told her he was going to buy some ice cream. JAMES continued by stating he drove with the child in his car for a couple of blocks and then told her to get out as he finally would be looking for her. He further stated he was arrested shortly after at his residence.

It should be noted that when meeting with MR. TERRY he related the same basic conversation to this affiant that JAMES told this affiant with the exception of the elaborate information told TERRY by JAMES reference the ADAM WALSH MURDER.

Further, the information given TERRY by JAMES reference being able to drive an automobile to the canal where the victim's head was found is accurate. ~~\_\_\_\_\_~~ This canal area at mile marker 130 is bridged by the Florida Turnpike with bridge rails on either side of the Turnpike, thus giving the appearance of a bridge.

An examination was then conducted by Criminalist George Duncan, for blood. See lab. report by Criminalist George Duncan.

The impounded seat was then turned over to the Hollywood Police Department, SEE PROPERTY RECEIPT.

he likes to show off, he likes to feel like he, you know, big honcho, you know that he's a big guy and he gets his kicks making people what he likes to do, like choke kids and molest them with drugs. He gets, he likes he likes doing that.

Do you think he actually killed Adam Walsh? You just said he did it and he wants to brag.

He likes to, the way he told me it sounded like he was bragging. I'm pretty sure he did because the way he acts, the way he intimidates the kids and he really weird, he will beat a, I am pretty sure, I think that he did it, he threatened me that if I said anything that he was going to kill my brother the same way, and I thought he was going to kill me if I said anything to the Police.

Next that you just said that to me in, is indicating that he told me that Adam Walsh and then threatened to do the same to you if you didn't cooperate. But that was not what you told me in the interview. You told me in the previous interview this morning that I had with you that you mentioned that to you, about killing Adam Walsh, because he was intimidated about you trying to take your brother Ernesto, who is the same age, out of this guy's apartment and cause Ernesto to go home. Is that correct?

Was the real reason why he told you about Adam Walsh, was to stop you from trying to take your brother out of his house?

The following will be a voluntary interview with an individual identified as DEATLEY, EDWARD JOSEPH W/M DOB: 6-4-51 who resides at 308 South 25th Street Fort Pierce, Florida telephone 465-0043. This interview is commencing on Wednesday November 3, 1982 at approximately 1105 hours. The interview is being conducted in the interview room of the St. Lucie County Sheriffs Department. Present at this time is DETECTIVE J. HOFFMAN #0038 and DETECTIVE J. GIBBONS #0137.

Q. At this time MR. DEATLEY we would like to conduct an interview with you our main concern in this investigation was that we were informed by the Fort Pierce Police Department that at the time of your arrest they had located an album, a photo album or scrap book album that contained numerous articles pertaining to the ADAM WALSH homicide that occurred in the City of Hollywood on July 27, 1981 and thats what we're here to discuss at this time your interest in these articles and how you came about them and your whereabouts during the period of July 27, 1981?

A. I can't tell you specifically where I was at that time, I was out really sitting down and trying to draw time, for one thing I have been to that particular county one time in my entire life and thats when I lived in Miami and thats back in '72 '73 my interest, you asked about my interest and why I have the book, okay I've always had an interest in topocology, I don't have fancy certificates you can paste on a wall, I have a great deal of self study in that area, I'm a teacher of course you should know that, I've had a great deal of situations in my past come to me to where I love kids I mean extremely, I mean I'll do anything for a child, when I read the article on ADAM WALSH it hit me very hard in fact it very upset me for several days I saved the article out of the Miami Herald nd. Tribune. thats where the

me from that you read in the first few pages of my album, I used numerous amount of clippings from different either child abuse neglect cases basically for research purposes, the album a lot of photos were given me by my mother she will verify that, as far as I never met the child or his parents. to the ADAM WALSH investigation or homicide did you keep clippings prior to that?

the only thing we noticed was the first part of your album was you started off with ADAM WALSH?

reason that was was because in the past two years which you can verify checking but I've lived with quite a few people and I've had a lot rip me off for a lot of things and a lot of my clippings were de-lot, this particular album is only one of them, I had several had the majority of my stuff this one was in my car at the time I lived at 327 1/2 North 11th I was living with a lady and her two she threw me out, I was gone from the house for approximately a I didn't know that during that week she set most of my belongings the yard and of course most of them disappeared the albums went with haven't located them since a lot of my files went with them, I can t over and this particular album was the first one I went on e of the first ones I started over with you'll find in that album articles on child abuse a lot of hard to find articles on child

Alright when I teach or sub-teach, or tutor, this is just basic information that is given to us in case we need to get in contact with the parents. And this is the information on one of my students, is what it is, This is like I said, you can check this out, but that's a St. Lucie County Student I.D. number, right there.</p> <p>Q. This is the student's name? JOYCE KIMBERLY (sp)?</p> <p>A. Yes, JOY.</p> <p>Q. Okay, that's her student number?</p> <p>A. That should be her student number, local telephone number at the time MILDRED and DAVID are her parent's names.</p> <p>Q. What is the Fort Lauderdale address?</p> <p>A. I don't know why I wrote that down there. That might have been what was on the record at the time. But their address was PSL, right here, that may have been where she was transferred from.</p> <p>Q. will pull her file. As far as Fort Lauderdale, I know very little about Fort Lauderdale.

Q. How many times have you been to Fort Lauderdale?

A. I passed through it a couple of times when I was going to my uncles but I haven't really been there.

Q. Have you ever been to Hollywood?

A. No. Just going through with my folks. See I'm not familiar with any areas down in there, the only area, I'll tell you where I lived in Miami I lived Northwest 79th Street, that was, that was a long time ago. Years ago with my wife, and in fact to tell you the truth that was before ADAM WALSH was even born. I think what was he, nine?

A. Are you telling me that during the summer of '81 you weren't employed at that time?

Q. I have been basically unemployed since 1977. I'm on Social Security. What I am trying to do is trying to get re-employed again and get off of Social Security. I am dependent on and I tried many different little things trying to do that.

Q. Did you say you were a substitute teacher?

A. Yes I have a Certificate, well I'm on suspension right now but there is a certificate for substitute teaching.

Q. How come you are on suspension?

A. Well, because what I'm up here for. I don't know if you are familiar with my case or not.

Q. Here is an Xerox copy of some personal property of yours. Apparently you went to the Post Office and you paid for a package or apparently you sent a package on July 29, 1981, which would have been on a Wednesday. Received from Edward---

A. Yeah mostly you are going to find its a receipt for two keys to my Post Office Box.

Q. Okay, so you just paid for the keys?

A. That's when I rented the Post Office Box, there's a two dollar surcharge on that. Now, in fact, I get the two dollars back when I turn them in.

Q. So you can account for being in Fort Pierce on July 29, 1981?

A. That I can, yes. With that receipt I can.

A. Yeah. 303 South 23rd, two blocks down from my parents.

Q. How come you didn't have your mail delivered to the house there?

A. I moved around so doggon much I just said to hell with it and rented a Post Office Box. It was a pain kept trying to transfer the address every time I turned around. I either have it sent there<sup>OR</sup> to my folk's house

A. My niece was living next to my mother and mama was one of these ladies that always went to the Bus Stop with the kids in the morning and SUE of course went with her kids, she has three little kids. And I got to, we just got to be friends. I needed a place to stay one time and they said - well - well what it was that they were in the middle of a divorce at the time and there was a lot of hell going on at the time and SUE had just been picked up for \$3000 worth of embezzlement, which means she was in jail, so my folks posted her bond and I pulled her out and I went to stay with them because they were so far behind in the rent they would have been thrown out and with my check, you know, I could help. And I have a great deal of rent receipts to that effect. Where I paid rent receipts and picked up bad checks and things like this from SUE. I see you have even been to my bank - ex-bank. But ...

Q. They had children, BEAD and SUE, you took care of the children?

A. Huhum.

Q. During this time period?

A. Huhum.

Q. You said they were responsible for you being in here now?

A. Well, prior to this. Like you said I am getting back into my case I'm going to stay away from them completely?

Q. Why?

A. Because I have to go against this in court and he warned me about that a few minutes ago.

Q. Since you have been following the Adam Walsh case, what can you tell me about it, since you've been following it?

Because if you check now there's no way of telling about missing kids, they disappear and after a while it dies down - big deal, you know, and to me it deserves more looking into than that. Now I...

A. About the case itself?

Q. Yes.

A. First thing I remember was the first article come up that he was missing, and I clipped that article. I followed the paper because I read the paper every day, and I just clipped every article. I read what was in the Miami Herald and the Tribune and I read where they found the head and the basic descriptions which kept changing too of the van that was supposed to have been run by the person at that time. hell, but..

Q. Is it easy for someone to manipulate children? Right technique?

A. Well with the right background it would be. I also, I also, one of my special study, my study is special education and you can almost do anything with a child, but the point is,

Q. How would you get the child out of the store?

A. How?

Q. Yeah.

A. The only way to get him out without detection is to find some way to get him docile enough to where he will walk alongside of you quietly. Who is going to suspect somebody walking out of a store with a kid on his arm. I mean you see fathers, I see hundreds of fathers every day walk with their kids. Big deal. I don't pay no attention to it. And I don't, I can't really say how this person, you know, could've gotten Adam out of the store. I never seen the store, never been in it, so I wouldn't have any idea of even how its set up really, there were no photographs of it or anything that I've seen and its possible, if he worked, you know, every child.

Q. After the time period where the child was missing for the first week etc. do you have any personal opinion, you felt the child was deceased at that time or..

A. No.

Q. You felt he was just being held for ransom possibly?

disappeared and one of the things...

Q. What were your impressions, you say...

A. Well one of the things that upset me, I found in a way I blame the parent on that and I'll tell you why. When I have kids with me, and I raised four sets now for a couple of years at a time, and when I have kids with me I don't care if they are thirteen years old, I don't leave them alone. And to let a child go into, I get very mad and if I walk into K-Mart say out here, just for instance, and you'll see kids this size running loose in that store. It irks me because anybody could grab a child and take off.

Q. Could you speculate how any one could possibly have taken that child out of the store without being detected?

A. All I know is what we read in the paper on that particular area.

Q. You deal with children a lot, is it easy to get a child to ...

A. It depends on the child. The majority of children, if a stranger comes up grab you, the first thing the child is going to do is to scream and raise hell. Now if you got that one, say one in ten or a special child, or he is a quiet child, he's not overly exuberant, okay you got that one child to where if you threaten him, he's not going to say anything back, you know. Now I heard in one of the articles, I don't remember which one it was, that there was somebody that saw some struggling outside the door or something like that. This could have happened outside the store, it's very possible that the child may have also just started you know raising

A. I really didn't know what to think and the child was missing, you know, because I had mixed thoughts at that time, I was thinking that maybe he just walked off and children can get lost, now from the description in the paper he was supposedly of small build, smaller than the normal child at that age and it could've been anything really. It could have been, now I've dealt with a great deal of what you call divorce, child stealing, where now I didn't know at the time his parents were, those were his original parents, but I dealt with situations where say a guy remarries, also the mother, the real mother decides to take the kids back, she's gone, you know and there are states you can go to that just can't do nothing about it, literally and I don't particularly condone it because its hard on the kids, extremely hard on the kids, when you play one against the other you know and that was one of my thoughts at the time that it could possibly have been an ex-parent, or a relative, because I've also dealt with relatives who think they can't take care of this child, I'm going to take him, you know. I dealt through HRS and see I deal mostly in problem children. Kids who are very arrogant. put up a fight and I practically discussed that with one, it took me six weeks to straighten him out then it was just..

Q. Did you straighten him out?

A. Well by straightening out, what I mean was to work with him to get him to come around, because when I first met this child who was the type that would pull a fist on you, he pulled a knife on me several times. He

slugged me, he kicked me, bit me, he done everything in the world. that he could think of, believe me. He wouldn't now.

Q. So it is evident you have a good rapport with children, you know how to handle them?

A. I have no problems. But don't let this think I might be involved with this because I'm not involved with Adam Walsh at all. Other than the fact that I did keep the articles. I do have articles on quite a few. I'll tell you one of the things that sparked my interest in child abuse. Several years ago, I'm from Minnesota, several years back my mother can give you the date, I had an aunt of mine went up to Minneapolis, Minnesota and my aunt had quite a few children, she had living at home right then she had fifteen and plus there was an extra neighbor boy who was a run-away, he stayed with the neighbors and then he came over and spent the night that night. Well the house caught fire that night and burned them all to death. All but one. The reason that fire caught so fast on that two story frame house is that her older son who did not live there had been stealing gas off the city and storing it in the basement. He had gallons of it and when the sixteen year old went down to light the fire he grabbed what he thought was kerosene. So I blame the fire on that man. Because you know he was the only one that wasn't burned because he was blown against the cellar wall and his head was caved in. But its the point. That's what sparked my interest in child abuse and I worked on it ever since then. I can still remember those kids. I played with those kids. They ranged

from down all the way up.

Q. Were you down here at the time or ?

A. I was at Minnesota at the time.

Q. Whereabout in Minnesota are you from?

A. Maketo (sp). Its about 85 miles south southwest of Minneapolis, St. Paul. Its on Missla (sp) River Valley you can find it on the map real easy.

Q. When you were growing up as a child, were you an abused child?

A. No. I had a pretty good family life. Oh I mean my dad, he didn't think nothing of spanking me, but I mean - big deal, you know and I was part of the deal, you know.

Q. What were your feelings about when the Police discovered Adam Walsh's head up here in Fort Pierce?

A. I cried for about two days solid.

Q. Do you have any theory of why the head was taken so far from Hollywood?

A. The only thing that I read in the paper and I had some observations about it when I read it now cause I have a habit of reading in between the lines. They stated in one of the articles, I think it is in my book, one of the articles that the head was severed probably surgically. I don't know if you heard anything about that or not. Possibly the person had some medical knowledge. And the only observation then, the only thing I could think of is that maybe the body was completely dismembered and that's the reason they never found it.

Q. Why take it so far? Why take the chance of traveling with it?  
 A. I don't think he traveled with it?  
 Q. What do you mean, he traveled with it?  
 A. He or she or whoever. Are you familiar with the canals system of Florida?  
 Q. Yeah.  
 A. There is quite a current flowing through those canals. It don't look it but there is an undercurrent in those canals?  
 Q. You think the head traveled from Hollywood, Florida to Fort Pierce?  
 A. It could have very well went downstream from wherever he dropped it, you don't know where he dropped it at. Hell nobody knows where he dropped it. It could have floated, you know.  
 Q. After the gasses leave the head, the brain liquifies the head will go right to the bottom.  
 A. I really don't know, you know I don't know whether he threw it in expecting the alligators to do their job or what.  
 Q. Why not just leave it intact with the rest of the torso?  
 A. I really don't know. Something like this. I don't think I could ever bring myself to hurt a child this way, any way in fact it made me sick when I read it.  
 Q. Let me ask you a question. It is my understanding that you have taken out insurance policy, life insurance policy on the children that you've taken care of or associated with, is that correct?

A. The other two had no parents with them at the time. I was given two boys several years ago, literally by their by their grandmothers, put in my car, she didn't know me. I raised those two boys for two and one-half years until her par, her mother, their mother found, they are child by the way and their mother finally found out where they were and stole them from me. Legally I couldn't do anything about it. I did get some papers from her eventually stating that I had full control of the kids, but she managed to revoke those and she didn't get the kids back, she just took them. I had, during the time that I had them, I carried insurance on them because they were in my home under my care. I was living in Okachobee at the time and I miss them quite a bit. I hear after she got back she abandoned them for the fourth time, up north now, I just found that out recently, but their insurance was cancelled a few months after they left.

Q. Where did you obtain your degree?

A. I didn't. You don't have to have a degree to be. I have a degree in electronics. I also have two years at IRCC but.

Q. What is IRCC?

I put him in jail one time. He says I'll either kill you or I'll get back at you somehow; and there were witnesses there at the time he said that, made that statement, and he meant it. He's found a good way to do it.

Q. What did you put him in jail for?

A. Assault and battery.

Q. On you?

A. Yeah, he drove in the yard, had his little girl CHRISTINA on the front seat of the car, slammed into the front end of my new car, got out and he cracked the end of my nose.

Q. With what? His fist?

A. What else. Baseball bat. I never touched him, never laid a hand on him. And the twelve year old I was with at the time when I told him to go in and call 911, he took the keys out of his hand, the house keys out of his hand cause I hadn't been in the house yet and drew back on him, and told him - hey you call and I'm going to hurt you bad. Now that was the statement that was made to the kid. It took a fifteen year, a thirteen year old neighbor boy two houses down come walking up the street and find out what was going on, I told him to call, and it took him to call 911. Because he's not afraid of anybody, he don't really give a shit, but you know. I had him arrested and he ended up paying a fine. He pleaded no contest. And but he swore right then he'd get even with me.

Q. There is their way of getting even with you?

A. This, its a conspiracy. The charges against me are false and I'm

going to prove that in court. I have a way of doing it and I intend to completely prove that in court and when I'm done there's going to be one helluva law suit. But, like I said that's getting into my case. I don't really want to get into it. I'm sure you've read the papers that PAM's got.

Q. No, believe it or not, I haven't seen...

A. What I had told CLIFFORD BARNES when he came out to see you, who did you come in with, if it was PAM HOLLISTER(sp) tell her to hand it up and leave, I don't even want to talk to her.

Q. Yeah, that's why we came by ourselves.

A. And when he found out it was you, he said - well its okay to talk just don't get into the case and I said okay, you know. I was really, technically I was expecting you because she mentioned something about ADAM WALSH and knowing PAM, PAM has come up very fast in the detective world, I don't know how familiar you are with her, but she has come up extremely fast. She's a go-getter, believe me she's a go-getter. And what she has a bad habit of doing is jumping the gun before she has any facts. All she has as evidence against me, is those four statements and two of the statements are brothers. Three separate families and all three have a reason to get me.

Q. These are statements of the children, not of the parents.

A. I know that.

Q. The children have any motives to get you?

A. The families know each other and the children talked about the case

prior to the fact, prior to making those statements, with their parents.

Q. Do you think the parents told the children to lie under oath?

A. Kids that age don't know what oath is. See when the first accusation was made it was against one of the older, the nine year old brother, then all of a sudden he changed it to me, when mother gave him a rather dirty look and I've got witnesses to that. And I've also got witnesses neighborhood that will tell you that two or three days before that same child was out in the front yard on his back and his mother sitting on his belly hitting him with her fist in the face. He's only 58 lbs. He's just a little bitty thing and to me that's still a baby, you know, I mean you might say, well he's a grownup boy, but to me that's a baby.

Q. During this interview with you today, you are telling us that you had nothing to do with the ADAM WALSH homicide or abduction of the child, is that correct?

A. I have had nothing to do with ADAM WALSH other than the fact....

Q. You have never been in the City of Hollywood?

A. I've been through the city a few times with my parents.

Q. You weren't in the South Broward on July 27, 1981?

A. No sir.

Q. Although you are not sure where exactly you were on that date?

A. Well, I've got so much on my mind right now with the cases pending against me, I had to stop and think about that, that was two years ago. I can't give you exact dates as to where I was. Now that you mentioned

it 911, a lot of it I was here with SUE and BRAD.

Q. Right.

A. And exact date, I couldn't really tell you.

Q. I thought it might be a refresher, when you bought the Plymouth in July..

A. And the tickets from the Post Office, which is two days to the day that we are looking for. The Post Office, I was living with SUE and BRAD when I rented that thing because I remember stating to them the fact that I was going to rent it because I got tired of chasing my mail.

Q. But you can't remember two days before that?

A. That would be a Wednesday as a matter of fact..

Q. We are looking towards that Monday..

A. That Monday I was in town, I was probably baby sitting or up at my folks.

Q. Well your birthday is in June..

A. Okay that would be before.

Q. So do you remember what you did during your birthday? Where you were during the month of June before?

A. Yeah I was with my folks then.

Q. You were living with your folks then?

A. I can't remember if we took a vacation about that time or not, Mama would know because I think I went to Kentucky about that time too.

Q. In June?

A. Yeah. See if I go out of town on any kind of a trip I go with my folks. I don't like to travel alone that much. I went to Houston but that was a couple of years earlier. It was mainly with BRAD and SUE at that time.

Q. Do you know where BRAD and SUE are residing now?

A. No, but I am sure MISS HOLLISTER (sp) does. She could probably give you right to the address. See they moved out of where they were living.

Q. We don't have any other questions to ask you at this time regarding the ADAM WALSH investigation. Is there anything else you want to say in your interview at this time before it is concluded?

A. Like I told you before the article stated a dark blue van, I've never owned a van, whatsoever. The only van I've ever driven is my dad's camper and you can see that when you drive in front of the house. I mean that thing sticks out like a sore thumb. I've never been to Hollywood. I've been through Hollywood, I'll admit that because I've been down to see my uncle, my uncle is the clerk of court down at Miami.

Q. But you weren't down there during the summer of '81?

A. Not that I know of.

Q. Well only you would know.

A. Well I don't really, I couldn't tell you whether I was or wasn't. I'll tell you why, my folks will tell you, if they went down then I was with them. I usually go with them. You know. But I would go to my uncle's house and that's it and come back.

A. That's right, or in Lauderdale. Anywhere in that area because I just, like I said I haven't been down there. I don't know anybody in that area. The only person near that area I know would be like I said South I think its Southwest 56th Street where my uncle lives, down by Coral Gables. A. Are you talking about the four page article that was stuck in the....

Q. Yeah, whatever, there were some photographs.

A. Okay that was a gift. I tell you I've been researching the subject for a long period of time. There's a lady that lives on 15th Street here in Fort Pierce. I was living with her on Mississippi, alright she had a Hustler magazine, her and her boyfriend like those type things you know, that came out of Husler. It was a four page article on child abuse. It was very factual. It was illustrated with some rather interesting pictures and I sometimes give talks to church groups on that subject. She gave me

that article. She cut it out and gave it to me. A lot of these articles have been given to me by outside people. As a matter of fact one article I didn't even realize last year, I don't know if you are familiar with this case or not, I didn't realize it, I had the article and two days later BRAD, BRAD was still friends with me at the time, he came by and says - Eddie did you know I have a second cousin by the name of PATRICK PRICE (sp) and he said did you know PATRICK was dead? and I said - no. See somebody, my neighbor had given me the article about the ten year old boy burning up in a fire, I didn't even know my second cousin was dead. That tore me up. But I didn't believe it until he put me in his truck, he took me down to the house and when I walked in the house and saw it was burned out, then I knew PATRICK was dead.

Q. Where was this house?

A. Hibiscus and 11th.

Q. Fort Pierce?

A. I don't know the exact date of the fire, but it was quite a fire. That about killed me because PATRICK, you know how when you have a family that you are familiar with, sometimes be real close to, you always have in a way kinda have a favorite one you pick out?

Q. Right.

A. Well PATRICK was mine. He was special to me and he'd come up borrow a dollar off me now and then, come up after football practice and kid around with me a little bit, you know, and I miss him a lot because when

Liam H. Webster, Director  
Bureau of Investigation  
400 ... Street & Pennsylvania Avenue, N.W.  
Washington, D.C. 20535

Mr. Webster: John Adam Walsh

I recently been contacted by my constituent, [redacted] concerning the  
arrange of abduction of [redacted] from a shopping mall  
in Hollywood, Florida.

In making an inquiry into the matter, I learned that the child  
disappeared from a toy section in a department store while his  
mother was in another section of the store.

[redacted] contacted me to ask that I join in the efforts of Senator  
Frank Lautenberg to have the FBI involved in this case as the family  
is involved in a kidnapping. For the record, the family is Mr. and Mrs.  
John Adam Walsh of 811 North Rainbow Drive, Hollywood, Florida 33021.  
John Adam Walsh, was six years old.

7-18847-12  
Refers to your Buffalo District Office and your Washington  
Regional Liaison Office revealed that the FBI does not enter  
kidnapping cases unless there is a ransom note or evidence that  
a child may have been taken across state lines. In this particular  
case, given the apparent stability of the family and the circumstances  
that the child was in a toy department in a department store, I found  
it reasonable that the FBI would not enter the case immediately. I  
believe that the public perception of the FBI role is that it will  
not enter kidnapping cases.

88-84058-12  
This young child was murdered. Part of his remains were re-  
covered 14 days after the incident. I would appreciate a written  
statement of what the FBI's role is in kidnapping cases and in  
cases where a child, for no apparent reason, disappears without  
evidence that the child has crossed a state boundary or without a  
ransom note being recovered.

I am interested in any actions the FBI may be contemplating in  
regard to changing its kidnapping regulations so that cases such  
as the Walsh Case can be dealt with immediately and without

Dear Congressman LaFalce:

Your September 2nd letter to Judge Webster with regard to the disappearance of *[redacted]* *Adan Walsh*, and requesting the policy of the FBI in such cases has been brought to my attention. I was truly sorry to learn that Adan was murdered and wish to express deepest sympathy to his family.

*b7c*

*7-18847-X3*

*[Signature]*

I share, as does the FBI, your grave concern for the welfare of our children who have disappeared and wish to assure you that we are not indifferent to the requests received for help in locating missing children. We are most sympathetic to the desire of those who want the FBI to actively investigate these cases; however, in fulfilling our responsibilities, including kidnaping matters, the FBI must adhere to the guidelines set down for us which give us the authority to investigate possible violations of those Federal laws falling within our jurisdiction.

*98-84058-X3*

As you are aware, Congress, in passing the Federal Kidnaping Statute, established the parameters within which we must work. No matter what the crime committed, certain elements must be present for it to fall within our purview and these elements are set by the language of the law. The Statute, as written, states in part, "...any such person who has been unlawfully seized, confined, inveigled, decoyed, kidnaped, abducted or carried away..." and this has been interpreted by the Department of Justice to mean there must be some evidence of such an abduction, not merely an unexplained disappearance, before the FBI can undertake investigation. It is not within the purview of the FBI to modify its investigative policy regarding kidnaping as it conforms with that legislated by Congress in the Federal Kidnaping Statute.

which are brought to our attention, as in the case of Adam, our field offices maintain contact with the local law enforcement agency handling the investigation in the event evidence is developed which would grant us the authority to enter the case.

In addition, the FBI offers to local and state law enforcement the services of its Laboratory and Identification facilities in all cases under investigation. Also, the FBI's National Crime Information Center (NCIC), a computerized criminal justice information system, provides state and local law enforcement agencies the ability to enter records relating to missing persons provided they meet certain criteria. One of the categories which may be entered involves juveniles, which generally includes individuals up to 18 years of age. The entry must be made by a criminal justice agency and be based on a written statement from a parent or legal guardian confirming that the juvenile is missing and verifying the date of birth.

As a matter of information, our Miami Office maintained continuous contact with the Hollywood Police Department which conducted the investigation regarding Adam's disappearance. The facts surrounding the matter were discussed with the Assistant United States Attorney, Fort Lauderdale, Florida, who advised that in his opinion the evidence developed did not indicate the existence of a Federal violation but requested to be kept advised of any and all pertinent developments in the case. Tragedies such as Adam's death touch everyone, and I sincerely regret that we are unable to be of more assistance. I hope you will understand the restrictions placed on us in these types of cases, but, unless the law is changed, there is nothing more that we can do.

Sincerely yours,

 SEVERED FROM THE NECK WITH A SHARP INSTRUMENT THAT WAS AT  
 LEAST A HALF INCH BLADE, SUCH AS A VEGETABLE CLEAVER OR  
 A BUTCHER KNIFE. CASTS OF THE FIVE WOUNDS TO WELSH'S  
 HEAD AND NECK ARE CONSISTENT WITH INJURIES FROM AN  
 INSTRUMENT SUCH AS A MACHETE. THEY ARE BEING MAINTAINED BY THE  
 MEDICAL EXAMINER.

LOCAL LAW ENFORCEMENT HAS REQUESTED FBI ASSISTANCE IN  
 LABORATORY EXAMINATIONS OF BOTH THE KNIFE AND MACHETE  
 TO DETERMINE IF THEY CONTAIN HUMAN BLOOD. AN ADDITIONAL REQUEST WAS MADE

THAT THE FBI EXHIBIT SECTION PREPARE PLASTER OF PARIS CAST MOLDS OF THE TYPE CUT MARKS LEFT BY EACH OF THE KNIFE AND MACHETE SO THAT A COMPARISON COULD BE MADE BY THE BROWARD COUNTY MEDICAL EXAMINER WITH CAST PREVIOUSLY MADE BY HIS OFFICE.

CHARLOTTE IS REQUESTED TO FORWARD BOTH THE KNIFE AND MACHETE TO THE LABORATORY DIVISION FOR THESE ABOVE-DESCRIBED EXAMINATIONS.

FBI LABORATORY IS REQUESTED TO EXAMINE THE KNIFE AND MACHETE FOR THE PRESENCE OF HUMAN BLOOD AND DETERMINE ANY BLOOD TYPE. WALSH'S BLOOD TYPE IS UNKNOWN AT THE PRESENT. ALSO, PREPARE CAST OF FLARE MARKS OF EACH OF THE TWO INSTRUMENTS. THE EVIDENCE IN THIS MATTER SHOULD BE RETURNED TO THE MIAMI DIVISION AS WELL AS FBI LABORATORY REPORTS.

WASHINGTON, D.C. 20510

April 27, 1983

Mr. John Walsh  
2801 McKinley Street  
Hollywood, Florida 33020

Dear John,

Enclosed are some summary sheets we have developed in regard to four or five notorious cases of child murders. In our May 12 hearing we intend to examine the problem of serial or pattern murders and the tracking system that does exist to try to solve these horrible crimes.

The hearing will be held at the Juvenile Justice Subcommittee, chaired by Senator Specter. We will use the same procedures as we employed for the February 2 hearing on the FBI.

It would be real helpful if you would be able to make a plea for the VI-CAP tracking system which was created by experienced homicide investigator Pierce Brooks. Pierce will testify at the hearing as well as Ann Rule who is an investigative reporter who has studied some 1,400 murders nationwide. Pierce and Ann will detail some of the serial cases and how a tracking system might be employed to solve them. It would be very helpful if you could testify as to the need for such a system. If you use the basic statistics that we have enclosed in regard to some of the more notorious child murder sequences and indicate your feelings as to the priority that such a system should receive I am sure that you will be very persuasive in convincing the Senators that such a system is imperative.

The VI-CAP tracking system would not simply focus on the traditional random and senseless murder, but would also zero in on the disappearance of children where an abduction by a stranger is suspected. In addition, such a system would also work in the kind of cases that happened in Atlanta and Chicago, Houston and Los Angeles. These kind of disappearances and random and senseless killings would be tracked eventhough the suspect was operating primarily in one locale.

John, I believe that most people in America believe that we already have such a system. Most of the people believe that these kind of horrible crimes are being checked and analysed. Most people believe that the individual police departments contact other areas to determine whether or not there are similar murders being committed in other parts of the country. Most people believe that nationwide teletype alerts are actually read by other police departments. You know, all of the above are not true.

Your perspective as a parent, a victim, and an individual who has taken the time to truly learn the perimeters of the problem will be invaluable.

I have been calling your house and will continue to do so in order to make our plans for the 12th. My only consideration is that I hope this kind of testimony and this kind of hearing is not too gruesome and that the information that we have provided will be helpful to you in your testimony. As usual, each witness will probably go for about 15 minutes.

I will be in touch soon.

Sincerely,

Jay Howell  
Investigations Counsel

HOUSTON

August 10, 1970 suspects caught

27 bodies

Suspects:

Elmer Wayne Henley, 17  
Dean Allen Coril, 33  
David Owen Brooks, 18

17 bodies put in a rented boat shed. Coril rented it in 1970.

Victims

youngest - 13 years old, missing for 2 years

some bodies encased in plastic, others buried in bathing suits or unclothed and thrown in on graves and covered with lime.

One victim had a cord around the neck.

Victims tortured, and were sexually abused.

Charles Cary Cobble, 17  
Marty Ray Jones, 18  
(both identified through dental records, were roommates and were high school dropouts.)

Were both hired by a roofing company two days before they disappeared on July 25, 1970. Both called home on July 26, said that they were in trouble. Cobble's parents reported him as missing. Jones' parents did not.

Both bodies found in boat shed of Coril. Cobble was strangled. Jones was shot in the head.

\*Coril got to know young boys and get acquainted with many of his victims through owning a candy store. That is how he met David Brooks. The candy store was in a suburb of Houston called the Heights. (lower middle-class neighborhood) Brooks introduced Henley to Coril in 1968.

Dean Allen Coril

Born in Fort Wayne, Indiana  
Served one year in the army and got a hardship discharge.

Parents separated and remarried. Coril moved to Houston in the early 1960's. His father lived there also.

1420

David Owen Brooks

Met Coril while visiting Houston several years ago (approx. 1966)  
Lived with Coril from time to time. Married and his wife  
was pregnant at time of arrest. Brooks met Henley in junior  
high.

Elmer Wayne Henley, Jr.

Brooks introduced Henley to Coril. Dropped out of school  
in the 9th grade. Wanted to enlist in Navy, but was rejected.

Henley and Brooks were paid \$5 to \$10 to commit sodomy with  
Coril. Coril offered Henley \$200 to recruit other boys.  
Henley did take him up on the offer. Picked up many victims  
when they hitchhiked. Boys were leared into Coril's parties  
with offers of food, marijuana or sniff.

Coril was a regular in the Henley household. Mrs. Henley  
said that Coril treated Henley like a son and Henley treated  
Coril like a father. Mrs. Henley said Coril didn't  
act his age.

-----  
Coril had 5 apartments in the Heights where he killed boys.

First few bodies were supposed to have been sent off to  
California somewhere.

Account of murder of Coril

Henley, Timothy Kerley, 20 and Rhonda Williams, 15 went  
to Coril's house in Pasadena, suburb of Houston. They sniffed  
vapors from a spray can of acrylic lacquer and passed out.  
When they awoke Coril had handcuffed them and bound  
their feet.

Coril said he would kill them, but Henley got to the  
gun when Coril set it down and Henley shot Coril.

17 bodies under the boat shed

4 bodies in woods by cabin owned by Coril's father in the  
Angelina National Forest

2 bodies buried in High Island beach - 60 miles east of  
Houston.

Henley was found to have committed justifiable homicide in  
the murder of Coril. Henley was arrested for 2 murders, Cobble  
and Jones. Brooks was arrested for the murder of a 15 year  
old boy whose body was found at High Island beach.

EUGENE R. DOBBS

Subject Dobbs was born and raised in South Florida. He is the oldest child. He has one sister, Pattie, one year younger. His parents reside at 2888 Riverland Road, Ft. Lauderdale, Florida.

Subject's stepfather is a restaurant owner and his mother is a housewife. Subject gets along well with his mother and cohabitates with his father for his mother's sake.

Subject completed the tenth grade at Stranahan High School. His intentions were to join the U. S. Air Force, but he decided against it after taking aptitude tests.

Mr. Dobbs found employment at the Diplomat Hotel as a cabana clean up boy. He worked there for approximately one and one-half years. He was asked to resign when accused by a 13 year old girl of selling her marijuana. This offense Mr. Dobbs denied. He just introduced the girl to his friend who also worked there, but sold marijuana on the side.

He was employed with the Marco Polo Hotel for a couple of weeks in the housekeeping department. He was terminated because they found out the reason why he was terminated from the Diplomat.

He was unemployed for several months, up until unemployment compensation ran out. He then worked for his stepfather at his restaurant, Rustic Inn, for four or five months (Father owns restaurant and franchises them.) He worked at the Fontainebleau Hotel as a cabana boy for one month and resigned because he was not earning enough money. He returned to his father's restaurant for a couple months.

On his eighteenth birthday he went to Toronto, Canada for a one month vacation to visit friends. He returned from Canada, worked at Big Al's Crab Trap for six to eight months. He does not recall what he did after that other than returning to Canada for six months and playing the drums in a band. He was stopped while walking at night and accused of Breaking and Entering. He was questioned by the police and released after witness admitted that it was not him that committed the offense.

He was deported for being in the country too long. After deportation he returned to South Florida.

He worked for Mercedes Builders as a laborer for six or seven months. He was laid off and worked for Colt Construction. He worked there on and off for five years. He stated that he worked for a number of different construction companies.

In 1980, he met a girl. She was 26 or 27 years old. Her exhusband found out about their relationship. They reported threats on their lives to the Boca Police. He and Pacella Morgan (Pinkie) left together and moved to Denton, Texas. After being there one month they were involved in an automobile accident in Louisiana. While subject was driving he and Pinkie decided to switch while still moving. They did this and hit the median strip. Subject was unconscious for a couple hours and he dislocated his left shoulder. Pinkie supposedly is comatose and a vegetable. This he found out from his attorney.

Subject stated he met James Campbell approximately ten years ago. They met at the Diplomat Hotel. He helped clean up at age 13 and Campbell was 16 or 17 at the time.

When subject returned to South Florida, after the accident, he came back and looked up Jim Campbell and was employed by him in sailboat rentals at the Golden Strand Hotel. There he worked for three or four months. He resigned because he was not earning enough money. He returned to Colt Construction for five or six months and then decided to join the Navy. He enlisted on December 21, 1981. He started active duty March 10, 1982. His basic training was served in Orlando, Florida. He attended Seamans Apprentice School in San Diego, California on June 21, 1983. He was transferred to Key West for more schooling. He stayed there six or seven weeks then went to Norfolk, Virginia, for three weeks. He was then put on the "U. S. S. America" in San Juan, Puerto Rico. He then served six months deployment at sea. Four weeks after his sea duty he received a General Discharge. This was July 1, 1983. He was questioned

1428

by Naval Security regarding homosexual activities, which accusations were made by an unknown person. Out of fear and embarrassment he admitted to same and this resulted in the discharge.

He returned to South Florida and was picked up at the airport by Jim Campbell. He expected subject Dobbs after being called by subject on the telephone.

Mr. Dobbs said what happened to him while in the service was an experience not a way of life. He had three homosexual encounters; nothing more than that. He said the Navy considered him bisexual but he does not consider himself anything but being straight.

When asked about his relationship with Jim Campbell he replied, "Just good friends, no sexual relationship." Since his discharge he has had no sexual relations with any males. He has had normal sexual relations with a number of females.

The friendship between Jim Campbell and Mr. Dobbs for the past ten years has been on and off. Whenever either one of them want to make contact they would do it through their parents. At no time have

the two of them had sexual relations with each other.

Subject feels that the only reason he is being investigated is because he purchased a car from Jim Campbell. This was a 1965 Mercury. This took place approximately four weeks ago. He paid \$50, but the title has not yet been transferred. At present, Mr. Dobbs resides with his sister, Pattie. They share a two bedroom apartment and split the \$350 per month rent.

Mr. Dobbs was asked when he first met Adam Walsh. Subject stated he remembers Jim talking about Adam occasionally. It seemed that Jim was close to the child, but that's how Jim was. He was nice to all kids. When working at the pool he always was good with kids, like a father image.

The first time subject met Adam was at the Diplomat Towers. Either Reve or Jim had brought him there. Jim was very attentive to him. Whatever Adam needed Jim was there. He was his Godfather. One time the three of them, Adam, Jim and subject

went to Burger King for lunch. They then took Adam home.

Mr. Dobbs was first told of the abduction of Adam when he got home from work and received a call from a friend. This female friend told him she had heard the news on the radio. Mr. Dobbs immediately called the Walsh residence, but he does not recall whom he talked with. He remembers going to the house but cannot recall if he was invited or if he asked to come over. He talked to Jim, who was optimistic. He thought it was probably a woman who wanted a little boy, and was confident he would be found. Subject talked to Jim for 20 minutes. Jim said nothing was needed, so subject returned home.

Subject recalls calling the Walsh home twice, once talking to Reve and once to Jim. This was before Adam was found. There was no contact between the two of them for three or four months, prior to subject's enlistment in the Navy. Subject knew Jim was very sensitive about it and because of that feeling he does not

believe they discussed Adam when they talked. After that time subject entered the Navy and only saw Jim a couple times while home on leave.

# Young girl buried as only a detective to mourn

The body of a young girl was buried today in a cemetery in a grave that was not even marked. The girl, whose name is not known, was found in a public restroom in the city. Her body was discovered by a police officer who was on duty at the time. The girl's identity is being sought by the police.

"We're no closer today than the day I picked her up in that building," he said. "I don't know of anything else to do. We never even found the head."

The Rev. John W. Hayward Jr., pastor of the Methodist United Methodist Church, is just a few blocks from where the body was found. He said the "anonymous" person who found the body is being sought by the police.

ATTENTION: Detectives Jackie Hoffman and Ron Hickman

Gentlemen:

The Homicide Division of the St. Louis Police Department is presently conducting an investigation which began February 28, 1983.

This case involves the decapitation of a young, black female described as:

black female, 8 to 12 years of age,  
5'3" to 5'4", medium brown skin,  
75# estimated weight, thin build.

The victim was found clad only in a yellow long-sleeved V-neck orlon sweater. She had two coats of red fingernail polish on her fingernails and her hands were tied behind her back with a red and white nylon rope, possibly nautical type nylon rope.

Evidence revealed that the victim had apparently been slain in an undisclosed location and her body dumped in a vacant building at 5635 Clemens, which is a primarily black area in the west end of our city.

The Medical Examiner's Office determined that the victim had been sexually assaulted. The weight of the body was 70 pounds and the height is 4'8", without the head.

The victim's head has never been found and the victim has never been identified.

Our most recent action in this case, 10/20/83, has been a check of the N.C.I.C. list of missing persons matching the victim's description, which was provided by the F.B.I. Only one black female was reported missing from Boston, Massachusetts, and she has been located in Cambridge, Massachusetts.

signing anything and that I just wanted to take my prizes now and go home. So the gentlemen finally said that I could go but I had to come downstairs and pick up my prize so I went downstairs and I asked the gentlemen that I am in the first prize group, there's three prize groups and he said to me that what my prize is, he went in and he pulled out some cheap jewelry, a little gold thing, it was very nice, and that was it and I told well there's supposed to be three prizes on it and that isn't there a master sheet where I can see what category my code numbers are. He told me that he had it and went inside the door again to bring it out, he brought it to me, I saw no codes on the sheet. He briefly explained it again, I said I don't understand it, and then after that I just said well I just wanted to go home, just let me have it and do you know where I can pick up a bathing suit or anything around here, if they have a gift shop or anything, he said no but there's a Sears Shop down at the end of the street.

A: The next thing I observed was a gentlemen approach me with black hair combed straight back and greased and in a very well dressed suit and he recognized me and I did not recognize him. At this time I'm putting a flat tire that I had previously inside the bottom portion of my trunk.

Q: Uum hum.

A: I had a Ford Pinto Wagon and this gentlemen is talking to me, asking me how I'm doing and he recognized - I did not recognize him but I continued talkin to him and he briefly was saying something that I did not recognize or was strange to me and finally he just said take it easy and he said you too. And now I'm walking back, as soon as he left I left and I'm walking just about forty-five seconds after he left I'm walkin towards the mall on the left-hand side where the bumpers of the car are when I see a little boy come out and say I want my daddy. At this time I'm towards the middle of the parking lot and I stopped and looked over and a gentlemen behind a door of an older car was pointing inside the car and said "get in the car" very demand- ing to the child, at which time the little boy turned around, walked over back to the car and got in the front seat. There was a brief glimpse of someone coming around the corner of another car and then was back in it again as if he was coming into the car next to it. At this time, the gentlemen had pointed to me and said something demanding to me.

Q: Like what?

A: "What are you looking at" or "what are you doing". Or "what are you seeing". Or "you didn't see nothin". That could have been it.

Q: Like a peripheral view you mean.

Q: Would you have recognized him again if you had seen him again?

A: I think I can.

Q: What brought your attention to this little boy and the fact that this was Monday, July 27th, 1981.

A: That night when I came home, well first of all, after I was leaving the mall, I had bought a pair of shorts, it was a cheap pair of white shorts to go back and go to the beach. There was a beautiful beach next to it and the surf was up. Well semi-up. To me I'm out there in Miami and everything's flat. Now when I get back to the car a gentlemen runs up to me, looks like a salesman of some kind and asked me if I saw a little boy getting in to a blue van. I told him no I haven't but I did see a little boy getting into an older car, I think it was a two-door and he just shook his head and started around the back.

Q: About what time of the day was this?

A: I would say . . .

Q: That the man came out to talk to you about the blue van, what time was it. I see you're wearing a wrist watch now, were you wearing one then?

A: No I wasn't. I guess I spent in Sears around half an hour.

Q: So what time was it when the man came running out?

A: I would guess around twelve thirty, one o'clock.

Q: Let's back track a little bit. What time was your appointment for the timesharing meeting?

A: I believe that was around nine thirty.

Q: So how long were you there?

A: About I would say more than an hour. More like an hour and a half.

Q: It's eleven o'clock then you leave there. That's an hour and a half.

So between ten thirty and eleven, you leave there . . .

A: I believe it was more than an hour. And the meeting didn't start right away. I remember sitting around for a while waiting for someone because they were taken in groups. You'd be in there havin a cup of coffee and a bun in a hotel room with other customers, people that came to the same thing.

When they would come back to the hotel room a salesman would take a couple.

Q: Did you go to that meeting with anybody?

A: No I didn't. And there was a note on the thing that says there you're supposed to be married or over a certain age group and I called them up about that and they said no, that's okay, come on in.

Q: So sometime between ten thirty and eleven AM on that day you left the meeting, having picked up your prize and then went west down on the boulevard and you went to the mall.

A: Right.

Q: Is that your first time at that mall?

A: Yes sir it was.

Q: When was your next time at that mall?  
A: This morning.  
Q: You were gonna say something.  
A: I just remembered something about the gold that they gave me. I took it into the mall here and went to a jeweler to see if it was any value, if it was real gold or not.  
Q: Let's see. You spent about an hour in the Sears Store?  
A: I would say forty-five.  
Q: It takes about fifteen minutes to come from the beach at 11:15 to 11:30 puts you in the parking lot. And you spent forty-five minutes in there.  
A: Approximately.  
Q: That's around 12:15 when you were leaving the parking lot.  
A: Yes.  
Q: At that time is there any landmark in the area here that would cause you to be sure that this was this particular Sears Store as opposed to the Broward Mall or as opposed to the Sears Store at Searstown in Fort Lauderdale. Or a Sears Store in Dade County, around 163rd Street. What landmark in this area is my question that caused you to say this is the parking lot that you observed this event to occur in.  
A: The landmarks that I noticed were the pilars like in the front of the mall. I see that they haven't been there now. Type of drive-in through . . .  
Q: Umm hum.  
A: . . . at the front, very front of the mall. Now there are huger pilars it seems. I believe back then they were smaller pilars.

Q: When you left that day, what was your route to leave the mall? How did you get out of there.

the news. What did you think of the photograph of OTIS ELWOOD TOOLE in comparison to the person you observed that particular day?

A: He looked a bit scrubby. Not very clean shaven, the guy I thought was pretty much cleaned up and . . .

Q: How about his general face structure?

A: Looks familiar.

Q: The person you saw was wearing a suit jacket.

A: A suit jacket or a well dressed appearance.

Q: I have no more to ask you DAVE in your statement. Oh yes I do. One question. When the ADAM WALSH investigation was full blown, there were posters hanging out all over southeast Florida and they had photographs of a little boy on them. Did you ever see any of those posters?

A: Yes I did.

Q: And looking at those posters, you have made no mention this morning as to whether or not that that was a little boy that you saw sittin in the car.

A: It was a brief glimpse that I saw of the boy and when I turned to look full face at the boy, the boy had already turned to get inside the car.

Q: And you wouldn't be able to recognize the little boy if you ever seen him again after that.

A: A general description of him I could.

Q: Yea but not his face.

A: No.

access of this property that you've leased at Mile Marker #126.

do you have your permission to begin an excavation of this property to this body?

do.

in July of 1981 would you have been familiar with this piece of property?

would you have been the condition, the terrain condition concerning dryness and things like that at that time?

don't recall back in '81 on it, ah just don't recall how wet it was at that time. Probably around July I'd say it's dryer than what it is now.

what does that mean the water here would probably have been alot lower than it is at this present time?

what road access coming into your asphalt how long has it been in that condition?

two or three years at the most.

anything else I want to bring up. There is a steel fence bordering the property from anyone entering from the turnpike. How long has it been posted?

about a year, year and a half at the most.

is it was in all probability open in July of 1981?

STATEMENT OF THE CASE

On July 22, 1983, Appellee, John E. Walsh, as personal representative of the estate of Adam J. Walsh, a deceased minor, filed suit against Sears Roebuck and Company and the Hollywood Mall, Inc., for wrongful death, pursuant to the Florida Wrongful Death Act, Sections 768.16-768.27, Florida Statutes (R. 53-62).

On August 11, 1983, Appellee, Hollywood Mall, Inc., and Appellant, Sam D. Martin, the Chief of Police of the City of Hollywood, Florida, with a subpoena duces tecum, returned on September 1, 1983, which directed him to produce the police investigative file with respect to the abduction and murder of Adam Walsh (R. 71-72).

On August 24, 1983, Appellant filed a motion to quash the subpoena duces tecum and a motion for a protective order (R. 68-70).

On August 31, 1983, a hearing was held with respect to the motion to quash and motion for a protective order (R. 71-72), and on September 7, 1983, the trial court entered an order with respect to said motions (R. 73).

Notice of Appeal from the final order which denied Appellant's motion to quash and motion for a protective order was filed by Appellant September 12, 1983.

STATEMENT OF THE FACTS

On August 11, 1983, Appellee, Hollywood Mall, caused Appellant, Martin, to be served with a subpoena duces tecum, returnable on September 1, 1983, which directed him:

"To produce the entire investigative file, including all photographs and statements of the City of Hollywood Police Department, arising from or relating to the disappearance, abduction and subsequent apparent murder of ADAM J. WALSH, a minor, who disappeared at the Sears, (sic) Roebuck store in the City of Hollywood on or about July 27th, 1981." (R. 71-72).

On August 24, 1983, Appellant filed a motion to quash the subpoena and a motion for a protective order which alleged that the entire police investigative file with respect to the apparent abduction and murder of Adam Walsh was exempt from disclosure pursuant to the Florida Public Records Act, Sections 119.07 (3)(d), 119.07 (3)(e), and 119.07 (3)(f), Florida Statutes (1981), in that the voluminous police investigative file contained "active criminal investigative information", information revealing the identities of confidential informants and sources, and information revealing surveillance techniques and procedures and police personnel engaged therein (R. 68-70). Appellant further alleged in said motions that since July 27, 1981, the day in which Adam Walsh was reported missing, and subsequently determined to have been murdered, until the present time, personnel of the Hollywood Police Department have been engaged

in an intensive on-going investigation with respect to the Walsh murder and, "What the lead police investigators assigned said case have a reasonable basis to believe that the person or persons responsible for said crime will be arrested in the foreseeable future." (R. 68-69).

On August 31, 1983, a hearing was held on Appellant's motion to quash and motion for a protective order.

Present at said hearing was counsel for the Hollywood Mall, Sears, and Walsh (T. 2-3). Also present at said hearing were the lead police investigators assigned the Adam Walsh murder investigation (T. 37) who were in possession of the investigative file (T. 29).

Counsel for Appellant, Martin, requested the court to conduct an in camera inspection of the investigative file (T. 7-8, 40) and, additionally, requested the court to examine, in camera, the lead police investigators (T. 8, 37), for the purpose of determining whether the investigative file contained active criminal investigative information, information revealing the identity of confidential informants and sources, and information revealing surveillance techniques and procedures and police personnel engaged therein.

Counsel for Appellant asserted that the entire Adam Walsh investigative file was not subject to disclosure to any of the parties in that the file contains all of the above-mentioned information which is exempt from disclosure pursuant

to the Florida Public Records Act (T. 4-5, 38), that the investigation is on-going and active (T. 9), and, that even the disclosure of the investigative file to the parties would compromise the murder investigation (T. 7, 14-15, 36-38).

Appellant's counsel requested the court to examine, in camera, the lead police investigators with respect to Appellant's contention that the investigation would be compromised were the court to permit a disclosure of the investigative file to the parties even with the court mandating confidentiality within the parties (T. 14, 36-37).

Counsel for the Hollywood Mall asserted that the Florida Public Records Act was not applicable to litigants (T. 11, 27-28), and that the court should order disclosure of portions of the investigative file prior to an in camera inspection (T. 19).

The court denied objections to the sufficiency of Appellant's motion to quash and motion for a protective order (T. 35-36).

Without conducting either an in camera inspection of the investigative file or an in camera examination of the lead police investigators, the Court denied Appellant's motion to quash and motion for a protective order. Said motions were denied based on the court's determination that "fairness" to the parties required an initial disclosure of the file (T. 13, 43).

061694

The court ordered Appellant to comply with the subpoena  
tecum and ordered the disclosure of the investigative  
with the condition that Appellant could initially withhold  
disclosure information with respect to the identities of  
confidential informants that could create a safety hazard to  
information relating to the current aspects of the on-going  
investigation that might be reasonably calculated to bear upon  
possibility of arrest, and sensitive personal information  
may invade the privacy of individuals (T. 43-44) (R. 73).  
The court further ordered that any materials withheld from  
discovery shall be submitted for in camera inspection by the  
court in the presence of counsel for the parties (T. 44-45)(R. 73).  
The court stated that the parties to the wrongful death action  
shall be involved in the determination of what portions of the  
investigative file were to be disclosed (T. 24-25, 45).

ISSUES PRESENTED FOR REVIEW

- I. ARE THE CONTENTS OF THE ADAM WALSH HOMICIDE INVESTIGATIVE FILE, COMPILED BY THE CITY OF HOLLYWOOD POLICE DEPARTMENT IN CONNECTION WITH THE POLICE DEPARTMENT'S INVESTIGATION OF THE MURDER OF ADAM WALSH, "PUBLIC RECORDS" WITHIN THE SCOPE OF CHAPTER 119?
- II. ARE THE CONTENTS OF THE ADAM WALSH HOMICIDE INVESTIGATIVE FILE EXEMPT FROM DISCLOSURE PURSUANT TO SECTION 119.07 (3)(d), SECTION 119.07 (3)(e), AND SECTION 119.07 (3)(f) IF FOUND TO CONTAIN "ACTIVE CRIMINAL INVESTIGATIVE INFORMATION", INFORMATION REVEALING THE IDENTITIES OF CONFIDENTIAL INFORMANTS AND SOURCES, AND SURVEILLANCE TECHNIQUES AND PROCEDURES?
- III. SHOULD THE TRIAL COURT HAVE LIMITED THE STATUTORY EXEMPTIONS FOR ACTIVE CRIMINAL INVESTIGATIVE INFORMATION, CONFIDENTIAL INFORMANTS AND SOURCES, AND FOR SURVEILLANCE TECHNIQUES AND PROCEDURES BASED ON "FAIRNESS" TO THE PARTIES?
- IV. SHOULD THE TRIAL COURT HAVE CONDUCTED AN IN CAMERA INSPECTION OF THE ADAM WALSH HOMICIDE INVESTIGATIVE FILE PRIOR TO ORDERING A PARTIAL DISCLOSURE OF THE FILE WHEN STATUTORY EXEMPTIONS TO DISCLOSURE WERE ASSERTED?

I. ARE THE CONTENTS OF THE ADAM WALSH HOMICIDE INVESTIGATIVE FILE, COMPILED BY THE CITY OF HOLLYWOOD POLICE DEPARTMENT IN CONNECTION WITH THE POLICE DEPARTMENT'S INVESTIGATION OF THE MURDER OF ADAM WALSH, "PUBLIC RECORDS" WITHIN THE SCOPE OF CHAPTER 119?

Section 119.011 (1), Florida Statutes (1981), defines as "public records":

"(A)ll documents, papers, letters, maps, books, tapes, photographs, films, sound recordings or other material, regardless of physical form or characteristics, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency."

Appellant, a municipal officer, and the City of Hollywood Police Department, a municipal police department, come within the statutory definition of "agency" set forth in Section 119.011 (2), Florida Statutes (1981).<sup>1</sup>

Clearly, the records subpoenaed by the Hollywood Mall and the subject of the trial court's order, the Adam Walsh homicide investigative file, compiled by personnel of the Hollywood Police Department in connection with the police department's investigation of the murder of Adam Walsh, are "public records" within the scope of Chapter 119, Florida Statutes (1981).

1. Section 119.011 (2), Fla. Stat. (1981) provides:

" 'Agency' means any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency."

and broadly defined in Shevin v. Byron, Harless, Schaffer, etc.,  
379 So. 2d 633 (Fla. 1980).<sup>2</sup>

2. City of Tampa v. Harold, 352 So. 2d 944 (Fla. 2 D.C.A. 1977) held that police reports are not public records within the meaning of Chapter 119, Florida Statutes (1975). The Court based its decision on Wisher v. News-Press Publishing Co., 310 So. 2d 345 (Fla. 2 D.C.A. 1975) and certain public policy considerations. The decision of the Second District Court of Appeal in Wisher was overruled by the Florida Supreme Court in 1977. The Florida Supreme Court found that the records in question were in fact public records. The decision in City of Tampa v. Harold, supra, based on public policy considerations, directly conflicts with the later decisions of the Florida Supreme Court in Rose v. D'Alessandro, 380 So. 2d 419 (Fla. 1980), Wait v. Florida Power and Light Co., 372 So. 2d 420 (Fla. 1979) and News-Press Publishing Co. v. Wisner, 345 So. 2d 646 (Fla. 1977).

001698

II. ARE THE CONTENTS OF THE ADAM WALSH HOMICIDE INVESTIGATIVE FILE EXEMPT FROM DISCLOSURE PURSUANT TO SECTION 119.07 (3)(d), SECTION 119.07 (3)(e), AND SECTION 119.07 (3)(f) IF FOUND TO CONTAIN "ACTIVE CRIMINAL INVESTIGATIVE INFORMATION", INFORMATION REVEALING THE IDENTITIES OF CONFIDENTIAL INFORMANTS AND SOURCES, AND SURVEILLANCE TECHNIQUES AND PROCEDURES?

The Florida Public Records Act exempts from disclosure active criminal investigative information<sup>3</sup>, information revealing the identity of confidential informants and sources<sup>4</sup>, and information revealing surveillance techniques, procedures and personnel engaged therein<sup>5</sup>.

The Florida legislature desired an open policy with respect to state, county and municipal records. Section 119.01, Florida Statutes (1981). However, in certain instances, public records are privileged or exempt from disclosure even where such public records would serve private litigants. Getter v. Yanks, 290 So. 2d 543 (Fla. 3 D.C.A. 1974); Widener v. Croft, 184 So. 2d 444 (Fla. 4 D.C.A. 1966). The Public Records Act does not address the motives of persons seeking public records. Warden v. Bennett, 340 So. 2d 977 (Fla. 2 D.C.A. 1976).

Although a liberal construction is to be given the requirement of relevancy in the discovery provisions of Rule

1.280 (b) of the Florida Rules of Civil Procedure and particularly in the rule governing the use of subpoena duces tecum (Kennedy v. Kennedy, 298 So. 2d 525 (Fla. 2 D.C.A. 1974), certain matters are not subject to discovery.

"Florida Rules of Civil Procedure 1.280 and 1.350 generally provide for broad discovery in a civil trial. However, this discovery is not unlimited. Initially, it must be relevant to the subject matter of the case and be admissible or reasonably calculated to lead to admissible evidence in the case. Even after these conditions are satisfied, the particular items or information sought to be discovered may be privileged and therefore beyond permissible discovery." East Coast Colonial Refuse Service, Inc. v. Velocci, 416 So. 2d 1276 (Fla. 5 D.C.A. 1982).

Appellant would stipulate that there is indeed much information contained within the Adam Walsh homicide investigative file that is either relevant to the subject matter of the pending wrongful death action or reasonably calculated to lead to the discovery of admissible evidence. Notwithstanding this, it is Appellant's position that the entire homicide investigative file is not subject to disclosure to any of the parties in that the file contains not only information revealing the identities of confidential informants and information with respect to surveillance, but the entire investigative file contains "active criminal investigative information".

Were Appellant to have asserted only the statutory exemptions with respect to confidential informants (Section 119.07 (3)(e), Florida Statutes (1981), and surveillance information (Section 119.07 (3)(f), Florida Statutes (1981), Appellant would have produced the investigative file after having removed the above-said information pursuant to Section 119.07 (2)(a), Florida Statutes (1981).<sup>6</sup>

However, Appellant also asserted the exemption with respect to active criminal investigative information. Section 119.011 (3)(b), Florida Statutes (1981) defines such information:

" 'Criminal investigative information' means information with respect to an identifiable person or group of persons compiled by a criminal justice agency in the course of conducting a criminal investigation of a specific act or omission, including but not limited to, information derived from laboratory tests, reports of investigators or informants, or any type of surveillance."

6. Section 119.07 (2)(a), Fla. Stat. (1981) provides:

"Any person who has custody of public records and who asserts an exemption provided in subsection (3) or in general or special law applies to a particular record shall delete or excise from the record only that portion of the record for which an exemption is asserted and shall produce for inspection and examination the remainder of such record."

Section 119.07 (2)(b), Florida Statutes (1981)<sup>7</sup>

provides that if there is no basis for the asserted exemption of active criminal investigative information, the records shall be disclosed. It is axiomatic that, if there is a basis for the asserted exemption, the records shall not be disclosed. Investigative police reports are exempt from disclosure. Rose v. D'Allesandro, 380 So. 2d 419 (Fla. 1980); Satz v. Blankenship, 407 So. 2d 396 (Fla. 4 D.C.A. 1981); Satz v. Gore Newspapers Company, 395 So. 2d 1274 (Fla. 4 D.C.A. 1981); 1980 Op. Att'y. Gen. 80-96 (Dec. 5, 1980).

The entire investigative file contains "criminal investigative information" because it was compiled by a criminal justice agency with respect to a specific act, a murder, and with respect to "an identifiable person or group of persons".

The Appellees would have Appellant disclose statements secured by police investigators from parents, friends, and family members of the murder victim with respect to the events

7. Section 119.07 (2)(b), Fla. Stat. (1981) provides in pertinent part:

" . . . In the case of an exemption asserted pursuant to paragraph (d) of subsection (3), an in camera inspection shall be discretionary with the court. If the court finds no basis for the assertion of the exemption, it shall order the records to be disclosed."

of the first few days after his reported disappearance and argue that this information is either not exempt from disclosure or that the disclosure of such information would not impede the criminal investigation.

Appellant would assert that the latter position of Appellees is immaterial to the issue at hand, although Appellant would strongly disagree with this conclusion.

It is the position of the Appellant that, because this information came from identifiable persons and is with respect to other identifiable persons and was compiled pursuant to a criminal investigation of a homicide, this information is "criminal investigative information" and, if found to be "active" ((Section 119.011 (3)(d), Florida Statutes (1981)), is exempt from disclosure.

The trial court erred in ordering the disclosure of surveillance techniques and procedures and personnel engaged therein, and in failing to protect against the disclosure of any information with respect to the identity of confidential informants and sources.

Although the trial court permitted Appellant to initially withhold "information relating to the current aspects of the on-going investigation that might be reasonably considered to bear upon the possibility of arrest and/or apprehension and arrest" said information does not correspond with the definition

001703

riminal investigative information and the statutory exemption  
r active criminal investigative information.

III. SHOULD THE TRIAL COURT HAVE LIMITED THE STATUTORY EXEMPTIONS FOR ACTIVE CRIMINAL INVESTIGATIVE INFORMATION, CONFIDENTIAL INFORMANTS AND SOURCES, AND FOR SURVEILLANCE TECHNIQUES AND PROCEDURES BASED ON "FAIRNESS" TO THE PARTIES?

As first recognized by the Fourth District Court of Appeal in State ex rel. Veale v. City of Boca Raton, 353 So. 2d 1194 (Fla. 4 D.C.A. 1977), the rule that any exception to the Public Records Act must originate in the legislature and not by judicial decision was adopted by the Supreme Court of Florida in Wait v. Florida Power and Light Co., 372 So. 2d 420 (Fla. 1979).

It is well-settled that only the Legislature can create exceptions to the Public Records Act and that judicially created exceptions based on public policy considerations are precluded. Rose v. D'Allesandro, 380 So. 2d 419 (Fla. 1980); Wait v. Florida Power and Light Co., supra; Douglas v. Michel, 410 So 2d 936 (Fla. 5 D.C.A. 1982); Gadd v. News-Press Publishing Company, 412 So. 2d 894 (Fla. 2 D.C.A. 1982); Morgan v. State ex rel. Shevin, 383 So. 2d 744 (Fla. 4 D.C.A. 1980).

It is apparent that the trial court erred and limited the statutory exemptions set forth in the Public Records Act for active criminal investigative information, confidential informants and sources, and for surveillance techniques and procedures based on its determination of what fairness to the parties required.

While it is clear that non-statutory public policy

---

considerations may not restrict public access to government documents deemed "public records", it is axiomatic that the reverse ought to be true as well. That is, non-statutory policy considerations may not limit the statutory exemptions of the Public Records Act.

IV. SHOULD THE TRIAL COURT HAVE CONDUCTED AN IN CAMERA INSPECTION OF THE ADAM WALSH HOMICIDE INVESTIGATIVE FILE PRIOR TO ORDERING A PARTIAL DISCLOSURE OF THE FILE WHEN STATUTORY EXEMPTIONS TO DISCLOSURE WERE ASSERTED?

Section 119.07 (2)(b), Florida Statutes (1981)<sup>8</sup>, mandates an in camera inspection of records when exemptions for confidential informants and surveillance information are asserted. The same section provides that an in camera inspection of the records is discretionary when the exemption for active criminal investigative information is asserted. However, the records shall not be disclosed if the court finds a basis for the asserted exemption.

Clearly, the trial court erred in ordering the disclosure of the records prior to conducting an in camera inspection of the records.

That although the trial court made no specific finding with respect to whether the criminal investigative information

8. Section 119.07 (2)(b), Fla. Stat. (1981) provides:

"In any action in which an exemption is asserted pursuant to paragraph (e), paragraph (f), or paragraph (g) of subsection (3), the record or records shall be submitted in camera to the court for a de novo inspection. In the case of an exemption asserted pursuant to paragraph (d) of subsection (3), an in camera inspection shall be discretionary with the court. If the court finds no basis for the assertion of the exemption, it shall order the records to be disclosed."

active" ((Section 119.011 (3)(d), Florida Statutes (1981))  
order did permit Appellant to initially withhold "C)onformation  
ing to the current aspects of the ongoing investigation . . ."  
3). If the trial court was of the opinion that the investi-  
n was indeed "ongoing" or active, no disclosure of the  
tigative file should have been permitted. The trial court,  
e very least, should have reviewed the entire investigative  
in camera.<sup>9</sup>

Subsequent to an in camera review of the records,  
ourt alone is to make a determination as to whether the  
ds are to be disclosed. The parties to the wrongful death  
a are not to become involved in the review of the records  
making the determination with respect to disclosure.

9. The Fourth District Court of Appeal in Satz v. Newspapers Company, 395 So. 2d 1274 (Fla. 4 D.C.A. 1981),  
ized prosecutors for requesting the trial court to conduct  
camera inspection of voluminous records where the State  
ey conceded that some of the records were subject to  
sure. In the instant case, it is Appellant's position  
one of the records are properly subject to disclosure.

CONCLUSION

WHEREFORE, based upon the foregoing facts and citation of authority, Appellant believes that the order of the trial court should be quashed and the cause remanded with the instruction that the trial court is to conduct an in camera review of the homicide investigative file prior to ordering the disclosure of any portion of said records.

Respectfully submitted,

A. I got up at approx. 8:30 AM and got my husband off to work and took a shower, got dressed into my workout outfit which was green shorts, black leotard, sneakers and ADAM got up about the same time and he watched his cartoons and had his juice, I did my household chores and around I guess it was 9:30 maybe 10:00 o'clock, closer to 10, JAMES CAMPBELL stopped by and asked me if I was going to get my driver's license ..my birthday was the previous Friday and my driver's license was due. I had other errands to do that John, my husband, had asked me to do. So I said, No, I was not going and I can remember at that time sitting on my kitchen floor, dressing ADAM and JAMES CAMPBELL put his head in the door and asked me that question, turned around and left.. We got dressed..he had brunch around 10:30 or 10:45.. of a hot dog and bread.. roll, and something to drink and ADAM gathered up a few of his toys that he wanted to take to his grandmother's house..I asked him if he wanted to go to his grandmother's house to play with the boy next door Bobby or would he like to come to the Gym with me. He said he wanted to go to his grandmothers'. I did not call her but she is usually home at that time so I was just going to go by..I had some errands to do. I got in the car about 12 o'clock and I drove to St. Mark's school which is on 28th Ave. in Hollywood and dropped off a check for \$90.. I had Adam to the left of me when I walked into the office, handed the lady the check and said Hello to her, turned around and walked out. We walked back to the car, got back in the car and drove directly to Sears Mall down Hollywood Blvd., to Sears Mall and got there probably 12:15..maybe 12:20. I didn't have my watch on that day. Parked at the Pick-up and Receiving entrance at Sears and got the second spot from the door. We

walked across hand and hand into the store and straight ahead was the Toy Dept. We walked past the catalogs and plants to the Video games..all the while I could see children playing with the video games as I was walking up the aisle. There were some balck boys and some white boys playing and Adam was about the third deep in the crowd I said, OK, Adam, I'll be in the Lamp Dept and stay here as always and he said, OK, Mommy I know.. and as I walked away he was watching the video game and I went to the Lamp Dept. and looked for the lamp I had clipped from the magazine on sale..I didn't see it so I waited my turn until the service lady was able to take care of me and she told me that the lady who managed the department was not there and she would be back from lunch shortly. I said, Well, I don't have time to wait but I'll come back. I turned around and went back to the Toy Dept. and I looked up and down the aisles for Adam and he wasn't there. I went back to the Lamp department . looking down the aisles and he wasn't there. On my way back to the Toy Dept I saw a boy, a bit older than Adam, with the same kind of hat on ..captain's hat and I stopped thinking perhaps since they both had the same kind of hat on that he would remember Adam. I asked him if he saw a little boy smaller than him with the same kind of hat on. He said Yes and I said, Which was did he go and he was just noddinhis head. He was a Spanish boy and he pointed back the other way...away from the toy department. pointed down the main aisle towards the center of the store. I thought to myself, I don't know if this boy understands what I'm saying; maybe he doesn't understand English. So I kept going to the Toy department and looked around once more and I said to the woman at

the catalog department .. directly across from the Video games ...that my son was missing and what should I do..I want to call the police. She said, Well, first page him; don't get alarmed.. this happens all the time..no big deal, just page your son. The phone was right there and she handed me the phone and I got Customer Service, the Page, and they asked me my son's name and I told them and I asked them to please page him to the toy department. She said, Sorry Mam, I can't do that.. our policy says I can only page them to Customer Service .. and I said, this is a 6 year old boy and I am sure he wouldn't know what customer service was. So she says, I'm sorry mam, that's all I can do. OK. do that page him.. So I heard the page on the loudspeaker and nothing happened..sales people in that area .. the lady in the catalog dept. said Why don't you go out into the Mall..he might have gone out to the Mall and I said, No my son wouldn't do that. So out of desperation, nothing else that could have been possibly logically further that Adam could do, I ran out into the Mall and just ran up and down fast, to the Video arcade and back again.. it took me less than 5 minutes. I came back..let me remind you that at this point there was no one at the video games.. when I came back from the Lamps there weren't any kids there anymore..except for a couple in the toy department. I came back and still no Adam.. I called the page back again and insisted that they page him to the toy department..which they did. They finally paged him to the toy department and at this point he didn;t come back and I asked the lady in the catalog dept. what time it was and she said it was ten to one. So, I looked up through the doors in the plant department and I saw my mother-in-law June Walsh outside near the plants. I thought, She's got Adam but she

the police girl.. she came first and she said, she didn't do too much, she just confirmed everything that I said..that I thought he was lost and I wanted something done about it..I knew he wasn't a mischievous boy and about that time we sent Gram home.. because everyone kept saying, Well, maybe he walked home..does he know his way home? But he had never done anything like that before.. at this point we were grabbing at straws so Gram went home to see if he'd gone home there and John called, that was about 3:00 o'clock .. between 3 and 3:30..

Q. John called your house?

A. My house, like he always does to check on us and Gram was there and he said, Gram why are you there? And where's Reve and Adam? And then she told him Adam was missing. All this time I thought Adam was going to show up. And, I had done everything that I could do and of course he came immediately and I think he..either his associates followed him or they came with him.. at this time we were standing outside of Receiving door.. out on the sidewalk near where my car was parked and we stood there and I think that's when LT. HYBDS and MOWERS came over.. it was probably around 3:30 too... and then I can remember all our friends coming there..I can remember the Monahan boys coming and I don't know if I had seen you yet..I guess I didn't see you guys till later..much later.

Q. On that particular day did you have any specific appointments for that day?

A. Well, no appointment like with the doctor or anything but I mentioned to a girlfriend ..she wanted me to help her work out and she was in some of my

classes in school..Gail Sherman.. and she said, We'll meet at the Gym on Monday

at 1 0'clock. Cause 1:00 o'clock seemed to be the time I was always there. I said, Fine, and I had it in the back of my mind that I was going to drop Adam off at Grams and go straight over to the gym. And if Gram wasn't home Adam would come with me to the Gym. People at the Gym always said, Listen, if you want to bring him ..bring him but I never really wanted to because I thought it was infringing on other people who were working out there ..but I thought if it was a slow afternoon I would bring him. So. since this has all happened I see my friends at the gym and they said they remembered that day, thinking Gee, I wonder what happened to Reve? She's usually here this time or she said she'd be here.. that was the only appointment that I had. I should have gone and gotten my driver's license.

Q. Why wouldn't you have called your mother-in-law before you took Adam over there knowing you had a one o'clock appointment to be at the gym?

A. Why wouldn't I/ Well. Gram is always available.. we've done it before.. just gone by and she might be hanging around the house. I didn't want her to stop what she was doing just for me..I knew she wouldn't tell me that..I thought it to be a casual thing; if she wasn't doing anything ..Fine.. if she was, then I would just take him.

Q. Where did the grandmother live at that time?

A. In Dania on S.W. 5th St., 246 S.W. 5th St.

Q. I took an interview myself and Jack Hoffman, back on Aug. 18, 1981..some of the questions I am going to ask you I may have to give you some of the answers back that you gave to us.. How long a time passed before you realized that Adam was gone? In the store.

A. Five minutes.. five to seven minutes.

Q. Would you say that Adam was the type of boy when if you asked him to do something or stay in a location, that he would stay there?

A. Definitely, if he would leave me at all..

Q. You indicated to me that ..in that interview .. that when you walked in the store that Adam stopped at the games and you went on to the Lamp department and that Adam just wouldn't take off from a place like that.. he'd wait for about 10 minutes.. would he get fidgety if he had to wait more than 10 minutes?

A. I never gone.. I left him in the toy department a couple of times because he loved to do it.. and when I returned, he was never ready to leave.. he would always be interested in more.

Q. The times are very important-- we have information that we haven't given anybody and that information is very vital to us so the times are very important to us. what time did you actually arrive in the Sears store?

A. I didn't have my watch on but the best I can figure it would have been 12:15 or 12:20 ..

Q. You indicated to me in the interview I had with you while this was all fresh in your mind that you left home shortly after 11 AM and went right over to St Marks.

A. Eleven?

Q. Yes, 11:00 .. I am concerned that the time is critical to us..

A. I was mistaken.

Q. The people over at St Marks that we interviewed over there. Mrs Wing and the Vicar..they indicated it was sometime after 11.. or in that area.

...s after eleven.

...ize that sometimes it gets to the point of semantics..what you're right?

...ere going to drop ADAM off at Grams//and she lives in Dania, going to go to St Marks and Sears.. and to the gym.. wouldn't it to go to Dania first and then over to St Marks and to Sears and because Gram lives right next to Stirling Rd.. and 441 is where and 441? North of Stirling?

...lives in Dania. You're talking about a 5 or 6 mile ride..from to 441.. go to her house and over to Stirling Rd and west to 441. make any purchases while you were there. but I didn't.

...they didn't have the lamp I wanted.

...Adam wearing that morning you dressed him.

Q. Have you in the past ever allowed Adam to stay in the toy department in Sears unattended by yourself?

A. Just for a few minutes like that time.. never as a babysitting service.

Q. How disciplined was Adam? If you left him in a store for a short period of time.

A. Would you repeat that?

Q. I mean, bringing Adam up you taught him certain things.. about strangers etc.. should anything ever occur what to do under certain circumstances.. will you expand on that?

A. As educated as I am now about that, that's for sure.. what he knew was that he was to stay there till I came back. That Mommy would never leave him anywhere and that if he left looking for me, I might come back looking for him and we would miss each other.. and he knew to always stay there.. as far as strangers, he knew, don't go in strangers cars.. take candy.. stuff..

Q. Was he a friendly child..if someone came up to him and spoke to him, would he speak to them?

A. He was pretty trusting.. yes, he would.

Q. This person we have been dealing with in this case, has indicated to us that Adam appeared to be looking around the parking lot..looking up and down the parking lot and he went over and talked to him..he said the boy looked like he was looking around, trying to find something or somebody..and that they were talking for about 15 minutes outside..

A. And nobody saw this?

Q. That's right. 15 minutes at least outside

A. And no witnesses have come forward to tell us anything.

Q. It isn't uncommon for one reason..because the time of the contact was so low-keyed..it wouldn't draw attention. 15 minutes to be standing there talking with somebody..

A. If that was the case I could have gone outside and found Adam..

Q. That would have meant that he would have had to walk outside immediately from the games..as opposed to staying with the games at all. Immediately..

A. I know that

Q. That is something that would be totally not in his attitude of responsibility and how he felt about himself..you indicate Adam would have stayed where he was asked to stay and wait for you because as you said, one would miss the other.

A. uh huh

Q. This is the information we have, that he apparently went right outside.

A. From what I believe, he was told to go outside. By the security guard. I believe that he would go..

Q. Yes, as an authority symbol, yes I believe that...that..it could happen. But knowing you were in the store..still.. would he be in a conversation with an adult

A. I don't think he had any conversation; I think he just listened and did what he was told to do.

Q. And he wouldn't have been looking for you.. to say, My mommy is in the store

A. I don't think he'd speak up..no.

I would think that he was taken by it, so shocked that he even had to leave that he would ..

Q. Since that time do you recall what time that incident was over at the video games .. when the security guard told these boys to leave Sears?

A. I don't know what time it was.. it must have been around 12:20.. I guess we're not going to find that out evidently.. somewhere.. if I knew exactly what time I went in I could tell you but I don't know exactly the time I went in.. so it's somewhere between 12:20 and 12:30

Q. Is it possible that you may have gone into Sears sometime around 11 and 11:30? And be confused about 12 and 12:30?

A. At this point anything's possible

Q. Only you would know.

A. It could be possible

Q. Well, reflecting back on the things you did that morning..

A. There was nothing special about that morning.. I didn't have my watch on and I didn't have anything that was a real heavy appointment so I can't relate it to any time.

Q. Did you feel kind of pushed for time for the activity that you were involved in that morning..

A. Yes, because when she said it was ten to one.. I had just got there and did my- ran after Adam and just looked in the Mall real quick and came back, I didn't think it was that late.. these things were happening so fast.. time.. I could be off on the time.

nety minutes?

no and I certainly wouldn't leave him there and leave the store. bring a point up.. when I talked to you before Reve you said the didn't make your purchase was that the sales person you wanted to gone from the department and you left a note withthe woman.. ft my name and phone number.. it wasn't really a note ...How long to walk 75 feet and look for a lamp and talk to a person for a tes..and write your phone number down, give it to her and walk g does that take? It doesn't take long. re saying is right..it isn't long at all. Has Adam ever walked re to try and find you? n't a street child.. ave been taken by a person who was ruddy and dirty looking? t I can't understand. t we're asking you .. is over myself and I thought..if he wasput out of the store, #1 like me being turned around and all of a sudden to be on the t know what the heck was going on.. I thought this over in my ught, if a Martian came up to me and said they were going to 'd go because I didn't know what was going on to begin with.. e was completely disoriented at this time..being outside of 't know..he needed help. ed in an earlier interview that you had gone with him to Sears he was familiar with that Mall.. he wouldn't be disoriented..

if he was put out of the store.

A. No, we've only gone.. well, we'd go in Sears in that same door all the time and Baskin Robbins would be right next door..but he didn't know the stores in the Mall..he was too scared, he'd never do that.

Q. Do you know which door that was that the Security Guard asked the children to go out of?

A. uh, well, getting back to my story, I went back to Sears and I saw the same boy with the hat on and this time he was by the candy counter and I said, Remember the little boy with the hat on.. he said, Yes..I said, Did you see where he went? And he pointed out the exit; the one between the toy department and bicycles and sporting good and everything.. he pointed out there and I said, This boy doesn;t know what I'm talking about..

Q. Are you talking about the west door?

A. uh hum.. I said, Why would Adam go out there...I thought this to myself.. cause you guys you're getting all these leads and you don't know which ones were real and which weren't.. except now that I know a little bit more I can reflect back and see which ones were valid and which weren't.

Q. But he indicated the west door?

A. Yes, the main entrance ..mylawyer was going to go to South America and talk to the little boy but now he's not..so..

Q. What vehicle did you drive that day?

A. 79 gray Checker

Q. Adam was familiar with that vehicle?

A. It was the biggest one in the parking lot; the second one in, you couldn't

miss it. That's why if she would have just said Leave..I would think he would go out there..she personally told me she sent half the boys out one end exit and half the other..specifically so that they wouldn't meet up together and start fighting again

Q. Which exit is the "other"//

A. I wasnt there

Q. When I asked you once before who would have known your activity that morning you told me that John and Jim Campbell knew your activity.

A. Right.. I don't even know how much James knows..I just said that I had some errands to do..I don't remember telling him

Q. We talked to him rather soon after this happened..like maybe 4 days, and that is what he told us happened.

A. I don't think that was the case.

A. I don't remember that today

Q. And the fact that Adam wasn't dressed yet.

A. I can remember being on the floor dressing Adam and James came and was standing at the door asking me that and that is all I can remember about that morning as far as JAMES CAMPBELL is concerned.

A. uh huh

Q. How did you get to meet him?

A. He was a friend of James Campbells' .. he worked in the Sail Boat concession.. You mean, did he ever come to the house? Probably..maybe

Q. Do you know any specific time that DOBBS came to the house?

A. No, but that doesn't mean that he came there.

Q. Were you aware that he was a homosexual?

A. No I wasn't but then again I wouldn't know Dan Travanti was either.

Q. Another thing that came up during our investigation..we interviewed JACKIE WING and the Vicar from St Marks.. I mean .. Wing.. the SEcretary from St Marks.. ok..she told us in her statement that when you came in to pay for the tuition, that it was sometime before noon time,,after 11, and she stated that you came in by yourself..ok.. the Vicar at that time also corroborated Jackis's statement that he could never recall seeing Adam with you that day..this is what puzzles us.

A. This is what puzzles me. How would you like to be me...Adam was there.. I can swear on my life btu that doesn't help me right now...I got out of the car and I saw the Vicar walk along the walk and walk into the office.. I walked into the office and the desk was immediately there because they were doing construction..her desk was right up against the wall on the same side the door was on. When I walked in the door, Adam was to my left and he was barely higher than the desk ..and she says.. Thank you...I gave her the check and walked out and I said, Adam why didn't you say hello to these people? That is what made

me suspicious of the Vicar.. I thought this was also strange.. but you know it doesn't answer the question..

Q. Did you meet anyone else in the Sears Store besides your mother..

A. Chuck and Sue came later..after I called them. Did I meet anybody? I didn't meet anybody. I saw a woman I knew but I didn't talk to her. I don't think I ever told you that but it was nothing.

Q. Who was that?

A. I don't know her name.. she was buying clothes for her daughter and as I was coming up through the store..after I looked through the Mall and came back to the toy department, I saw her there.. she was one of the mothers from St Marks..I can see them but I can't think of the names..

Q. How could you find out the name?

A. Look up Adam's class picture and ask Sue who the person was.

Q. Would you do that for me.

A. Yeh

Q. When did Joe Walsh get involved.

A. He came with John, they were at the office together.. I'd say 2:30..

Q. They came together?

A. I'm not sure if they came together in the same vehicle or if they came one after the other..

Q. How did James Campbell get involved?

A. From what I understand, Joe went to the beach and Jim was windsurfing.. and flagged him in ..he was making a commercial or something like that..doing filming of windsurfing for a commercial. he left everybody there and came with

Joe.

Q. So Joe got back to Sears with John and left to get Jimmy?

A. Yeh, I don't know the times.. if it was immediately or what but when John got there it was like a mental relief.. something good would happen soon I thought.. this isn't real .. this isn't happening to me..

Q. As we said, the individual we are investigating presently, in the Homicide like Det. Hickman said, it is very critical, the time period..ok, now if you are not sure, you're not sure...but I want you to be honest with us.. if it turns out, maybe we'll find out down the road, maybe not..ok, but if it is possible that you left Adam earlier than what you think you did, and you left him for more than 10 minutes, now is the time to tell us.. not down the road.

A. I never left him more than 10 minutes, that's all I know. And as far as me getting my times mixed up, how could it have been ten to one unless that lady's watch was wrong.. why don't you ask her if her watch was wrong?

Maybe it was. I am going by.. maybe I did leave at 11..but like I said, if that was the case.. and it was ten to twelve when it was ten to one..

Q. There were store employees in Sears who indicated that they saw Adam there for a longer period of time.. over an hour.

A. Did they tell you this?

Q. Through another person they told us.

A. I thought maybe the Sears attorneys were just making that up.

Q. No. this was in sworn testimony...

A. They got the wrong child then.

Q. They are pretty sure about it.

A. I'm not pretty sure; I'm positive.

Q. In Jimmy's statement that I got from him, and it is such an emphatic statement..because not only did I get this from him, I gave him a hard time.. very hard time.. and he did not deviate..he said he was at your house about a half hour that morning. I am trying to corroborate what he is telling us and he said you had asked him if he would take Adam to the Beach because Adam liked to go surfing with Jimmy and he declined.. that he was going to do a promotional film for the hotel..the Golden Strand..

A. He never told me that; I never knew anything about that commercial thing

Q. As a matter of fact, the promotional film did not occur on that day.. he declined to do it that day because the seas weren't right..so he did not get involved in the filming

A. These were all things I heard afterwards; I don't know anything about that day

Q. He said he definitely talked to you about it..as far as your going to the store, going to St Marks.. and he said you asked him if he'd babysit for Adam. Not babysit but watch Adam

A. I don't remember saying that but I could see me saying he was going to his grandmothers.. why..would you rather go to the Beach, Adam...something like that ..but as far as babysitting..

Q. Well, not a babysitting function, but

A. I don't remember that but I'm not saying I didn't say it

before..you know how they have the booths set up at the convention..  
John and  
and everybody was with us, everybody in a group and/I got to the  
before the rest and Adam came along and said, he got real mad..  
Why did you leave me? And we said, We didn't leave you..we're right  
at next to you.. but in that one second when he couldn't see us..  
have our hand...so right up to the day before, he was not a bad kid..  
all hindsight, but, was he the type to have run if someone caused

never been in that situation; I don't know what he'd do..I can't

water sports..soccer. He was kind of forced into baseball.  
crazy about baseball?  
think it was his first competitive sport.  
the individual lured Adam into his vehicle, ok, telling him he had  
toys whatever.. got him in the car and Adam realized there were no toys  
do you have any idea how he would have reacted at that time?  
panic or try to talk to this person ?  
I can't even think of it that way because Adam being outside the store  
..like I said about being on the moon, he'd be disoriented..and anyone  
to him or offered him something I am sure he would have gone with.  
I think they'd have to mention candy or toys or whatever.. I believe

Q. How many times was Adam in that store Reve?

A. He lived right there..he never stayed in the toy department all the time but we've probably been there.. how many times do you go to Sears...50 times.. everytime we needed a paint brush..you know Come on Adam.. want to go to the store..whatever.

Q. Once Adam realized he was in trouble with this individual..he was the type of kid who would have demanded that this individual take him back to his mother and father.

A. He wouldn't be forceful ..but more like telling the guy, his mother and father don't know where he is and he'd better get back there.. take me back oh sure, he'd be completely bananas

Q. You indicated he was a smart boy..would Adam be the individual who could tell this suspect who abducted him, I could identify you and I'm going to call the police?

A. Uh huh..I know that's what he told him..

Q. I have no other questions at this time Reve...is there anything you want to add to your statement before it is concluded?

A. No.. I know the guy deserves a trial but from everything I know about my own son..

REF: Adam Walsh murder

Dear Jackie,

Per my telephone conversation this date with Lt. Hailon of the Hollywood Police Department, I am sending you copies of the first report I submitted, along with a report submitted at this time.

On December 5, 1983, Dolores Adell Simmons came to our department, apparently upset that no one had contacted her in reference to the WALSH murder; a report was made to this office by Alvin Simmons on November 3, 1983.

Mrs. Simmons states that Mr. Simmons was wrong on the time period; that the best that she can recall is pre-August 1981. Mrs. Simmons is sure she was Adam Walsh alive five days before the verified murder was in the news/television broadcast.

Mrs. Simmons is very adamant in her position to speak with an Officer from the Hollywood Police Department about the Adam Walsh case.

RE: Adam Walsh murder

Dear Rick,

For our telephone conversation this date I am sending you this summary for any follow-up investigation you may wish to do.

On 11-01-83, Alvin Simmons came to this writer's office stating that he had information in regards to the Adam Walsh murderer.

Simmons states that on approximately 11-01-81, while he and his wife Delores Simmons were at the Time Saver near T & M Truck Stop, South 441 and C15A, a white male and white female were also at the store in custody of a young child who Simmons now believes to have been Adam Walsh.

Simmons and his wife were at the Farm Store two or three days later and saw the man, woman and child. Simmons states the man, woman and child were inside the store. The child came to Mr. Simmons and grabbed his pants leg. The man shouted to the woman, "Get that kid out of here." The man bought three packs of razor blades. The time was approximately 10:00 P.M. or 11:00 P.M..

Simmons further states that the woman briefly talked with Mrs. Simmons. The woman reportedly stated that they had just come from a Hollywood, Florida, shopping center where they took their son away from someone else who had taken him away. Mr. Simmons further states that the woman asked directions to Vero Beach, Florida.

Mr. Simmons gave descriptions of persons and vehicle as follows:

1. white, male, 6'0", 200 lbs., clearcut, nicely dressed
2. white female, 5'4", heavy set, dirty appearance
3. white male, approximately 6 years of age, sandy blonde hair, had some front teeth missing, wearing green pants and striped pull over shirt. (Believes child was sedated.)

Simmons states his wife called either the Hollywood Police Department or the Sheriff's Department approximately 11-09-81.

Witness identifications:

1. Alvin Simmons, W/M, DOB:05-21-41, fruit picker

HOMICIDE  
SHARON MARIE COPP  
CR # 76-16475

The following is a taped interview with OTTIS ELWOOD TOOLE, date of birth 3-5-47, presently an inmate at the Duval County Jail in Jacksonville, Florida. Present during this interview are: Detective Rich Lipich, Pueblo Police Department; Lt. Jerry Murphy, Pueblo Country Sheriff's Office; and Detective Joe Antonio, Pueblo Country Sheriff's Office. Detective Buddy Terry, from the Duval Country Sheriff's Office in Jacksonville, Florida, was also present on occasion during the interview.

This interview began at approx. 8:00 a.m., 11-20-83. The tape begins, however, while the interview is in progress. When the interview began, the tape recorder failed to work due to weak batteries, and the first portion of the interview was not recorded.

Missing from the tape is the advisement of OTTIS TOOLE. Mr. Toole was advised of his constitutional rights using the standard advisement form by Detective Joe Antonio. He indicated a full understanding of his rights and agreed to answer questions pertaining to active homicide investigations in the State of Colorado. He declined to have an attorney present during the interview and at no time requested the presence of counsel. He was fully aware that the interview was to be tape recorded and granted permission for us to do so.

TAPE 1, Side 1 (begins with interview in progress)

Toole: Ya gotcha going now, aint ya?

Lipich: It's about time. Does that bother you? Because I don't have to have it on.

Toole: No, that don't bother me.

Lipich: OK.

Toole: I don't even pay no attention

Lipich: The reason I got that on is just what we're talking about because I don't like to take alot of notes, and I have a hard time remembering. Because you may tell me something and I'll pass it up at the time, but if I hear it again later, you know it'll cause me to think of something that will help you to remember.

Toole: Yeah.

Lipich: OK, this little map I drew you didn't do us a whole lot of good. What I was trying to impress on you was that if you drove through the state, chances are you have been on that one main road.

Toole: Hiway 25.

Lipich: Yeah. I-25. And if you drove from one end of the state to the other on I-25, you'd go through all three of them towns that I mentioned, Pueblo, Colorado Springs, and Denver. You're not going to see alot of mountains in Pueblo, but you'll see them farther north. What I'm trying to do is to get you to remember if you can, if you've ever been there, if you can remember anything about it. One thing I'm curious about is that you said that you had heard the name Pueblo. Do you say that's just from your travels, you seem to remember hearing it?

Toole: Yeah. I try to think if I've ever been there in my mind, you know. You can picture it in your mind after a while if you've been someplace. By the way the landscape is you know. A place you know.

Lipich: About buildings and things like that. Is that, do you remember things like that?

Toole: Well it don't make no different what town I go to, I would stay there going into town and seein how it looks in town. But I get turned around on these freeways gettin back on them motherfuckers. I have drove a hundred miles out of my way and had to get back on the right track, you know.

le 2

ich: Yeah. Ok.

le: That where you from, you from (inaudible).

ich: From Pueblo, yeah.

le: And they from Pueblo.

ich: Yeah. We're all from the same place, we just work for different departments, agencies. But, we just get paid by different people, that's all. We work together quite a bit because things come together. You seem to remember alot about the West Coast.

le: Well, I go West more than I do anywheres.

ich: Do you like California?

le: I like the West Coast better, yeah, I like California and, I like Texas, too. Yeah, I like Texas. But I don't like to be dead out in that hot sun too long, ya know. If I'm out in that sun I get me a hat to go on my head.

ich: Yeah.

le: So it won't cook my brains out, what little of them I got.

ich: You're originally from right here, aren't you?

le: Yeah. But shoot, ah, when I be on them streets, I would, ah, travel back and forth, ya know, all the way to the West Coast two or three times a year, every year. The past couple of years, it's been maybe like a once a year or twice, ya know, so. But when I get out there I stay, ya know, maybe like two weeks, three weeks (inaudible). Yeah, I drive the shit out of a car too.

ch: Yeah.

e: (inaudible). I make sure I got me a CB in the car.

ch: Wherever you'd go, you'd drive?

e: Yeah.

ch: Fly?

e: I drove alots.

ch: Most of the time you drove?

e: Most of the time.

1585

Page 3

Lipich: Now . . .

Toole: But if I wants to get somewheres in a hurry, I would get me a, I'd catch me a jet, ya know.

Lipich: Yeah. These travelling, or the travelling that you're talking about like the times you went to Texas . . .

Toole: I dressed all different ways when I was travelling. I dress in my regular clothes, I would dress up like a woman, ya know, and all that.

Lipich: Yeah.

Antonio: You was in drag?

Toole: Yeah. I'd dress in drag. That was when I started gettin low on money at the time, I'd say well I better get out here and play some of these bars. I gotta find me a sugar daddy that's got some money. And sometimes, I'd catch em sleepin in a motel and I'd just walk out and leave them and I wouldn't even do anything to them, ya know. Take their pants and that's all they got. They don't even got no pants to put on. I done got their pants, their keys, their watch, their ring and everything. (inaudible) but that old junkie shit, I wouldn't even bother with. I hit one of them one time. I was out on the West Coast. I remember this here. It was in a hotel but I can't, I remember it was more like a Mada, Male Inn, or something like that. And, ah, this guy picked me up in drag and we got so fuckin drunk, and he had a diamond ring and a Longine watch that had diamonds on it, and I ended up taking about 500 dollars off of his ass. I did beat his ass and all, and left him bloody in the room and all but I don't remember if I killed him or not. That was out in Colorado.

Lipich: It was in Colorado?

Toole: Yeah. It was in Colorado.

Antonio: Do you remember where it was?

Toole: It was in a, I try to say it, Mada Inn or something like that, I can't hardly say that word.

Antonio: Ramada Inn?

Toole: Yeah.

Lipich: Ramada Inn? The one that starts with an R?

Toole: Yeah. Ramada Inn.

Lipich: Alot of people call them 'Mada Inns.

Toole: Yeah. I beat him in the head with a fuckin telephone. I

1586

hit him all over the head with a fuckin telephone. I even choked him down with my hands, ya know. Knocked him out, but I didn't look to see if he was dead or not, I just left his fuckin ass in there. I took about 500 dollars in cash off of him.

Lipich: You don't remember what city you were in? You just remember you were in a Ramada Inn?

Toole: It was a, it was out on the West Coast. I don't hardly, see when I do somethin in the city, to a certain extent, ya know, if somebody mentioned a name when I was there I could remember the name in my head, you see, but if I was just driving through by myself, I don't even pay no attention to the names.

Lipich: Now, are you talkin . . . you said that this happened in Colorado.

Toole: Yeah.

Lipich: Right?

Toole: Yeah.

Lipich: Are you referring to Colorado as being on the West Coast? Because you just said, ah . . .

Toole: Yes, I said . . .

Lipich: It happened more on the West Coast.

Toole: I said, the reason I say it's on the West Coast is cause it's out of Florida, you see.

Lipich: Alot of people say that because it's west of the Mississippi.

Toole: That's what I thought.

Lipich: But that's why I wanted to clear that up because to me it's not on the coast. When I think of being on the West Coast I think of California or Oregon.

Toole: I didn't tie him up, I didn't tie him up with nothin, I beat his head around with that fuckin telephone. I was using my hands on his fuckin throat and chokin him to death. I don't remember if I wrapped the telephone cord around his throat or not.

Lipich: But you know definitely that you were in a Ramada Inn?

Toole: Yeah.

Lipich: OK. What was around the Ramada Inn? When you walked out the front door of the Ramada Inn, what did you see?

Toole: Oh, there was a bunch of other buildings all through there.

Lipich: Do you remember what kind? Was there a . . .

Toole: (inaudible). Oh, they weren't high buildings, they was, they were kinda scattered buildings, ya know.

Lipich: Do you remember, for instance, if there was a MacDonald's Restaurant next door, or a pizza parlor, or a, you know, anything like that?

Toole: Oh, I don't pay no attention to all that, but there was a bunch of other buildings, ya know, jammed up around there.

Lipich: Did you just go to this Ramada Inn with this guy?

Toole: Yeah, I was dressed in drag.

Lipich: You were, you went in drag, and you just went there, you didn't stay there for any length of time where you would have went to get something to eat nearby or . . .

Toole: Oh, I was drunk (inaudible). And I said well I got myself a fuckin sucker. I do, I'd go to all these lounges and I'd be settin up there and buy myself a drink and I'd be checkin the men out and all, lookin to try to see what they got, ya know.

Lipich: Does it help you to look at pictures?

Toole: Yeah.

Lipich: I imagine cops have been showing you a lot of pictures.

Toole: Lots of em wouldn't even show me pictures, they's tryin to make me guess on the deals.

Lipich: Well, you know, I want to be, I want to be truthful with ya, I, I gotta have, you know, a certain amount of detail from you. I can't just lay somethin out, and ah, because you're liable to tell me you did it when you didn't just because you've done so many, you know, that it looks like something you may have done, and I don't want...

Toole: I ain't gonna take somethin I ain't done.

Lipich: Well, I, I don't blame you. I don't blame you.

001750

io: You know Ottis is, we, we kinda got into that yesterday and I think he got a little disturbed with me at one point because I had made about the same statement and, he right, and, he ain't gonna take the blame for something he didn't do.

: Cause it ain't no , I ain't no ...

h: I'm glad you feel that way, cause....

: It ain't no sense in me leavin somebody else out there running loose when I done it myself, ya know. I ain't gonna take somebody elses, somebody elses rap, ya know. I'm gonna try to get, uh, detail just as close as I can in my, in my mind on the details, or else if it's a house a car, in a motel room, or, uh, out on the road ya see. But if ya catch somebody out in the road, out in the open ya know, it's mostly gonna be at night if ya kill somebody in the open, it ain't gonna be in broad daylight. If a car was comin by well they could see you.

: OK lets, let's talk about when you would cut somebody up.

When I would cut them up?

: Huh? Let's talk about some of the times that you've cut some people up. Now, ya know, it's hard for you to remember where and all that, so let's just, let's just talk about ya know, things you've done in general. Did you cut men? and women?

(inaudible)

: Just women though?

I cut some men up, but not too many of em, I mostly shoot them bastards.

Yeah.

The reason I call them bastards is they try to give me a hard time.

: when you traveled with Henry, did the two of you work together in cuttin some people up?

Well Henry would mostly do all the cuttin his self and I mostly would stab them, ya know, after they been cut on, after they been cut open, and ah, the titties and the nipples cut off the titties and they been cut straight across the chest, and stabbed in the chest, I would stab them all over too, but, but I wouldn't pay attention to how many times I would stab them, ya know. There's some people, different Detectives say how many times have you stabbed a person and I say well when you're stabbin somebody you don't keep count of how many times you stabbing somebody. I mean I

Page 7

Toole: ain't gonna say one, two, three and like that, ya know.

Lipich: Yeah, you'd just about have to do that.

Toole: Cause you can't, ain't, only way they can really count that how many times a person stabbed somebody is after the person is done dead and they found the person. I can't stand up and tell a person how many times they been stabbed or how many gashes ya made when you was cuttin the head off or cuttin the arms off. You can't, you can't stabilize that in your mind.

Lipich: Was there anything that you particularly liked to do? I mean, did you, ah, ...

Toole: I mostly shootin em and stabbin em.

Lipich: I mean when you went to cutting on a body, did you, ah...

Toole: I would chop, I would chop their fuckin head off, I wouldn't dis, dismain the bodys too much, I mean I have you know cut the arms and their legs and their hands and all that off, but ah, they didn't, I say I probably maybe about a half a dozen like that were done, I couldn't tell you exactly.

Lipich: What would you do with the body parts?

Toole: Scatter them out.

Lipich: Just scatter them out?

Toole: Yeah, take em and throw her and there, I mean, not in one certain place.

Lipich: Would you just lay them out in the open? or....

Toole: No, I would just them and toss them, mostly in the fuckin (inaudible)

Lipich: But, with, with no purpose, I mean you wouldn't purposely ah, leave leave an arm where somebody would find it, or...

Toole: Oh, I wouldn't try to leave it where they'd find it, I was tryin, ah, well I was tryin, when I killed somebody I was tryin too, really I don't know what I was really tryin to do, if I was trying to hide it or not, ya know. I mean when you kill somebody at night you ain't gonna, you don't really know kind of landscape in your in somewhere when you kill somebody at night. With all that layin out there, I say it's (inaudible)...

Lipich: Yeah, but, you just throw it around. You wouldn't bury it, or ah, ...

Toole: I I've buried some of it in different places before.

Lipich: Did you ever put the parts in something to conceal it, so

1590

Page 8

Lipich: that it would be harder to find?

Toole: No, no I wouldn't....you confusin me to a certain extent.

Lipich: Huh?

Toole: I say you confusin me to a certain extent, see you goin through, you're goin through it real fast and it's gonna get confused in my mind.

Antonio: Yeah, I know it's getting confusing for you Ottis. Ottis, didn't you tell us, uh, yesterday, or, maybe I got a little confused with something that you told the other officers that interviewed you in the past, that there has been a time or two that you put parts in garbage bags, in plastic bags, and you put it here and then you just threw it out some, threw other parts out somewhere else.

Toole: Yeah.

Antonio: That's what I thought, you had told us...

Toole: Yeah I did say that, yeah. But I mostly leave em out of the garbage bags cause they would rot quicker, ya know. Garbage bags would mostly (inaudible) I mean when you throw em out in the open, ya know, what I mean in the open ya know you throw it most anywheres, you ain't trying to...when you killing somebody, you ain't really paying attention to what you're doin really to a certain extent. I mean, you try to hide it to a certain extent you know, I must have tried, when I was killin people I mostly, uh, tried to leave em way out in the woods or by the brush or somethin like that. Or not less I would run over them by the road, or shot their ass down by the road, or somethin like that.

Antonio: Okay, but you did tell the other officers, Ottis, very honestly, I'm a little bit confused, that you did, you and Henry did, least that statement's already been made.

Toole: Yeah.

Lipich: I apologize, if I'm, if I get to going to fast, just look at me and say shut the fuck up.

Toole: I ain't gonna do that.

Lipich: And I'll get the message.

Toole: (inaudible) til you started hittin me real fast like, it was blowin my mind.

Lipich: I have a tendency sometimes to do that.

1591

Page 9

Toole: It was joggin my mind and I couldn't, I was gettin off and I couldn't stabilize it in my mind.

Lipich: Yeah.

Antonio: Rich, one of the things that we did learn in workin with Ottis yesterday is

(TAPE 1, Side 2)

Antonio: one of the questions if he, if you rapid fire at him he's got a problem.

Lipich: Yeah.

Toole: See now, (inaudible) I know ten real good. I know ten real good and I know nine real good. And that's on the West Coast and I know all that real good. 'Cause I've been back and forth on that road straight across the country.

Lipich: Yeah.

Toole: And I know all that, them roads pretty good.

Lipich: OK.

Toole: But when I would get into a big city or somethin, I would get on a different highway, but I'd get turned around to a certain extent and then I would have to get, I would have to go to a station or somethin and get them, try to show me a way where I can mark it off and get back on the right track where I was at.

Lipich: Yeah.

Toole: See I was, that's what I would get out of keepin one of the United States guides, you know, with all the cities, you know, so that I could find out where I was at. I don't even know as I still had one when I got locked up or not. I'm not really sure. I did have one, and somebody could've picked it up, ya know, asked me for a map at different times. Sometimes I'd take it and look at it, ya know, and I'd say well I feel like goin on a trip, ya know but I ain't goin right now and put it back up or I'd leave it layin down. I had one but I lost it down at the Greyhound bus station. It had the whole United States in it. It had every city in it, the size of it (inaudible).

Lipich: Yeah. Like an Atlas, like that?

Toole: (inaudible) It would have this whole city, this whole city and that whole city, ya know, and then I would have one that would have the whole United States on it mostly straight across by the way I'd been.

1592

001754

Ottis, there was one case that you made statements to the officer, or you told the officers, that there was one body, and you correct me, I drew the, I got the opinion that you and Henry together, were together and this body was a girl and you took her from some city and about in a kind of a wilderness area or a brushy area or somethin like that, and that you did, either you both had sex with her or you had sex with her or Henry had sex with her, one of the two, I don't, that's a little confusing to me, and that you, that she was real real bloody, and you guys washed her up, and cut her up, and then kind of scattered the parts, but there wasn't any real detail on how you scattered the parts.

That was when we chopped her head off.

Yeah. That sounds like the same incident. That sounds like the same incident.

And that, I knew that was the one that we fileted her body. Cut her body up like a, ya know, cooked different parts and all that. Her pussy was in a bag and throwed up in a tree.

Well, that could be. That could be, I don't know. You'd have to tell me. But I remember that they told me and they have you on tape. Incidentally, you do know these two tape recorders on goin.

Oh yeah, I do.

And we have your permission to do that.

Oh yeah.

But ah, I think you mentioned it yesterday that you took her pussy and threw it up in a tree.

Yeah.

And ah,

Somebody else would (inaudible) on account of they don't taste too hot.

Yeah. I think that's the same incident. And you apparently cleaned her body up because you said it was too bloody.

Yeah.

And there was a stream or lake or something right there close where you could clean her up, and you guys cut her up.

Yeah.

And, and then you took the parts and you put part of her here and you put part of it some place else.

1593

Page 11

Toole: Yeah.

Antonio: Quite a ways away as I recall.

Toole: Yeah, we kinda scattered it out. Yeah, I remember that.

Antonio: And then apparently, you said yesterday that you were in a habit of takin their purses and just throwin them out the window.

Toole: Yeah.

Antonio: Out on the road.

Toole: Yeah. And then the clothes, you leave the clothes somewheres else.

Antonio: Yeah.

Toole: Not leave the clothes there. We done that quite often, too. What it would, what too often where, the clothes was always found somewheres else.

Antonio: Usually or always? (inaudible)

Toole: (inaudible)

Antonio: Let's see, Becky Powell was travelling with you guys when she was real real young?

Toole: Yeah, she was, she was young when she a, I'd say she was maybe a, about 14, 13 or 14 when she run off with Henry somewhere around that.

Antonio: Well, there seems to be documentation that she was somewhere a real young kid when she first started. I'm talkin about real young.

Toole: Yeah, when my, when my mother first passed away we got, I took her and my brother and left town with them.

Lipich: When was that, Ottis?

Toole: That was, my mother, she died back in '81. And we took the two kids and went across to the West Coast with us.

Lipich: OK.

Toole: And different times before, her and Henry went different places. He was tellin Mama about that time. He wanted to go camp out or somethin and he'd be gone maybe three or four days, or somethin like that, ya know. Sometimes I wouldn't even go. I mean she trusted Henry with Becky because Henry was, he act like he was showin the kids lots attention, ya know, I mean he would hang around the kids quite a bit, ya know, and do things with em.

1594

Antonio: I think Rich has got some other things he wants to (inaudible). I knew you didn't know that and see we didn't cover that yesterday.

Lipich: Well, I'm gettin in on the tailend of this.

Antonio: See he talked, what Ottis did yesterday was he told us several things. As a matter of fact, we had, oh probably three or four hours with him yesterday. And during the course of that period of time, he told us several things that could or could not relate to, or may or may not relate to things that he knows that we're here for. And we really didn't go into depth on much of it yesterday. Yesterday we just kind of spent some time gettin to know each other and finding out that Ottis is a pretty good old boy. And Ottis probably thinks we're all right, I don't know.

Lipich: Are we okay, Ottis?

Toole: Yeah.

Antonio: And, and we didn't spend any time lying to each other or bullshittin to each other or testin each other. We kind of got just a learning experience getting to know each other and familiarizing ourselves with each other yesterday. But Ottis made many many statements yesterday.

Lipich: Yeah. Well,

Antonio: And I thought, you know, that you didn't know that and I thought you should be aware of that.

Lipich: Well, I need to catch up on what you guys did yesterday.

Toole: Because I kept kiddin with them yesterday.

Antonio: Yeah, he did. He, he kept goin to the barbequed ribs.

Toole: Yeah. Because we, caysse I had cooked people alive. I would kill them and then, cut their throat and then scatter them with some of their own blood and some of an animal that I killed, ya know, and scatter the blood all over the body (inaudible) and I can't hardly say that word, ya know. Otherwise . . .

Lipich: Which word is it that you're trying to say?

Toole: Otherwise, there'd be so many people, ya know, they would dress in different kind of outfits, ya know, like a devil worships and all this, ya know, (inaudible) you couldn't tell who the person is and you didn't even know if it was your next door neighbor or somebody that lived down the street from you.

Lipich: Yeah.

Toole: They would, dress in all kind of different kind of costumes, ya know. But it was mostly, long gowns or somethin like that we dressed in. And you couldn't tell, you couldn't see the person's face, the person's hair was covered. They would have like horns on their head and all that, and some of them was like a devil and all that. But you dind't never see the person's face, their eyes, or nothin. I mean, you could see their eyes, ya know, but, and their mouth certain extent, but you couldn't never see their face, who the person was.

Lipich: Did you dress like that?

Toole: Yeah, I dressed like that.

Lipich: How often, I mean, did you go to those kind of things alot?

Toole: Oh well, I didn't go to them too often because, shit, they would have them all over the United States, ya know, different parts, ya know. And they would mostly be out in the woody area, way out, ya know. They would have like a, like a pit or somethin, like you could burn the person in, ya know, like they'd lay down on it, ya know, and you cut the person's throat, and it would be like you'd kind of roast the meat, ya know, they would have like a grill thing they would, after they cut a person up, they would run that thing through the person and they would get like new members, they would eat other, different parts of that human, human body.

Lipich: I'm not trying to go too fast for ya, but

Toole: It was mostly ribs and all.

Lipich: I want to make sure that I understand, are you, are you saying that these things were happening and when a group of people were around, not just you and Henry, or not just you by yourself.

Toole: Yeah, it was a group of people.

Lipich: And these were all . . .

Toole: But they wasn't too many kids killed in the deal, it was mostly adults.

Lipich: Mostly adults?

Toole: Mostly adults.

001758

Page 14

Lipich: How do you feel about this kind of devil worshipping thing? Did you join them?

Toole: Yeah. I was a member. It was a, it was a like a organization, ya know. To a certain extent, ya know, but you was a member, ya know. Every now and then, they would you would get a, somebody would mail list in the mail and if you didn't kill that person, ya know, you killed so many other different people, ya know.

Lipich: OK.

Toole: It was, some of them was like a bounty hunters, ya know, like, say like you a bounty hunter and you, this person's wanted in this state, you know, and a, some of them was members of, different people was in that, ya know, that got killed, ya know, cause they dropped out, you see. See once you a member you not gonna drop out. Some of them would, now, I didn't have, some of them would like a cross in the corner between their thumb and the long finger. Like a cross inbetween there. But I didn't have, didn't never get one of them.

Lipich: You didn't ever do that?

Toole: Huh Huh. They said I was too much of a Devil Worship anyhow. Cause I could fit in all of it.

Lipich: Yeah.

Toole: Well, I've been doin this since I was a kid, ya know.

Lipich: Well, I was, that's what I was going to ask. Can you remember about how long you've been

Toole: Well, I been killin since I was about 14 years old.

Lipich: No, I'm talkin about the devil worshipping, going to meetings, and being a member.

Toole: I'd say I got more into that when I was starting to get to about twenty and got more into devilture. I mean I was taken more with it.

Lipich: Yeah. Do you think that this might be part of the reason that you killed people?

Toole: I'd say it is myself. Yeah. I say it is.

Lipich: OK

Toole: It ain't much different then the Ku Klux Klans or somethin. Ku Klux Klans, ya know, they kinda taken things in their own hands too, ya know. But this organization, ya know, they was a, it was a, the name of it was The Hands of Death, ya know. Anybody that got in their hands, ya know, they can take death on a matter.

1597

Lipich: And the name of it was The Hands of Death?

Toole: Yeah. The Hands of Death. And some of them people had, they would like have like a hand, like a hand, on that black silk gown they had on or they would have like hands on the top of their heads, ya know, like you could see the hands on them. And there was, they wore all kind of different robes and masks and all.

Lipich: About how long has it been since you've been in touch with these people before you were arrested?

Toole: I don't get in touch with them, they always get in touch you, you don't get in touch with them.

Lipich: They knew how to get in touch . . . well, when was the last time just approximately before you got arrested that they got in touch with you?

Toole: I had a, different people tell me, well you, you ought to be at so and so place on different dates, ya know. Some of it would be like on a beach, ya know, way out there somewhere. But the biggest majority of them was in a woody area. And a, back when I was a kid, ya know, when I was back about 14, 15 years old, they had one at, they had one right here in Jacksonville they did. I mean they had several since then, ya know, different years, but I can't remember the exact years. There used to be a old cemetery here in Jacksonville, but I don't know if it's still here or not. I mean it's been years since I been out there, ya know. It was out there in (inaudible).

Lipich: Where was that?

Toole: Out in Manford. That's out towards the river, it's a old graveyard out there. I don't know if it's still out there or not.

Lipich: Here in Jacksonville?

Toole: Yeah. Here in Jacksonville.

Lipich: When you think about people that you've killed, Ottis, and you try to, if I ask you to think about a person that you killed and make a picture of that person in your mind to remember what they look like, does the picture in your mind, is it a person when they were alive?

Toole: Yeah, I can focus them back in my mind.

Lipich: Or when how you saw them when they were dead?

Toole: Well, I can focus them back in my mind when they was alive, ya know.

Lipich: Do you think that you would remember the majority of the people that you killed or just a few, or very little, because . . .

Toole: I'd say I can remember quite a bit of them back in my mind.

Lipich: Well, there's been a lot of, you've said a lot of people that you killed were people that you just shot and stuff, and I would imagine that it would be the same way if I'm going down the road and some guy on the street yells something at me and I look over at him, and I don't see him for any longer than that, then you ask me a few months down the road what he looked like I'm not going to be able to tell you.

Toole: I know when you was young, I could tell you somethin about your ownself right now.

Lipich: All right, tell me.

Toole: When you was younger, somebody would yell and cuss you you be walkin down the fuckin street you'd get after their ass, wouldn't you. See I'm readin your mind. I done read your mind. Cause you the kind a person you hot tempered yourself, once you get goin you hot tempered.

Lipich: Yeah, I guess you're right.

Toole: I done read you.

Lipich: But then isn't there a little bit of that in everybody? I mean, there's some people that are really mellow but everybody's got their boiling point.

Toole: My, my personality changes real quick. I can be, I can be mad as hell one minute and the next minute just like it ain't even happened.

Lipich: Yeah.

Toole: That's the way my mind is.

Lipich: A lot of people are like that, I can do that, I've done that before, it's just called being moody.

Toole: I mean it can be, it can, it can be people you know that ah, I done already had to wip their ass, they jumped on my ass and I turned around and forgot about it the next minute later. That's like people that I really want to ah, really get close too all the way you see. Ya see, the reason I say I can fit in all this stuff pretty good, cause shoot, I, I lived with all kinda people you know, poor people, rich

Toole: people, all the way down to the slums ya know. And so I already, even in, with wino's (inaudible) you see. So I done all ready been through all them categories and ah, I know how the taste of it is. If you ain't ever dealt in it you don't really understand it.

Lipich: That's right. That's right. Like you said before, you know, some people have been, they've been served with the silver platter all their life and they never know any different.

Toole: They ain't never got no dirt on their fingernails.

Lipich: Yeah.

Toole: They always had everything handed to them.

Lipich: Okay, do you, I get the impression honestiy, and I really, I really do that, that you want to help us here if you can.

Toole: Yeah I do.

Lipich: I got that impression from Joe and Jerry when I came in this morning and I talked to them and I'm getting the impression from you that you want to help us. So, I want to help you to....

Toole: I'd like to get all these people put to rest (inaudible)

Lipich: Yeah, and I also know....

Toole: And get it cleared up, where their people know what really, what really did happen to them, ya know. That way it won't bother them no more. Some of em, the big majority of em you tell about, that people don't give a shit if they dead or not. Once they dead and in a graveyard they don't never go back and see them anyhow.

Lipich: That's not true in this case though, I'm interested, one of the things I want to talk to you about today....

Toole: I talkin about they, ah, I talking about people when they dead ya know, their own relatives, kin to them. That's what I'm talking about.

Lipich: Oh, yeah. Well, like I say, I do, I do get the impression that you want to help us, okay? And at the same time, I know, because we're just being truthful with each other here, I know that you, you kinda got a kick out of seeing all them Hollywood guys down there diggin up the streets looking for something you knew damn good and well that there never was.

Toole: I knew where it was at all the time.

Lipich: I know, and so I'm just asking you, as a favor....

Toole: You know why, you know why I was fuckin with them don't you? I got down there and they started fuckin with me so I started fuckin with them right back . I was fuckin with them a little bit harder, I was making it hurt.

Lipich: That's ah, that's the name of the game, ya know.

Toole: And I say, well, I done go tell this guy the truth for that kid can go on and get put to rest right.

Lipich: Yeah, Well, you know that's the important thing. There's a lot of people out there that, that ah, are never going to be at rest. You know?

Toole: That's right.

Lipich: And ah, I'll, I'll be completely honest with you, right now what happens in a court room doesn't mean shit to me.

Toole: It don't to me, cause they gonna do what they want to do anyhow.

Lipich: They're going to do what they want to do, what ever is going to happen is going to happen, but that, ya know, that doesn't mean shit to me. That's what I'm after, I'm after....

Toole: See, See myself...

Lipich: ....putting these things to rest.

Toole: ...myself ya know, I ain't trying to go through all this fucking publicity shit you see. I mean, at first ya know, I wouldn't try to go through all this publicity shit cause really, really, ah, it made me feel like ya know, to a certain extent ya know, all this fuckin publicity comin out , I ain't really gonna get no fair trial to start with. See now, since I done ready been, I'm done ready well known now, they done shoot me in the paper and on television and all, if I was, ah, I wouldn't never get a fair trial out of all of it anyhow. Because ah, the jury, the people has done ready read about it so much that they already got it all fucked in their mind ya see.

Lipich: Yeah, I see your point.

Toole: You wont ah, you won't ever get a fair deal out of it. I mean you won't get no fair trial .

Lipich: Tell me, what, what is it that you want out of this? I mean does spending a long time, or possibly the rest of your life in jail, does it bother you?

Toole: Tell you, tell you the truth, tell you the truth since my, since my father died and my mother died, I don't really care what happens to me.

001763

19

h: My mother died in 1981 too. Now and I'm, and I'm serious when I say that I know what your talking about.

: I don't care what happens to me. If I know'd my, know'd my mother could come back alive right now, they could kill me, they could kill me any kinda way, it wouldn't matter.

h: If there was a way to have it done it would be worth it, ya know?

: I mean it don't ah, it don't really bother me you know, and I ain't really ah, I ain't scared to die cause I know I'm gonna have to die one of these day ya know. Just like when I go to sleep at night, I don't what's goin on around me. I could die in my sleep ya know, when you go to sleep at night, you don't know whats goin on around you, you don't know if somebody's in the same room with you, or somebody's around your house or what's goin on.

h: True.

: Well, it's really true.

o: No, it, your absolutely right, you don't know.

I mean you don't know if you are just in a sleep, ya know, you don't know if you dead or not, that's all the same as bein dead. It's just the kinda thing that if you wake up you wake up, if you don't wake up, you still, you still gone ya know.

: Now, the only thing I'm tryin to tell ya is that I want you to help me, and ah, I want you to help all of us. So that...

I'm gonna try my, I'm gonna try my best.

: ...so that like you said, we can, we can put to rest some of this stuff.

I'm gonna try my best.

: And we want to help you remember because we know it's hard. ah, and, and its hard to, trying to figure out a way to do that too, because we're, we're gonna, we want to talk to you about some things that happened a long time ago.

I've been doin this shit, I've been doin it for a long time. You figure that since 14 years old, shit, 22 years.

Yeah, right. So, ya know, things are gonna be hard to remember.

When people ask me how many people I have killed I say ah, I killed over, way over a hundred and twenty five, I just be guessin on about a hundred and twenty five but I say way over a hundred and twenty five, ya know. I mean I can't, I can't just hit my mind into the point, cause I didn't keep no record, I didn't keep no diary or nothin.

1602

Lipich: Yeah.

Toole: I can't pin point it down there to the point.

Antonio: Now Ottis, when you say you killed over 125 people, are you talking about you killed alone 125?

Toole: Yeah.

Antonio: How many did ah, would you estimate that you killed with Henry?

Toole: Well I told Lucas on the telephone, bout, about 50 or 60, he said no I killed more than that.

Antonio: How about with someone else? Besides Henry.

Toole: Well, unless I killed em by myself.

Antonio: What about, didn't you kill them with Jack Smart also?

Toole: That name keeps comin up all the time, all the time.

Antonio: Well, I think your a little nervous about Jack. Are ya?

Toole: It does shake my nerves, I can't figure out who he is dead in my mind. I might know him if I seen him, but the name don't hit my, the name don't hit me ya see. See now, when I first met Lucas I wasn't really sure that Henry's name was really Henry Lucas you see, but it really was, it really is Henry Lucas.

Antonio: Yes, it is.

Toole: I mean I wasn't sure and all when I met him , but I kept tellin my mother all the time, I said, I said they get ah, I mean ah, I told her one time, I said I could (inaudible) but she said no . See Henry was, I was in love with Henry you know, Henry was a gettin on my nerves to a certain extent . Henry could lead me, Henry could lead me to do anything, all he had to do is say it, but Henry could say what he wanted and I would do it (inaudible) just like that, and I, I still do, I still love Henry

Antonio: I know that.

Toole: I do.

Antonio: I know that, we talked about that yesterday. We talked about that particular relationship. Even though you're miles apart that doesn't stop the love. It doesn't stop the relationship.

Toole: I mean if he did kill my neice, you know, that's still, but ah, it still, it still puzzles me to a certain extent about my neice ya know, cause ah, I ain't seen no pictures of her

Page 21

Toole: dead or anything ya know. I seen pictures of him in the paper, rights ups in the paper you know, that I got different people to read to me ya know. I mean I had a whole pile of these clippings in my cell over there and one of them fuckin officers took all that shit out of my cell over there, clippings I had.

Lipich: Oh yeah?

Antonio: Did you tell Buddy about that?

Toole: Yeah, I told him about it. I mean I wanted to save them clippings and ah, now ain't got no fuckin clippings no more.

Antonio: I imagine he's working on it and if he can't get them back to you, you know there's a damn good reason that he can't. I mean you know Buddy well enough that....

Lipich: Yeah, if there was a way, Buddy would...

Antonio: The reason I asked about Jack is, is, didn't Henry tell you to watch out for Jack through all this?

Toole: He told me not come in contact with Jack Smart.

Antonio: Have you ever been in contact with anyone named Jack Smart?

Toole: I could, I don't keep fuckin names too much in my mind.

Antonio: Okay, well I think we're just, leave that alone, ah, I'm sure there's some reasoning there and I don't think I want to pry into your private life that way.

Toole: Well I could have had dealings with him at one time, I don't know. Because shoot, when I traveled around, ah, I tripped with quit a bit people ya know, I mean I don't, they tell me their first names (inaudible) I done forgot about their first names but I can remember the person in my mind, ya know. If they was any good or if they was wore out.

Antonio: Well we got the impression that ah, you know, that, I'll just go ahead and leave it.

Toole: Maybe he was the leader in some of that.

Antonio: Of the cult, or what? I mean, the leader of what?

Toole: The Hands of death. Maybe he's got something to do with it. That's why maybe Henry told me not to come in contact with him. Because he probably wanted to, ah, wanted to fuck me up or somethin.

Lipich: Didn't Henry, ah, was, wasn't Henry into this devil worshiping thing?

Toole: Oh yeah, Henry was in that too, to a certain extent. But

1604

Page 22

Toole: shoot, soon as Henry got out of the hospital ya know, He ah, you know Henry killed his own mother too, ya know.

Lipich: Yeah.

TAPE 2, SIDE 1

Toole: (inaudible)-On a house, he could fix a roof, he could build on a house, he could be a carpenter, he could do wiring work, he could fix television sets, he was, he was pretty smart ya know, he could do all kind of work ya know. And ah, Henry didn't ah, as long as you wanted do go, Henry would go. It wouldn't make a, and Henry would get up way before I do, Henry would be up four, five o'clock in the morning. I mean, when I was working a job Henry would come in a wake me up and ah, and if I didn't feel like drivin Henry would take me to work. Come back and pick me up somewheres. But Henry mostly, He mostly worked for hisself, Henry did. He, he done a lots of junkin ya know, what I mean by junkin, ya know picking up scrap metal, or the things people done throw'd out in the trash and all that stuff. And he got so much junk one time that ya'll couldn't get into my, I couldn't get into the yard or couldn't even get into the damn front door of my house ya know. He would come up with the most shit I ever seen a guy come up with. I mean good stuff too, not real ah, not real cheap junk either ya know, nice furniture or, nice (inaudible) I say he was gettin some of that stuff out of some of these peoples houses he was killin. That's what I would say. Yeah, I was with Henry quite a bit whenever, when he killed different, different people ya know. I would walk off ya know and ah, he would go on and have sex with em and the next minute I'd, I'd be (inaudible) and he's see me out there walking around somewhere and he's say ah, he'd take me down there and show me the body, he's done killed the person ya know. He's done cut the person open and fucked em and all that shit. And I have been right there with him when ah, when he killed a person, cut the throat, cut them open and all that shit. Have sex with em before and after they was dead. (inaudible) and I asked Henry ya know, when I talked to him ah, on long distance, is my mind normal ya know about it, when we take some people, parts of different people on the bed ya know, when they're cut up, and I tell him if my mind was normal and he say ah, I was just ah, other people would think ah, that ah, we was more devil worshipors and ah, we would, we was more like cannibals ya know, we don't classify it like that ya know, (inaudible) in my mind. And different times when I done fires ya know, burn up things ya know, I burned people alive in cars, in trucks and all that shit, burned down and melt doors and all in a house and burn the fuckin person alive in the fuckin house. I done that before too.

1605

001767  
Ottis, you told me yesterday that you really didn't have any one certain way.

Yeah.

And also, that you really didn't have any one certain on how you got hold of these people. You told me that, occasionally you'd just be drivin down the street, see somebody walkin, grab them, pull them there in the car away with you.

That's right.

You told me that you picked them up in bars.

Yeah.

You told me you just picked them up hitchhiking.

Yeah.

You told me that you may just be drivin down the street and see somebody out in their yard, stop, honk the horn, wave at them, and have them just walk up, and just kill them and drive away.

One time, that's it.

Ah, so there was really, but it seems like most of the people . . .

That was just a, that was just a normal thing.

That was a normal thing.

I'd just say that was a normal thing, ya know, because I done it all these years, ya know, until, I done already had it stabalized in my mind, and it's normal to do that. But really, when I was doin all this stuff, I would make quite a bit too (inaudible).

Yeah, we covered that too a little bit yesterday.

They say, different people say they don't know what they're doin when they're drunk but they do. They just make that for an excuse to cover up because of they have to.

When you pulled into a town, did you have more of a tendency of trying to get on an off ramp right in the downtown area as opposed to the outskirts or was there any particular way?

(Inaudible)

1606

Antonio: Did you go on the off ramps, did you just . . .

Toole: I tried, when I'd go somewheres, if I go to a big city or somethin, I try to play it, I try to pay attention to where I gettin off at where I can get back on. And I try to not go too far off from the area where I can't find my way back, ya see. I do get lost pretty easy.

Antonio: How far would too far be?

Toole: I'd say maybe, ah, not over maybe three or four miles.

Antonio: Would you say that you took more people from right close to the highway or a mile or two away?

Toole: I'd say the biggest majority of them mostly by the highway.

Antonio: What does by the highway mean to you?

Toole: That means they, ah, they out there by the road where I would pass them by, ya know, on the freeway, ah, on the main road and stuff. That way I don't get off the track, ya know where I'm goin to.

Antonio: If you went down a ramp, and you went down into the town a ways, did you stay right close, or did you go out a little farther? Usually.

Toole: I say I had gone way on the other side of town, ya know, but I try to keep it, keep up with the main drag that I came off from where I can get back up on it, mostly.

Antonio: So it would be a pretty well marked place where you went off?

Toole: Yeah.

Antonio: Did you, did you prefer the downtown areas more or did you prefer the suburbe area.

Toole: I say the suburb areas, more.

Antonio: Do we to give Ottis a break? Bathroom, stretch your legs? Anything like that?

Toole: Yeah (inaudible).

Antonio: OK, the time is 11:23 p.m., the date is 11-20-83, and we'll break here for a few minutes and let Ottis take a restroom break and stretch his legs a little.

Antonio: OK. The time that we're going to resume here with Ottis Elwood Toole on 11-20-83 is 11:35 a.m.. We took a short break for Ottis to go to the restroom, stretch his legs a little bit. Ah, Ottis....

Toole: (inaudible)

Antonio: That's true. We did advise you of your rights prior to our conversation this morning?

Toole: Yes, that's true.

Antonio: And you've been aware of those rights at all times?

Toole: Yes.

Antonio: OK, and you do understand that anything that you reveal to us in relationship to any crimes, anywhere, in the United States, that anything you say could be used as evidence against you in a trial.

Toole: Yeah.

Antonio: Prosecute you.

Toole: Yes.

Antonio: Up to and including the possibility of the death penalty.

Toole: Yes.

Antonio: You do understand that? OK, do you still understand that you have the right to remain silent?

Toole: Yes, I sure do.

Antonio: Do you still recall that anything you say can and will be used against you in a court of law?

Toole: Yeah.

Antonio: Do you also recall that you have the right to talk to a lawyer and have him present with you while you're being questioned?

Toole: Yeah. I understand that.

Antonio: And you do understand that if you can not afford to hire a lawyer, one will be appointed to represent you before any questioning if you wish?

Toole: Yeah. I understand that.

Antonio: And you could be represented by the public defender?

Toole: Yes, I still understand that.

1608

Page 26

Antonio: And still having these right in mind, do you wish to continue on talking to us?

Toole: Yes.

Antonio: Do you understand that you are waiving your rights?

Toole: Yes.

Antonio: Also do you understand, clearly, that regardless of talking to us, you can decide or elect at any time to stop talking?

Toole: Yes.

Antonio: At that point, we would discontinue this conversation and we would then tell the court that you wanted a public defender and would advise the Duvall County Sheriff's Office, Mr. Buddy Terry, that you have requested an attorney?

Toole: Yes.

Antonio: OK, so you do understand what continuing rights are?

Toole: Yeah, I understand.

Antonio: OK, so it is your desire to continue on with this?

Toole: Yeah.

Antonio: That's fine. And we have Rich Lipich from Pueblo Police Department, Pueblo Colorado Police Department present. We have Jerry Murphy with Pueblo County Sheriff's Office present. And I'm Joe Antonio with Pueblo County Sheriff's Office.

Toole: Yes.

Antonio: OK. You understand that we are law enforcement officers?

Toole: Yes.

Antonio: And that, ah, anything that we here from you may lead us to bring charges against you?

Toole: Yes.

Antonio: Or at least refer them to the district attorney's office for their decision?

Toole: Yes.

1609

001771

Page 27

Antonio: OK. Thank you, Ottis. I think we will continue on, now.

Lipich: Well, I think that we need to get into some specific things.

Toole: Yeah. What are we gonna do?

Lipich: What are we gonna do. Well, we're gonna talk about a case that I come up here with, that's what you've been doing with other agencies, over and over and over again.

Toole: Yeah.

Lipich: And, ah, I'm going to show a little bit of some of the stuff that I brought. A photograph of a girl that was killed in 1976. And I want to, I'm going to ask you if she looks familiar to you, and if you remember having killed her.

Toole: Yeah.

Lipich: And then I'm going to ask you without showing you anything further if you can give me as much detail as possible. Now I know, OK, I want you to understand that I know that what I'm asking is going to be very difficult for you.

Toole: Yeah.

Lipich: But, possibly, if you see the girl's face and you recognize that girl then something will, then all I want you to do is tell me, ya know, anything that should come up.

Toole: Yeah.

Lipich: Ottis, this is a, I'm going to show you two pictures here. And they're both of the same girl.

Toole: Yeah.

Lipich: The reason I'm showing, gonna show them to you both, is because to me, they look different, and it's simply because in one photograph she had her hair fixed up and it was obvious that she fixed herself up to go take this photograph. The other one's a driver's license photo, and it looks like probably her hair wasn't as fixed, fixed as nice, and she may have been busy that day or whatever. But it's both the same girl.

Toole: Hum. (long pause) I can't hit nothin.

Lipich: I'm sorry, I didn't hear you.

Toole: I said I can't hit nothin in my mind.

Lipich: Huh Huh. Ok on the back side of this sheet, Ottis, there's some pictures of the girl. Let me get around here where I can show ya. These are family pictures. That's her, and this is her, and this is her, and this is her, and this is her. These are different periods of time, taken with family and so forth. She looks a little different in each picture. Her hair 's a little different and so forth.

1610

Toole: (long pause) It's no hittin my mind. (long pause)

Lipich: Anything coming to mind at all, Ottis? Now is this a situation where you just can't remember and you can't say positively either way, is that it?

Toole: That's why it, it ain't triggerin off. Ya see, ya got all different pictures of her ya see.

Lipich: Yeah, she's ah, she looks a little different on each one so it's difficult.

Toole: Yeah ever different one, different styles of glasses on. See what I mean, they're different styles.

Lipich: Yeah.

Antonio: Rich, do you know if she was wearing glasses that night?

Lipich: Yes she was. Or at least she left the house....

Antonio: Well, that's what I'm saying...

Lipich: She wasn't ah, she wasn't the I only need my glasses for reading type person, she wore her glasses all the time and when she left the house that evening, she was wearing her glasses. (pause) Okay, Ottis ah, well I, I want to give you time to study that as long as you want.

Toole: I'm froze on it, that's why I'm shakin.

Lipich: Sorry Ottis, I didn't hear what you said.

Toole: I said I was froze on it, that's why I'm shaking.

Lipich: Yeah.

(long pause, several minutes)

Toole: I can't hit on nothin. I keep tryin to picture this picture here in my mind, this top one. The one with the drivers license, I keep tryin to focus that one in my, in my mind.

Lipich: Yeah. Do you think that it would help you Ottis, if you saw some photographs of how, how the body was found?

Toole: Yeah, or the area or somethin like that ya know.

Lipich: Okay, I'll show you a little bit, some photographs of the area .

Toole: I can tell more on that.

Lipich: Of course, we both know that looking at photographs that you take of someplace isn't the same as actually being there. A lot of places look like other places. Let me get into this' book where we've got some, some ah, pictures showing the area. (pause) Starting from here. Now what you're looking at here is ah, a lake and a road and ah, this hill would actually be over here on the side of this road. I'll just let you look through this a little bit here. Some of these are pretty close shots of ah, keyed in on a ...

Toole: It look more like a dump, the way it....

Lipich: ...pretty small area. Your looking at a very small area right there. If you don't mind, I'll move you on a little bit to this part because it has a longer range shot of the area. Again, this is the lake (pause) Does that do anything for you at all? Take your time.

Toole: I am.

Lipich: I know it's hard.  
(long pause)

Toole: You say this was what year? About 76?

Lipich: A-huh, 76.  
(long pause)

Toole: I got my mind on somethin, but I can't quite get it.

Lipich: Well, let's come back to it. Let's come back to it ah, some of these photographs aren't going to help you because they're keyed in on such a small area. There's a...

Toole: and these were taken in the day time too.

Lipich: Yeah, they were taken in the day time.

Antonio: And they are in black'and white and we see in color.  
(long pause)

Toole: See, I'm tryin to picture in my mind if she got a car too is what I'm tryin to picture in my mind. Or was she just snatched.

Lipich: She did own a car Ottis.

Toole: Huh?

Lipich: This girl did own a car. I'll can show you a photograph of the car that she owned.

Toole: That might help a little bit.

Lipich: But to be honest with you ah, I don't know that ah, you know that she was in the car when she was snatched.

Toole: The car could have been lefted there.

Lipich: This is the car that she owned and this is the car that she ah, was driving the night that she disappeared.

Toole: The car was left somewhere, wasn't it.

Lipich: Yeah.

Toole: See, I'm hittin on it now. That's a mercury, that's a mercury (long pause) she was left, that car was left.

Lipich: What was that you said?

Toole: I said that car was left, she was snatched from that car.

Lipich: Are you saying that because that's what you think happened or, or are you starting to remember something?

Toole: No I can see it, it's hittin my mind a little bit.

Lipich: These photo's are just ah, just basically the same photo's that you were looking at, but they were, they're in color.

Toole: I'm gonna look at the other side here.

Lipich: Yeah, there's nothing there.

Toole: There ain't nothin on here that's why I was gonna look at the other side I was gonna see what was on the other side. (pause) She wasn't shot.

Lipich: Why do you say that?

Toole: It's beginning to hit, hittin my mind a little bit, course she looked more like this picture right here.

Lipich: Do remember a girl that looked that picture right there?

Toole: This one. But I can't remember all the details in my fuckin mind ya know, I try to stabilize in my mind .

Lipich: Well, ya know, maybe now would be a good time to stop and say what exactly do you remember? I mean is there any, anything that you do remember? We can piece this thing together as we go along. (pause) for instance, you, you said that the car was left somewhere. Can you remember ah, you know, about where? or what the circumstances where there?

Toole: I try to hit on that too (inaudible) I try to put all that together in my mind. Where the car was exactly left at, you can't, you can't really go by this picture, this picture could have been taken anywhere.

Lipich: Oh yeah

0 0 1 7 7 5

Page 31

Toole: Now I smoked his damn cigarettes. And I will, I'll sit here smokin anybody's cigarettes.

Lipich: Don't worry about it.

Antonio: I have another pack.

Toole: Well, I've still got some. Your's is layin in the ashtray so I picked up yours.

Antonio: That's all right.

Toole: And I still got some. I know in my mind she wasn't shot.

Antonio: You say you know in your mind she was not shot?

Toole: She wasn't shot.

Antonio: (inaudible)

Lipich: (inaudible) It didn't come with the stuff.

Toole: There somethin in my mind, and I try to put my hand on it, how she was killed, but I know she wasn't shot. I know that in my mind.

Lipich: You're startin to remember the photograph of her alive, the driver's license photograph?

Toole: Yeah.

Lipich: Do you feel like that this could have been someone that you .....

Toole: Chopped.

Antonio: OK, you say that this could have been someone that you chopped up?

(Toole: Yeah.

Antonio: You're doin good, Ottis. You're doin fine. I know it's a little difficult for you sometimes. You're doin fine.

Toole: Ya'all given me more time than the rest of them give me. the rest of em was...

Antonio: Well you understand that we have to get as much as we can from you before we can go on. But you do recall this woman now? Is that what you're saying?

Toole: Yeah, I do.

1614

page 32

Antonio: And, you're also saying that this is one that you chopped up?

Toole: Yeah.

Antonio: Do you recall what you done with her, as far as chopping her up, how you chopped her up?

Toole: I cut her up in all different pieces.

Antonio: What did you do, do it with Ottis?

Toole: I must of used a bayonet.

Antonio: A, a bayonet?

Toole: I mean uh, not a bayonet, a machete.

Antonio: A machete?

Toole: A machete, yeah. Cause you can chop anything with a machete.

Antonio: What do you recall doing with this specific girl? How did you chop her up? I know you said in different pieces, can you recall what kind of pieces?

Toole: It's comin to me, hittin my mind.

Antonio: You're doin fine. (pause) excuse me for just a second.

Toole: I chopped her legs up and her arms up, apart. And I'm pretty sure I chopped her feet off, and I ain't dead sure I chopped her head off. I can't get that in my mind. I'm tryin to focus that in my mind.

Lipich: Okay, let's attack it from a different direction, if you don't mind, alright? Let's try this. Does it sound like this is a girl that you killed with Henry, or by yourself?

Toole: It sounds kinda like one I killed with Henry more than I killed by myself, ya know I tryin...

Lipich: Sounds more like one that you killed with Henry?

Toole: Yeah, I try to, I try to sort it out in my mind. But it sounds more like in my mind that ah, that Henry was with me on this one.

Lipich: Okay, Ah, when you walked out Ottis said that ah, in answer to your question, that he recalls that ah, the legs were chopped off, you correct me if I'm wrong okay? The legs were chopped off, the, and the arms were chopped off and he's not sure about the head.

Toole: Yeah, I ain't sure about the head.

Lipich: Ah, he said something about possibly the feet being chopped

1615

Lipich: off. I think he's, you know, having trouble remembering. He thinks ah, it sounds to him like one that he would have done with Henry rather than by himself. Can you remember Ottis where you may have met this girl? What the circumstances were in you and Henry or you, or whatever the case may be ah, what the circumstances were that lead you to killing this particular girl?

Toole: Well Henry picks some of these bitches to a certain extent. Not always though. I kinda fuzzy on that one girl. I try to sort out myself and try to sort Henry out.

Terry: Look here, don't worry about Henry. Just get your thoughts on that. Look here a minute, does the girl look familiar to you?

Toole: Yes, she looked familiar on the, on the drivers license.

Terry: Alright, and what Officer Lipich said, that, you cut her up and everything, is that right?

Toole: Yeah.

Terry: Did you kill the girl?

Toole: I'm pretty sure, I'm real sure that I did. I'm real sure that I did.

Terry: Where did you meet her?

Toole: I got to stable that in my mind, I'm tryin to....

Terry: Just lay the picture down, don't worry about the picture now, just, what did you do with her, after you cut her up?

Toole: I'm real sure that I ah, I don't always put em in garbage bags, but I believe I put her into garbage bags. I'm pretty sure.

Terry: Well, did you cut her head off?

Toole: I'm tryin to get that....

Terry: Well now, talk to me now, look at me and talk to me. You ain't talking to me. Did you cut her arms off? Her legs?

Toole: Yeah, Yeah.

Terry: Alright.

Toole: So that means pretty good that I did chop her head off.

Terry: Well, I don't want to know what it means now, I want you to tell me if you chopped her head off.

Page 34

Toole: I'm pretty sure I did chop her head off.

Terry: Okay.

Toole: There wasn't nothin but a body left.

Terry: And after you cut her up what did you do with her?

Toole: Put all the different parts in garbage bags.

Terry: Where, what did ya cut her up with?

Toole: huh?

Terry: What did ya use to cut her up with?

Toole: Machete.

Terry: Is there any doubt in your mind that this is the girl you killed.

Toole: Yeah.

Terry: Now, I mean, are you sure that that's one that you killed?

Toole: Yeah, it looks dead like her in that, in that picture to where I been tryin to focus her in my, in my mind.

Terry: Where did ya'all (inaudible) did you burn the body or anything?

Toole: No I didn't, I don't think so.

Terry: How'd you kill her?

Toole: Cut her throat.

Terry: Cut her throat first? Did you hit her or anything? Did she give you a tussle or a fight or anything?

Toole: Yes she did to a certain extent, I'll say I banged on her. hit her around.

Terry: Slapped her around? Did ya knock her out? Did you cut her throat, or did you just cut her head off?

Toole: I cut her throat and cut her head off too.

Terry: Where did you hit her with the machete to cut her head off. Did you hit her in the front or the back. (pause) Did you have the machete in both hands? Like that?

1617

Toole: That's the only way, that's the only way you can chop them bodies.

Terry: That's the way you chopped the head off, in both hands?

Toole: Yeah.

Terry: Where did you hit her, in back here? In the back of the neck? or where? Side of the neck? or what. How was she layin on the ground?

Toole: face down, and I kinda turn her head a little bit ya know. when I was, where I can chop more.

Terry: Did you hit her right around the back or around the side or something? Right in that area right there?

Toole: Yeah, yeah.

Terry: But you had her face down.

Toole: Yeah.

Terry: Do you remember where you met her?

Toole: That's somethin else I been, I been tryin to focus in my, in my mind.

Terry: Well, did you meet her at a shopping center somewhere? Or did you run her off the road? or what did you do?

Toole: I trying to put my head, tryin to put my mind into it.

TAPE 2 SIDE 2

Terry: See, I don't, I don't know where you met her. I'm depending on you to tell me now, see.

Toole: It was at night when I met her.

Antonio: Ottis, you said that you remember cutting her legs off, cutting her arms off .

Toole: Yeah.

Antonio: You were'nt sure about her feet.

Toole: Yeah.

Antonio: Now you're sure, or are you sure, about cutting her head off?

Terry: Don't tell them what you think they want to hear, tell them what you know. Okay?

: I don't know exactly if I chopped her head off . I'm pretty sure that I did, cause if I chopped one part off, I, I chopped her all up I would ah, I would chop her head off too.

io: Would you cut her hands off?

: I say I chopped her all different, in different pieces.

io: Well, does that mean you that you cut her hands off or you did not cut her hands off?

: I'll say I did.

io: Ottis, lookin back at this picture, of this, there's two photographs here, one's on the driver's license or a copy of the driver's license and the other one's kind of a portrait picture....

: Yeah.

io: Is there doubt in your mind that that's the same girl that you're talkin about choppin up right now?

: Pretty sure, yeah.

io: You're pretty sure.

: Real sure.

io: Now you're saying you're real sure. Ottis, is that one of the girls that you cut up?

: Yeah.

: You're positive?

: Positive, yeah.

io: Thank you, Buddy. And you said that you did beat on her, also? You cut her throat.

: Yeah. I didn't beat on her too much, a little bit.

io: Where did you beat on her?

: Oh, I slapped her around.

io: Did you use anything besides your hands?

: I ain't real sure on that. I'm trying to focus in my mind just as much as I can.

io: I understand, I understand.

Lipich: I want you to try to focus, Ottis, on a, on how you met this girl and how you came to kill her. We can take one step at a time and let you think about it.

Antonio: Can I clarify something here, Rich?

Lipich: Sure, yeah.

Antonio: Ottis, when Rich says how you met this girl, OK? That may mean how you got ahold of this girl, all right? And whether you met her somewhere socially, or a bar, or you snatched her off the street, or you run off the road .....what we want to know is how you got ahold of this girl. How you got ahold of her.

Toole: Well, I sure can't snatch one out of no store. Not with a bunch of people around. And the biggest majority of women that I have ah, I have killed has been hitchhikin or drivin their car, I forced off of the road, or gotten to stop. I'd say that's about the same thing as here. I forced her to stop.

Antonio: If you forced them to stop, what do you mean forced them to stop?

Toole: I would, I pulled up aside of them and told them to pull over of somethin like that. That's what I mean by forced a person to stop. I don't mean that, ah . . .

Antonio: Well, if that's true and if you did those kind of things, did you leave the keys in the car?

Toole: The majority of the time I took the keys with me. I didn't leave the keys in the car. And sometimes I have left the keys in there, I ain't really sure on the keys deal.

Antonio: Do you remember how long you or you and Henry had the body of this girl before you chopped it up?

Toole: (long pause) I say we got rid of it the same night.

Antonio: Are you sure of that or are you just guessin?

Toole: I ain't guessin, I'm sure of that. (pause) No, I ain't guessin.

Antonio: Did you do anything else with that body? Did you have sexual relationships with that body?

Toole: Oh, I'd say I did, yeah.

Antonio: Do you recall, now that we've talked about it, whether Henry was with you or if he wasn't with you?

Toole: I'm pretty sure Henry wasn't with me.

Lipich: He wasn't with you?

Antonio: Why do you say that, Ottis?

Toole: Well, I try to figure it out if he was or he wasn't. I can't really ..... I try to draw a picture in my mind out the rest of the way. See Henry's got a habit of puttin' people in garbage bags, and I don't. I don't put 'em in garbage bags. I do barely once in awhile but not too much. 'Cause a person they would rotten quicker out in garbage bags than they would in garbage bags. I have, but not too many. But this could be one that I put in it, in a garbage bag. See I tryin to picture that in my mind too.

Antonio: OK. Look here again now. Because you told us earlier all right? That you had, that you put her in garbage bags.

Toole: Yeah, I did.

Antonio: All right, bags.

Toole: Yeah.

Antonio: All right. That means .....

Toole: Scatter her apart, different parts of her.

Antonio: Oh, is that what that mean?

Toole: Yeah.

Antonio: You would put her parts in different places?

Toole: Yeah. Coulda been right there in the same area, close by, ya know.

Antonio: OK. But you also said that that was Henry's style more than yours.

Toole: Yeah, that was Henry's style, that was his style.

Antonio: OK. But now you're tellin us that Henry's not with you when this happened, or you don't think he was and yet you're talkin about puttin in garbage bags, but you're alone, and you don't like to do that when you're alone.

Toole: Yeah. That's mostly Henry's style, cuttin them and puttin them in garbage bags. I don't know, I gotta stabilize that in my mind. I ain't tryin to play games with you, I'm tryin to stabilize that in my mind.

Antonio: Ottis, I don't think you're tryin to play games, I think you're trying real hard. I want you to understand that.

Toole: I say she's in garbage bags, Henry woulda had to been with me. 'Cause I don't hardly put them in garbage bags, I have, but ah, I would mostly leave people out in the open. What I mean by open, ya know, like a woody area, or somethin like that, ya know. Ah, like a dumpin them out of the car or somethin like that, ya know. Kill their ass right there and leave it right there. I mean I have hauled people but I don't like haulin them too far.

Lipich: Ottis, would Henry carry around with him garbage bags?

Toole: Yeah.

Lipich: Or would he, after he killed someone, would he then go buy some garbage bags.

Toole: I'd say a little bit of both, sometimes he would, we would have them in the car, and sometimes, he would go buy some. But that's more Henry's style, puttin them in garbage bags. I have put them in garbage bags, but I don't like to take all that time to chop em, choppin them into all different pieces, but I'm pretty sure.

Lipich: Well, you're doin real good, Ottis. Ah, ....

Toole: I mean I'm kinda stunned to a certain extent right now.

Lipich: Yeah. You're doin real good. I just want to tell you the same thing that Buddy told you, don't, try to avoid, because I know you're tryin har' to help us, try to avoid tellin us something just because you think that's what we want to hear. OK? Because....

Toole: See I have, I have done some of that myself, ya know, but not too many. I ain't put too many into garbage bags. I have, but not too many.

Lipich: Well, I think that, at this point,.....

Toole: Well, I don't like to take my time doin all that choppin 'em up, ya know. I might chop their head off, or somethin like that. Its very once in awhile that I, I chop a whole person up 'cause that's a, that's a bloody fuckin mess when you chop 'em all up.

Lipich: Yeah.

0601784  
When you cut a head off, and let's talk about this girl, right here, all right. You said you cut her head off with a machete, is that right?

Yeah.

All right. And you said she was laying down?

Yeah.

Was she on the ground?

Yeah.

OK. And you said you had to turn her head a little bit.

Yeah.

OK. I want you to take right in here on me, or wherever you think you cut her head and just, just put your hand up there like that and just show me right where she was being cut.

I say right in here.

OK. Where would that have come out?

It would have come out way down into here.

Clear down in the jawline?

Right.

Right in there?

Yeah.

OK, so your finger's right there.

Yeah.

All right. So just draw me a line where that would come out.

I'd say about in here.

OK. So it would be right in there like that.

Yeah.

OK. Would you mind if we took a picture showing you how, showing how that was done?

No, I don't care.

OK.

I asked if you wanted it and you said no. (inaudible).

You done taken a picture before you even got it out there.

1623

Page 41

Lipich: Goddamn thing went off, it's got a mind of it's own, ya know.

Toole: Are you gettin that shook up this mornin? Because .....

Antonio: Well, you're talkin about right there.

Toole: Right through there.

Antonio: OK. So that's up kinda high, isn't it?

Toole: Yeah, You couldn't go way up through there you get the skull and you gotta come down, down about the neck line.

Antonio: Okay, let me, I'm going to sit down here and I want you to show, put your finger right back in there, okay, you were here...

Toole: Yeah, you can't chop nobodys head when they're...

Antonio: Alright, you were clear up in here when you touched me the last time, right?

Toole: Yeah, you're gonna have to get down in here..

Antonio: Okay. (photo being taken) Come around this side over here, Rich, I'll have him draw this line where it would, where he would have come out, which was right at my jaw line. Alright, go ahead. Now, she laying on her side a little bit and, or she's laying down flat, and you said that you turned her head, so you didn't actually hit her from behind then, did you?

Toole: Well I did to a certain extent. Well I turned her head to a certain extent.

Antonio: Okay, so where, I, I don't want to put your hand anywhere, I want you to put it where it would come out.

Toole: Yeah, like this.

Antonio: Okay, so it's up high..

(photo being taken)

Antonio: Okay, that's good, that's good Ottis. Thank you for letting us take that picture.

Toole: Let's see how he come out in his picture. You can't even see you.

Antonio: I ain't very pretty anyway.

Toole: Oh, you alright. It's comin out more and more. You take a good picture. It's comin out.

1624

Lipich: Why sure.

Toole: It'll be out in a minute. (inaudible)

Lipich: I took a picture of the floor, that's the first picture I took.

Toole: Huh?

Lipich: That's a good picture of the floor, the first one I took.

Toole: It ain't nothin. Blank dark.

Antonio: Ottis, we want to do that one more time because we've got different camera's here and one's gonna be kind of a, a print film and this is poloroid. Poloroid's have a tendency to change color and stuff over years. Alright? Same thing, roughly, I want you to do, just repeat it again, alright. Now you just...

Murphy: Just hold your hand there Ottis. Okay, just leave it there now. (photo being taken)

Antonio: No flash, Jerry.

Murphy: I don't need a flash. (pause) Okay.

Antonio: And now you got to go from the other side. I'm going to try and lay my head over here. alright?

Murphy: Okay, just hang on a minute Ottis.

Toole: Alright. (photo being taken)

Murphy: Okay.

Toole: You wanta be savin one of those pictures, you'll be famous some day (inaudible, laugh)

Antonio: I'll tell you what partner, I'm as famous as I ever want to be.

Toole: I like you.

Antonio: I like you too Ottis.

Toole: I like all you Detectives better than all them other ones. ya'all ain't pushy like the rest of em.

Antonio: Well, we try not to be. We're just people. You know, just like you

Toole: I mean they always tryin to, try to shove somethin down somebody's throat.

Antonio: Yeah, its....

Murphy: It's raining

Toole: It is?

Murphy: Raining hard out.

Toole: Oh is it? You been out in the rain?

Murphy: I ran out to the car.

Toole: Damn, do you do everything quick? I can't handle all that.

Murphy: You think so?

Toole: Now his hair looks, now his hair looks darker now, you see, his hair color?

Antonio: Yeah, it does.

Toole: That's what I mean, you can't hardly tell if somebody's hair is dark brown, or light brown. See his hair looks dark now.

Antonio: Ottis, when you chop people up, did you ever leave little special marks on them?

Toole: Not really, ah, now Henry has left like a X on them at different times, I could have myself.

Antonio: Henry sometimes left an X on them?

Toole: Yeah.

Antonio: Was there anything else that he left on them, that he kinda liked to do?

Toole: Sometimes they was burnt, right around here, burned spots on them.

Antonio: What would that be from? What would he burn them with?

Toole: Oh, matches, hold them up against the skin and burn like holes and shit on em.

Antonio: Did you do anything like that Ottis?

001788

Page 44

Toole: I'm pretty sure I have at one time, more than one time.

Antonio: Did you ever cut X's in them ?

Toole: I ain't really sure on that, so I ain't gonna say yes and I ain't gonna say no, I ain't really sure.

Antonio: Okay, Where did Henry like to cut X's?

Toole: More towards their legs, or their feet, or take a piece of wood and, ah, put the pieces to make a cross with wood pieces, pieces of wood.

Antonio: Any other parts of the body that he liked to cut X's on?

Toole: Not that I know, that I really paid attention too. He could have, I really, really ain't sure.

Antonio: Okay, what you're describing is if he takes a piece of wood, he marks like that. That's a real definite mark with straight lines and everything.

Toole: No, he would take like a piece of wood and cross it, is what I'm tryin to say.

Lipich: Are you describing Ottis and X, or a cross?

Toole: A cross and a, It's all the same about a cross and a X.

Lipich: Right, but, I'm refering too, is this, ah....

Toole: It could have been more like a cross.

Antonio: Did he always use a piece of wood, or was there times that he done....

Toole: Sometimes he would ah, sometimes he would cut it in the skin. Make an X with a knife in the skin. Well, I call an X the same thing as a cross, see.

Antonio: Right, I understand that, I understand that. Did he do it on more than one part of the body?

Toole: I say sometimes he has, but I hadn't really paid, paid close attention to it. I have done it different times myself. Sometimes it would be different parts of the person, I mean it wouldn't be no one certain place.

Antonio: Did you, ah, did you ever make them, just like lines or did you ever make them real deep.

Toole: Well, some of em went pretty deep, some of em wasn't pretty deep. See the only reason I'm sayin that is cause I ain't dead sure if it was deep or shallow, ya know.

1627

Page 45

Lipich: If you were to cut that mark on a person, how would you do it?

Toole: Kinda like this.

Lipich: Do you recall actually making those cuts on a person that you've killed? Or that you an Henry killed?

Toole: Yeah.

Antonio: You're saying yes?

Toole: Yes.

Lipich: Do you recall, yes or no, making those type of cuts on this girl?

Toole: I ain't dead sure on that.

Lipich: Okay, you're not dead sure.

Toole: I ain't dead sure.

Lipich: Okay.

Toole: Cause it's happened more than, more than once, and ah, you wouldn't be able to...

Lipich: Sure, well, we're back to the same thing, there's so many that it's hard to remember.

Antonio: I need to step out for just a second and check with Buddy on a deal.

Lipich: Okay, that's fine. Do you want to take a break? Do you have to go to the bathroom or anything?

Toole: Oh, I could rest my mind for a minute.

Antonio: Well, why don't we just go ahead and, you okay? You wanna just break for lunch and we'll go out and pick you up something?

Toole: (inaudible)

Antonio: Okay, the time is now ah, 12:40am, 11-20-83, we're going to discontinue and break for lunch.

Lipich: Correction, the time is 12:40pm.

Antonio: I'm sorry, that is a correction, it's 12:40pm. We're going to break for lunch here and we will resume in approx. 35 to 45 minutes.

1628

Toole: (Inaudible)

Antonio: OK, the date is still 11-20-83 and the time is 1:35 p.m., in the Duvall County Sheriff's Dept., Jacksonville, Fla. Present in the room; Rich Lipich, Pueblo PD; Jerry Murphy, Pueblo SO; Joe Antonio, Pueblo SO; and we're interviewing Mr. Ottis Elwood Toole.

Ottis, before we start I would like to ask you, do you still have your rights in mind?

Toole: Oh yeah.

Antonio: Do you remember the Miranda Warning?

Toole: Oh yeah.

Antonio: That's a Supreme Court decision.

Toole: Yeah, I remember that one.

Antonio: OK. And you remember all those things like you can have an attorney present? Is it still your wish to continue on without an attorney?

Toole: Yes.

Antonio: And you still remember that anything you say can and will be used against you in a court of law?

Toole: Yes.

Antonio: OK, so you do recall your rights?

Toole: Yes.

Antonio: At any time have you elected to stop this interview?

Toole: I don't believe so.

Antonio: OK. That's fine. So you do want to continue on?

Toole: Yes.

Antonio: Thank you, Ottis.

Lipich: OK, Ottis, unfortunately, we would like to have a lot of time to spend with you.

Toole: Yeah.

Lipich: We would like to be down here for how ever long it took to talk about everything we want to talk to you about.

Toole: Yes.

Lipich: Ah, fortunately, we're not like some agencies where we brought like 150 cases down or something, but we've got a few, and we're taking quite a bit of time on one, so I'm not going to ask you to rush yourself in your thinking, because I know that everything is hard, but I think I'm going to go ahead and show you some more photos, OK?

Toole: OK

Lipich: And these are photos that are, were taken of the body and the way the body was found. What I'm trying to do, Ottis, is I'm trying to stimulate your memory.

Antonio: Rich, I just wanted to ask Ottis a question. Ottis, I know, we both know, and we all know that you did do some dismembering, that you killed a lot of people. Does it bother you to look at photos of bodies that are cut up, dismembered, sliced up, shot, burned, all those kinds of things?

Toole: No.

Antonio: OK, I just wanted to make sure of that with you. You can look at these things, and ah, can you tell, can you tell by looking at a body, maybe certain things on a body, that are done to it, whether or not you did that?

Toole: Yeah.

Antonio: Or perhaps you and Henry?

Toole: Oh yeah.

Antonio: You can tell?

Toole: Yeah.

Antonio: Is there any things specific that you can tell by if a body was cut up that you done it?

Toole: Yeah.

Antonio: Can you tell me what those things would be that were maybe special or how you would recognize the fact that you done it?

Toole: Well, when I'm choppin up a body I put a lot of strength into the machete where I could chop em, chop em off more, ya know, more deeper.

Antonio: You saying that you put more power behind it, is that what you saying?

Toole: Yes.

001792

Page 48

Antonio: OK. If you were to cut many parts off, how would you do that?

Toole: Well, I has chopped em off, chopped the arms off all the way up to the arm, all the way up to the shoulder blades.

Antonio: OK, you're demonstrating the arm pit.

Toole: Yeah.

Antonio: OK, so clear up in here.

Toole: Yeah.

Antonio: If you were . . .

Toole: And I have just left the whole arm there and chopped it off down here.

Antonio: But you have just left the whole arm there?

Toole: Yeah.

Antonio: All right. How about the hands? Did you have a tendency to cut the hands off or what?

Toole: I have chopped the hands off, or left the whole thing hooked to the arm.

Antonio: OK. If you chopped hands off, I'm gonna put my hands out here in front of you. I'd like to have you show me where you would cut them off.

Toole: Here.

Lipich: Do you mind if I take a photo of this?

Toole: OK

Antonio: OK, what you demonstrated yesterday was a little lower than that.

Toole: Yeah.

Antonio: That's all right. Now wherever you would do that, all right.

Toole: Well, towards the joints when you grab at em.

Antonio: OK.

Toole: More towards the joints.

Antonio: OK. OK, so you're little finger is actually a little below where my wrist would be.

Toole: Yeah.

1631

001793

io: OK. Now would you try and do that, you say you put alot of power into it, how many times did you have to whack at those hands?

: I say not over a couple good times.

io: How about, did you try to do it with one blow, or two blows or ....

: Oh, I have done it with one before.

io: Do you take the fingers off the hands or leave the fingers?

: I always left the fingers.

io: Did you leave the fingers on, is that what you're saying?

: Yeah.

io: Have you ever taken the fingers off?

: Yeah, I have.

io: Talkin about this specific girl, now that you've thought it, and you say, and you have said that you did kill this girl.

: Yeah.

io: And you have said that you did chop her up.

: Yeah.

io: And you have said that you did put her in garbage bags and put her body in different places.

: Yeah.

io: This specific girl, did you cut her hands off? Or leave them on?

: (pause) I say I did chop her hands off.

io: OK. Did you cut her fingers off her hands? Or did you leave them on?

: I ain't dead on that part. I ain't dead sure.

io: And you recall that you couldn't remember whether you cut her feet off or not. Thinking back now, now that some of that stuff is fresh in your mind, or at least, you got a picture kind of in your mind, did you cut her feet off?

Page 50

Toole: (pause) I ain't dead sure on that.

Antonio: OK. I'd like to have you demonstrate, if you would, you can come around again, demonstrate and touch me right where you feel that you cut her arms off if you did, and you say you did, and I'm not real firm on that. Did you say that you cut her arms off?

Toole: Yeah.

Antonio: OK. Show, just touch just right exactly where you would cut them off.

Toole: Right there somewheres.

Antonio: You want to go from underneath?

Toole: Yeah. Go from underneath. (inaudible)

Lipich: Turn this way so ....

Murphy: Ottis, would it be right there at that joint?

Toole: Ah, yeah.

Murphy: Right at the joint?

Toole: Yeah.

(long blank space in tape, malfunction)

Toole: I say I could have, ya know.

Antonio: Okay, but what you're saying then is that you don't recall.

Toole: That's right, I don't recall.

Antonio: Okay, Ottis, this particular girl, can you, by any chance remember what you did with her clothes?

Toole: I could of throw'd her clothes around there somewheres, or could of took her clothes with me, biggest majority of the time I took the clothes with me. And throw it out somewheres else.

Antonio: What would you do, would you, where would you normally throw them out.

Toole: Most anywheres on the side of the road.

Antonio: Okay, do you recall this particular girl, having a purse?

Toole: I say she did.

1633

Page 51

Antonio: Do you remember whether she did or she didn't?

Toole: I ain't sure.

Antonio: Ottis, what's this girls name?

Toole: I don't know what her name is. I don't keep, try to keep track of the peoples names.

Antonio: Okay, you looked at a photograph of her...

Toole: Yeah.

Antonio: Kind of a portrait type thing.

Toole: Yeah.

Antonio: There was another photograph right above her, right above that one, what was that photograph on?

Toole: Drivers license.

Antonio: And you didn't take notice of the name?

Toole: No, I can't read that good.

Antonio: Well, but I've shown you some forms, and you read those pretty good. I'm not saying that your trying you're trying to trick me or anything else, but I think maybe you don't quite give yourself enough credit.

Toole: I didn't pay, I didn't pay no attention to the name that was on the drivers license.

Antonio: OK.

Toole: No, I was tryin to focus, focus her in my mind.

Antonio: Give me a photograph.

Lipich: Do you want an evidence photo?

Antonio: Yeah. Anything. I'm gonna have you, I'm gonna do somethin with you, all right, and I'll explain. I'm not trying to trick you or anything else.

Toole: Yeah, OK.

Antonio: I'm going to show you pictures, there's going to be three pictures on this page.

Toole: Yeah.

Antonio: All right? That's one. Now tell me what you see.

163.1

Page 52

Toole: Oh, that's out towards a side, look like the mountains.

Antonio: OK. Anything else that you see?

Toole: Ah, I say there a road through there.

Antonio: Anything else?

Toole: And it look like trash is kinda scattered through there.

Antonio: OK. Anything else?

Toole: I ain't sure on anything else. I did see the side of a mountain.

Antonio: Is that in the desert, or is that in the mountains?

Toole: (pause) I say more like the mountains to me. That's what I would think.

Antonio: Yesterday when we were talking, you kind of described Colorado as having some mountains, but it was mostly plains.

Toole: Yeah. Flat plains. Yeah, flat plains. (inaudible)

Antonio: Now I'm going to tell you the primary reason that I asked you to do that, is there was a possibility you could have caughten a glimpse ....

Lipich: Caughten?

Antonio: I'm talkin like you, Ottis. I mean you'd think I was Southern. Ah, you may have caught a glimpse of something that it was a little too early for you to see.

Toole: Yeah.

Antonio: Now Ottis, I'm going to ask you, did you see anything that you related to, that you have since told us about, such as body parts?

Toole: I didn't see no body parts.

Antonio: What did you see?

Toole: I seen like a plastic bag kinda get in my mind.

Antonio: Can you, what, you know what we talked about this girl, can you tell me what her hair looked like? Because you haven't seen any color photographs of her. Mostly what color was her hair?

Toole: Brown, light brown.

Antonio: and how did she wear her hair?

1635

1679  
p: When you killed her, how was she wearing her hair?

I say more down.

p: More down than it was in the photograph?

Yeah.

p: Rich, you got that photograph?

(inaudible)

p: It was more down? Kind of...

Yeah.

p: Or, how? (inaudible) but you have to tell me.

I say it was more (inaudible) down like ya know, or brushed more down.

p: More down than it was in that photograph.

Yeah.

p: Can ya, can you kind of give me an idea...

See, this is more down right here, what I'm trying to say ya know, it ain't, it ain't all fluffed up more, this is more down.

p: A-huh, well was it like this then?

Yeah, I say it was more like that.

p: Okay, and you're saying that it was light brown?

Yeah.

p: Okay, did she have her glasses or did she not have her glasses?

I'm pretty sure she had her glasses on.

p: Okay, how tall was she?

Well, she wasn't real tall, maybe bout ah, five five, five six, or whatever.

p: What, what would you you guess her weight at?

I say maybe bout a hundred and, between about a hundred and thirty five, hundred and fifty five.

1636

Antonio: Well that's an awful big girl...

Toole: Well, she was on the skinny side, she wasn't really what you'd call big and fat ya know.

Antonio: More on the skinny side?

Toole: Yeah.

Antonio: Did she have any scars on her?

Toole: Hmm, I don't remember.

Antonio: Okay, but you obviously seen her without her clothes on.

Toole: Yeah.

Antonio: Do you recall any scars on her?

Toole: No, I didn't pay no attention to scars.

Antonio: Do you recall her wearing any jewelry?

Toole: Well, if it was cheap jewelry I wouldn't mess with it, I would leave it on her.

Antonio: A-huh.

Toole: But once I chopped her up, chop her up, I would take it off anyhow, it don't matter what kind of jewelry she's got on. Mostly when they got rings, I take their rings, and if they wearin a chain, I take it.

Antonio: Okay, Now you did say that she was more on the skinny side?

Toole: I say she wasn't fat and she wasn't skinny, Well she could of, she could have used a little bit more weight though.

Lipich: Ottis ah, obviously what we're trying to get after is some little detail, okay? That will help us, and you, you've been great, I mean, you've done, done real well and I admire you for your honesty. Ah, I want you to think really hard about it. There's, there's a million little details that ah, that I could think of, you know, in this case having investigated it for so long, I'm not going to try, ya know, even expect you to, to run it down inch by inch. But there are some things that I would think, okay, I would think that if I ah, had killed this girl, even, even if I had killed as many as you have, as many as you and Henry did together, ah, once I reached the point where I, I

Lipich: actually recalled the girl from her photograph, and remembered the incident, that I would think that I would probably remember. These are the things that I'm going to key on with you. Ah, Number one, you mentioned when you looked at the photograph of the car, that you felt that the car had been left somewhere. Ah, try to remember where. You've already said that you ah, you killed this girl, ah, try to remember where you left her car.

Toole: I'm pretty sure on the side of a road somewheres.

Lipich: Was it in town? or out? In other words, were there buildings, houses, stores, that type of thing around the area where the car was left or was it left out on a county road where there's nothing, more less deserted, in a rural type area?

Toole: I say more by a county road or somethin. I'm just guessin on it, that's what I'm doin. I'll tell you the truth I'm trying to guess at it.

Lipich: Okay that, that answer that you gave me is just a guess. You don't know for sure, that's what you're trying to tell me?

Toole: No not for sure, I just makin, making a guess.

Lipich: Okay, that's fine, that's fine. It's probably best not to make any guesses, if you don't know, don't be afraid to tell me, just tell me that you don't know because that's understandable.

Toole: I won't.

Lipich: Okay, ah, Do you, this question has been asked, ah before and I'm asking it again because maybe something that we've said in the mean, mean time has jogged your memory a little bit. Do you, do you remember what the circumstances were ah, how you, how did we put it before, how you made contact with this girl, how you picked her up, how you got ahold of her?

Toole: Well, I have bumped into their car, and if their havin car trouble and ah, I offer to come and give them a ride or somethin like that, it could have been on, on the same deal as this ya know.

Lipich: Okay, you say you have done something like that before and this could have been something along the same lines but you don't recall exactly with this girl.

Toole: No, not exactly, no.

Lipich: Okay, ah, you've said that you, you hit the girl.

1638

Toole: Yeah.

Lipich: Ah, let's just go back over that, did you, again another question that's been asked, ah, and I'm not tryin to be pushy, I just, I'm hoping that things, you know, things will come out. Did you hit her with something or did you just hit her with your fists?

Toole: Ah, the biggest majority of them, I always would slap them, slap them around ya know.

Lipich: A-huh. Did you slap them around hard enough, I mean when you say slapped them around, did you slap them with your open hand or would you hit them with your fist hard enough so that....

Toole: Well I've done, I've done both, ya know.

Lipich: You've done both. Have you ever hit any of the girls with an object of some type?

Toole: Yeah, I have, yeah. I have hit em in the head with a gun before, ah....

Lipich: Okay, do you remember anything, and if you don't, that's fine, do you remember anything specifically about this girl, whether or not you did strike her or hit her, and whether or not you hit her with something?

Toole: I could have, I ain't dead sure.

Lipich: Okay, you're not sure about that. Okay, ah, now you've said that, It's stopping, you wanna check that plug?.. You said that you remember ah, putting this woman in ah, garbage bags.

Toole: Yeah.

Lipich: Now, is that something that you think happened, or are you pretty sure about that?

Toole: I'm pretty sure about that.

Lipich: Okay, ah, do you remember how many different garbage bags you put her in or did you all, put her all in one, or did you put her in several? And if you can remember specifically how many, tell me, if you can't remember, that's okay.

Toole: I can't remember.

001801

Page 57

Lipich: Okay, we talked a little bit before, ah, Officer Antonio talked to you about how you cut this girl up, and you were very specific, pointing out different areas on his body where you cut her. And I just want to make sure that I understand it correctly. You, you are pretty sure.....

Toole: Yeah.

Lipich: Correct me if I'm wrong. You are pretty sure that you cut her head off?

Toole: Yeah.

Lipich: Her arms off.

Toole: Yeah.

Lipich: What did you say about the hands?

Toole: I have chopped the hands off to the joint, and I have left the hands on different ones.

Lipich: But do you recall on this girl? One way or the other, or at all?

Toole: I'm pretty sure that I did cut it off at the joint.

Lipich: OK. And then you said that you also cut her legs.

Toole: Yeah.

Lipich: Was there anything else that you cut off of her? Earlier earlier you had made mention, I don't whether you said Henry did it or you did it, that you had made mention of cutting the tits off.

Toole: Yeah.

Lipich: Was that the case with this girl or not?

Toole: I can't quite remember. If I did or not.

Lipich: OK. Thinking specifically of this girl that was killed, you said that you would have probably gotten rid of the body the same night or the same day that you killed her.

Toole: Yeah.

Lipich: Do you recall that for sure? Or was that just a guess?

Toole: I'm pretty sure that it was the same night.

Lipich: OK. In any of your, the women, or the men, or the people that you've killed.....

1640

Toole: I don't like haulin them a long distance.

Lipich: Oh yeah. OK. In any of the people that you killed, have you ever kept either the body or parts of the body for a period of, you know, more than just the day that you that you killed them. You know, say for two or three days?

Toole: Nah.

Lipich: You've never done that?

Toole: Nah.

Lipich: OK. Now you have talked about fileting and made mention of grinding one persons one time?

Toole: Yeah.

Lipich: Have you ever done anything like anything to preserve part of a body so that you could do this the following day or two days later.? In other words, the parts of a body that you may have grinded up, did you, did you have them kept someplace in a, in a refrigerator type setting, where it would stay preserved?

Toole: No, I would get rid of them, I would. I wouldn't keep their body.

Lipich: OK. You've never done that with anybody, or any of the people that you've killed?

Toole: No.

Lipich: OK. All right. Is there anything that you can tell me .....Is there anything that you can tell me, Ottis, that you can think of? I've been asking all these questions and I know that that's hard for you. And you've been sitting there thinking about this whole thing. Is there anything you can think of that would help me? You know, like the, like you told me a little while ago that that guy that came in and talked to you from Colorado, and on that killing in Denver where you said something about you shot her through the window or something like that?

Toole: Yeah.

Lipich: You said that you gave him all kinds of details. You just spelled it out, and these officers from Hollywood that came in this morning, you ah, after some careful thinking about it, you provided them with some really good detail on stuff. Is there anything you can, I want you to help me. Is there anything that you can think of? Any little thing at all. It may not even seem important to you, it may ring just the right bell with me. Is there anything that you can think of about this girl that you killed that would be a detail, you know, a thing that I can relate to?

Page 59

Toole: No.

Lipich: OK. So basically what you're saying is that you did kill this girl, ....

Toole: Yeah.

Lipich: But that, this girl was many, or one of many people that you killed and you don't remember, or you remember little, or very little about the details?

Toole: Shit, if I could remember all the details, I'd be a genius.

Lipich: Sure. Sure.

Toole: I ain't trying to be cute or smart.

Lipich: No, and I'm not trying to be pushy. I'm really not.

Toole: And I have fucked them before, I have. I fucked before, before I killed em, and I have fucked em after they was dead.

Lipich: OK.

Antonio: Otis, one thing you might remember, and I think you might remember this. You know, you took this girl, you apparently had her in your car, your truck or something?

Toole: Yeah.

Antonio: Maybe Henry's with you? You took her, you know, you may have fucked her, you may not have. You may have had her give you oral sex or head, or you may not have, but the one thing that you did do is cut her up, right?

Toole: Yeah.

Antonio: Where did you cut her up at? Where were you, what location? Were you in a house, were you in a motel, were you outside, were up a tree, were you, where were you when you chopped this girl up?

Toole: I say outside.

Lipich: Do you remember specifically? Or are you guessin'?

Toole: Just guessin'.

Lipich: I know it's hard for you. I'm gonna give you a little bit of time to collect your thoughts. (pause) We're going to look at some pictures now. You told, ah, told Officer Antonio that these don't bother you, right?

1642

Toole: Huh huh.

Lipich: I'll let you look at both of those together, because, ah, their both the same photo, just a.....(long pause). OK, have you taken a real good look at those?

Toole: Yeah.

Lipich: This is still another angle of the girl's head. For the records, the photo that Ottis is looking at now are two photos, both of the head of this girl. And they're just different angles of the same photo. Is there anything about this photo that you're looking at that looks familiar to you, a certain thing about it that you can relate to, or that you can recall having done specifically?

Toole: Look like she was cut up in the face. (pause)

Lipich: OK, you made the comment that it looks like from the photograph you're looking at that she was cut in the face.

Toole: Yeah, but you can't really tell about that.

Lipich: OK. OK, is the fact that she was cut in the face, or if in fact she was cut in the face, does, does that tell you anything about whether or not.....

Toole: Oh, I have done that before, hittin em, hittin them in the face.

Lipich: OK. I've got a lot of pictures here to show you. Maybe one of them will stimulate you a little bit. This is a photograph of, an evidence photo, of the backside of the torso. Tell me anything that comes to mind while you're looking at that photo. (long pause) Is there anything about that photo that looks familiar to you in terms of the way you killed her? (pause)

Toole: Well, at night you don't pay no attention to a certain extent how you cut, how you cut a person all up. Not less you in a house or something like that. And I wouldn't be in a house cuttin up somebody, if I'm gonna kill somebody, I pretty well do away with them right there.

Lipich: OK. Let me ask you this, Ottis. Did you cut this head off?

Toole: I say I did, yeah.

Lipich: Do you feel very certain of that?

Toole: Yeah.

001805

Page 61

Lipich: OK. And did you in fact, cut this torso the way it appears here in this evidence photo?

Toole: Yeah.

Lipich: Do any of these cuts, and the manner and style, I realize that it's very hard for you to look back, especially at that period of time, and remember exactly how you cut somebody, but do any of these marks on her body recall to you, or bring back something to you that you can remember specifically?

Toole: (pause) Well, when I cuttin up all different, different ways, I don't know, I mean, and leave the rest of them there, I have sliced them up all different parts like that.

Lipich: Now you have said, yes I cut this head off, and yes I cut this torso.....

Toole: Yeah.

Lipich: Why can you say that, how can you say that so positively? Are you, what makes you say?

Toole: Well, the hair, the head's done, the way the head's cut off, I have cut people's head off like that. And so it does it does fit my pattern.

Lipich: OK. I'm not questioning the fact that you did it, I just, I want you to tell me, you know, why you look at the photos and say yes I did that.

Toole: Well I cut, cut the heads off pretty close down, I would never cut them way out mostly. (inaudible)

Lipich: OK.

Antonio: Ottis, yeah, that's what I want, look at me, check me out. Did you cut that girls head off?

Toole: Yeah.

Antonio: Is that the girl's head? That you cut off? For sure?

Toole: Yeah, yeah.

Antonio: Now you tell me why you think you cut it off.

Toole: Because that, that's the pattern of style that I cut peoples heads off.

Antonio: Okay. Show me where you hit her with the machete.

Toole: Like I said, back in there.

1644

Page 62

Antonio: Okay. Was she layin down on her face? Or on her back?

Toole: She was layin on her face

Antonio: Okay, you remember that you told me that you had to turn her head a little bit?

Toole: Yeah, I did.

Antonio: Which way did you turn her head?

Toole: Kinda sideways.

Antonio: Which side?

Toole: On this side.

Antonio: Okay, so you're goin this way? So is this part of the face up?

Toole: Yeah.

Antonio: Now you tell me you did this.

Toole: Yeah.

Antonio: Now, look up here at me now, alright? You tell me you did that, but you tell me that was Henry's style.

Toole: Well, Henry does do it like that, generally he does.

Antonio: Did you do that?

Toole: I have done it like that, yeah.

Antonio: Did you do this one?

Toole: I'm pretty sure I did, I'm real sure of it.

Antonio: Tell me what in there, tells you that you done this one.

Toole: Cause I know in my mind that I done it.

Antonio: No special marks? You did this one?

Toole: Yeah.

Antonio: Why did you open that back up like that? Did you ever open one up like that before?

Toole: Yeah, I have started to cuttin up the back like that, I've cut em up the back before.

Antonio: Why, why are you doin that?

1645

Page 63

Toole: Well, sometimes when I get cuttin, I just get, start cuttin all kinda ways after I get goin.

Antonio: Okay, okay. How about this down here? You remember what you told me the other day?

Toole: Yeah.

Antonio: About that particular area?

Toole: I said I told you I don't like to ah, really fuck somebody in the ass.

Antonio: I know that, I know that, but you did tell me that you cut the ass out sometimes, didn't you?

Toole: Yeah.

Antonio: And do you remember how you described it to me? How you did it? You said sometimes you went right for the piece.

Toole: Yeah, yeah.

Antonio: And other times you butchered it out like a hog.

Toole: Yeah.

Antonio: What is that?

Toole: That's butchered out like a hog.

Antonio: Where's those hands cut off at?

Toole: Towards here, down here, like I said. Towards the joints.

Antonio: What would make you think that you cut those hands off?

Toole: Well, I've chopped them off like that before.

Antonio: But if I was going to take somebody's hands off, which I've never done, I would take them off right at the joint too.

Toole: Yeah.

Antonio: So are you telling me there's nothin special about this, that you know about?

Toole: Yeah.

Antonio: Okay, your not telling me that? Or you are telling me that.

Toole: What's just the way I done it.

Antonio: That's just the way you done it huh. Did you ever make cuts like that before?

1646

Toole: Yeah. (pause) ...and the titties cut off too.

Antonio: Tell me how you described that to me yesterday, how you cut the titties off.

Toole: Sometimes I would cut the nipples off and then cut around, the whole part.

Antonio: Did you always cut the nipples off?

Toole: Not all the time. Sometimes I would ah, it wasn't too often that I would ah, cut them around like that. I'd mostly cut the nipples off.

Antonio: But when you told me that you cut the titties off, what you, remember I had you draw on my chest, where you would cut them and you went clear up around here like this...

Toole: And I said around, yeah, just like this.

Antonio: And what you just demonstrated on yourself, is clear out around, wasn't it?

Toole: Yeah.

Antonio: Now take a look at that.

Toole: That's the same way. Before I even looked at the picture.

Antonio: Okay, when you were doing it to me yesterday, you were clear out around, remember?

Toole: Your right, and that's clear out around, the same way.

Antonio: Is there anything special there that you remember?

Toole: I sure, I sure butchered her!

Antonio: That you did! Do you understand I ain't mad at you?

Toole: Huh?

Antonio: Do you understand I ain't mad at you?

Toole: Cause I told you the truth., didn't lie.

Antonio: That's right. Cause you told me the truth.

Toole: And her pussy was cut out too.

Antonio: What did you tell me you done with that?

Toole: Throw'd it up in a tree on purpose somewheres.

Lipich: Ottis, going back to this picture, you said that you cut the head off with a machete, right?

Toole: Yeah.

Lipich: And the arms, legs, I assume you used a machete also.

Toole: And I have used a butcher knife too.

Lipich: Okay. How did you cut those breasts out? Off of there? With what? Was, was it with the machete, or...

Toole: The machete would be too big. You would have to use the butcher knife.

Lipich: Do you remember specifically using a butcher knife on this girl, on the torso that you see in that photograph?

Toole: Yeah, I'm pretty sure. I'm dead sure.

Lipich: What did you.....

Toole: Cause I kept all kinda stuff like that in the car, butcher knives, machete's, twenty two pistols, twenty five auto-matic, shotgun, I used to keep all that kind a shit in the car.

Lipich: What did you ever do with all that stuff?

Toole: I got rid of all that stuff. Buddy knows all that too, cause I told him.

Lipich: Okay, take a look at some of these photo's, there's ah, they're in color.

Toole: The feet was left on wasn't they. I said sometimes I've left the feet on.

Lipich: Do you remember putting those ah, now that you've looked at these photo's, again, I'm not tryin to push you, I'm just asking you because we, we've gone a little farther and maybe your memory has gotten better. Do you remember putting those body parts in those bags? Let me show you this photo. Do you remember puttin those body parts in those bags?

Toole: I'm pretty sure I used more than one bag.

Lipich: Okay, I....

Toole: That's only one bag there.

Lipich: I, we both know that you probably can't put a whole body in one bag, but what I'm asking is if you, if you can think in your own mind and actually remember, going back to that time even though it was a long time ago, now that you've recalled

001810

...and you said that you did kill this girl, do you, can you recall in your own mind actually taking those body parts and placing them in that bag?

I'm real sure that I did. Dead sure.

Okay, but do you remember specifically doing it, I mean can you think in your own mind, just like you were back there now, and can you remember actually placing the body parts in the bag?

Yeah.

Okay, now I'm going to ask you, and I want you to keep thinking that way, I want you to think as if, as if you are doing it right now,...

Yeah.

Was there anything else besides this girls body that you put in those bags?

Anything else? I don't know exactly.

Okay, think hard about it, think real hard and ah, in doing so, you know, like I say, try to go back to that time and remember actually, ya know, opening the bag, puttin it in, ah, ....

Maybe I was stupid and I put the butcher knife in there.

Well, did you put the butcher knife in there? Or didn't you.

I have, I have misplaced butcher knives sometimes, and tried to find the damn thing and couldn't find it. I could have done it on this one.

Oh, really?

I could have. I ain't really dead sure.

Okay, but you don't, you don't know for sure.

Well, I generally try to keep all that, all that stuff together without losing it.

Do you remember anything else that you put in that bag? Anything at all?

No.

Okay, I want to show you another picture here. Now this is of the bag with the legs and arms are in and you can see in these photographs that there are other things....

1649

Toole: The fuckin clothes are in there. I see that.

Lipich: Also there's this. What is that?

Toole: Look's like a piece of fuckin pipe, don't it?

Lipich: Do ah, do you know what it is? I ah, I know that you can look at the photograph and tell me what it looks like it is, I can do that and Jerry can do that, uh, and ah, Joe Antonio can do that but I'm asking you if you can remember from personal experience what that is.

Toole: Can't remember.

Lipich: Okay. Okay, if I told you that that....

Toole: You probably say it was a pool stick.

Lipich: Huh?

Toole: You probably say it was a pool stick.

Lipich: No, it's not a pool stick.

Toole: Not a pool stick.

Lipich: Okay, I'm going to tell you what it is, and ah, I'm going to ask you if you remember, and remember it being there and if you remember it being there then I want you to tell me how it came to be there. It's a ah, it's the shaft of a golf club.

Toole: The shaft of a golf club.

Lipich: And actually the ah,...Do you ever play golf? Have you ever in your life played golf?

Toole: Yeah, I've played golf before, minature golf.

Lipich: Okay, well then you know how, you know the difference between a putter and a....

Toole: That's what she got busted in her head with wasn't it?

Lipich: I....

Toole: You ain't gonna tell me.

Lipich: Well, to be honest with you, I don't know. Nobody does, except for the person that was there. So I have to ask you that question. I have to ask you that question, was that what she was hit in the head with? And did you hit her in the head with that golf club?

Toole: Well, I told you awhile ago I didn't know what it was.

Lipich: Well I, I understand that and I'm not trying to push you into saying anything that you don't remember, if you don't remember, that's fine. I'm just hoping that as we go along, you remember things. You know, that's what we've been talking about all day, that things hit you and it starts coming back to you. (pause)

Toole: Yeah, I'm pretty sure I hit her in the head with that. I ain't just sayin that cause I seen the picture. It wouldn't be there if I didn't do all that other shit.

Lipich: Where would you, you've said that you've, you rode around with butcher knives, and machetes and guns and pistols and everything in your car.....

Toole: But it's kinda hard for me to place that golf thing.

Lipich: Where would you, where would you get the golf club?

Toole: (inaudible)

Lipich: Did you have something like that in your car?

Toole: Huh.

Lipich: Where would you get something like that? I mean do you remember anything?

Toole: I don't remember. I ain't gonna lie about it, I do know it was mine.

Lipich: OK. You've already seen that there's clothes in that bag and you've made the statement that, ah.....

Toole: Sometimes I throw the clothes away and sometimes I left the clothes right there (inaudible)

Lipich: OK. You've seen these black and white photos and you've seen the clothes kinda laying in a heap there, ah, do you remember in your own mind, do you remember what this girl was wearing when you killed her?

Toole: No.

Lipich: Do you remember colors?

Toole: No.

Lipich: OK.

Toole: I ain't gonna lie about it.

Page 69

Lipich: OK. My next question is, ah, you've said that you remember using a machete to cut her up and you've also said that you remember using a butcher knife to cut the tits.

Toole: Yeah. I said that too, yeah.

Lipich: OK. Did you use, or can you remember using any other type of instrument, weapon, ah, or anything? Did you use anything besides the machete and the butcher knife?

Toole: No.

Lipich: Are you absolutely sure of that?

Toole: No I ain't dead sure.

Lipich: Are you absolutely sure that you killed this girl?

Toole: Yeah. I'm sure.

Lipich: The time right now is 2:40 p.m. and we're still on the 20th of November, Sunday, and I'm going to shut this tape recorder off for just moment and we're all going to take a little bit of break because I think I've been hittin you with questions right and left, and ah, I'm sorry to do that to you.

Toole: I understand.

Lipich: OK. You've been more than cooperative and I appreciate everything. But we are going to take a break now. Ah, 2:40 p.m.

THE REMAINDER OF TAPE 3, SIDE 1 IS BLANK, FOR UNKNOWN REASONS THE REMAINING PART OF THAT INTERVIEW DID NOT RECORD.

(Tape 3, Side 2. The date is now 11-21-83)

Lipich: Ah, I know that that's hard.

Toole: OK, I'll unseparate it in my mind.

Lipich: OK, let's go back to, to some points that you do remember, or that you said yesterday that you remember, because we talked a little bit about the way that you chopped this girl up, OK? Can you tell me again how she was chopped up? And.....

1652

001814

Keep on, after awhile I'm gonna tell you I ain't killed her.

What's that? What's that, Ottis?

You're confusin me to a certain extent. You wanta go back over and back over and back over.

Well I'm, I realize that I'm pushing you a little bit, OK? And ah, I'm not trying to confuse you.

Oh, I remember all the details, I tell you dead in my mind. I chopped her head off, I chopped her arms off, I chopped her hands off, ah, I cut her breasts off with a butcher knife, so where I killed her at, I took the parts to somewheres else to another place and dumped them, got rid of them.

OK. Can you try for me to remember where, or anything about that place, where you dumped the body, or parts of the body?

Side some mountains, like. Down a rocky road, or dirt road or whatever you wanta call it.

Do you remember being there?

If I hadn't been there, I wouldn't ....

The reason I ask.....

I wouldn't a taken the body down there. (pausc)See but I, but I messed up all that other case, they kept going a repeat and a repeatin, and kept gettin turned around on different stories.

I know, Ottis, and I, I'm having a hard time dealin with how I should talk to you, OK? I don't want to make you mad at me. I'm really not trying to do that. I, we sat here for a couple of days now and I think we've gotten along pretty good together, 'don't you? If you don't think so, tell me. Because you know, I think that we've treated you right, and you even said yourself, I don't want you to confuse us with some of the other officers that you've talked to, you've even said yourself, that we've been alot easier to talk to than some....

Ya'll have, yeah.

But I can't lose sight of what the reason is, and what the purpose is for me coming here, and I, ya know, I need to ask you these questions. And the only reason I'm asking you to go over certain parts of it is to help refresh you memory, because I think you're being truthful with me, Ottis, I just think that you're having trouble remembering, and I think that you've done that in other cases.

Toole: You're trying, you're tryin to get ever little detail, is what you're tryin to do. You ain't gonna get ever little detail.

Lipich: No, I'm not trying .....

Toole: You'll get close to it, but you won't get ever little detail.

Lipich: Well, that's all I'm trying to do is get close to it.

Toole: Well, you done gotten real close to it already.

Lipich: Well, I guess you're right, I guess I'm looking for detail. That's, I'm sorry.....

Toole: You, you lookin for all, ever little detail.

Lipich: No, I'm not looking for every little detail, I'm looking for some detail. Ah,

Toole: Well, the way you do it, you looking for ever little detail.

Lipich: OK, tell me how to do it. I'm serious now. You tell me, ah, I won't ask you one question. You just tell me everything that you can tell me about this case and I'll shut up and I won't ask you another question.

Toole: Well, she's all chopped up, you got the body and all, what do you want me to do, you want me to chop myself up and give you a meat tray? I could do that too. (inaudible)

Lipich: What's the matter today, Ottis? (pause) Forget all this for a minute. What's the matter today? Because we seem to get along pretty good yesterday and all of a sudden to day you, you act like you're getting mad because I want to talk to you about this. What's the matter? Did something happen before we came in the room? Did those did the other officers you talked to get you mad or have I gotten you mad?

Toole: No, I already gotten it pictured in my mind, I bout gave you all I can really give you, ya know.

Lipich: I understand that. I understand that. Just do this favor for me, OK. I have never once thought bad about you for anything you've done, or.....

Toole: I don't care if you do or not.

Lipich: I know you don't. I know you don't. But give me the same courtesy. I mean, you know, give me the same thing back. Don't think bad of me for the job that I have to do.

Toole: Fuck ya.

Lipich: I have to do this.

Toole: Yeah, but the way you doin it, you won't let me get all your cases solved. You're lookin for too many details. Dead to the fact. I ain't tryin to play games with ya, I'm tryin to be honest with ya, dead on the nose.

Lipich: Well, that's what I think you're trying to do. And I'm not for a minute saying that you're not being honest with me.

Toole: I ain't not.

Lipich: I have not said that you're not trying to be honest with me. I think you are being honest with me.

Toole: Well, I pictured it in my mind last night, ya know, I said, I had told ya about all I can really tell and dead to the point of it. Dead all the way to it.

Lipich: OK. All right. Let me, ah. Let's get off that for a minute, OK? Let's, that's gettin old, and I'm not going to push you anymore, and, I think you're right.

Toole: Oh, I can keep through it and that's why, it starts changin and changin, ya know. I mean, that's the way, if somebody keep hittin me on the same case, case, on the same case over and over, I start makin it change in my mind the way I want it to change, the way the whole thing be all screwed up.

Lipich: OK. Let's just don't talk about it anymore. If that's what you want to do, that's fine with me, you know, I ain't trying to push it. I got another, a couple of cases and ah, I'll ask you about them.

Toole: Yeah.

Lipich: OK? I think you've been truthful with me all along, I don't have any problem with it so I'm not going, I'm going to go into any heavy questioning or anything like that, I'm just going to tell you about these cases and ask you if you done it, OK? One girl, ah, was shot. And she was shot right here in the center of the chest.

Toole: Yeah.

Lipich: She was shot by a man that was driving a car, drove up in front of her house, she came out of her house...

Toole: Shot her and left.

Lipich: Shot her and left.

Toole: Didn't do shit.

Lipich: I'm sorry. You didn't do that? Is that what you said?

Toole: No what I was tryin to say whoever, the person whoever shot her, they shot her right there and left, they didn't do anything, they just (inaudible). I done shit like that before too.

Lipich: Yeah, I know. We've talked a little bit about some of those that you did and that's why I'm asking you about this girl. Ah, again I'm asking you to think about this, but can you relate any like that you've done with the same area where you killed this, where you chopped this other girl up? Meaning Pueblo, Colorado?

Toole: (pause) I ain't sure.

Lipich: OK. That's fine. That's fine. Let me show you a picture of this girl and see what, see what you think, OK? Have you ever seen that girl before? Does she look familiar to you at all, Ottis?

Toole: Nah.

Lipich: Not at all? There's another picture of her on the other side, just a different shot of her.

Toole: (pause) Nah.

Lipich: OK. Do you remember, I know that you've owned a lot of cars, a lot of different kind of cars. Do you ever remember owning a Mustang? Did you ever own a Mustang?

Toole: Mustang?

Lipich: That was kind of along this style here?

Toole: A Mustang.

Lipich: Yeah. You never owned a car like that?

Toole: I never did own a Mustang.

Lipich: The pictures you're looking at now are how the body of this girl was found, and of course, she was found immediately.

Toole: Nah. Never did own a Mustang.

Lipich: OK.

001818  
Page 74

Toole: I don't like small cars myself, I like big cars.

Lipich: You like big cars?

Toole: Yeah.

Lipich: OK. I believe you. OK? You're doin fine.

Toole: A little car ain't nothin but a impact car. You can get run over quicker. Cracker box.

Lipich: OK.

Toole: That what I call them, cracker boxes. I want somethin what got some room, I want do somethin, (inaudible).

Lipich: All right. Let's forget that one.

Toole: Well, it's just as well to, cause I didn't do that one.

Lipich: Yeah, that's fine. We've also got a case in Pueblo that involves the killing of an older man and he was, he was beat on the head with some kind of a blunt instrument, we don't know what. But he had a lot, it just cracked his skull and he was left at his house, lying in the back yard. At least that's where he was found. Ah, ....

Toole: I can't even get my mind on that. Let me see what you've got.

Lipich: The only photo's I've got....

Toole: see if anything can jar me, she if it'll jar me or if it won't jar me.

Lipich: OK, the only photo's I've got Ottis, are, photo's of his body, I don't have a photo of him when he was alive, and these are a little bit difficult to see what he looked like exactly, but this is how he was left laying in the yard.

Toole: I see, somebody done beated the fuckin hell out of him didn't they.

Lipich: Yeah.

Toole: Is that the back of the house?

Lipich: This is the ah, the back of the house and this is the ah, how the house looks from kinda the front and side.

Toole: huh-huh

Lipich: None of that looks familiar to you?

Toole: Not a bit of it.

1657

Page 75

Lipich: OK. This ah, this man is a little older than some of the people you've talked about killing ah, did you ever, have you ever killed anybody that old?

Toole: I don't even know how old he is.

Lipich: Well, let me...

Toole: I don't pay no attention to the age of people, I just...

Lipich: Let's see, he died in 73 and he was born in 04, that was ten years ago, he was about ah....

Antonio: 59.

Lipich: 59 years old, almost 60 years old.

Toole: Oh, I killed em that age, yeah. I didn't kill this one though.

Lipich: OK.

Antonio: Are you getting tired?

Toole: Oh, I'm alright. I been tryin to get them to move me, I been tryin to get them to put me back in population.

Antonio: That's gonna be hard Ottis. That's gonna be hard.

Toole: (inaudible) it don't make a difference if somebody wants you it don't make a difference if you're locked up by yourself, they gonna get you either way you go.

Lipich: I think that ah, which ever of you that, ya know, wants to go back into some of those things that you touched on yesterday, you can do that.

Antonio: Ottis, Do you remember I ran out of tapes yesterday?

Toole: Yeah.

Antonio: Guess what happened.

Toole: what?

Antonio: You remember when you was tellin us about, that you liked a 22, but you used a 38 on this woman?

Toole: Yeah.

Antonio: Well, I didn't get it on tape. I didn't get any of it.

1658

Antonio: Is it okay with you if we talk about ah, the girl that ah, was in the little mustang, you remember that?

Toole: The one who was shot.

Antonio: Yeah.

Toole: Yeah.

Antonio: What I would like to have you do, if you can remember, kinda run it by me again and then we'll talk about which gun used, and how you remembered, yesterday you recalled how, how you remembered that ya had the, the particular gun that you used.

Toole: Yeah.

Antonio: So can you remember.....

Toole: It looks more like a 38 though.

Antonio: Yeah. Well, no, you told me it was a 38 yesterday. You told me that you liked a 22. Now wait minute, did you use a 38 or did you use the 22?

Toole: I'm confusin myself now.

Antonio: OK, well let's, why don't we just kinda run by that again and see if we can, see if you can recollect. Just kinda tell me from the beginning, again. I know these guys from, from Little Rock just run like eight of em by you.

Toole: Yeah, and they kinda pissed me off.

Antonio: Well, ya know, they don't know you yet. They ain't had a chance to, they ain't had a chance to sit here and talk with you. We did expect, we didn't come in her expecting you to, to ah, clear everything in the world for us, Ottis. You, you're important to us Ottis. That's why we're down here and that's why spending three days with you. Now, you're being tape recorded with your permission.

Toole: Oh yeah.

Antonio: Your being video taped with your permission.

Toole: Oh yeah.

Antonio: Have you ever asked for an attorney?

Toole: No, I don't need one.

Antonio: You always got your rights in mind?

Toole: Oh yeah.

Antonio: You haven't forgotten them?

Toole: No

Antonio: You remember the continuing rights? That at any time that you want to end it, it's over.

Toole: Yeah.

Antonio: OK. Ah, I would really like to get back to that if we can. And I know, that we've already had some confusion.

Toole: You mean start from the details? Or what detail, or....

Antonio: No, just tell me what happened, with her, ya know, and then, you said it yesterday, the only way you can relate it to time is that it was a long time ago. That's all. So I don't expect you get every detail, but gimme what you can. What you can recollect. What hits on ya. What jogs you, just give me what you can. Now we're talking about the girl that you took from the mustang that you shot.

Toole: Yeah, yeah.

Antonio: Alright. Kinda run that by me again if you can.

Toole: I tryin to think what (inaudible) I try to focus back in my mind. (pause) Does it really make a difference on the gun?

Antonio: Not really, but I would like to, have you recollect it if you can, but, why don't we just, if you just want to start from the beginning where you pulled up on her car and you took her out of the car at gun point, you want to start right there?

Toole: Well, a 22's good for close range, a 38 is better for off range.

Antonio: I really don't care about the gun Ottis.

Toole: Well, I was tryin to focus it in my mind.

Antonio: I know. I know.

Toole: (inaudible)

Antonio: Sure.

Toole: (inaudible)

Antonio: No problem.

Toole: (inaudible) I'm tryin to sort out the pieces where I can say, pull em out of my mind right is what I'm tryin to do there. (pause) Well, I don't remember exactly where the car was parked at, but, it was a mustang. It had a light colored to, top and a different colored bottom.

Antonio: Good. There ya go.

Toole: and ah, I pulled a gun on her right there, could have been right in her car, or right aside her car and ah, I tied her hands up, and ah....

Antonio: Do you remember how you tied them?

Toole: Huh?

Antonio: Do you remember how you tied her hands?

Toole: Not exactly, no. But I know I tied her hands up. (pause) I got her all tied up, and got her in the car and ah, I try to jar some of this in my mind.

Antonio: You're doin real good at recollectin now.

Toole: Well, I took her to another area.

Antonio: Ottis, do you remember how long it was? I know, you can't keep track of time....

Toole: Well I say it wasn't ah, too long, long a period, I mean I ain't dead sure on the time. I mean I thought that over last night ya know, I mean I could of taken really, how many miles ya know, and if it was 30 minutes or an hour or it could been even 40. I'm pretty sure that it was (inaudible) but ah, I shot her in the forehead.

Antonio: Why don't you just show me where. Just go ahead and touch on me.

Toole: Somewheres to there. .

Antonio: OK.

Toole: And ah, this side of her temple, over in here.

Antonio: Which one? Which side? Show me, just touch me where you mean.

Toole: Towards her eye like that, towards her eye.

Antonio: OK

001823

(inaudible) but I shot that gun more than, more than a couple a times. I could of hit her again, but I ain't really, really dead sure, I could have shot her in the other temple too.

Q: OK, that's fine.

I'm pretty sure I took her money off of her, if she had any money in her pocket book. And then ah, after all that was over with, I left.

Q: OK. Can I go back and ask you a couple of questions? See, you done good, you done good, you done some good recollectin there, Really. Do you remember, for sure, if she had her pocket book or if she didn't have her pocket book?

I ain't really sure on that. When I, generally when I kill somebody I always end up taken their money and all. And their rings if they any good but if they's junk I don't ah,

Q: You don't mess with em?

I don't mess with em, no.

Q: If it's junk. Can you tell junk from good stuff?

Yeah, I sure can.

Q: OK. That's fine. Do you remember taken the rings, any rings, or necklace or anything from this girl?

I imagine I did.

Q: You imagine? You don't really know though?

Don't really know. I can't really....

Q: If she had good rings, you'd take them?

Yeah.

Q: But if it was junk, you wouldn't?

No.

Q: If she had a good necklace on that was nice....

Like gold or somethin like that, yeah, I'd take it, I would.

Q: You would take that?

Toole: Yeah.

Antonio: But if it was junk, or looked like it was junk, you wouldn't take it?

Toole: No.

Antonio: OK. Do you remember talking to us, and you said you walked her out in a field?

Toole: Yeah, she jerked, she jerked loose from me.

Antonio: Then what happened Ottis?

Toole: Well, she ah, runnin a little bit, but I kinda caught her so I, I was up pretty close range when I shot the shit out of her.

Antonio: Do you remember where you fired the first shot? Where you hit her with the first shot?

Toole: I say in the forehead with the first one.

Antonio: Was you pretty close?

Toole: Yeah.

Antonio: OK. Ya know, its, its hard to remember all this, but you're join fine. Is there anything special that you remember about her?

Toole: Well, she had ah, she had long hair. Kinda long hair.

Antonio: OK. Anything else? I'm gonna get a little closer to ya OK? Cause we're both talkin so soft.

Toole: Are we?

Antonio: Yeah.

Antonio: Maybe we need to lighten up a little bit.

Toole: OK.

Antonio: Alright?

Toole: Alright.

Antonio: Ah, she had long hair?

Toole: Yeah.

Antonio: OK. Anything else special, ya know, about her?

Page 81

Toole: Well it was kinda cool where it was, outside. So she had, had her coat on .

Antonio: What sort of coat?

Toole: Well, I say it was between ah, white and brown, but I ain't really dead sure on the color. Cause it's been so long and everything.

Antonio: OK. OK.

Toole: And she had slacks on.

Antonio: Can you remember the color?

Toole: It was mixed colors or, I say a couple different colors.

Antonio: OK. Are you talking about the slacks are a couple different colors or....

Toole: No, No, the blouse.

Antonio: Oh, the blouse?

Toole: Yeah.

Antonio: Was a couple different colors?

Toole: Yeah.

Antonio: OK. Do you remember any of the colors in it?

Toole: Not exactly, no. And I ain't really sure what color her slacks were, but she had slacks on.

Antonio: OK. What happened when you fired that first shot and you hit her in the forehead.

Toole: She kinda, like it kinda stunned her. You know, when ever I shot her in the temple. But I kept firin, so no tellin how many times I really hit her, but I say two, three times ya know, I could of, could of hit her more, could have hit her less ya know, but I say, I'm real sure on a couple times.

Antonio: OK. Anything else that you feel like I should know?

Toole: No.

Antonio: Nothin. Alright. Let me ask you a question now. You've been through, God only knows, how many murders....

Toole: Yeah.

1664

Page 82

Antonio: God only knows how many Police Officers have talked to you...

Toole: Yeah.

Antonio: And shown you pictures...

Toole: That's right.

Antonio: OK. Have you ever told any of them about one and said that you did it when you didn't do it?

Toole: No. I wouldn't ah, try to take somebody else's case.

Antonio: Why?

Toole: Why? Because ah, somebody out, else could be out there runnin' loose doin' the same thing I'm doin'.

Antonio: What difference would that make to you?

Toole: Because it wouldn't really ah, really put the person, person to rest right and it wouldn't ah, ease the, whoever is kin to the person, it wouldn't ah, ease their mind. So ah, it wouldn't be right for me to take credit for somebody else's killin's. Or if somebody else just killed one person ya know it wouldn't matter. It wouldn't be right.

Antonio: Now let's slide back to that gun, OK?

Toole: Alright.

Antonio: Remember, you talked to us yesterday and you said for the most part, you liked to use the 22?

Toole: Yeah.

Antonio: But in this particular case, you remember recollecting that it was a 38.

Toole: Yeah, I did say that.

Antonio: Do you remember why you remembered it was a 38?

Toole: Well, I have used all three different guns. I have used a, I ain't trying to change the story around...

Antonio: That's OK.

Toole: But, I have killed people with a 25 automatic, a 22 and a 38. But I have mostly used more of a 22 than any of em.

1665

001827

Now, let me try and jog your memory.

Alright.

I don't want to get you confused. Do you remember something about your momma and the 387

Well, I had a 38 back in them days, and ah, she hit the trigger on it and ah, I forgot and I left the safety off of it. But back then I was on more a 38 than I was a 22 or a 25, back then. And that's why I say a 38.

See, you're doin really good. You're doin really good. Now, let's calm down a little bit and take it easy now.

Yeah.

Alright, you're doin real, real good. Now then, I really would like to have you go back to Rich for a minute and see if you can help him out a little bit, talk about the girl that was chopped up, now I don't want you gettin mad.

Alright.

I don't want you gettin upset.

Alright.

Cause you're doin real good, and Rich is tryin real hard and you understand that this is a real important thing to clear out, and, and you want his people (inaudible) I know that, I know that's your reasoning. But that isn't that isn't the object of it. The object of it is to clear the case, alright? And we know that you've never claimed anything that you didn't do, alright?

Yeah. It wouldn't be right.

OK. See if you can help Rich out a little bit.

Alright.

Thanks.

want you to know something Ottis, Okay? Ah, We talked to Buddy for a long time and ah, Buddy told us that, Well, I'll be honest with you, he said that sometimes you, you like to play games, depending on what kinda mood you're in, ya know, like, depending on how people treat you. But he says that you're honest. He says that if you say you did it, you did it and if you say you didn't do it, you didn't do it. And I'm not arguing with that, when you told me that you didn't do these, I put em away and, and that was that.

1666

Toole: Yeah, yeah.

Lipich: Let's face it, the, the point is, ya know, I've come a long way to talk to you and like Joe says you are important to me. Very important to me. Ah, I have to satisfy some people. It's not me that has to be satisfied.

Toole: Well, I think you tryin to satisfy them too much.

Lipich: Yeah, yeah, well, ya know, they're always asking for more than I can give them, but my job is to satisfy them as much as I possibly can and if this is as much as I can send to them....

Toole: You know why, you know why they wantin to be satisfied too much?

Lipich: Why's that?

Toole: Cause they always had a gold spoon in their fuckin mouth.

Lipich: Yeah, some of em, yeah, you're right, and we talked yesterday about people with the gold spoons in their mouth, so I agree with you.

Toole: That's the kind, that's the kind a people that ain't never had no dirt on their fuckin hands before. Ain't never had to really get out and work for what they got. They ah, here it is, you got it.

Lipich: Yeah.

Toole: That's the kind they are. That's why they want too many facts.

Lipich: Some of them are. Some of them are.

Toole: I can read it pretty good.

Lipich: Yeah, I know, I know. But ah, I'm not that way. Tell me if you think, ah, if that's your opinion, you've talked to me for two days, if that's your opinion, tell me.

Toole: Well, that is my opinion to a certain extent.

Lipich: Why do you feel that way?

Toole: Cause, ah, you tryin to ah, you tryin to get every ah, every detail. You cannot remember....

Lipich: I'm tryin to do my job Ottis.

Toole: I know, but you cannot remember every detail.

Lipich: I realize that.

Toole: If I did, if I did I would have, I could go through all this shit, Boom! in no time.

Lipich: I realize that Ottis, I realize that. And I'm not tryin to get every little detail, I'm just tryin to, like Joe said I'm tryin to say something that will help you, jar your memory a little bit, help to lock in on a certain thing, ya know? I know that you, you've killed a lot of people, you've gone to a lot of places. It's almost impossible to remember every little detail.

Toole: I might be dumb in education, but I got a pretty good mind.

Lipich: Hey, let me tell you, dumb is not the way I would describe you.

Toole: See, I can read a little bit, but not a whole lot, ya see.

Lipich: Reading has nothing to do with it.

Toole: And ah, as far as education, I ain't got none, I run clean out one door and out the back door just as hard as I can run.

Lipich: Yeah, I know a lot of educated people that are....

Toole: They more dumber than I am.

Lipich: That's right. That's right.

Toole: Some of em go to college and all that, and they're out there working a garbage truck someplace. Or else shovelin shit. Cause they too stupid really to get out and really do it in their mind. They done paid all that money to go to college and all that, they ain't, they ain't nothin to be shit to start with. They end up bein sorry, wantin somebody to take care of em.

Lipich: Yeah, yeah. Let me ask you, is, let me ask you this, talkin about the case that Joe talked to you about here, I was listenin and ah, I was really impressed, cause you, you seemed to come out with lot of good detail. And for some reason, that, that case seems to come back to you and you remembered the different colors of the car, the fact that she was wearing slacks, where you shot her....

Toole: I said that before he even showed me the car.

Lipich: Yeah, sure. The reason I'm asking about that is because...

1668

Lipich: ....that case happened before this girl was chopped up, and I guess that's why I keep tryin Ottis, to get, to get more and more detail because, because you, you were able to remember certain things about that case that happened even longer, or ah, a longer period of time ah....

Toole: Well well when I do things, when I do things more by myself I can remember the details more. When you with somebody else you ain't payin quite as much attention to all the details ya see?

Lipich: Yeah, I can understand that.

Toole: Because you got two, you got two parties see, and you got, there's two different people and they got two different minds, they don't think the same, they do things different.

Lipich: Yeah.

Toole: Just like if me and you was out here right now see, me and you out here picked up this woman, you might want to fuck her ten minutes and I might want to fuck her two hours. that's the difference.

Lipich: It might be the other way around.

Toole: (laugh) and you maybe want to be one of them quick rabbits.

Lipich: (laugh) Well....

Toole: I know it's on tape what I'm sayin.

Lipich: Nobody's, pays attention to that.

Antonio: Hell Ottis, you said a whole bunch worse than that.

Toole: Yeah, that's life. I can do it all. (laugh)

Lipich: Let me ask you this, just, just about my case, the girl that was chopped up. Would it make any difference to you, and I'm just askin this, would it make any difference to you if you knew that I wasn't interested in prosecuting you at all?

Toole: That really dcn't matter. It's really clearin up the person, so the person know that I really killed the person.

Lipich: Yeah. Yeah, ah, that's why I asked that question, I, I just wondered if....

Toole: And if it goes to trial, I have to be there cause I'm locked up (laugh). If I was on the streets, if ah, I was bein tried for somethin I would go to court because ah, even when I got tickets and all at different times, I was appearing in

0 0 1 8 3 1

Page 87

Toole: court, I didn't try to dodge them.

Lipich: Do you remember different times that you were arrested? For different things, or, or are you a little fuzzy on that?

Toole: Oh, over the years, on the years, yeah.

Lipich: Do you remember ah....

Toole: Cause I been doin ah, bullshit all my life.

Lipich: Yeah, well you know that I, I mean, I haven't told you but, I'm sure that you're smart enough to know that I've looked at different documents and things and done some research on you to try to....

Toole: I can fit all different patterns.

Lipich: Sure, but, I've looked at ah, what they call an FBI Rap sheet, it's just, lists different times that you were arrested and stuff like that, and I saw where ah, in June, the month of June in 1976, you were arrested for lewd and ah, lascivious behavior.

Antonio: Lascivious.

Lipich: Lascivious. That word doesn't come out good. Ah,

Antonio: You know what Lascivious is?

Toole: What does civious mean?

Antonio: (laugh) it's bullshit, don't worry about it.

Lipich: Yeah, that's just, that's just a title they put on it.

Toole: Well ah, I, I been arrest for different times when I ah, when I been enticed by' ah, police officers ya know ah, they be in a, a sex movie house and ah, I would hit up on em, next thing I know they would throw that fuckin badge up in my face. Them was a chicken shit bastards too.

Lipich: Yeah. Do you remember...

Toole: It's them ought to got tried for the shit not me, cause they the ones that enticed me. I went right on in, fell right on in on it and ah, and ah, they put charges on my ass that ought to been the other way around, they ought to been charged. They ah, entice people. Just like when you get out here and lay down on the street with a billfold hangin out of his pocket and ah, you see twenty dollar bills and all that shit. They oughtn't do...

1670

Toole: ....that shit either. Cause them fuckers the ones that ought to get tried, not the person that's snatchin it from em. Because they doin it on ah, they tryin to make a case on somebody.

Lipich: Yeah.

Toole: That's what you call a chicken shit, no good, sorry bastard policeman. That's one that's too ah, scared to really get out and work. Classified.

Lipich: Well yeah, there's some trickery that goes on, and ah...

Toole: I tell em like it is, if they don't like it, fuck em. (inaudible) fuckin ass. And the horse he road in on.

Lipich: Well, what I'm tryin to get after, if you, if I can....

Toole: I ain't mad now, just cause you said that, I ain't mad.

TAPE 4, SIDE 1

Lipich: ....and talk about you being arrested for that, is because I've looked on the reports....

Toole: I got busted (inaudible)

Lipich: Yeah, but I saw that you got arrested in the month June 1980....

Toole: I might hit on it (inaudible) I might remember what I really done. Get the fuckin charge in my mind. I'm pretty sure I got one in my mind too. Maybe I could kill all this shit and do state, I mean federal (laugh).

Antonio: You son of a bitch, I'm gonna tell you, you're different, you are different.

Lipich: Let me, let me talk to you.

Toole: I'd rather do federal than I would state to tell you the truth. I ain't never done state before. Maybe some little old minor shittin charges ya know, like that ya know, but ah, not no big charges.

Lipich: OK. Let me, let me don't get off my track OK?

Toole: OK, I'll stay on the track.

Lipich: OK, try, that's all I'm askin. In June of 1976, you were arrested for Lewd and Lascivious behavior. Again in October of 1976, ....

Toole: Lewd and civious behavior.

Lipich: You were arrested again for the same charge...

Toole: For the same shit.

Lipich: Alright. Both of those arrests...

Toole: The first charge, the first charge really wasn't no good, really. That was ah, false charge they got me on.

Lipich: OK. In one of those charges....

Toole: All I did was touch the guy, goin down the fuckin hall and they was tryin to say I was ah, puttin my hands on him. (inaudible)

Lipich: Yeah, well, let me tell you...

Toole: I remember that.

Lipich: Ottis let me tell you exactly what happened according to the records....

Toole: And the next time...

Lipich: I, I'm not, I'm not even interested in, in why you were arrested, I mean, if you want to tell me...

Toole: Oh, I wanna tell you. The next time, the fuckin Detective, he was sittin in the fuckin booth with his dick out and invitin me in the fuckin booth. So he, that bastard is the one that ought to been charged, not me.

Lipich: Where did that happen?

Ottis: Here in Jacksonville. He had the booth open, settin up on the stool with his dick out, shakin it at me. So that bitch oughten to be locked up, not me. So that's what you call a no good sorry, low down bitch, what's too scared to work. He don't earn his job, he ought to be out here shovlin shit in his ass somewheres.

Lipich: Yeah. OK.

Toole: That's what you call a phoney bastard.

Lipich: OK.

Toole: I'll tell em that too.

Lipich: Alright, let me, let me, talk to me now Ottis, okay?

Toole: Okay.

Lipich: Okay. Ah, exactly what happened according to the records that have been kept, is that when you were arrested in June of 1976, you bonded, or you bailed the next day and you were back out on the street, okay? Then you were suppose to appear....

Ottis: I didn't show up (laugh).

Lipich: And you, Right, right. You didn't show up and then you, you went until October of 1976 before they arrested you, they arrested you on a failure to appear warrant, (clearing throat) excuse me, and....

Ottis: what they did, I was down in the park down town hittin up on a trick and they arrested me, they was gonna take me to detox but they traced down I had a warrant on me. I was drinkin.

Lipich: Well, this is great. Ottis, Ottis, this is exactly what I'm tryin to do. I'm trying to re, I'm tryin to get you to remember that period of time and that's what you're doin. Sounds like you got a hell of a memory for those two arrests. This girl that was chopped up Ottis, was chopped up between those two dates, in other words, you were arrested in June, the girl was chopped up in August of the same year and then you were arrested again in October. So, if you can remember those two dates, does it help you at all to remember anything about this killing? Because it would have been after the first time you were arrested and before the second time you were arrested.

Ottis: Oh, I see what you mean now.

Lipich: You see what I'm gettin at?

Ottis: Yeah, I see what you mean now. What month was I locked up in now?

Lipich: You were arrested in June, 1976, but you didn't stay in jail, you bailed out the next day. And then you arrested again in October because you failed to appear at that court appearance.

Ottis: And that happened between that period of time, right?

Lipich: A-huh.

Antonio: Would you excuse me for a minute?

Toole: I sure will. Bring me back a cup.

Antonio: Okay. I'll get you one.

Toole: I appreciate it.

Lipich: Now, ya know, I'm bringing that up just to help, get you to relate to the exact period of time Ottis, when all this happened. Does it help at all, or am I off base?

Toole: (long pause) You say that happened in between them two times?

Lipich: Yeah.

Toole: That I was arrested, but I was back on the street?

Lipich: Yeah, so that means that some time after the first time you were arrested you had to have left Jacksonville and gone to Colorado.

Ottis: Yeah. Shoot, that is a pretty good piece back.

Lipich: Yeah, it's a long time ago. Long time.

Ottis: You're tryin to get me stabilized where I was at at that time.

Lipich: Well, that's what I'm tryin to do, okay? I'm not tryin to play with your mind or anything, I'm just tryin to help you.

(long pause)

Ottis: 76, you say?

Lipich: Yeah.

Ottis: What kinda car I had in 76? I have to think back in my mind.

Lipich: Think about those dates that you were arrested. After you were arrested the first time in June, what kind of a car did you have when you 'got out of jail and got back out on the street?

Ottis: I had two, three cars that year. I had a 6, ah, 66 Galaxie.

Lipich: Do you remember what color that Galaxie was?

Ottis: Yeah, Ivory green. But I don't remember if it was in my mo, mothers name or in my step fathers name. And I had a 61 Cadillac and I had a 63 Cadillac, gray.

Lipich: The 61 Cadillac was gray?

Ottis: Solid gray, it was a 2-door coupe deville, and I had a 1964 Cadillac, it had a white, light top, painted top and a gray bottom. I told you I was into Cadillac's didn't I?

001836

92

h: Yeah. Cadillac's are good cars. They say they last forever.

: And I ain't, I ain't dead sure on that year that I had a 66, I had a 64 Chrysler too, a green chrysler.

h: 64?

: 64 Chrysler, green. And I had a 70, I mean, no, a 70, I had a fuckin chrysler, a fuckin white chrysler, it was in the 60's model, I can't remember what year it was. It could have been maybe about a, bout a 61 or 62, could have been, I ain't dead sure on that.

h: White one?

: Solid white.

h: Does lockin those two dates in when you were arrested, does it, is it bringin any of your memory back, are you, you're remembering now the cars that you had then, does it help you to remember comin to Colorado, does it help you, killing this girl, choppin her up and se forth?

: I'm real sure I did kill that girl.

h: Well, but, but again, ya know, I'm asking for detail and I'm sorry I gotta do that, but I'm, I'm tryin to get as much as I can, does it help you to remember any of that?

: I had a shit pot full of cars, didn't I?

h: Yeah, you had a lot of cars.

: I always had three or four cars at one time. All the time.

h: Yeah.

: Cause I would buy them real cheap, I would. I'd go down to the mission and buy me a car.

h: Well, does it help you to remember anything about this girl?

FIVE WALKS IN FROM ANOTHER AGENCY (ARKANSAS)

as Detective: Looks like we're gettin ready to leave pretty soon Ottis.

: Are ya? You gonna take me out and buy me a steak dinner?

as Detective: I can't, they didn't give me no money.

: That ain't no good.

1675

Arkansas Detective: These guys here are gonna buy my lunch.

Toole: What a poor trick!

Arkansas Detective: Sorry about that.

Toole: I don't know what kinda trick you are, ya'all ain't gonna feed me or nothin. Shit I'd have to starve, I'd have to feed that fucker.

(laugh)

BREAK IN TAPE WHILE ARKANSAS DETECTIVES REMOVE VIDEO EQUIPMENT FROM ROOM.

Lipich: Okay, for the benefit of this tape, the time now is 1:45 pm, were still on November 21st, 1983 and it's still Monday, we took a short break, ah, Ottis had some lunch and we're back to business now, ah, again just for the benefit of the tape, I want you to take a look at the advisement form you signed Ottis, ah, all of your rights are on there, you, the miranda warning was explained to you, do you still understand all of these rights?

Toole: Yeah I understand all of that, yeah.

Lipich: You still understand that you don't have to talk to me if you don't want too?

Toole: Yeah, I understand that too.

Lipich: and about your rights to an attorney, and all that.

Toole: I understand all that.

Lipich: OK. This has been done several times over the last couple of days so I think you do.

Toole: Yeah, yeah.

Lipich: I know, Ottis, that you're a little upset with me about trying to get detail on this case.

Toole: Yeah. You right.

Lipich: Yeah. But let me tell you a story, okay? Eight years ago, when this girl was killed and cut up, I was there, pickin up her body and helpin get it to the morgue so that we could have it examined. I ah, have talked to her family, and I've talked to people who have been really upset, okay? They're upset because she was killed obviously, but they're upset because they'll never, they'll never rest until they know who did it.

Toole: Yeah.

Lipich: Now I can go back and tell them, Ottis Toole did it, Ottis Toole said he did it.

Toole: Yeah.

Lipich: But they're gonna want to know why I know for sure that Ottis Toole did it, Okay? Now, I know for sure that you did it, because you told me you did it.

Toole: Yeah.

Lipich: And I believe you.

Toole: Well that's all you can do is tell them what I told you.

Lipich: Yeah, I know that. I know that. But, you know, the, the details....

Toole: She was just there at the time and I just, ya know, picked her out. That's it.

Lipich: Well, that's what I want to know about, I want you to, I'm not gonna ask you questions because you get mad at me when I ask questions. Because you say that I'm tryin to pick out little detail, Okay? I want you to do one favor for me and one only and then I'll leave you alone, I promise. I want you to go back to that time, and, and while your loin that I want to put you back in that time frame when you were arrested in June of 1976, you bailed out the next Jay, you didn't show up for court and they had a warrant out for you but they didn't pick you up again until October. Now remember, we talked about this killing happened in between those two dates?

Toole: Yeah.

Lipich: And you told me how, about the cars that you owned?

Toole: Yeah.

Lipich: ah, during that time period? Okay, I want you to use that to help you remember, and I just, I'm gonna let you alone and I want you to tell me everything that you remember about killing this girl. Just like you did with Joe on that other case.

Ottis: Oh, you still wantin to go over and over and over.

Lipich: Last time Ottis. Last time. I just want to have it all straight in my mind. That's all.

Ottis: You got it all straight in your mind, you just want to keep fuckin with me.

Lipich: No, I'm not fuckin with you. Man, if I wanted to fuck with you, I would fuck with you! I'm tellin ya, I'm not tryin to do that.

Toole: No you wouldn't, if I didn't want you to fuck with me, I'd tell them to take me back to the jail over there.

Lipich: Well, I hear that man, but I'm not tryin to do that. I'm not tryin to do that. So far all you've told me Ottis is that you killed her, okay? I'm not asking you to go over detail after detail....

Toole: Well, I tell you I chopped her up and all that.

Lipich: Yeah, yeah, I know. I know that Ottis. But there's so many empty gaps on where you got ahold of her, where you dumped her body, and all this. Thats, that's where were, I don't want you to go over the same stuff you told me. I've got all that down, I got all that on tape. And I know you told me you killed her, and I know you told me that you chopped her up and how you chopped her up, but you know, theres ah, theres things like how did you get ahold of her? Ya know, where did you dump the body? Ah, how many plastic sacks? Ya know, just anything that you can remember.

Toole: I done already told you that, there was a couples plastic bags.

Lipich: There was a couple of plastic bags?

Toole: Yeah.

Lipich: You didn't tell me that, you told me that, that there was probably more than one plastic bag, because you didn't think you could get a whole body in one bag, but ah, you never told me there was a couple. Do you mean two?

DETECTIVE BUDDY TERRY ENTERS THE ROOM

Terry: Look here, I wan't you to look at me and tell me, how many bags did ya have? Do you think you had?

Toole: I said a couple plastic bags

Terry: Was it two, or more?

Toole: I said about two.

Terry: About two?

Toole: Yes.

001840  
Do you remember where you met the girl? It was a long time ago. Do you remember where you met her?

(long pause) They keep goin over the same detail, time after time, and then you tryin to stabal that in your mind, and then they come up with other shit, and then they want to go back over the same shit again. They're gonna have me telling five, six different stories 'fore it's over.

Well, let me, do you, do you remember where you cut her? Or you don't remember?

Nah, I don't remember.

Well, that's all right. If you don't remember, say so!

Was Henry, was Henry with you on this one? Or was you by yourself?

I was by myself.

What had you been doin that day? Had you been out at any flea markets or anywhere? Things like that? Ridin around? Pickin up stuff? (pause) Do you remember anything like that? God, it was a long time ago. God, I don't remember what I did last week! Except sittin here talking to you.

Yeah.

Tell me some of the stuff ya had in the car.

I had in the car?

Yeah, in your car.

Well, I always tote a gun or two in the car all the time.

Yeah. What else did you have?

I always toted a machete in the car all the time. And I always toted a (inaudible) in the car all the time. All kinda tools and all.

Does anything stand out in your mind?

And different times when I would clean up the yard, I would buy plastic garbage bags and throw them in the trunk of the car. Most things I worked with in the yard, I would end up keepin some of them in the car.

Anything in particular you had in the car that you wouldn't have had (inaudible)?

1679

Terry: Somethin you might have bought somewhere or found somewhere? Or somethin?

Toole: Nothin.

Terry: OK. But you don't remember where you got the girl?

Toole:

Terry: OK. Well, you and I are talkin now, OK? We get along pretty good, huh?

Toole: Yeah.

Terry: OK. I ain't tryin to (inaudible) your mind up or screw you up, OK? You ain't talked to me about it before, have ya? Except one time sometime back you mentioned killin a girl in Colorado.

Toole: Yeah.

Terry: OK. Do you remember what kind of area it was in? Whether it was a fields or woods or mountains, or what?

Toole: Hell it was up in the mountains done it. Side a mountain what I mean by mountains, side a mountain, sometimes mountains means plateaus.....

Terry: Hills....

Toole: Yeah, hills or something like that. It's all about the same.

Terry: Well, where you dumped her, was that the same place where you cut her up? Or did that happen somewhere else?

Toole: (pause) I had to a cut her up somewheres else if I put her in garbage bags.

Terry: Well, you remember where it was? Would it, been cut her up, would it been someplace where people woulda seen you from the road, or would you have gotten off the road, or ....

Toole: It would have been off the road.

Terry: It would have been off the road?

Toole: Yeah.

Terry: OK. Do you know about how far it was where you dumped her at?

Toole: Not exactly, no.

Terry: (inaudible) where you dumped her out? You already had the garbage bags in the car, right?

Toole: Yeah.

Terry: Then you put her in the garbage bags.

Toole: Yeah.

Terry: where you put her in the trunk? Or in the back seat of the car?

Toole: I put it in the trunk.

Terry: Put it in the trunk, Okay. This area where you put the bags out, was that ah, fairly well off the road, nobody see ya up there doing it? or could people see from the road?

Toole: Well, if you drove up in there you could see it ya know.

Terry: But I mean if they was just drivin down the road they couldn't see in there, right? Is that right?

Toole: Yo.

Terry: They'd have to drive up and then (inaudible)

Toole: Yeah.

Terry: There's, is there, there's no doubt in your mind that, that this girl is one that you killed up there?

Toole: I'm dead sure I killed her.

Terry: Your dead sure that you killed her, okay.

Terry: OK. what Detective Lipich is lookin at is, is not that he loubts ya Ottis, see, ya remember how Jack's bosses were?

Toole: Yeah.

Terry: They wanted, they runned Jack all over the world on the Adam Walsh case, little nit pickin stuff ya know.

Toole: ~~all I could remember him more because he is the first kid~~

Terry: Yeah, somethin stuck out in your mind, right?

Toole: I'll say.

Terry: How many women do you think you ever cut up on?

Toole: See that's why it puzzles me, cause it's been more than one ya know.

Terry: Well how many you think? Just throw a figure at me.

Toole: I say maybe a half a dozen.

Terry: Alright, half a dozen, and you say that one time after you do one of em, it doesn't bother you as much the rest of the time, right?

Toole: No, it don't.

Terry: There's no doubt in your mind you was in Colorado when this happened?

Toole: Yeah.

Terry: You sure you was in Colorado?

Toole: I'm sure.

Terry: I know it's hard to remember things, you done had six, seven years, it's hard to remember. But you, you mentioned somethin similar to this to me a couple a months ago.

Toole: I did, yeah.

Terry: Well see, that's what they want to know, it's not that they doubt you. His bosses, ya know, they want to you know come up with how many rocks were here and if there was a hole in the road over there....

Toole: Yeah and those fuckin bitches ain't never worked before.

Terry: Well, we got some like that too.

Toole: I tell em, they shitfaces.

Terry: What'd ya use to cut her up with?

Toole: Huh?

Terry: What'd ya use to cut her up with? What kinda tool or instrument?

Toole: What kinda tool?

001844

Yeah that you used to cut the girl up.

Machete.

And how was she layin on the ground when you cut her up?  
on her back? on her stomach?

Well, I turned her all different ways when I was cuttin.

How was she layin when you cut her head off?

I say more, more face down and I turned her head.

You turned her head a little bit and she was face down?

Yeah.

Did ya cut her breasts off?

Yeah.

What'd ya use to cut her breasts off?

Butcher knife.

Did ya cut her hands off?

Yeah.

Did you cut her legs off?

Yeah.

How far all the way? Right here?

Not all the way, down around...

Down around the knee or just below or somewhere above or  
somethin?

Yeah.

To the best of your knowledge, you used a couple of garbage  
bags? could have been two, could have been three.

Yeah it could of been.

How many, but there was more than one?

Yeah. More than one.

Did ya try to hide her? When you left the bags, did you try  
to hide the bags or anything? Or did ya just leave em out  
the open?

Toole: I say they was in kinda like the open ya know, but ah...

Terry: You didn't try to dig a hole and bury em, or cover em up with rocks or anything?

Toole: (inaudible)

Terry: (inaudible)

Lipich: Ottis, I gotta ask this because you told Buddy that you killed her alone, that Henry wasn't with you.

Toole: No, Henry wasn't with me.

Lipich: Now, you, you told me that Henry was with you.

Toole: Did I say that?

Lipich: Ham, in fact you, that's one of the reasons you said it was hard for you to remember.

Toole: I said Henry has been with me, me and Henry has been together before and killed people, and puttin them into garbage bags. See, you turned yourself around.

Lipich: No, because I made a, made a specific point in asking you if Henry was with you on this one. Now I know that it's hard to remember and you get confused.

Toole: I ain't really sure.

Lipich: If Henry wasn't with you, that's fine, ah...

Toole: I ain't really sure, you'll have to ask Henry about it.

Terry: Alright, look here. Is it possible Henry could have been with you?

Toole: Henry could of, I ain't really dead sure.

Terry: Your not really sure.

Toole: No, not dead sure.

Terry: Is there anything else you can think of?

Toole: No.

Terry: You gonna buy my breakfast tomorrow?

Toole: Somebody give me the money I will.

Terry: Okay, we'll take care of it.

Toole: Somebody give me the money, I buy you anything you want if I got the money.

1684

Lipich: OK. The time now is ah, oh, after two o'clock, about 2 minutes after 2 p.m. 11-21-83. This tape will be ended.

Antonio: (Inaudible.) go on tape.

Toole: Yeah, I reckon, yeah.

Antonio: OK, the date.....

Toole: I don't know what's makin my hair itch this mornin.

Antonio: The date is November 22, 1983. We're at Duval Country Jail in Jacksonville, Florida. Present in the room, in this interview room, is Rich Lipich from Pueblo Colorado, Pueblo PD; Jerry Murphy, Pueblo, Colorado, Pueblo SO; Joe Antonio, that me, Pueblo Sheriff's Office, Pueblo, Colorado. We're interviewing Ottis Elwood Toole, date of birth 3-5-47. Ottis, how tall are you?

Toole: 6'1 1/2.

Antonio: And what's your weight?

Toole: 180 pounds.

Antonio: The color of your hair?

Toole: Brown.

Antonio: Pardon?

Toole: Brown.

Antonio: Color of your eyes?

Toole: Hazel.

Antonio: And you're a white male?

Toole: Yeah.

Antonio: OK.

Toole: [ hope I am! (laugh)

Antonio: OK. Ottis, yesterday, we were off tape, Jerry Murphy and I were in the room, and it was just prior to the gentlemen from Ft. Worth coming into talk to you about some of their cases, and you told us, Jerry and us, a couple of thing that you remember, ah, about a girl that we had talked about that you have positively identified as the girl that you chopped up, that actually was dismembered, in Colorado in 1976. You determined that by viewing several photos, but there were some specifics that you recalled. Going

Antonio: back very simply to, ah, the specifics, that you told us yesterday, that you just recalled and you spontaneously stated, can you tell us again, what those points were?

Toole: I said there was more than one bag.

Antonio: Did you say how many bags there were?

Toole: I said there coulda been two or three.

Antonio: Do you recall telling us specifically, exactly how many there were?

Toole: Not exactly. But more than one.

Antonio: OK. Can you tell us what you done with those bags?

Toole: (pause) I left one kinda at the edge of town, I can't remember where at.

Antonio: OK. Do you remember where you left the other one?

Toole: Side that mountain. Bout side of the mountain.

Antonio: OK. Do you remember talking about the particular girl, what her, if I said demeanor, do you understand what that means?

Toole: (inaudible)

Antonio: OK. You said something about her, her style, her class.

Toole: Well, she didn't have no class.

Antonio: She didn't have any class?

Toole: No. She didn't know how to dress.

Antonio: Yeah. You said something about her attitude. What it was like. Do you recall what that was?

Toole: (pause) Well, she was more like a bitch.

Antonio: Yeah. Do you recall saying anything about her giving you a hard time or anything like that?

Toole: I can't really stabilize that.

Antonio: OK. By any chance, do you recall if she was aggressive or she was, just cooperative? Aggressive, I mean, did she mouth off to you?

001848  
Page 104

Toole: Oh yeah, she had kinda like a foul mouth.

Antonio: She did have a foul mouth?

Toole: Yeah.

Antonio: Do you remember anything that she said to you by any chance?

Toole: Nah. I ain't gonna lie to ya about that.

Antonio: OK, please don't. You know, that's a, we've, we've held that kind of bond between us that you wouldn't lie to us and, and, you haven't yet, and we appreciate that, and and, I don't just want you to just spit something out. We talked about we don't want you to tell us something just because you think we want to hear it. And you haven't done that, you've been real good with us. And we've had a good time. Ah, as far as, we've had good rapport between us. You haven't bullshit us, we haven't bullshit you.

Toole: Yeah.

Antonio: And we do appreciate that. Ottis, by any chance, do you recall where you got hold of this girl?

Toole: (pause) No, not dead sure.

Antonio: Not dead sure. Can you recall anything, does anything come to your mind on where you got hold of her, how you got hold of her? (long pause) Do you remember, by any chance, I know that you've said before that you put her in garbage bags, and I know that you've said that you left at least one out by a kinda mountain area, ah, and you described, I believe it's on tape, or described a dirt road....

Toole: Yeah.

Antonio: And stuff like that. 'And then you did say that you left at least one bag..... -

Toole: Yeah.

Antonio: the other side, or in town.

Toole: Yeah.

Antonio: Ah, do you by any chance recall wrapping any parts of her up in anything?

Toole: (pause) I can't picture that dead in my mind.

1687

Antonio: OK. That's fine. That's fine. Do you recall, by any chance, where her car was? Where, where, where would her car have just been? Where, where was it left?

Toole: (pause) I could think of several places, but it ain't no sensin in tryin to guess on that.

Antonio: That's true. We don't want you guessing. Now are you real positive about leaving one bag, at least one bag, out in this mountain-type area with the dirt road and all that and leaving one bag in a town area?

Toole: Yeah.

Antonio: OK. Now, yesterday, just to refresh your memory a little bit, ah, that was pretty much what you told us, except that you changed that just a little bit, because you said today, that you left it, that you left one bag on the edge of town, and what you said yesterday, was that you, you dropped one bag in town.

Toole: Yeah. Yeah, I did say that. (pause) It's .....I said I left it in town yesterday, and I said on the edge of town today.

Antonio: Huh huh.

Toole: Well, it's all about the same to me (inaudible): On the edge town, downtown, it's all about the same to me.

Antonio: OK. Do you by any chance, remember, assuming that you did leave one bag in town....

Toole: Yeah.

Antonio: Do you recall putting it any special place? Do you recall putting it, just, just leaving it out in the open or anything like that or putting it somewhere?

Toole: No, I ain't sure.

Antonio: OK. That's fine. That's fine. You're doin great, on your memory. And Ottis, are we talkin about the same thing that we're talking about the girl that we .....

Toole: was cut up, yeah.

Antonio: OK. Could you describe for me again how you cut her up? Could you recall that as best you can?

Toole: All right. Her head was chopped off.

Antonio: OK.

Toole: And her arms was chopped off.

Antonio: OK.

Toole: And her hands was chopped off.

Antonio: OK.

Toole: And her legs was chopped off.

Antonio: OK. Where were her legs chopped off?

Toole: Towards the joints. Towards the joints.

Antonio: OK. You're tapping your hand on your knee. Is that ....

Toole: Yeah.

Antonio: OK.

Toole: And, ah, her titties was cut out, cut off with, out with a butcher knife around, and ah, her hands was chopped off too, ya know. That pretty close I could get.

Antonio: OK. That's fine. And do you remember how you killed her?

Toole: (pause) I didn't shoot her.

Antonio: Nah, I remember that, I remember you tellin us that, and you didn't tell us how you initially killed her. And we know, you recall that you told us that she gave .....

Toole: Well, when I cut her in all, in different parts of her back, ya know.

Antonio: You did what to her. \*

Toole: Cut her in different parts of her back. But I can't remember exactly where at.

Antonio: OK. That's in addition?

Toole: Yeah.

Antonio: OK. We have that on tape anyway, don't we?

Lipich: Yeah.

Antonio: Let me help you just a little bit. What you told us prior was that you beat her all over the face.

Toole: Yeah.

Antonio: And that you cut her throat.

Toole: Yeah, I did, I did beat her a little bit. And I cut her in the face.

Antonio: But you said you cut her throat. That's how you initially killed her.

Toole: yeah.

Antonio: Is that, is that true?

Toole: Yeah.

Antonio: OK. By any chance, do you remember beating on her body at all?

Toole: Not as I can remember.

Antonio: You mean you just don't remember or ....

Toole: I don't, I, I can't really get it to click in my mind.

Antonio: OK. Ottis, you're doin real good, you're doin real good. Let me ask you a question now, ah, do you recall, ah, having any sex with this girl?

Toole: (pause) I thought I did, but I ain't sure.

Antonio: You're not sure.

Toole: Ain't sure.

Antonio: OK. Now you told me that she gave you a hard time.

Toole: Yeah.

Antonio: By any chance at all, do you remember anything she said?

Toole: Ah, it's been so long, I would get it fouled up, with someone else.

Antonio: OK. That's fine. That's fine. Is there anything else that you can remember that you think we should know?

Toole: Huh huh. Not about her.

Antonio: Ottis, during that period of time, ah, and you realize we're going clear back to 1976, ....

Toole: Yeah.

Antonio: And that's, 8 years ago.

Toole: Yeah.

Antonio: But during that period of time, did you own any dogs?

Toole: Did I own any dogs?

Antonio: Yeah. Now you have to go back 8 years, I know that's going to be a little tough.

Toole: Yeah, but I didn't take em travellin with me too much.

Antonio: You didn't have them travelling with you too much?

Toole: Not too much, no. Cause they would be more hard to take care of travellin around.

Antonio: Now, one thing that's come up, is that initially, in other words, the first time....

Toole: Yeah.

Antonio: That we talked to you about that, again, again, you did subsequently admit that you did kill this girl, and some of the things that you done to her.

Toole: Yeah.

Antonio: You told us that you were with Henry, and that was probably some of the reason that you was having some problem remembering what was done because you both did kind of different things.

Toole: Yeah.

Antonio: Ah, that sometimes you didn't pay any attention to what Henry was doin, you just kinda done your thing.

Toole: Yeah.

Antonio: Ah, subsequently, later after that, ah, Rich talked to you, ah, and you said that Henry wasn't with you afterall. You had decided that ah, that ah, during that particular time period, or at least at the time of this particular murder

Toole: Yeah.

001852

that Henry wasn't with you.

Yeah.

Do you recall now whether Henry was with you or he was not with you?

I'm real sure he wasn't with me.

OK. Ottis, are there things that Henry would do to a body that you didn't do?

Oh, Henry would do all different things to the body.

Pardon?

I say you can't never tell which way Henry's patterns goin. Which way his mind, mind's goin.

Well, are there any special marks or anything that Henry liked to leave on a body that you didn't, or did you both leave the same kind of marks?

Well, sometimes, ah, Henry would put a cross on it.

OK. When you say put a cross on it, does that mean make a cross and lay it on the body or does that cut a cross in?

Cut a cross like on the legs and ah, make a cross outta a piece, like two pieces of wood together and make a cross out of them.

OK. So he would make a cross out of two pieces of wood and put it in her legs?

By, by her legs.

OK. At one point you did tell us that sometimes, and I can't remember whether you said that you did it, or Henry it, you would actually cut a cross or crosses ....

Yeah.

On their bodies.

Yeah. Yeah, I did say that, yeah.

Yeah. Do you recall whether that was you or Henry, or was it both of you?

1692

Toole: Well, I did it at different times too.

Antonio: You have?

Toole: Yeah.

Antonio: Where did you prefer to cut those crosses?

Toole: Most anywhere.

Antonio: Most anywhere. Did Henry have any special place that he would put those crosses? I'm talkin about the ones you cut.

Toole: He would mostly do it on the leg.

Antonio: OK. In talkin to you about crosses, wait a minute, excuse me. Let me go back just a little bit. You say on the legs. Would that be up high on the legs or....

Toole: Down towards the bottom of the legs, towards the feet joints.

Antonio: OK. But have there been other places that either you or Henry have cut crosses, other than the legs?

Toole: I ain't real sure on that so I ain't gonna try to (inaudible) my mind.

Antonio: OK. When we, when we talked about crosses, you told us, Monday, we said crosses or X's, you said to you their all the same.

Toole: All crosses, all the same.

Antonio: They are all the same?

Toole: Yeah, that's what I said.

Antonio: OK. In other words if you took an X and you turned it this way it's a cross?

Toole: That's right.

Antonio: OK. That makes sense to me. Um, Jerry did you have anything that you wanted to ask Ottis?

Murphy: Yeah, I just had a couple of things. Ah, you told us earlier that you were part of this Hands of Death...

Toole: Yeah.

Murphy: Organization.

Toole: Yeah.

Murphy: Was this girl, ah, part of your ceremony one night? Do you recall?

Page 111

Toole: If she was I woulda burned her up.

Murphy: You'd a burned her up if she'd been ....?

Toole: Yeah.

Murphy: So she wasn't one of your sacrifices then?

Toole: Nah.

Antonio: Rich, did you have anything that you wanted to ask Ottis?

Lipich: Well, ah, I think that Ottis has told us just about everything that he can remember, and I'm satisfied with that. I don't, I think yesterday he didn't think I was, but I am. And, I ain't gonna keep tryin but, ah, I know it's hard for you. We talked to Buddy last night and he, he says its hard for you to remember, and I know it is. Plus you've got the compounded problem of having to talk to several different people day after day after day after day, and that kind of jumbles up your mind. It would mine, anyway.

Toole: Well, if you keep goin back through it, it keeps changin certain extent, it's like ....

Lipich: Yeah.

Toole: maybe certain changes (inaudible).

Lipich: Yeah..

Antonio: But that's all right. That's all right. We expect it.

Toole: Good.

Lipich: I kind of would like to do this because it may be my last opportunity to talk you....

Toole: Yeah.

Lipich: Ah, rather than asking you for more detail, or going over any of that garbage again, let me give you a little bit of detail.

Toole: Yeah.

Lipich: OK? Ah, I'll ask you a question along with the.....

Antonio: I'm sorry Rich.

Lipich: Got a problem?

1694

Antonio: No, No. It's a problem that I have. It's an error in (inaudible).

Lipich: Oh. I would like to give you a little bit of detail, just from what I know about the case, and I, I may ask you a question along with it, but its only because I'm hoping that the detail that I give you helps you remember some details back to give, to give back to me. This girl, from what we know, Ottis, was, was ah, travelling that night from bar to bar ....

Toole: Yeah.

Lipich: And she did, or she was last seen, at one particular bar in Pueblo. Ah, we don't know whether that was the place that ah, whoever killed her got ahold of her. But, we know that she was last seen there and then she disappeared and nobody saw her anymore. Does that jog your memory any? Do you remember anything about a bar in relation to this girl?

Toole: No, not exactly, no.

Lipich: Nothing at all, huh? OK. All Right.

Toole: But it coulda been cause we, cause I have got women from bars. So it coulda been a possible way. But it kinda, I ain't dead sure.

Lipich: Well, I appreciate that. And I really think you are doing good. We talked last night, and we've really been amazed at how good you've done, you know. And I know I've been a little hard on you, but, but I mean it when I say that you've done one hell of a job trying to remember.

Toole: I'm gonna be hard too on somebody today. (laugh)

Lipich: Who's that?

Toole: (laugh) He ain't in here now, but I gonna be hard on him.

Lipich: OK. Let me ask you this, Ottis, because I think that this is an area that we haven't gone over. You say that you have picked up girls in bars before?

Toole: Yeah.

Lipich: When you do that, how do you do it? I mean, what....

Toole: There ain't nothin to it. All you do is just like you tryin to pick up one you want, want to fuck more than the other. You talkin to them a little bit, and buying em a drink and the next thing you just say Well let's change bars, or somethin. They all for it, you know. This bar here isn't lively enough or, it ain't got enough getup to it and they go for it.

001857

Yeah. Then what you're saying is when you go into a bar to pick up a girl, you don't by any means take her out of the bar forcibly, you talk to her, she ends up going with you willingly...

That's right.

And you kill her later. After you've gone someplace.

Yeah. That's right.

That makes sense to me.

You can't just walk up and say "Bam! You're goin. Bam! You're goin with us!"

(laugh) That'd be a hell of a way to pick up a girl.

You can't do that!

Yeah. OK.

There'd be a big fuckin fight!

OK.

OK, Ottis, just a touch, I'm sorry Rich..... Are you done?

No, but go ahead if you .....

OK, if I can.

ure.

That's fine. There's a couple points that I did want to re-establish with him. Ottis, at one point, you did tell us that you thought that you had, you recollected, ah, chopping this girl up, and you recollected being in a house or a room or something like that.

Yeah.

Do you recall now where you chopped her up at?

I can't dead put, put my hand on it. I've been tryin to, but, it's been so long, I can't, ah, can't trace it dead to the point.

OK. But you did tell us that?

Yeah, I did.

Page 114

Antonio: OK. Ottis...

Toole: It is, it is pretty possible I was in a house choppin her up. But I can't really, really be positive.

Antonio: OK. That's fine. Ottis, how many times have you been advised of your rights in the past three, four days with us? Would it be.....

Toole: Alots of times.

Antonio: Pardon?

Toole: Alots of times.

Antonio: OK. And how many times have you been advised of your rights in the past seven or eight months?

Toole: Oh, I couldn't even tell ya.

Antonio: OK. Do you feel like you understand those rights at all times?

Toole: Yeah.

Antonio: And do you feel that you know that we're police officers you're talking to, that any evidence, or any statements that you make, can be used against you in a court of law?

Toole: Yeah. I understand that.

Antonio: Have you forgotten that this morning, by any chance? Before we started talking to you?

Toole: No. Sure haven't.

Antonio: So you did have your rights in mind?

Toole: Yeah.

Antonio: Then we don't have any problem with that then?

Toole: No.

Antonio: And, and I had told you over and over throughout all of our interviews, every time, that any factual information that you give to us, could lead to your prosecution, and subsequent conviction, could lead to, up to and including, the death penalty?

Toole: Yeah. Yeah, I understand that.

1697

Antonio: OK. Have I told you over, that over and over?

Toole: Yeah.

Antonio: OK. Ah, I would like to have you sign this form again. This is another one. And this is probably, what, the fourth or fifth minimum, that we've gotten from you. This is again your rights. I want to make sure that you understand them, all right? And, and I would like to have you tell me if this is what you remembered as of this morning prior to our talk.

Toole: Yeah.

Antonio: You have the right to remain silent.

Toole: Yeah.

Antonio: OK. And you elected to waive that right and talk to us anyway?

Toole: Yeah.

Antonio: Anything you say can and will be used against you in a court of law?

Toole: Yeah, I understand that one too.

Antonio: OK. And did you understand it prior to this morning?

Toole: Yeah.

Antonio: You have the right to talk to a lawyer and have him present while you're being questioned.

Toole: Yeah, I understand that too.

Antonio: If you cannot afford to hire a lawyer, one will be appointed to represent you, before any questioning if you wish.

Toole: Yeah, yeah I understand that, too.

Antonio: OK. And you remember, Ottis, what's continuing rights? What does that mean?

Toole: Continuing rights?

Antonio: Continuing rights.

Toole: That means you can detinue to keep talkin on, or you can stop any time.

Page 116

Antonio: OK. That's fine. That's fine. Ottis, what I need you to do is initial these little things in here along side each one. And what you're initialing is just exactly what I told you. (pause) OK. Mark here, and initial along side of the mark. (pause) And your signature will go right there. And that says signature of suspect, OK?

Toole: Huh huh.

Antonio: And you do know what a suspect is?

Toole: Yeah.

Antonio: OK. Could you date that for me? Ottis, today is the, November 22.

Toole: Today's the 22nd?

Antonio: Yes. (pause) OK. Right above where you dated that, would you put the time as being 8:18 a.m.? OK.

Lipich: You look tired today, Ottis.

Toole: Huh?

Lipich: You look tired.

Toole: I don't feel too good. I still got a tooth need to come out.

Lipich: You got a toothache? Boy, I'll tell you, there ain't nothin worse than a toothache.

Antonio: Are they giving you any medication, Ottis? What are they giving you?

Toole: Oh, they're givin me that stuff that you smear on it.

Antonio: Oh, smear on the tooth? Is that a narcotic?

Toole: Ah, it ain't. I'd say it ain't. It just somethin to keep the (inaudible).

Antonio: Oh, ok.

Toole: I can't pull it out myself.

Murphy: It is a little swollen.

Coroner's Case P-76-114

This body was discovered in multiple pieces found in separate garbage bags some 20 miles apart. The findings will be described as the specimens were received in the laboratory.

The first sack, found near the Pueblo Reservoir in Pueblo County, contained two arms without the hands, two breasts, and two legs amputated above the knees.

The right arm and forearm measures 43 cm. in length. There is minimal skin slippage. The antecubital fossa shows two questionable needle punctures with minimal ecchymoses of the surrounding soft tissues. The humerus has been irregularly fractured 15 cm. above the elbow although the surrounding soft tissues have been cleanly severed. The hand has been rather neatly amputated at the wrist.

The left arm and forearm measure 51 cm. in length. The humerus is irregularly fractured 23 cm. above the elbow. The metacarpal of the thumb is still attached at the wrist and the surrounding skin and soft tissues show some irregularity of the cut margins.

One amputated breast measures 18 cm. in diameter and shows some irregularity of the lacerated skin margins. The second breast has been cleanly amputated and measures 16 cm. in diameter. Sections through the breasts are not remarkable.

The right leg has been amputated above the knee by sharp dissection through the knee joint. The posterior aspect of the proximal tibia shows a wound which appears to have been made by a saw and which nearly amputates the proximal tibia. There are irregular lacerations on the medial aspect of the knee and multiple superficial wounds compatible with hacking about the knee. A lateral laceration is 2 cm. in length.

The left leg has been amputated by sharp dissection through the knee joint. The patella is attached as it is on the right knee. The posterior tibia again shows a clean wound apparently made by a saw which nearly amputates the proximal tibia. The dorsum of the left foot shows parallel surgical incisions 4 cm. in length and 3 cm. in length which are compatible with a previous surgical operation. Two incisions along the medial aspect measure  $3\frac{1}{2}$  and 3 cm. in length respectively.

Included with these body parts is the head of a silver golf putter which measures  $11\frac{1}{2}$  x  $2\frac{1}{2}$  x  $1\frac{1}{2}$  cm. The shaft has been broken off 0.7 cm. from the base of the club.

The second sack, found in East Pueblo approximately 20 miles from the Pueblo Reservoir, contains a head, the torso and each hand. Also included in this sack is a small yellow T-shirt with a cartoon painting of a soccer player and a blood stained yellow contour sheet.

The head is covered with reddish blonde hair. There are extensive areas of swelling and ecchymoses about the forehead, each eye and the bridge of the nose. The eyes and mouth and the wounds on the head are filled with ragots. There are some weeds in the hair. The head has been neatly decapitated at about the level of C-2. The upper central and lateral incisors are missing and the adjacent canine teeth are loosened. The maxilla and mandible show crepitation compatible with bony fractures.

Sharon  
Wart, Dep. Coroner

The torso shows removal of the arms, legs, breasts, and head. The body shows  
in all wounds and orifices including the vagina which is packed with maggots.  
There are extensive areas of bruising primarily over the lateral aspect of the  
torso and abdomen and over the back and buttocks. An irregular bruise in the  
upper quadrant has some resemblance to the previously described pattern. There  
is extensive skin slippage throughout. Examination of the neck shows some skin  
tearing but this does not appear compatible with manual strangulation. Multiple  
lacerations are seen on the anterior surface of the abdomen and extend only  
to the skin. These appear to have been made with a very sharp instrument such  
as a knife or blade. The entire torso contains extensive stab wounds and lacerations,  
many running parallel to the vagina and exposing the majority of the left  
side of the abdomen. Intestines are protruding through this wound. The right  
side contains numerous lacerations many of which extend into the retroperitoneal  
area and penetrate the underlying internal organs. A gaping wound  
is on the back along the left side and extends from the back to the left buttock.  
The buttocks are extensively bruised and have been marked with multiple linear  
lacerations extending throughout the thickness of the skin and into the underlying  
muscle. One gaping laceration extends through the anus and through the skin  
to the sacrum.

The uterus shows only slight enlargement. There is no evidence of pregnancy.  
The vagina as previously described is filled with maggots and shows no evidence of  
infection. Vaginal swabs are not taken due to the marked decomposition of the  
tissue.

The right hand matches the dissection to the joint of the right wrist.

and left there around 8:50PM. She then went to Lee's Tavern at 806 Santa Fe Dr. and arrived there 9:05PM and left there at 9:45PM. At each one of these taverns Sharon talked to friends and had one drink. She arrived at Jeanne's Bar 1642 E. Evans at 10PM and had two tomato beers. She did talk to a couple of customers there that are presently unknown. All but one of the employees and customers at Jeanne's Bar state that Sharon left by herself just prior to 11PM. One customer stated that as he was leaving the Bar he saw Sharon get into a car with three or four other people that are presently unknown.

In the apartment complex where the victim lived (2207 E. 12th. St. apt. 874) we interviewed one neighbor that very definitely observed Sharon's car parked at the 2207 E. 12th. parking lot at 7PM on 8/17/76. Another neighbor states that one 8/17/76 at 1:30AM, she observed the victim arguing with an unknown male near her apartment. This argument involved her making the statement that "Get the fuck away from me! You haven't given me one damn dime since the baby was born!". The male half of the argument was heard to say, "If you don't shut your mouth, I'll cut your head off". The witness last observed the man grab the victim and twist her arm behind her back and walk her off toward the parking lot.

Sharon Copp has mothered six children. Three illegitimate children were given to the Welfare Department for adoption at the time of their birth. The victim has her three girls from the second marriage to William Joseph Sullivan. All of the fathers to these six children have been contacted but one. We have not been able to locate a Clarence Heary "Sandy" Betts that fathered her last child. The last child was consummated while the victim was still married to William Sullivan. Mr. Sullivan had had a vasectomy following his third child and left the victim when he discovered that she was pregnant. Clarence Betts moved in with the victim but disappeared in her 5th month of pregnancy and has not been seen since then.

On August 18, 1976 at 10AM, Mr. Donald Bowman of 1601 Jerry Murphy Rd. contacted me and wanted to report his daughter, Sharon Marie Sullivan, as a missing person. I was informed that Sharon's car was parked at Jeanne's Bar and that the babysitter, Joe Martinez, had notified Mr. Bowman that Sharon had not returned home at 7AM on 8/17/76. Mr. and Mrs. Bowman had picked up the children and waited another day to report her missing.

On August 18, 1976 at 10:30AM, a fisherman discovered a dark green plastic bag containing some body parts on the west end of the Pueblo Reservoir. This is a well traveled fishing area and the fisherman states that he fished the same area on 8/17/76 and did not see the bag at that time. The bag was placed in such a way that it could be easily spotted when just 20 feet on the opposite side of the road would have placed the bag in a muddy boggy area that would have probably concealed the bag forever.

Inside this bag was another "Mefty" type trash bag. Both bags were properly sealed. Articles found inside this bag are:

1. Both arms minus the hands
2. Both legs dis-connected at the knee and including the feet
3. Both breasts
4. Victim's moccasins, maroon slacks, violet blouse
5. Remington brand golf club shaft badly bent (Cheap brand)
6. Putter head to above golf club
7. Small pieces of badly weathered wood splinters
8. Regular size white sheet

This bag was found in Pueblo County and the investigation was handled by the Sheriff's Office. The victim's clothing was identified by Mrs. Bowman.

On 8/18/76 at 4:45PM a humane officer discovered the rest of the bodyparts in the alley behind 1323 E. 19th. St. Neighbors report seeing a dark green plastic bag setting in this alley as early as 6AM on 8/17/76. The residence

are also still missing her jewelry which consisted of a timex watch, a silver ring and a turquoise ring.

The victim's purse was located on the highway to Beulah, Colorado (Highway #76) about 3 miles west of town. Most of her personal papers were found on this same highway right on the edge of town. Two days later her bra was found with the cups neatly folded one inside the other, in the same area that had been walk-searched earlier. Her panties were found laying beside the bra. A savings account book was found near the bra and panties and was actually on the paved portion of the highway. I can see so way that the searched could have missed these items of evidence.

Another possibility worth mentioning is the fact that the babysitter, Joey Martinez dob 9/25/58 did admit to this homicide during some heavy questioning. He was later partially discounted because of a polygraph test and the fact that none of the profile seemed to fit. He was a student, along with the victim, at the Southwest Beauty College and appears to have some homosexual tendencies. His past record shows a theft involving a pistol but no record of sex offenses. He admittedly does not have much to do with any women but did state that he did not like the victim. He is not from our area and is staying with his sister and brother-in-law. We have gotten some reports back where he has told most of his friends about our interrogating him.

The Coroner has ruled the cause of death as massive blows to the head. Included please find a copy of his autopsy report. The Colorado Bureau of Investigation did find some head hair and pubic hair, that was foreign to the victim, on some of the sheets and towels found with the body. We have not been able to match the hair samples with any of our suspects.

Thank you very much for your help in this investigation.

**PURPOSE: SYNOPSIS OF HOMICIDE AUGUST 17, 1976**

**VICTIM: SHARON MARIE COPP DOB. 3/31/42, DOD. 8/17/76**

Sharon Marie Copp was in the process of divorcing her third husband, Donald Copp. At the time of the homicide, Donald Copp was confined to Pueblo County Jail on driving charges. The victim had just returned from a trip to California where her and her children (three girls, ages 10-8-5) visited a boyfriend of the victim. Relatives and friends describe the victim as being the type that would not back away from a fight and would say what was on her mind. Our investigation revealed that the victim was loose morally and probably was involved in some prostitution. She would strike up a conversation with a man in a tavern and then get up and leave. The man would leave shortly afterward. One older man informed us that he use to give her money for sexual favors and told about one time when they were taking a bath together and she asked him for some money. He refused to give her the money and she bit him very severely on the penis.

Sharon Copp contacted a fellow student at the Southwest Beauty College by the name of Joe Martinez, age 17, and ask him to babysit for her on 8/16/76. She left her home at 7:30PM and first went to Joe's 96 Tavern at 2102 E. 4th. St. She left there at 8:00PM and went to the White Horse Tavern at 627 E. 4th. St.

Drawing a straight line between the sites where both sacks were located would place the distance at eleven miles. By car, the distance is about 20 miles on the odometer.

Still missing is the actual crime scene. We are working on the theory that this had to have happened in a private dwelling. Motels and hotels have been checked. The body appeared to have been washed and there is no presence of dirt or sand with the body parts. We are also still missing the victims false, partial, upper dental plate consisting of the front four teeth. We

are also still missing her jewelry which consisted of a timex watch, a silver ring and a turquoise ring.

Coroner's Case P-76-114

This body was discovered in multiple pieces found in separate garbage bags some 20 miles apart. The findings will be described as the specimens were received in the laboratory.

The first sack, found near the Pueblo Reservoir in Pueblo County, contained two arms without the hands, two breasts, and two legs amputated above the knees.

The right arm and forearm measures 43 cm. in length. There is minimal skin slippage. The antecubital fossa shows two questionable needle punctures with minimal ecchymoses of the surrounding soft tissues. The humerus has been irregularly fractured 15 cm. above the elbow although the surrounding soft tissues have been cleanly severed. The hand has been rather neatly amputated at the wrist.

The left arm and forearm measure 51 cm. in length. The humerus is irregularly fractured 23 cm. above the elbow. The metacarpal of the thumb is still attached at the wrist and the surrounding skin and soft tissues show some irregularity of the cut margins.

One amputated breast measures 18 cm. in diameter and shows some irregularity of the lacerated skin margins. The second breast has been cleanly amputated and measures 16 cm. in diameter. Sections through the breasts are not remarkable.

The right leg has been amputated above the knee by sharp dissection through the knee joint. The posterior aspect of the proximal tibia shows a wound which appears to have been made by a saw and which nearly amputates the proximal tibia. There are irregular lacerations on the medial aspect of the knee and multiple superficial wounds compatible with hacking about the knee. A lateral laceration is 2 cm. in length.

The left leg has been amputated by sharp dissection through the knee joint. The patella is attached as it is on the right knee. The posterior tibia again shows a clean wound apparently made by a saw which nearly amputates the proximal tibia. The dorsum of the left foot shows parallel surgical incisions 4 cm. in length and 3 cm. in length which are compatible with a previous surgical operation. Two incisions along the medial aspect measure  $3\frac{1}{2}$  and 3 cm. in length respectively.

Included with these body parts is the head of a silver golf putter which measures  $11\frac{1}{2}$  x 2 $\frac{1}{2}$  x  $1\frac{1}{2}$  cm. The shaft has been broken off 0.7 cm. from the base of the club.

The second sack, found in East Pueblo approximately 20 miles from the Pueblo Reservoir, contains a head, the torso and each hand. Also included in this sack is a small yellow T-shirt with a cartoon painting of a soccer player and a blood stained yellow contour sheet.

The head is covered with reddish blonde hair. There are extensive areas of swelling and ecchymoses about the forehead, each eye and the bridge of the nose. The eyes and mouth and the wounds on the head are filled with maggots. There are some weeds in the hair. The head has been neatly decapitated at about the level of C-2. The upper central and lateral incisors are missing and the adjacent canine teeth are loosened. The nose and mandible show crepitation compatible with bony fractures.

The torso shows removal of the arms, legs, breasts, and head. The body shows maggots in all wounds and orifices including the vagina which is packed with maggots. There are extensive areas of bruising primarily over the lateral aspect of the thorax and abdomen and over the back and buttocks. An irregular bruise in the right upper quadrant has some resemblance to the previously described putter. There is extensive skin slippage throughout. Examination of the neck shows some skin creasing but this does not appear compatible with manual strangulation. Multiple linear lacerations are seen on the anterior surface of the abdomen and extend only through the skin. These appear to have been made with a very sharp instrument such as a razor blade. The entire torso contains extensive stab wounds and lacerations, the larger running parallel to the vagina and exposing the majority of the left side of the abdomen. Intestines are protruding through this wound. The right flank contains numerous lacerations many of which extend into the retroperitoneal and peritoneal area and penetrate the underlying internal organs. A gapping wound marks the back along the left side and extends from the back to the left buttock. The buttocks are extensively bruised and have been marked with multiple linear lacerations extending throughout the thickness of the skin and into the underlying muscle mass. One gapping laceration extends through the anus and through the skin overlying the sacrum.

The uterus shows only slight enlargement. There is no evidence of pregnancy. The vagina as previously described is filled with maggots and shows no evidence of lacerations. Vaginal swabs are not taken due to the marked decomposition of the body.

The right hand matches the dissection to the joint of the right wrist. Multiple fingerprints are taken. The left hand matches the rather crude dissection at the left wrist.

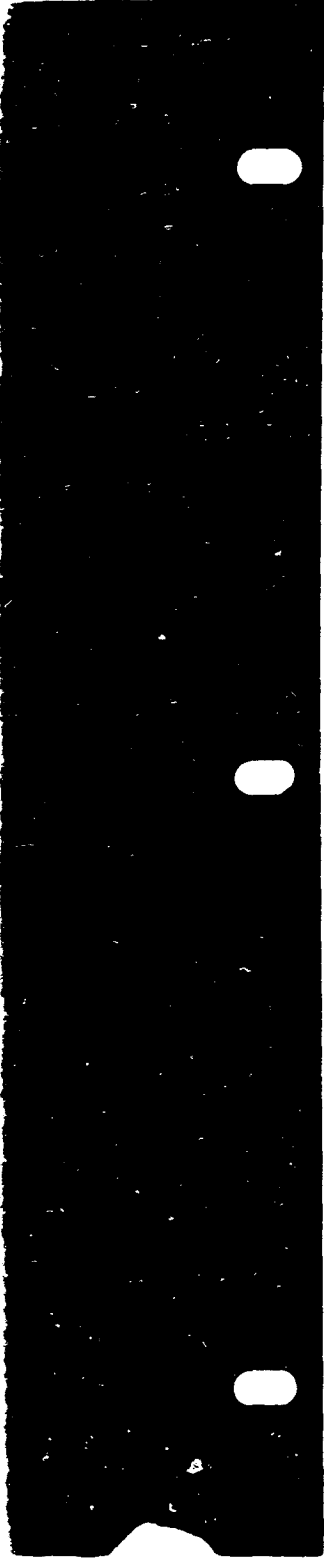

LABORATORY STUDIES: Blood obtained from the legs is typed and is A Rh positive.

RADIOGRAPHS: X-rays of the skull show multiple fractures including fractures of the mandible, maxilla, left frontal bone, right temporal squamosa, and the occiput.

REPORT IN DETAIL: (See reverse side for suggested additional V.O. info)

On Tuesday, 2-16-82, this writer, upon entering the Sheriff's Department, was advised by Sheriff Charles Tue that a body of either a male or female had been found approximately one mile Northeast of Plainview on a County dirt road. The body was discovered by a Mr. Manuel Ayala, a farmer.

This writer drove to the location given by Sheriff Tue and observed the body of a badly decomposed victim, laying on it's stomach in the bar ditch on the North side of the County dirt road. A closer examination of the body revealed that the victim's head was missing and that both of the victim's hands had been bound together with a bra.

Photo's were taken at the scene of the victim, and of the area surrounding the victim. From the decompose state of the body, it was impossible to determine how long the body had been in this location. Animals had eaten away most of the flesh.

There was no direct evidence to indicate that the victim had been killed at this location, no blood found at scene, but rather had been placed there after being killed at another location.

At approximately 1:30 p.m., Dr. Ralph R. Erdman arrived and the body was taken to Central Plains Hospital and X-rays were taken. The X-rays showed no broken bones.

On 2-17-82, Dr. Erdman performed an autopsy and came to the following conclusion: That the victim was a w/f, approximately 18-25 years of age, 5'5", approximately 110#. Dr. Erdman further stated that the victim had been stabbed in the lower left chest area and that her head had been severed with a sharp instrument. He further advised that there were three chopped areas on her neck before the head was severed.

Dr. Erdman removed both of the victim's hands and Chief Dep. Gooch and this writer transported them to Austin DPS Lab for examination. Ten good prints were lifted by the Austin lab. The prints were compared to prints in Austin and with the FBI in Washington with negative result.

All of the identification information was sent to Denver, Colorado to the National Center for missing persons with negative results.

Dr. Erdman later changed the description of the victim to be a w/f, approximately 18-45 years of age, 5'1", to 5'7", and weighing 100-140"; no color of hair was given.

female who had tried to rip him (the man) off of dope," Tue said. The man said he and another man had slit the woman's throat and dumped the body near Brown field. Terry County Sheriff Ralph Murry dismissed the lead as unfounded, saying the alleged "confession" was made several months ago in a San Diego bar. "As far as I know, there's not a thing to it," he said.

Although Texas Ranger Jim Mull said the woman died from being decapitated, Justice of the Peace Glenn Stone is withholding a final ruling on the cause of death until tests are completed and a final autopsy report is filed. Stone ruled the death a homicide. About 3:30 p.m. Thursday, Mull and Hale County Chief Deputy Blake Gooch arrived in Austin at the Department of Public Safety laboratory in an effort to

find if there may be a fingerprint record on the dead woman. Tue said the woman's head, which was severed by a "heavy sharp instrument" such as an ax, has not been found. The unslad body was discovered by farmer Manuel Ayala about 11:45 a.m. Tuesday in a ditch on the north side of a dirt road about four miles east of Plainview.

# Print Check Fails To Identify Body 7/24/72

PLAINVIEW (Special) — A finger print check has failed to reveal the identity of a woman whose decapitated body was found here in June. Hale County Chief Deputy Blake Gooch said Thursday that despite receiving a list of a million potential leads from the state's fingerprint bureau, he was unable to identify the body. The absence of a fingerprint with the Texas state police safety

at least would indicate the woman had no criminal record in Texas, Gooch said. The fingerprints also will be checked with the FBI and with a missing persons bureau in Denver that keeps records on missing people across the nation. More detailed analysis of the body by pathologist Dr. Ralph Erdman has turned up one new bit of information. Initially it was believed the woman was in her late teens or early 20s. The more

recent analysis has indicated the woman was in her mid-to late 30s. Gooch said it also has been determined that the woman was white. The deputy said death was caused by the decapitation. The unslad remains were found by farmer Manuel Ayala about 11:45 a.m. on a dirt road about four miles east of Plainview. The body was found with the hands tied behind the neck with a bra.

Although characteristics of the body and head appear to be similar, Childrens pathologist Dr. Ralph Erdman said no positive connection had been made between the two body parts and that a clay composite of the head made by Arizona authorities would have to be identified in Texas before a positive identification could be established. He said that pathologically, a positive identification could not be made without the cervical vertebrae — two small bones that connect the head to the neck. Erdman said about 30 officers near Phoenix searched a five mile area

where the head was found but failed to find the small, delicate bones. "They are very small, thin and delicate and an easy target for animals," Erdman said. Maricopa County authorities contacted Texas officials about two weeks ago, Erdman said, after hearing the headless body found Feb. 16 on a dirt road near Plainview, he said. Erdman said the Arizona authorities asked for shipment of the body to see if it was decided for the head to sent here. He said the head and bones were consistent for a female in her 30s or early 30s. Manuel Ayala said he was driving a tractor along the road on his way home when he found the body.

Judge of the Pinal County Court said he believed the body to be that of a woman. He has ordered an autopsy.

The body was found about 3 1/2 feet west of a culvert, but deputies said there was no indication that the body had been dragged to that location from the drain. The body was taken to Larrick Federal Home.

**PLAINVIEW** — Pinal County deputies are seeking information about a decapitated body discovered east of Plainview late Tuesday morning.

The remains, which had with the skull missing, were found by a farmer about 11:45 a.m. in a ditch on the north side of a dirt road about four miles east of here.

According to Capt. Manuel Gilmer, the victim had been driven from there to the site and had been in suspended animation and the body was found

**Prints Fail To ID Body**

**PLAINVIEW (Special)** — A headless body found east of here last month remains unidentified following a fruitless search of fingerprints by federal officials.

Capt. Manuel Gilmer of the Mohave County Sheriff's Office said Tuesday Department of Public Safety officials had told him that FBI fingerprint specialists had been unable to identify the body.

Deputies had hoped federal officials could identify the female body from fingerprints lifted from the decomposing remains found in a bar ditch on Feb. 2.

Checks of DPS files in Austin earlier this month also failed to identify the body.

The fingerprint pattern of the woman belongs to only one person in 100,000, according to deputies.

An autopsy determined that the woman, believed to have been between the ages of 25 and 30, died from decapitation. The head has not been recovered. The woman had been dead at least three weeks when the body was recovered, authorities said.

MEMORANDUM

107.07-17A

TO Detective Hoffman  
Hollywood Police Department

DATE December 9, 1983

FROM *Edward Whittaker*  
Edward Whittaker, Commander  
Crime Laboratory Bureau  
Metro-Dade Police Department

SUBJECT Case #418664-D

Our best efforts to date have not produced a positive identification of the tool-marks found on the bone as having been made by the submitted machete. Bob Hart has worked the evidence with great vigor but all the physical factors combined appear to be leading to no positive identification.

The white fragments, found by the meticulous examination of the BCME office during the cleanup of the skull, are now in process of chemical examination with the purpose being to try to identify the basic type of material which the fragments are made of, perhaps ceramic, vitreous or paint material.

The fragments are quite brittle. The larger one broke during normal handling, but with no important consequence.

Please find six, self-explanatory, enclosed macrophotographs which I took of the fragments. We may provide you with future scanning electron micrographs.

As you will note, the smooth white surface has randomly scattered, faint, light-blue inclusions and a black somewhat porous, base layer.

The fracture patterns of any one of the seven edges of the fragments would be sufficient to permit an absolute identification to the surface from which it was broken.

Although an automobile is not likely to have such material, the questioned vehicle should be searched with extreme care for such material and, if found, for any defect or break in any surface. If such a break is found, the whole object should be very carefully packaged and submitted to us for chemical and microscope studies and edge comparisons.

James S. Palmer 72811  
Box 3, Box 500  
Tracy, Arkansas 71644

Central Investigative Division  
Blade County Sheriff's Dept.  
Miami, Florida

Dear Sirs:

It is without hesitancy that I write to you concerning a very grave matter. However, at the first I must stress that I wish for my name to be kept confidential for obvious reasons. I must also stress that this letter is neither a joke nor a fluke. I am an inmate in the Arkansas Dept. of Correction, Cummins Unit here at Tracy. But I am also a person with morals and a deep sense of responsibility when any child is concerned.

Several months ago I chanced to read an article in one of the several detective magazines (I do not recall which one) and the heading was about the "Indian River Schader". It told the cruel and heart-rending story of how some "animal" of a man abducted and murdered a 6 year old boy named Adam Walsh. His parents were John and Rene Walsh.

I sincerely believe I may know who the killer is who is responsible for this murder. But before I reveal this I must have some assurance that I will be protected from any harm from that person or anyone else. I have given this much thought and at one time decided to let it pass but my conscience will not let me be.

I will not write any more concerning this  
1967

(2)

but I will talk to you in person. But, again  
I must say that I wish to remain anonymous  
as far as publicity or anyone here where  
I am. I cannot afford to be killed for the  
revealing of the information I have, because  
I believe it may lead to the conviction of the  
killer of little Adam.

Now I've told you of my feelings as whether  
or not you decide to talk to me, my conscience  
is clear. But I do pray you will soon find  
Adam's murderer.

God be with you in your efforts.

Respectfully,  
James Palmer

A. Um.

Q. Where did you live when you were there?

A. Lived in a hotel right by the college. It was a rundown place, I don't know the name, it was a rundown place right by, almost right down by the college area.

Q. What college are you talking about?

A. There's only one college I knew of it was downtown, it had big yards and all that. The campus police always drove around the area.

Q. After you left Tampa where did you proceed to?

A. I think I went back out West, but I'm not really quite sure.

Q. Are you familiar with the roads in Florida that you traveled, do you know them by name?

A. Well I know pretty much Fort Lauderdale pretty well now. I used to travel 441 quite a bit.

Q. How did you get from Tampa to Fort Lauderdale?

A. I know I didn't go from Tampa to Fort Lauderdale, I'm almost positive I left the state, but I might be wrong, I don't really know.

Q. When you were staying in the Keys, did you go from the Keys to Fort Lauderdale?

A. I was on the opposite side of Fort Lauderdale Freeway, you know what I mean. I mean you look at the island, Tampa is on this side and Fort

Q. Do you remember getting your Florida Driver's License?

A. Yeah that would be, I didn't get that till I quite a few years back. I know, I know who I was working for.

Q. All right, where were you working?

A. The Coral Grill.

Q. In Monroe County?

A. Right.

Q. The indication on that license is it was issued May 1st, 1981. Okay, so between Tampa and going out to Phoenix or Arizona you eventually ended back in Monroe County?

A. I must've gone back down there because...

Q. Do you think you may have gone to Monroe County from Tampa, from March to May? It's only two months.

A. I mighta gone down from Tampa down to Miami cause that's where I think I mighta gone because how I got the job down the keys this time was I went to an employment, one of these rundown employment agencies, I think I saw the guy in a coffee shop and he was asking if I had a job I said - I got nothing, no living quarters no nothing. And he turned around and he said he had a place he could get me a job, living quarters and all that. I said - come on now I've heard a bunch of con. But he ended up, he said - I'll guarantee you, I'll guarantee you a job.

Q. So that would have been the Coral Grill you worked?

A. It would've been the Coral Grill.

now before you got down to Monroe County, you have to travel from Tampa. Do you recall how you traveled?

I don't remember if I hitchhiked or if I got a ride straight straight right to Miami.

Do you know what road you would have went on?

It would've been a straight throughway because I don't travel any other main throughway.

Would it have been the Interstate or the Turnpike or?

It would've been the Interstate or the Turnpike because I would not go, quite a few years ago when I was a kid I learned the wrong way on a small road.

On your way down to Monroe County to get this job to where you person, do you recall going to Fort Lauderdale or Miami?

Miami cause I stayed at the Salvation Army.

Do you got a good memory. We found out you stayed at Miami Salvation March 27, 1981. Do you recall how many nights you stayed there?

Possibly three nights, then I think the last night, I think all staying before I even got the job or the employment.

When I went to the Salvation Army I was getting more bored near was about ready to leave Miami I had my luggage and everything that's when I got the job.

Do you do any work in Miami while you were at the Salvation Army?

Q. What is the name of the dealer?

A. It was right around the corner from Broward, right around by her house.

Q. You said you wrote a check. You had a personal checking account?

A. Yeah.

Q. What bank?

A. I gave him my '76 Pacer which was in really good shape vehicle and he gave me a vehicle which blew up two days later.

Q. That would've been about the time period that you eventually left Florida for..

A. That would be the last time and then I came back, no that's, after I got, after I took off in the Station wagon, the car got stolen in Texas and I turned around and I called the police. The police came and took a report. I went back to Florida.

Q. You returned to Florida?

A. Yes.

Q. How did you get to Florida?

A. Hitchhiked. I stayed at DENISE' for a couple of days, then I left.

A. Knife, gun, chains.

Q. How about reading materials, do you have any particular literature you read?

A. I don't read that much...

A. Yeah.

Q. When you talk about similar crimes are you just talking about sexual abuse of an individual or murder?

A. I'll answer that without the tape on.

Q. Without the tape recorder?

Q. All right KEITH, the tape recorder was off during the period of time you spoke about unrelated murder that occurred in Monroe County. We are going to go back on the record at this time, cause you wished to have the tape recorder turned off during that segment.

Q. Other than this murder that you spoke to us off the record, were there any other victims in Florida?

A. No.

Q. What age group were your victims that you chose?

A. Hitchhikers, seventeen to nineteen maybe.

looked at it this way, as good a friend as DENISE was, I couldn't hide behind her back if I was gonna live with her. I told her about getting arrested with an adult guy. She said its your life whatever you live. She asked me not to do it in her house and I agreed.

A. When I came from Tampa it was the main road. And if it wasn't to go to Miami it was because I had a straight ride. I never went off a road. Even if I had a car. Even if I had a car. I was always on the main road.

Q. Did you ever use the toll road? Where you had to pay a toll?

A. Just in Massachusetts and New Hampshire.

Q. What about Florida?

A. I think there was one in Florida. I don't recall where the toll was.

Q. If you looked at a map you think you?

A. Yeah.

Q. This is the Keys now. Were talking about Fort Lauderdale, thats down here. And then we got Tampa. Tampa is up in here.

A. So it was either. I always stayed on the main road no matter what. I remember went up there and then went to Fort Myers. Past Tampa, I'm almost positive it was somebody that gave me a ride straight down to Fort Lauderdale to the Keys. I would never, I'd either gone up there or headed out going out of Florida I always went this way up through Jacksonville. Of if I was heading out west.

Q. You always go to Jacksonville?

A. Ah Jacksonville, yeah. Or Tallahassee. I use to go all the way up here, this last trip I think this was the only time I went up through Gainesville and through.

Q. The red one, okay this red one that goes up to Jacksonville.

A. Thats the turnpike?

Q. No. Thats I-95. The green one is the turnpike.

A. It was I-95 that I stayed on then.

Q. The yellow one is US1. As you noticed the green one cuts across the State. The red one goes directly to Jacksonville.

A. I never gone on the turapike, I'll tell you right now.

Q. Pardon me?

A. I never went the turnpike, except I think once coming down the keys I think this one place where you get a ticket going into the Keys.

Q. Well theres one down here towards the end, where it cuts off, and you make a big swing out west of Miami.

A. Thats where I've gone to that.

Q. But it takes you out here to Homestead. Well it does come down to US1.

A. I've gone to the Homestead Air Force Base out there.

Q. Did you ever go to Miami Veterans Hospital?

A. No.

Q. Have you ever been in, have you ever been in Fort Pierce? Indian River?

A. No.

Q. Familiar with those places?

A. Fort Pierce yeah, Indian River I'm not.

Q. Know anybody in Fort Pierce?

A. I think I've had somebody that I knew but I don't recall the name in Fort Pierce.

A. I don't remember.

Q. What brings Fort Pierce to your mind?

A. A friend that I think I knew in Florida. I'm not quite sure if he's still there. Its Fort, I don't think I've ever gone to Fort Pierce myself. But I might have.

Q. One more questions about these roads. If you were leaving the Keys, okay and you were going to go to Tampa persay. How do you think you would travel?

A. By right through Tampa up here and then part way the Everglades, the side of 241 I guess.

Q. Thats the way you think you'd get up there?

A. Other than that some people would go all the way up to Fort Pierce this way, cut off.

Q. Which way do you think you'd go?

A. Well if it was me, theres no major cities so I'd go this way.

Q. So you would go up the Turnpike? You'd go up the turnpike right up to.

A. The green is not the turnpike all the way is it?

Q. Yeah.

A. Okay, thats what I'd take then. Maybe I have been on the turnpike, but I don't.

Q. Pardon me?

A. Maybe I have been on the turnpike. I always tried to not to go on the turnpikes.

Q. Well you can plan to distinguish the turnpike because thats the only road

that you collect a toll? The Allegator Alley down here you collect a toll on one end. You collect a toll at the other end. The Turnpike you collect one. But its.

A. Okay that I know.

A. I know Tampa I haven't been through that much. That was the only time. I can tell you that right now. The business I did there I did it during that time. I don't remember the dates or what ever.

Q. You've never been in Hollywood?

A. Ah not that I remember.

Q. Do you know where it is?

A. Yeah.

Q. I appreciate you being frank with us during this period of questioning. You said you denied participating or being involved in the ADAM WALSH murder. If in fact you did do it, would you confess to it?

A. Why not if I did it. No I didn't do it. I might be sick, but I don't go after kids.

Q. Something else comes to mind that some other jurisdiction asked me about Somewhere up in the panhandle, have you ever been up to the panhandle, the Tallahassee area?

A. Yeah going out.

Q. Were you involved in any murder in the jurisdiction in that area?

A. Not that I recall. Not that I recall. The only reason I know that I did a few things in Florida is because it was a major thing, other than that what ever I did in the mid states I don't remember exactly where everything was

A. Well Florida was the major state that I went to. Arizona was a major state I went to, Phoenix. In the Arizona big states, so when I say Phoenix was a major area I went to. Nevada.

Q. When you say the things that you did in Florida, what do you mean a few things?

A. Across the bridge. I was going the opposite way, out towards the Freeway.

Q. So the Riverside Bridge, right?

A. Yes.

Q. And so what happened then?

A. I made him give me head, when we got halfway across and I was drinking beer.

Q. Were you still in the car?

A. Yes. I decided it wasn't worth sitting out there, so I took him and put him in my trunk. I drove onto a dirt road, heading out to Windscrees Ranch.

Right next to a cow bin, made him walk over by a fence, and I was going to tie him up there, because I had some business to take care of.

Q. What were you going to tie him up there with?

A. I had a rope. A lasso. And I decided not to. I hit him a couple of times.

Q. Where did you hit him at?

A. I think in his head and his chest. I am not sure. I don't remember.

Q. How come you hit him?

A. For the heck of it.

Q. What did he do?

A. He cried, and fell down to the ground a couple of times. Brought him back to the car, decided it wasn't worth leavin' him out there so I brought him back to the car and put him in the trunk.

Q. Did you think about killing him down there by the pole?

A. Yes. But, I didn't.

Q. Did you have any sex with him down there?

Q. What did you touch his butt with?

A. My hand.

Q. Did you put your finger inside his butt?

A. Yes.

Q. Did you put anything else inside his butt?

A. I tried my dick, but I didn't force it.

A. No.

Q. Did he know you were doing that?

A. I think he did.

Q. Did he say anything?

A. No.

Q. What was he doing while you were doing all this?

A. I think he was just lying down, looking at the trailer. He was more puzzled.

I don't think he knew what was going on. He was scared.

Q. Did you show him anything while you were in there? Books or anything?

A. Yes, the books that were on my bed.

Q. What kind of books were those?

A. Porn books, and all that, they weren't worth much. I didn't really make him do much. It was a game that I did that night.

Q. Did you ever have any 69?

A. Yes, but he wasn't doing much (unintelligible).

Q. What do you mean "not doing much"?

A. Well, there are some people that do it good and some people that don't.

As everybody knows, JACK did not like it. He was just a puzzle.

Q. OK, did he ever get a hard on or anything?

A. No.

Q. What was the significance of the clock going off at 2:00 AM?

A. I was going to get rid of him at 2:00.

Q. What were you going to do?

A. Bury him. Decided not to.

Q. Did you ever come up to that point?

A. I come sometime during the night. I don't remember when.

Q. Did you come in his mouth?

A. I think so but I'm not that sure. But I did come during the night.

Q. After the trailer, where did you go to? The alarm went off, right?

A. The alarm went off at 3:00 o'clock....2:00 o'clock, and I turned around waiting until 4:30. Walked him down to a ditch on JOANNE's land. I was going to bury him.

Q. How were you going to bury him?

A. With a shovel.

Q. Where is the shovel at now? Is it by your camper?

A. Yes.

Q. Where did you set it at, do you remember?

A. Right by my bike. I thought about it, it wasn't worth it. I brought him back up to the car and I took off. It was about quarter to 5.

Q. So you had him down there in the gully and you started digging the hole?

A. Yes.

Q. How come you stopped digging?

A. It was a game to me, over there, and I didn't want him hurt anymore.

Q. Did you tell him that you were going to bury him?

A. I think he got the drift.

- Q. Did he beg you not to hurt him?
- A. No, he never begged once the whole night.
- Q. So after you decided not to bury him, did you walk him back up to the car?
- A. I went back to the car, we took off, about quarter to 5.

Soon as I got up to Riverside Road, there was a cruiser up there. Clark went by a couple of times.

Q. Were you hiding?

A. Yes.

Q. Where were you hiding at?

A. In the brush, right off the side of the gulley.

Q. So about dark, what did you do?

A. I started trying to get over the bridge and the only time they really made me run, was....the sight of the helicopter.

Q. It was coming out, that time?

A. Yes.

Q. Did you take any beer with you?

A. Yes, but I didn't drink any.

Q. What did you do with it?

A. It was all busted, by my pack. I really didn't want the beer. I bought the case, and I figured I would take at least one piece of it.

Q. So you ran across the bridge, and then where did you go to?

A. I went to the left side of the Freeway all the way. I got up to the ORE Place, where they're mining, where I noticed.....the helicopter was still in the same area, cruisers kept on going by, and then -----an hour and a half later. That is when the helicopter, I think, started switching over, he didn't stay there long, so he went back across the road.

Q. Where were you heading for?

A. Back to Mesquite.

Q. You pulled a couple hundred bucks out of the bank, right?

Q. And you had your paycheck cashed, right?

Q. Did you intend on running? Heading out of town?

A. No, it was a game. If I was going to run out of town, I would have left that night. I would have snuck out, surely I wouldn't have gone back towards Mesquite.

Q. So sometime during the night, didn't one of the cruisers spot you?

A. One of them said they did, but I don't believe they did. When I was hiding, yes, I was in the gulley. I still say a cruiser saw me. But....I still say somebody saw me, because he had a flashlight right at me. I don't know why they didn't see me, but that is beside the point.

Q. Did he search around where you were?

A. Yes.

Q. Was he pretty close to you?

A. They should have been right on top of me.

Q. Did they ever shine any lights on you?

A. Yes.

Q. Never saw you huh?

A. No.

Q. After they left, that little area there, what did you do?

A. I got back up on the gulley making sure there was no Cops. I stayed on the left side of the Freeway, all the way. Going out of Mesquite. And as close to the fence as possible, and I didn't jump over the fence, until I almost got up by the Peppermill, the lane was getting a little bit narrow. You could see a lot more.

Q. So then where did you go to?

Q. We can't make any promises in exchange for your help. If you want to help us, that

And I do appreciate the help you are giving us. You made my job a lot easier by

A. I'm kind of playing it like this, you are the cop, and I am the crook, and my father and I will see each other some day, hopefully eternal world.

Q. So you don't want to talk about the contact that he had. I think it is important, that is why I brought it up.

A. I would rather not. I don't want my mom hurt or anything.....

Q. OK KEITH, where you ever put in Jail when you were a kid?

A. Quite a few times, I was a Runaway. And on the Petit Larceny had a family friend, thought he was a good friend, he had 3 daughters. He ended up screwing me pretty bad.

Q. Literally or figuratively?

A. He stole my Government check, when I was in the Military, Income Tax Check, he cashed it, and he didn't put no signatures on it, he just signed his name and put it in the bank. And then back in 79, I proved it, and he paid the bank back. The bank paid the IRS back.....and the FBI said that he didn't have to pay me back.

Q. After you went on the road, you were about 16 years old?

A. Yes.

Q. Did anybody ever sexually abuse you, once you got on the road?

A. A lot of hitch-hikers.

Q. What kind of things did they do?

A. They put their hands down my pants, had one pull a knife on me. They chained me once...bikers...I think.

Q. Did they have anal intercourse with you?

A. Did everything.

Q. Have you ever been with a girl before?

A. Yes, I don't like it.

Q. When did you first decide that you prefer having contact with other guys?

A. When I was a kid.

Q. That is why I asked you about your dad. I think that's important. But I'm not going to press you on it KEITH. Because that leads up to a lot of things.

You know that.

A. It was quite a few years ago. That is why I tried to get help many years ago.

Q. But nobody helped you back then?

A. They sent me to a Psychiatrist. He told me that the lessons would all be free.

And we talking, we were communicating. He understood me. So one day he came there with his form and he said you will have to start paying \$60.00 every week that you come. And I told him I couldn't afford that. He said since I couldn't afford it, I could have him.

Q. Do you remember his name?

A. I just know what he looks like.

Q. What town was that in?

A. Concord. When I got released from my last charges, I went to Concord.

A. What were those charges.

A. Rape, 2 counts of Rape.

Q. What happened on those charges?

Q. What happened with that case? What were the details, basically?

A. I have this kid I'd been seeing for a while, in Massachusetts. I stayed at a motel.

Q. Did he want to go along?

A. I didn't force him.

Q. How old was he?

A. 18.

Q. How old are you?

A. '83, I think it was when it happened.

Q. So you are about what, 21? .

A. He turned around and I didn't think much about it. The next morning, I was accused of Rape.

Q. So you didn't feel like you had to kill everyone you had sex with huh?

A. No.

Q. Was there a certain thing that made you want to kill people? Length of their hair, or anything?

A. No, they talked tough, think they're tough.

Q. Why did you cut JACK'S hair?

A. I thought it was joke.

Q. Did you ever cut anybody else's hair like that?

A. Yes, everytime I did it I thought it was a joke.

Q. You cut their hair? How old were you the first time that you ever hurt somebody or kill them?

A. Between 16 and 17. I don't know who he was. I don't know anything about it.

LVMPD CRIMINALISTICS:

KATHY ADKINS, P#900

SYNOPSIS:

On 1-30-86, at approximately 1900 hours, JACK TAYLOR, departed his residence in Bunkerville, enroute to Mesquite. He was picked up by KEITH WARREN operating the above vehicle, who transported him at knife-point to various locations, threatened his life, sexually assaulted him repeatedly.

WARREN then transported TAYLOR to a desolate area, on Old Highway 91, where he cut TAYLOR's throat with a knife, and left him for dead.

TAYLOR sought assistance and was treated at the Dixie Medical Center. WARREN was subsequently apprehended, confessed to the above allegations, and led Officers to the various crime scenes.

DETAILS:

On 1-31-86, at approximately 1130 hours, SHANE HOPPES, was in the desert area near Mile Marker 5, of Old Highway 91, between Mesquite, and Littlefield, when he observed someone whom he recognized as JACK TAYLOR in the desert, nude and bleeding from wounds on his throat and neck.

CAMPBELL provided immediate assistance to TAYLOR, and then proceeded back to town, in order to get help. There he contacted DEE J. CAMPBELL, who was visiting friends in Mesquite. CAMPBELL returned with his Pick-Up truck, and wrapped TAYLOR in a sleeping bag and a jacket. He then transported TAYLOR to a service station in Mesquite, where the Police and an ambulance were requested.

OFFICER CLARK ROBISON, LVMPD, and DEPUTY STEVE BAILEY, Mohave County Sheriff's Office arrived.

The victim was able to communicate with them, even though he was seriously injured. The victim advised OFFICER ROBISON that the red-haired cook from the Peppermill had picked him up, made him do what girls do, and then taken him into the desert and cut his throat.

OFFICER ROBISON recognized the description provided by TAYLOR, as matching that of a person known to him as KEITH, whom he had contacted approximately 2 weeks prior to this incident.

TAYLOR was subsequently transported to the Dixie Medical Center, in St. George, Utah, where he was treated by Doctors NEUBERGER, FOXLEY, and INTICH, who were assisted by Registered Nurses WALLACE, McCALL, and MAVIES.

Detectives DESPAIN and RODGERS of the St. George Police Department were present.

DETECTIVE RODGERS took photographs of TAYLOR's injuries with a 35 millimeter camera. DR. NEUBERGER advised that the victim's condition was extremely serious, near death.

It appeared to him that TAYLOR's throat had been cut with a sharp object, numerous times, on the front, sides, and back.

He stated that the victim had lost a great deal of blood. He then advised that the victim must undergo surgery immediately, in order to save his life.

Subsequent to emergency surgery, DR. NEUBERGER completed a St. George Police Department Sexual Assault Kit, and released this to DETECTIVE DESPAIN, who in turn, impounded this item.

DETECTIVES DESPAIN and RODGERS also impounded the sleeping bag and blue jacket which the victim had been wrapped in, as well as the bedding from the Ambulance in which the victim was transported.

OFFICER R. H. LOWTHER of the Arizona Department of Public Safety, took a brief, tape-recorded statement from SHANE HOPPES, as to locating the victim. DEE CAMPBELL apparently departed.

DETAILS: (continued)

At approximately 1206 hours, LVMPD Dispatch advised the Sexual Assault Unit of this incident.

SGT. SAMOLOVITCH and I initiated our investigation.

OFFICER ROBISON, assisted by SGT. THORNTON, and OFFICER FISCH, contacted the Peppermill Restaurant at the Western Village resort and were able to determine that the red-haired cook's last name was WARREN, and his first name was KEITH, as OFFICER ROBISON had suspected.

OFFICER ROBISON proceeded to KEITH WARREN's known address, that being a trailer located to the rear of 450 Riverside Highway, in Bunkerville/Mesquite, also known as the ADAMS PLACE.

Upon arriving, they observed a 1976 Ford Torino, white in color, having no license plates with VIN 6H27H208908, parked adjacent to WARREN's trailer.

They also observed a Dealers Report of Sale in the window, indicating that the vehicle had been sold to WARREN on 1-30-86.

Upon examining the vehicle from the exterior, they observed what appeared to be a blood-like substance, on the front seat of the vehicle, as well as clothing, in the rear of the vehicle.

WARREN was no where to be found.

They confirmed with the occupants of the residence, that WARREN did, indeed, live in that trailer.

OFFICER ROBISON also advised that at approximately 0600 hours, on 1-31-86, NEDRA TAYLOR, JACK's mother, had filed a Missing Person/Runaway Juvenile report, under D.R. Number 86-41707, alleging that her son, JACK TAYLOR had departed the residence enroute to a basketball game, in Mesquite, at approximately 1900 hours on 1-30-86, and had not been seen nor heard from since.

Based on this information, and the likelihood that KEITH WARREN may be involved in this crime, and the possibility there may be perishable evidence, I advised OFFICER ROBISON and SGT. THORNTON to seal this vehicle, and have it towed to the LVMPD Crime Lab in Las Vegas, as soon as possible. Also, to secure the camper-trailer pending the issuance of a Search Warrant.

DETECTIVE SGT. SAMOLOVITCH and I then contacted DEPUTY DISTRICT ATTORNEY WILLIAM HENRY, and advised him of the circumstances, known to us at this time.

He stated there appeared to be sufficient facts to warrant the issuance of a Search Warrant for the vehicle, and camper/trailer.

An Affidavit for Warrant was prepared, and a Warrant was formulated, requesting authorization to search the vehicle, and the above-listed Coleman Tent/Trailer.

That the search be directed to obtain any evidence, clothing or instrumentality of this crime. Once this Warrant was prepared, it was presented to JUDGE MYRON LEAVITT.

JUDGE LEAVITT reviewed these Documents, and provided authorization for the search.

SGT. SAMOLOVITCH and I proceeded to the LVMPD Criminalistics Laboratory in order to contact ID SPECIALIST KATHY ADKINS, P#900, who was to accompany us to Mesquite, Nevada, in order to serve this Warrant.

SGT. SAMOLOVITCH and I arrived at the Evidence Vault, and contacted Specialist ADKINS. At approximately 1725 hours, J. LEE BISHOP, the Proprietor of the Arrowhead Service Station, in Arrowhead, Nevada, telephone 864-2260, arrived at the Criminalistics Section at the Laboratory, with the 1976 Ford, owned by WARREN, in tow.

We noted that the 4 doors to the vehicle, and the trunk, were sealed with LVMPD Evidence Stickers. The vehicle was then placed into the Laboratory garage and the garage was secured.

SGT. SAMOLOVITCH, SPECIALIST ADKINS and I then proceeded to Mesquite.

We arrived at the ADAMS PLACE, 450 Riverside Highway, and contacted OFFICER ROBISON, who had stood by the scene.

SPECIALIST ADKINS then initiated her search of the trailer.

SGT. THORNTON and OFFICER FISCH had been attempting to locate KEITH WARREN with negative results. OFFICER FISCH took photographs of the vehicle prior to it's being towed, in order to show relationship to the residence and the camper, and the condition of the vehicle.

DETAILS: (continued)

While SPECIALIST ADKINS was processing and searching the camper for possible evidence, SGT. SAMOLOVITCH and I interviewed the occupants of the residence, situat 1 next to the camper.

We spoke with JEANNE ANDERSON, THOMAS ADAMS, and JOAN KRUKOW. JOAN has lived in the area for a number of years. Her mother, JEANNE is currently living with her, as well as her son, THOMAS.

They advised us that KEITH had moved on to their property with his camper, approximately 2 weeks prior to this incident, that being the same night that OFFICER ROBISON contacted KEITH WARREN, and that KEITH has resided in the camper adjacent to the residence since that time.

They advised that on the morning of 1-30-86, at approximately 0800 hours, KEITH had made breakfast for them. That after breakfast, MISS KRUKOW and KEITH went to Mesquite, spoke with Y.L. HUGHES in reference to buying another trailer for the property.

They then proceeded to the Western Village where they are both employed and picked up their pay checks.

KEITH remained at the Western Village while JOAN left.

She was returning at approximately 1400 hours, that day, when she observed a white vehicle pull up behind her, being driven by KEITH. He told her that he had just purchased the vehicle, at Harley's Garage.

She returned home prior to 1500 hours, and prepared to go to work.

She remained at work until 1700 hours.

MS. KRUKOW remained at her residence with her son, THOMAS, who was quite ill, for the remainder of the evening. KEITH did not come home.

She returned to the Peppermill, at approximately 2300 hours, in order to pick up ERIC GRILL, who was residing at her residence. When she arrived, she met with KEITH who was driving his vehicle. KEITH told JOAN that he was supposed to pick ERIC up, and said that his car was burning oil. He showed her his hands, and they were oily and greasy.

ERIC GRILL came out of the restaurant, and said that he had to stay approximately a half hour later, and KEITH would bring him home. She advised him that KEITH had been there, and had been having trouble with his car. KEITH had departed.

She awoke at approximately 0800 hours, on 1-31-86, in order to take her son, THOMAS, to the doctor. She noted that KEITH's vehicle was not there.

TOM related that while his mother was driving him to the doctor's office, he observed KEITH drive by in his new vehicle, heading back toward the residence.

When MISS KRUKOW returned home, at approximately 1130 hours, neither KEITH, nor the vehicle were at the residence. She departed for Las Vegas, and returned at approximately 1630 hours. At that time, OFFICER ROBISON was there.

JEANNE ANDERSON advised that soon after JOAN and TOM had left, KEITH returned home with his car.

At that time, KEITH was talking to ERIC GRILL and RICK LEEBON, who resides near by.

She thought that KEITH and ERIC may have left together, and RICK had left by himself, some time in the early afternoon. TOM also said that RICK has a vehicle parked in front of his house, and KEITH was talking about buying a motor from his vehicle to put into the one which he had just purchased.

At approximately 2100 hours, ERIC GRILL and his girlfriend, KIRSTEN CLINDERA arrived at the ADAMS PLACE.

SGT. SAMOLOVITCH spoke to them briefly and both KIRSTEN and ERIC told SGT. SAMOLOVITCH that KEITH has said that he had killed someone.

In subsequent conversation, we were able to determine that ERIC had seen KEITH on 1-30-86, at approximately 1500 hours, at the Peppermill. That KEITH had an argument with one of the cooks who told KEITH to take the night off.

KEITH departed at that time, and said that he would return, at approximately 2200 hours, that evening, to pick him up.

Apparently KEITH did return, along with JOANNE in separate vehicles. KEITH told ERIC that he had had car trouble. He then departed.

ERIC did not see KEITH until approximately 1100 hours, 1-31-86. They got KEITH's paycheck cashed at approximately 1300 hours, and then drove to the medical office, at approximately 1500 hours, so that ERIC could obtain medical treatment for injuries to his hands.

They were told to return at 1700 hours.

They then proceeded and contacted a subject named JACK WOLF, and JACK asked for a ride to work. KEITH asked ERIC to stop at the Stateline Bar so that he could buy some beer. KEITH purchased a case of Budweiser in bottles, and ERIC put the beer in the trunk of the vehicle.

After they had taken JACK to work, they were driving back toward their residence, from the Peppermill, and KEITH told ERIC, that: "If there are any cops there, keep going."

They was a black and white, probably OFFICER ROBISON's vehicle, parked at the residence. ERIC drove by the residence, as KEITH had requested, toward the Riverside Bridge.

ERIC asked KEITH what was going on, and KEITH said that he had killed somebody last night. ERIC then stopped the car, KEITH got his beer, placed it in a gully beside the road, and took other beer and placed it into a small bag which he was carrying and walked into the desert.

At that time, ERIC said that KEITH was wearing a blue jacket, tan jeans, a white T-shirt, and shoes.

KIRSTEN was in the vehicle with the subjects during their conversations. She was with them, when KEITH purchased the beer, and made the statements to ERIC. KEITH complained bitterly about his car, breaking down.

She became extremely frightened when KEITH said that he had killed someone last night. She said that he exited the vehicle, in the desert area, and placed the beer in the gully and that he was carrying a Western Village bag, white in color, with him at that time, apparently the same bag that he always carried.

He put a portion of the beer into the bag, and departed into the desert.

ERIC and KIRSTEN then returned to the Medical Center where ERIC received treatment for his infected fingers, prior to returning to his residence.

Voluntary Statements were obtained from all the above subjects.

SGT. SAMOLOVITCH wrote ERIC's statement at his request, because his hands were incapacitated temporarily, due to minor surgery and bandaging.

I wrote the statement for MRS. ANDERSON, because she stated her vision was impaired.

SGT. SAMOLOVITCH then transported ERIC and KIRSTEN in an attempt to locate the area where they had dropped KEITH off. They were able to find the general area, but unable to locate the beer at that time.

While SGT. SAMOLOVITCH was gone, I assisted SPECIALIST ADKINS in searching the trailer. SPECIALIST ADKINS had recovered hair, which appeared to have been cut, in the camper, as well as a used prophylactic clothing, shoes, knotted shoe strings, a nude male model-type magazine, a vibrator, vaseline, a box of knives, cigarette butts, bedding, and a brown date-type book, which appears to have been used as a diary by KEITH WARREN.

Additionally, there were various papers with KEITH WARREN's name on them, indicating that he did reside in that trailer, or camper. Please refer to SPECIALIST ADKINS' Property Impound reports and the Search Warrant Return for more complete details.

During the search of the residence, various addresses were located, including the address of WARREN's mother, and that of a Pen Pal, named CARLA FLANDERS, of 473 Brook Avenue, Tooele, Utah, 84074.

SPECIALIST ADKINS completed her search and processing of the trailer. She also recovered latent fingerprints off various locations inside.

We were then advised that SGT. THORNTON and OFFICER ROBISON had apparently located a case of Budweiser beer, adjacent to the Riverside Freeway, between the ADAMS PLACE and the Riverside Bridge. We proceeded to that location.

SPECIALIST ADKINS photographed the location of these items, and impounded them.

Due to the terrain features of this area, it would be extremely difficult for someone to transverse the area between the Riverside Highway and Interstate 15, due to the river and thick brush.

SGT. THORNTON requested Air II to respond and sweep the area, in an attempt to locate the suspect.

A K-9 Unit was requested to respond from town, that being OFFICER TOM HARRINGTON.

Upon OFFICER HARRINGTON's arrival, he began a foot search of the area, and found a white duffle bag, a short distance from the Highway, on a hill, above the gully where the beer was found.

Inside this bag were numerous knives. There was also broken glass adjacent to the bag, and there was bottled Budweiser in the bag.

SPECIALIST ADKINS photographed these items and impounded them for further processing.

Subsequent to the initiation of the foot search, SGT. SAMOLOVITCH, SPECIALIST ADKINS, and I, departed the scene of the search, in order to return to Las Vegas, to complete the processing of the evidence, and the vehicle at the Laboratory.

We returned to Las Vegas at approximately 0300 hours. At that time, I issued an Attempt To Locate, a Press Release, and a Nationwide Broadcast, in reference to this incident. All Officers in Clark County, of all jurisdictions were notified of what had occurred.

Numerous photographs of the suspect had been distributed to the Resident Officers at Mesquite, Mesquite Police Department, and the Highway Patrol in the area, and attempt to locate the suspect.

I returned to the office at approximately 0930 hours on 2-1-86. I was advised at that time, that the victim was improving, and the Doctor had authorized Officers to interview him.

At that time, the information that we had available to us, indicated that the Kidnapping and possibly a majority of the crimes occurred in our jurisdiction, and that the Attempt Homicide did apparently occur 5 miles into Mohave County, Arizona.

As such, DEPUTY BAILEY requested the assistance of the Sexual Assault Unit in investigation of this matter, due to it's complexity and

The following identification numbers were used:

WARREN's photo was positioned as number three, out of the six.

These photos were then attached to a manila folder, with a piece of white paper taped across the bottom of each photo concealing the numbers. These photos were numbered 1 through 6, as noted above.

I then proceeded to the Mesquite area. I was advised by OFFICER ROBISON that SWAT members had combed the area surrounding the location that the beer was found, with negative results.

Additionally, OFFICER ROBISON had observed someone whom he had thought to be KEITH WARREN, adjacent to I-15, at approximately 0300 hours, 2-1-86. At that time, the searching was moved to that location.

The area was searched with negative results.

SWAT concluded their operations at approximately 1300 hours. A road block had been established on I-15, with negative results.

I continued to the Dixie Medical Center, in St. George, Utah, accompanied by DEPUTY BAILEY. DEPUTY BAILEY advised me that the victim's condition continued to improve and that the Attending Physician, DR. NEUBERGER, had consented to allow us 20 minutes interview with the victim.

I then spoke with a representative of the St. George Sentinel, and provided him with a copy of the Press Release, and some of the additional information available.

I also provided him with a copy of the photograph of WARREN and requested that he print that photograph and request the public's assistance in locating WARREN.

Once inside the medical center, I contacted the victim's mother, NEDRA TAYLOR. She advised me that JACK TAYLOR was able to communicate and had told her that the man who picked him up, called him by name.

That the man held a knife on him, and told him that he would cut his throat if he didn't do what he wanted. That the man took him to the trailer at the ADAMS PLACE. That the man transported him in the trunk of his car to various locations, and that the man took him into a ditch, tried to strangle him, and then cut his throat. That the man left several times, and returned, apparently looking for him.

JACK told her that he had lost consciousness, several times, and had then crawled up the hill, where HOOPEES had come in contact with him.

I obtained a statement from MRS. TAYLOR.

DEPUTY BAILEY, NURSE DEANNA MURRAY, and I then entered the Hospital room of JACK TAYLOR. I noted that his hair was cut very unevenly.

I noted that he was extremely pale and seemed weak. There was a great deal of bandaging and packing around his neck.

There were intravenous tubes in both of his arms. I noted his voice was very hoarse.

He said that he was in a great deal of pain.

After introducing myself, I read him the instructions on a Photographic Lineup Identification form. He stated that he was unable to sign, due to his injuries.

I then showed him the photographic lineup, which I had prepared. He immediately chose photograph #3, that being the photograph depicting WARREN.

He said that he was positive that was the person that had done the things to him.

He was unable to sign the rear of the photograph. I signed the rear of the photograph, and dated it 1405 hours. I also requested DEPUTY BAILEY to sign the photograph. He timed it 1505 hours, due to the one-hour time difference, between Arizona and Nevada. My watch remained on Nevada time, throughout this incident.

I then took a tape-recorded statement from JACK TAYLOR, which was subsequently transcribed, and was 16 pages long.

JACK TAYLOR advised me that he departed his residence, at approximately 1900 hours, on 1-30-86, enroute to Mesquite, where he was to work at the Donkey Basketball game, there, in return for his admission.

He was unable to get a ride, and began walking toward Mesquite. He tired, and turned around.

He was approached by a subject in a white vehicle, who called him by name, and asked him if he wanted a ride. JACK noted envelopes and things on the dashboard of the vehicle.

Once inside the vehicle, the driver whom JACK knew as the red-haired cook from the Peppermill, offered him \$30.00 to go milk cows.

They then drove down the Riverside Highway to an unknown location. After getting out of the vehicle, the suspect produced a knife and ordered JACK to take all his clothes off, or he would kill him. He held the knife to JACK's throat. The suspect then fondled JACK's penis.

He also performed fellatio on JACK.

He penetrated JACK's rectum with his finger.

He forced JACK to perform fellatio on him.

After these acts were finished, he returned JACK to the vehicle, nude, and tied him up, with shoe strings and other ligatures.

He then put JACK's clothes in the back seat, and caused JACK to ride in the front seat.

They then drove to another location, and the suspect tied JACK to a post, and struck his face and stomach repeatedly.

He then forced JACK to perform fellatio on him.

The suspect then returned JACK to his vehicle and placed him in the trunk. They then drove to another location, and stopped. The suspect came back and opened the trunk, and threatened that if JACK made any noise, he would cut his throat. JACK recognized the building surrounding as being the Western Village.

They again departed, and went to the ADAMS PLACE, that being the location where WARREN's trailer is parked.

The suspect removed JACK from the trunk, pressed a knife-point into his back, and forced him inside the camper. Once inside the camper, the suspect caused JACK to lay on the bed, and then untied him.

The suspect then forced JACK to again perform fellatio on him, and told him that if he did not make him come, he would kill him, and he set a 2:00 A.M. time limit on that.

He then caused JACK to get into a position, that JACK called an 86, wherein he was forced to perform fellatio on the suspect, while the suspect performed fellatio on him.

The suspect told JACK that if his penis did not get hard, by 2:00 A.M., when the alarm went off, he would kill him. There was a digital alarm clock adjacent to the bed.

He forced JACK to look at a book with male models in it. He put lubricant on his finger, rubbed it on his back, and again penetrated his rectum with the finger.

He told JACK that he wanted JACK to have anal intercourse with him.

The suspect then caused JACK to leave the trailer. They went to a small place, near the trailer, where the suspect began to dig a hole, and told JACK that he was going to kill him and bury him.

The suspect changed his mind, and returned JACK to the vehicle.

The suspect then drove out the road, toward Littlefield, that being Old Highway 91, and upon finding a place, he forced JACK to get out of the vehicle.

The suspect had apparently given JACK clothing, although not his own, to wear. He then took JACK down to the bottom of a hill, where he asked him if he wanted to do it, indicating "kill himself", and was going to give him the knife. The suspect apparently changed his mind, and began to strangle JACK with his bare hands, around his neck.

At that time, the suspect began to cut JACK's neck with the knife he had. JACK is unsure how many times, the suspect cut him.

JACK said the suspect rubbed blood over his back and throat.

JACK said that he played dead, and the suspect came back, several times, but JACK was able to stay out of the suspect's view.

JACK estimated this to be at approximately 0400 hours, as they had left the trailer after 0200 hours.

JACK stated that he lost consciousness, a couple of times, but was able to get help from SHANE, when SHANE drove by, and then went to the Hospital.

It became apparent that JACK was weakening and his voice was becoming very difficult to understand. The interview was terminated at that time.

I then spoke again to DR. NEUBERGER, who advised me that it was a miracle that JACK was still alive. Apparently the perpetrator had cut across JACK's throat 4 to 6 times, from ear-to-ear, and that JACK's voice box was grooved.

Additionally, the Doctor theorized that the suspect had hacked on the back of JACK's neck, several times, in an apparent attempt to decapitate him.

The Doctor stated that JACK took literally hundreds of stitches to repair the damage.

He also advised that he was getting indications that perhaps there may be some type of neurological damage, as JACK was having difficulty straightening the fingers and toes on his left side.

MRS. TAYLOR had taken 3 pages of notes of the different things that JACK had told her. I made copies of them.

At that time, I also received copies of the Medical report of Suspected Rape, completed by DR. NEUBERGER, showing the various injuries to JACK and listing what Forensic Lab specimens were taken.

I returned with DETECTIVE DESPAIN to the St. George Police Department where I obtained the above-listed items.

I provided DETECTIVE DESPAIN with a copy of the LVMPD Property Impound report, which I had completed for these items.

I then went enroute to Las Vegas from St. George, at which time, I overheard an LVMPD Dispatch requesting the Resident Officer from Mesquite, respond to the Arizona/Nevada border to assist the Volunteer Fire Department who was the in the process of putting out a vehicle fire, and was having difficulty with combative intoxicated persons at the scene.

I contacted the personnel from the Mesquite Volunteer Fire Department.

They were standing beside a Ford Van bearing California License plates, which was partially destroyed by fire. There were 2 intoxicated subjects sitting beside the Van.

One identified himself as RUDY ILDEFONSO, date of birth, 7-14-51. The other one would only identify himself as JEFFERY. He was extremely belligerent and continued to make threats to the Fire Department Officials and I.

Both subjects were extremely intoxicated and had great difficulty in standing.

JEFFERY continued to ask if we wanted to fight and if we wanted to hit him. He was advised that we did not, we were merely investigating the presence of the vehicle.

The Fire Department Officials advised that the original persons who had called the burning Van in, had observed 2 subjects run from the Van, into the desert. They were unable to identify those persons.

OFFICERS from the Nevada Highway Patrol arrived to assist.

The Van was registered to a RAYMOND CARRARA in Sacramento, California. Neither of the subjects present would provide any information as to how the vehicle arrived at that location, who was driving it, or where the owner currently was. The Nevada Highway Patrol Sergeant on the scene, then told me that JEFFREY had said that he had spent some time with KEITH, on that date, and that he thought that KEITH was innocent.

He said that KEITH was currently at room #3, at the Stateline Motel, which is where he resides.

He then said that KEITH was currently at the residence, where he lived, being the ADAMS PLACE.

We requested assistance, and OFFICER CARL LAMB, assisted by OFFICER WIMPLEY from the Mesquite Police Department, checked those two locations. Both proved to be false.

In that the burned Van was on the Arizona side of the line, Arizona was requested to respond, however, were unable to do so. As such, then the 2 Highway Patrol Officers on the scene, decided to transport both RUDY and JEFFERY to Mesquite, so that they would not endanger their lives or the lives of others by exposing themselves to on-coming traffic.

Upon arriving at Mesquite, OFFICER LAMB interviewed both subjects. Apparently a 3rd subject was at the Western Village, creating a disturbance. It appeared that he had departed the Van, and hitch-hiked back to Mesquite, prior to the arrival of the Nevada Highway Patrol at the scene.

This subject was arrested by OFFICER LAMB, for Public Nuisance. The other 2 subjects, RUDY and JEFFREY, were at that time, taken into his custody for Civil Protective Custody, due to their extremely intoxicated state.

We checked ever possible lead, tying the subject identifying himself as JEFFREY to KEITH at that time. Apparently JEFFREY also worked at Western Village. No further leads could be developed. I then returned to Las Vegas.

At 0555 hours, on 2-2-86, I was advised by LVMPD Dispatch that KEITH WARREN had been taken into custody by OFFICER SIMPLEY at the Western Village in Mesquite, and had been booked at the Clark County Jail, on one count of Kidnapping and one count of Sexual Assault.

I proceeded to the Detective Bureau and contacted SGT. SAMOLOVITCH, and then DETECTIVE PETER BECKMAN, P#212.

DETECTIVE BECKMAN had met OFFICER WIMPLEY at the Clark County Jail, and assisted in booking the subject. DETECTIVE BECKMAN impounded the clothing which the suspect was wearing and completed an LVMPD Hair Collection Kit.

OFFICER WIMPLEY advised DETECTIVE BECKMAN that at approximately 0015 hours, 2-2-86, he received a telephone call from the Security Guards at the Western Village, those being HOWELL MIFFLIN, FRANCIS LYTTLE, JOHN THOMAS, and ROBERT PERKINS, that they had observed KEITH being KEITH WARREN, enter the restroom facilities, at the Western Village RV Parking area.

The Security Officers had locked the suspect inside the facility.

OFFICER WIMPLEY responded and ordered WARREN to come out. WARREN then slid a knife under the door, of the facility, which DETECTIVE BECKMAN later impounded.

WARREN then gave himself up, saying that he didn't have a knife, and WIMPLEY couldn't shoot him any more.

OFFICER ROBISON advised WARREN of his Rights per the Miranda Decision. WARREN apparently waived his Rights and told OFFICER ROBISON, that he had committed the crimes of which he was accused.

He also said that if we looked for it, we would find something on the Highway, which would get him the death penalty. He refused to elaborate on that, at that time.

He told OFFICER ROBISON that he had done this because he was so upset about the cars that he had bought. He then told OFFICER ROBISON about how he had eluded capture.

He also confirmed that that was him that OFFICER ROBISON had observed by the Freeway, at approximately 0300 hours, the preceding day.

SGT. SAMOLOVITCH and I later proceeded to the Clark County Detention Center, and contacted WARREN. WARREN had apparently stated that he wanted to go out in a blaze of glory, and commit Suicide.

I advised WARREN of his Rights per the Miranda Decision, verbally.

He stated that he understood his Rights. He stated that he did wish to speak with us, without his Attorney being present, thus waiving his Rights.

I advised him that we wished his help in finding the various scenes which he had been at, with the victim. He agreed. For full details of the statements made by WARREN, please refer to a following Officer's Report, under the same D.R. Number.

WARREN subsequently confessed to committing this crime, and agreed to show these Officers the various locations.

He was then returned to the LVMPD Detective Bureau, where he was further interviewed. He gave specific details on the commission of the crime, which corresponded with those, given by the victim.

Additionally, he alleged that during the time the Road Block was set up, on 2-1-86, being after 0300 hours, he had observed a "loud-mouthed cowboy" riding a horse in the median area, between the north and south-bound lanes of I-15, and that he had approached the subject from the rear, had stabbed and killed him.

He also alleged that he had committed numerous other crimes, of a similar nature to that perpetrated on JACK TAYLOR.

He declined to give a written statement and said that he did not want to have his voice tape-recorded.

Prior to any questioning that was attempted at the Detective Bureau, I did advise him of his Rights, via a printed Rights Card, which I requested that he read out loud, which he did. He then refused to sign the card, saying he would rather not sign his name.

...SPECIALIST ADKINS photographed the scene, found light brown hair, which appeared to me to be similar in color to that of the victim.

...ditionally, a quarter and 2 pennies in U. S. coin were found as well as a brown nylon wallet. KEITH said that was the wallet which the victim had just purchased and had apparently lost there, during the commission of the crime.

...e second location, where KEITH removed the victim from the front seat and placed him in the back seat, was in the area of Riverside Highway. He said it was on the north side of the Bridge. Nothing else could be located at that scene.

...e then directed us to the location where he cut the victim's throat. We were accompanied at that time, by OFFICER ROBISON who had been with us at the other two scenes, and DEPUTIES BAILEY and WELLS of the Mohave County Sheriff's Office.

...his location was approximately 5 miles across the Arizona border, approximately 2.25 miles north of the Sandy Wash Bridge. KEITH directed us to an area approximately 200 to 300 yards east of the roadway, adjacent to a swampy area. At that location, we discovered what appeared to be blood-like substances on the ground, and a red shoe lace, knotted in a circle, this being the probable scene where the victim's throat was cut.

...e were joined at that scene, by SGT. JOHN THORNTON and OFFICER ALBERT W. FISCH.

...ARREN then directed us to the location that he had tied the victim to the post and sexually assaulted him, that being approximately one mile east of the Riverside Highway, on the Wind River access road. That scene was not processed at that time, because of failing light.

DETAILS: (continued)

We proceeded on past that point, to the location where the suspect said he burned the victim's clothes, that being approximately 5.9 miles east of the Riverside Highway on the Wind River access road.

The remains of the burned items were located and the scene was processed by SPECIALIST ADKINS and all identifiable materials were impounded as Evidence.

The suspect also said that he had tied the victim with a lasso and had thrown the lasso out in that area. We were unable to locate that, due to the darkness.

We then returned to the scene of the Sexual Assault by the fence post. SPECIALIST ADKINS photographed and processed that scene, also.

We then transported WARREN to the Mesquite Jail, where we secured him under the control of Officer WIMPLEY.

We then returned with a meal for him. We had previously provided him with lunch.

We then returned WARREN to the Clark County Jail. At that time, I advised him that I would be rebooking him, for the additional charges of 5 counts of Kidnap, With Use of Deadly Weapon, 7 counts of Sexual Assault, With Use of Deadly Weapon, Battery With Intent To Commit Sexual Assault, Battery With Deadly Weapon and Robbery With Deadly Weapon.

I then completed the re-booking.

Of note, OFFICER LANTHER did provide me with a cassette tape containing a brief statement of SHANE HOOPES on 2-1-86. This statement will also be transcribed.

Investigation is continuing. Please refer to all reports under the above D.R. Number and subsequent Officer's Report, for complete details of the suspect's statement and up-dates on the investigation.

Please refer to previous Officer's Reports, Voluntary Statements, Crime Report, and any and all reports under the above DR# for complete information reference this incident.

This report will concern the admission and statements made by Keith Allen Warren, the alleged perpetrator.

On 2-1-86, at approximately 0015 hours, Keith Allen Warren was taken into custody by Officer Whimple of Mesquite Police Department at the Convenience Station located in the R.V. Complex at the Western Village Resort, in Mesquite. Officer Whimple received a knife from the suspect, at that time, which was impounded.

Officer Clark Robison, of LVMPD, advised the suspect of his Rights per Miranda Decision verbally. Keith Warren acknowledged his Rights, and waived them at that time. Warren told Officer Robison that if we did a complete investigation we would get the death penalty for him. He refused to give us specific information, but allude the possibility of him having killed another person. He said that he had done these acts to the victim, because he was very upset because his vehicle was not running well. He told Officer Robison that after getting out of Eric's vehicle, on State Route 170, being Riverside Highway, that he went toward the river, and then back toward the Teerlink Ranch. He then went up to the freeway and was spotted there. He confirmed that he was indeed the subject that Officer Robison had seen. He stated that he hid in the bushes during the search, and at one time, an officer shown his flashlight on him. He also told Officer Robison that he recalled seeing the helicopter out the first night and was able to avoid it, and the helicopter returned another time, and he also avoided it that day also. Since being spotted, he has hidden in various locations in the outline areas of Mesquite and Bunkerville.

Officer Whipple then transported suspect to Clark County Jail where he was met by Detective Peter Beckman. Suspect told Det. Beckman that he wanted to go out in a blaze of glory, and said that he wanted to die. He also told Det. Beckman that he had intended to commit suicide at his first possible opportunity. He also told Det. Beckman that he had taken a life of a second human being.

At approximately 1145 hours, Sgt. Samolovitch and I went to the Clark County Detention Center and contacted Keith Warren. Keith was in an isolation cell, nude. He was covered by a blanket. He was placed in isolation after his clothing was impounded and after making threats that he would commit suicide. Pending an observation period, he was not given anything which he may injure himself with.

I identified and introduced myself to him. I then advised him, verbally, of his Rights per the Miranda Decision. He stated that he understood his Rights and waived his Rights. He said he did not wish to have an attorney present while he talked with us, and he had no objections to talking about the incident. He spoke very concisely, and told Sgt. Samolovitch and I that he had indeed kidnapped a child. He believed the child's name was Jack Taylor. He said he had asked the child his name. He had repeatedly sexually assaulted him, and taken him to a desert area on old highway 91 and cut his throat, then thought he was dead. He returned and was unable to find him. He returned several other times that morning, and still was unable to find the victim.

He seemed as if he wanted a great deal of attention. I advised him that he was in control of the situation and requested his assistance in locating the various crime scenes which he had taken the victim to in the Mesquite, Bunkerville, and Arizona strip area. He told me that he would accompany us, to help us do our "homework", as he put it. He alluded to the fact, at that time, that he had killed a second victim, but declined to give any further details.

Clothing was obtained for him, and a belly-band handcuff chain was placed around his waist and the handcuffs were secured to his wrist. He was then transported to the LVMPD Juvenile Bureau.

Upon arrival, I readvised him of his Miranda Rights, via a pre-printed Rights Card. I asked if he read, wrote, and understood the English language, and he said that he did. I then asked him to read this Rights card to me out loud, which he did. I asked if he had any questions about his Rights, and he said that he had been through this numerous times before, and knew exactly what his Rights were. I then advised him that he did not have to say anything to us unless he wanted to, and if he wished to have an attorney present before talking to us, one would be provided for him, free of charge, if he could not afford one. He said he knew that. I then asked him to sign the card acknowledging that he understood his Rights. He asked if he had to sign the card, I told him he did not. He said that he would rather not sign anything. I then dated and timed the card and signed my own name to it, and placed "refused to sign" in the signature block for him.

In the subsequent conversation, Keith Warren told us that he had been out driving the car, which he had recently purchased from Harley's Garage in town, being a white Ford, and as he was nearing his residence, being Adam's Place, he observed a young white male juvenile who he recognized. He pulled up adjacent to the subject and asked him if he wanted a ride, he said that the child, Jack, got into the vehicle. They then drove out towards Abe Teerlink's place, and got out of the vehicle. At that point, Keith produced a knife, and told Jack to take all of his clothes off. At the time that Keith picked up Jack, he had full intentions of sexually assaulting him, and killing him. After forcing Jack to disrobe, he said that he caused Jack to give him a head job, slang for fellatio. Jack complied out of fear. Keith said that after he did that, he cut some of Jack's hair off with the knife. He then tied up Jack, using shoe laces from Jack's shoes and his own shoes. He then took Jack back to his vehicle, put all of Jack's belongings into the backseat of the vehicle, and drove to the area near the Riverside Bridge, not far from Teerlink's place, where he placed Jack in the trunk of his vehicle.

He then drove down to the Western Village to pick up Eric. He told Jack not to make any noise while he was in the trunk, or he would kill him. He then spoke with JoAnn and told her about his car having problems. Apparently, the vehicle was burning a great deal of oil, and this upset him immensely. He then talked to Eric. Eric had to work late, and Eric advised that he would get a ride home from Mike. JoAnn had already departed and Keith then drove away in his vehicle.

He then drove out to the Wind Rivers, or Wind Acres, area, east of Mesquite. He went out a dirt road and walked Jack, who was still nude, into the desert and was going to tie him to a fence post and leave him there. He changed his mind and struck Jack numerous times in the face and stomach. He then forced Jack to perform fellatio on him. He then took Jack back to the vehicle, and placed him in the vehicle and drove him back to his trailer at the Adam's place.

When he arrived, he saw that JoAnn's car was still there, that being JoAnn Krukow. He told Jack not to make any noise and poked him in the back with the knife and forced him into his camper/trailer. He then forced Jack to perform fellatio on him, and then 69'd with him, wherein he performed fellatio on Jack, while Jack performed fellatio on him. While there, he lubricated his finger with some Vaseline lotion and rubbed his back, and then slid his finger into Jack's butt. He tried to put his penis in Jack's butt, but didn't make penetration. He didn't try that again. Sometime after 2:00 AM, he took Jack out to the back of the trailer, and took a shovel along with him. He began to dig a hole but hit hard ground, and was unable to dig any farther. He was going to bury Jack there.

Keith returned Jack to his vehicle and gave him a pair of baggie blue pants and a gray and tan shirt to put on. He then put him in his vehicle and drove out to the Arizona strip, that being old highway 91. He parked the car on the left side of the highway, and walked Jack back across the road, and down into a ravine adjacent to a hill there. Once there, he offered Jack the knife and asked him if he wanted to do it himself, referring to killing himself. He then

changed his mind and began to strangle Jack. He then began to cut Jack's neck. He said he wasn't sure how many times he cut his neck, but knew it was quite a few, and he only cut on and around his neck, he didn't cut anywhere else. He said he did not get any blood on himself. Prior to cutting and strangling Jack, he did remove the clothing that Jack had been wearing. He said he thought Jack was dead. He then walked back up to his car, and decided to go back and check on Jack. When he did so, he could not find him and began to think that Jack was possibly still alive. He went back to his car again, and returned a few minutes later. Again, he could not find Jack.

He attempted to start his vehicle, and it wouldn't start. He was able to get help from someone near a ranch he believed was called the Advocado Ranch, or something to that effect, and a man driving a white 4-wheel drive vehicle came out to help him. Apparently, Keith's battery was dead and the subject jumped the vehicle.

Resident Officers are attempting to locate and identify that subject now, so that a statement might be obtained.

After he got his vehicle jumped, he drove the road in an attempt to locate the victim, without success. He then returned to Mesquite and purchased some oil for his vehicle, as it was still burning oil. He then drove back out Highway 91 attempting to locate the victim. He noted that there were some beehives on the road, near where he had left him. He then proceeded out toward the Wind Acre, or Wind River, area and burned all of Jack's possessions and the clothes which he had allowed Jack to wear.

He then went back to his residence at around 0800 hours. He saw JoAnn Krukow and her son, Thomas Adam, drive by. He then went back to the trailer, and stayed there until approximately 1400 hours talking with Eric Brill, Rick, and other people.

He then left with Eric to go to the Lovelock LaPosada Restaurant to contact Gloria, who was the co-signer on his account. He could not withdraw money from the Credit Union in Virgin Valley without Gloria co-signing. They then went to the Credit Union, and he withdrew \$200 because he figured that he would have to be on the run. He already had approximately \$200 in his possession cashing his paycheck. After that, he spent time with Eric and Eric's girlfriend, Kirsten. They drove around, he purchased a case of Budweiser beer at the Stateline Casino. They took a friend of Eric's to work at the Western Village, then proceeded back towards the residence.

He saw the police vehicles there, and told Eric to keep on driving. He said that Eric asked him what was going on, and Keith told him that he had killed someone that night. Keith said that he said that because he didn't want to go on to a long explanation to Eric.

During the course of this conversation, I asked Keith why he had done this. He said that he wanted to shake up Bunkerville and Mesquite because they had not treated him very well. He was very frustrated because they had refused him a raise at the Western Village and he was angry. He also said that he wanted to see the Resident Officer, Clark Robison, "get off his fat, lazy ass".

He showed absolutely no remorse or regret about what he had done to Jack.

He told us that he had killed another person, he was very reluctant to talk about that initially. We were able to determine that he said that after being spotted by Officer Robison, at approximately 0300 hours, on 2-1-86, he had hid in the median of I-15. He said that this loud mouth, big shot cowboy was riding a horse down in the gully, and had a rifle and a handgun with him, and that when this cowboy saw him, he said, "There you are you scum". At which time, Keith said he jumped up and stabbed this cowboy and pulled him off his horse, put him in the bushes, then unsaddled the horse and let it go. He said that he had the gun the cowboy had for a short time, but decided he didn't use those kind of things and got rid of them. He only like to use a knife, he told us. He said that he left the body there, and that it should be easy to find if we would do our "homework". I told him that it would be very difficult for us to find a body in that kind of terrain and requested assistance. He declined to give any more specific details at that time.

I asked if he had done similar things like this before, and he said that he had. I attempted to determine where, when, and how many other incidents he was taking responsibility for. He would not give any specifics.

During the search of his trailer, I did find a Jate book, which he had apparently been using for a Diary. In it were receipts from various locations, and notations that he had done quite a bit of traveling by hitchhiking, until he returned to Mesquite, several months ago, indicating that perhaps he had opportunity to commit other crimes in other localities.

Keith also told me that his father had began to sexually abuse him since he was approximately six years old, and continued until Keith was approximately 16 years old, when he decided that he had to runaway to escape this. Shortly thereafter, he was sexually assaulted on several occasions by persons on the road. Either people have pulled guns and knives on him and make him do sexual things. He also said that he was kidnapped by a bunch of bikers who took him into Montana, in the Blue Sky Country, as he put it, and repeatedly sexually assaulted him. He said that since that time, he has never been afraid of anybody because nothing worse could possibly happen to him. He said that he never told about what his father was doing because no one would ever believe him. He has told several adults in his life about what his father had done, and they said there was nothing that could be done to help him. He declined to say who these people he told were.

We then transported him from LVMPD to the McDonald's located on Las Vegas Boulevard and Lake Mead and purchased lunch for him. We ate lunch in the vehicle and followed by ID Specialist Atkins, who proceeded to the Mesquite area.

Upon arriving near the Riverside Bridge, on the Riverside Highway, we were met by Officer Robison. From there, Keith led us to the first location that he sexually assaulted the victim and cut his hair, that being on Abe Teerlink's Ranch. For specific location, please refer to previous officer's report. Once there, we found hair which was similar color to that of the victim's, 27 cents in coins, and a brown nylon wallet. Sgt. Samolovitch asked Keith about the wallet. Keith said that he had just bought the wallet a short time ago from Carter Store in Mesquite, and didn't know where he lost it, but that was definitely his wallet, he said. Sgt. Samolovitch asked him if it was a green wallet, and Keith told him, no, it was brown.

From that location, Keith showed us a general area where he stopped and put the victim in the trunk. There was nothing at that location to photograph or process.

We then proceeded to the location where Keith said that he cut the victim's throat. For that location, please refer to officer's report. Upon arriving, Keith directed us down a gully on the east side of Old Highway 91, between two sets of beehives, and said he was down there in a small clearing adjacent to the marshy area. We located an area where there was wet ground. We felt that that was perhaps the location. We marked the area and continued to search. Keith said that he would be happy to come down and show us. He started down the hill where we found a blood-like substance adjacent to the first locale which we found. We also found a red shoe lace that was knotted in a loop, as well as blood-like substance and what was believed to be tissue or bone fragments. Keith said that after he cut the victim's throat, he covered the victim up with broken branches, and that we should find broken branches there, which we did. It had apparently drizzled since the assault, and footprints in the area were somewhat distorted, so it was difficult to tell exactly what tread pattern of shoes had walked through. Keith indicated that the red laces were on a pair of boots which he was wearing at the time of the incident, and he had used them to tie the victim up, along with a lasso.

We then proceeded to the location where Keith tied the victim to a fence post. We marked that location, and as it was getting dark, we went to find the area where he burned the victim's clothing. We found that area. He said that it was near a small mound of dirt, and that he had covered over most of the debris but that some was still showing. When we arrived, we found some of the debris sticking out through a small mound of dirt, just as he had described. In addition, we saw a tire track from a vehicle which had apparently made a U-turn there. He said that he had done just that, he had made a U-turn after burning the clothing. He also said that as he was driving down the road, he threw a lasso out of the trunk, which he had forgotten to burn. Attempts to locate that were hampered by the darkness. He said he burned the victim's glasses, a calculator, his shoes and all the clothing. Fragments of these items were in fact located there.

We then returned and processed the scene where he had tied the victim to the post.

He told us that while the victim was in the trailer, he cried alot.

We spoke with him about the alleged homicide which he said he committed. He refused to give specific details, but did say that sooner or later we would find the body with his knife adjacent to it, and would know that he had done it. He said that he had purchased a set of knives from the Chief Chef of the Western Village Resort. He said the brand was Chef Master with black handles.

We returned Keith to the Mesquite Jail where Officer Whimple secured him. I thoroughly searched the cell prior to placing the suspect in, so that he would not have anything in which to injure himself with, if he still felt as if he wished to commit suicide. We unhandcuffed him, and removed the leg irons, and later returned with a meal for him. Earlier, he had told us that he wanted a steak for dinner from the Peppermill, being Western Village, and he said that he might show us where the body of the other victim was if we did that for him. I advised him at that time that if he wanted to cooperate, that was fine, but he would get his steak as requested no matter what he did for us that night. I advised him that we were not bribing him, or buying, his help, we were merely asking for his cooperation.

After he finished eating, we transported him back to Las Vegas. Enroute to Las Vegas, I asked him how he felt about doing those things to Jack. He said he did not care, the child meant nothing to him. He said that after he knew the kid wasn't dead, he figured he had a 50-50 chance of surviving, and if God was with him, he would do it. He said, apparently God was with him. I asked him how he felt about the psychological trauma would feel, and he said it didn't make any difference anyway, he had people around to help him. He said why should he care about what he did to this kid because people have been doing that to him all his life. He honestly appeared to feel no remorse or regret for any acts he had done.

During the course of the day, I asked him if he would provide us with a written statement. He said he'd think about it. I advised him he'd probably have to write 15 or 20 pages to cover the incident fully. He said that was pretty long. I asked him about using a tape recorder to tape record his statement with him, he said he would never allow his voice to be tape recorded because a tape recorder had burned him one time. He went on to describe an incident where an attorney had tape recorded a sexual contact with him. He used that tape recording to black mail him with. Again, he refused to give specific details. He also said that he had lived with a man back East who had killed all those hitchhiking boys and buried them in the basement and his property. He said he didn't have any idea that this person was doing those things, and was glad that he wasn't one of his victims.

with kept saying that he wanted to go out in a blaze of glory and wanted to be executed. I explained to him, during our initial contact, that it would not be fair of him to try to escape or do anything else which would cause me to injure him, because I did not want to live with that on my conscience. He said that he did not want to go that way, he either wanted to be executed or take his own life.

seemed fully aware of the seriousness of his acts and knew how wrong they were, but he still said that he wanted to shake up the community because of what they had done to him.

was very concerned that one of his friends, named Eddy Olach, that being a person who identified himself as Jeffrey at the burned van scene, please see previous officer's report, was in trouble for harboring a fugitive, said at no time did he have any contact with Eddy, either during the incident or after the incident prior to his apprehension. Eddy knew nothing about what was going on. He felt that Eddy was perhaps lying to protect him, and trying to throw us off track so that he would have more time to escape.

dy allowed officers to search his room at the Stateline Casino, room 3, for any property or items belonging to the suspect. None were found. There was no use in printing the room, as the suspect had been there on numerous previous occasions.

on returning the suspect to Las Vegas, I did advise him of the additional charges which he was being arrested for, and rebooked the suspect accordingly.

Additionally requested an extra set of FPC fingerprint cards to be completed that I might forward them to the Federal Bureau of Investigations for comparison.

The suspect is currently wanted in New Hampshire for a weapons violation, however, on the NCIC incident, it does state they would only extradite in the eastern seaboard states. I will teletype them and advise them of the suspect's whereabouts.

Bole, Utah, authorities will be advised, and attempts were made to contact Lee Campbell in order to obtain a statement from him. Nevada Resident deputies are also attempting to locate the cave where Keith was supposed to be hiding in, and will attempt to obtain a statement from the cook at the Western Village with whom Keith had an argument with preceding the kidnapping. I will also contact the personnel at Carter's market in an attempt to determine when the wallet was sold to Keith, and verify that he had purchased it there after the attempted murder.

contacted Deputy Bailey and advised him that the District Attorney's office in Las Vegas had said that due to the continuing nature of this crime, we would be able to seek prosecution of the attempt murder. He said that would be acceptable, and he would verify that fact with the Mojave County Attorney's office, due to the fact that criminal incident originated in Nevada, and both of the crimes occurred in Nevada, with the Attempt murder occurring in Las Vegas.

Additionally, the bulk of the investigation had been conducted by LVMPD with Deputy Bailey's full assistance and cooperation.

In the course of the conversations, Keith also alleged that he had seen a person whom he lived with, that being Ray Hoppes, sexually abuse his children on numerous previous occasions. He said that the Welfare people had taken the kids out of the residence, and had returned several of the kids to Ray Hoppes, and he felt that he was still sexually abusing them. There were diary entries in Keith's date book when the children were taken into custody, and that he was trying to help Ray get the kids back.

I have since contacted Nevada State Welfare, and they had advised us that Keith Warren was in fact a character witness for the Hoppes during these proceedings.

The investigation is continuing. The ATs and teletypes have been cancelled. The press release has been updated, and numerous media representatives have contacted the LVMPD Sexual Assault Office requesting additional information to this matter.

At this time, the victim is at Sunrise Hospital in room 305 East, where he is undergoing examination for possible neurological damage due to the hacking on the back of his neck. His condition is continually improving, and he was able to walk and take a shower today. I will attempt a further interview with him for more complete details tomorrow.

It should be noted that Keith was extremely frightened about having the media involved. He said that he did not want to talk to any media people without an attorney being with him. I assured him that we would not allow any representative of the media to contact him at this time.

Keith also said that he has been having sex with an 18 year old male in Mesquite Bunkerville area consensually, but refused to identify this person also.

LAS VEGAS METRO POLICE DEPARTMENT  
COMMUNITY TRAINING FOLLOW-UP REPORT

DETAILS:

For complete information in reference to this incident please refer to previous officer's reports and voluntary statements under the above report number.

With initial interviews with suspect KEITH WARREN, he indicated that he had firsthand knowledge of a subject named RAY HOOPES who resides in Mesquite, Nv. sexually abusing his children. Subsequently I contacted Nevada State Welfare and spoke with case worker MARK FITZGERALD who advised me that he was aware of the case and that the HOOPES children had been removed from the residence several months back due to physical abuse. He stated that sexual abuse was suspected but could never be confirmed. As such he requested that I reinterview the HOOPES children in reference to this.

On 2/5/86 MARK FITZGERALD and I spoke with SARIA HOOPES, HEATHER HOOPES and DANIEL HOOPES. They related numerous incidents of physical abuse but never any information on sexual abuse.

I also interviewed CRAIG HOOPES who spent a great deal of time with suspect WARREN. CRAIG is repeatedly mentioned in WARREN's date book and WARREN was apparently working with him on stopping him to wet the bed. CRAIG stated that WARREN would punish him by making him carry large buckets of water up and down hills but at no time was there ever any sexual contact.

On 2/6/86 DET. MC LAUGHLIN and I contacted KEITH WARREN at the Clark County Detention Center. I advised him of his rights per the Miranda Decision via a preprinted rights card which he declined to sign. However, he did state he understood his rights and did knowingly waive his rights. He stated that he did want to talk with us but he did not want to sign anything at that time. I advised him previously that I had wished to take a taperecorded statement from him to detail all of the different occurrences which he had previously advised us about. He initially stated he would not do that; however, he contacted me and stated that he was willing to do that at this time.

WARREN told me that he would make the statement if I called his mother and allowed him to talk with her. His mother's name is CLAIRE DRIVAS. Her telephone number is (617) 475-2242. I advised him that whether or not he gave me a statement made no difference as I would contact his mother for him and allow him to speak with her if at all possible. I stated that making a telephone call was not a condition of making a statement. If he wished to do so, he should tell me at that time. He told me he did wish to give me a statement. At that time we reviewed his rights per Miranda via the pre-printed rights form on a statement. He signed the rights acknowledgement and waiver section.

CONTINUATION OF FOLLOW-UP REPORT

I attempted to place a call to his mother for him without success. I advised him that I would return and attempt to contact his mother again on Saturday, 2/8/86.

DET. MICHAEL MC LAUGHLIN, P#541 witnessed the above. While I was attempting to make the telephone call to his mother, WARREN told DET. MC LAUGHLIN that his father made him have his hair cut short and have white sidewalls around his ears and that perhaps this was the reason why he cut the victim's hair.

DET. MC LAUGHLIN departed. I then initiated a tape recorded statement with WARREN. I spoke with WARREN about his involvement with JACK TAYLOR, what occurred during that incident and also about other crimes which he stated he had committed. He described to me two homicides which he committed in St. Louis, Missouri. He was fairly specific about certain details and very vague on others. However, the method of operation which he described was identical to that employed with JACK TAYLOR.

He also admitted to committing a homicide in or around Oliverona, Florida in the Florida Keys area where he cut his subject's throat. He said the subject's name was PAUL and then dropped PAUL's body into the ocean.

In my conversations with him I was able to determine that he preferred to victimize young white males with long, dark colored hair, primarily those persons living on the street so to speak. He said he liked them to, "talk tough." He said that he would initially befriend his potential victim and would provide them with beer or food or temporary shelter and in the course of that have voluntary sexual contact with them. At some point in his contact with them he would kidnap them by the use of a knife and force them to perform more sex acts with him and he would detain them for long periods of time. At some point he would cut their hair with the knife. Then later he would kill them normally by cutting their throat. He said some he would cut the throat and stab them in the back and then dispose of the nude body and burn any possessions that the person might have had.

For complete details please refer to KEITH WARREN's transcribed statement.

On 2/8/86 I returned and visited KEITH ALAN WARREN at the Clark County Detention Center with his statement which had been transcribed. He reviewed the statement with me after I had readvised him of his rights. He said everything appeared pretty good and that's exactly what he did say, but did refuse to sign the statement.

Prior to initiating this interview I was able to contact his mother, CLAIRE DRIVAS and allowed him to speak with her. She then wanted to speak with me and advised me that she really didn't want to know what her son was doing or had done.

CONTINUATION OF FOLLOW-UP REPORT

Again WARREN refused to sign his statement at that time; however, he did acknowledge that it was correct and proper.

OFFICER ROBISON had contacted several additional witnesses who reside in Mesquite and Bunkerville, including security officer RONALD FERGUSON who made initial contact with WARREN when he was confined in the restroom at the WESTERN VILLAGE RV PARK. A statement was obtained from him.

He also contacted IMAGENE CARTER, the clerk on duty when WARREN purchased oil at CARTER's MARKET the morning following the assault and MARKETTA BARNUM and LOYE HOUSTON, the ambulance attendants who transported JACK to St. George Medical Center. He obtained statements from them detailing the different comments which JACK had made to them in transport.

Investigation is continuing.

Dear Detective Hoffman:

Your name was given to me by Sergeant Tom Carney of the Broward Sheriff's Office's Homicide Unit. I am enclosing a letter from a subject Fredrick L. Cheek received recently by this office and which refers to the Adam Walsh case.

Since this is your agency's case, I am referring this letter to you for followup. Thanks very much for your attention to this matter.

November 19, 1986

Commander - Detective Division  
Broward County Sheriff's Dept.  
Ft. Lauderdale, Florida

Dear Sir:

The first thing I wish to make clear is that I want nothing from you, nor will I appear in court concerning what I have to tell you. I will talk with a detective about this matter but that is all.

On November 25, 1986 I appear in court here in Las Vegas to be sentenced for ex-felon in possession of a firearm. The district attorney is recommending my sentence to run concurrent with a probation violation in Seminole County, Florida, so shortly after the sentencing here I will be returning to Sanford, Florida for the sentencing for probation violation. So it would appear that by the time you receive this letter I will be back in Florida or very shortly thereafter.

I have been in the Clark County Detention Center here in Las Vegas, Nevada since June 13, 1986 and have been in module 3F since late August or early September. Shortly after moving to this module an inmate, Keith Warren, was moved in also. Warren and I have become acquainted, and he has told me,

1919

or should I say bragged about kidnapping, sexual assault, and murder of young boys. I don't know whether to believe what he has said or take it with a grain of salt, because it is quite obvious to me that he has severe mental problems. He brags of such episodes in New Hampshire, Texas, and Florida, but has talked about the one in Florida more often and in more detail than the others. He is constantly saying that he wishes either Texas or Florida would put him on trial, because he could be executed in either one of those states, but is only facing several life sentences here in Nevada. He seems pre-occupied with the idea of being executed.

The boy he talks about in Florida is Adam Walsh, and he talks about kidnapping him, what he did to him, how he killed him, and an area in which he disposed of the body. I am not going into detail in writing, and will only tell what he has said, because I do not want to be in a position of having to go to court. As I have said, I am not sure whether he was in fact involved or if this is just his imagination working overtime, but should someone wish to talk to me I will tell them what has been said.

Respectfully yours,

Fredrick L. Check

For information of receiving offices; on January 30, 1986, at approximately 7:00 p.m., captioned subject picked up JACK A. TAYLOR, age fifteen (15), who was hitchhiking near Mesquite, Nevada. TAYLOR recognized WARREN as a cook at a local restaurant. WARREN took TAYLOR to a desolate desert area near Mesquite, Nevada, threatened him with a knife, ordered him to completely disrobe and sexually assaulted TAYLOR. Captioned subject kept the victim in his presence for approximately twenty-four (24) hours during which time he committed numerous sexual assaults which included oral and anal sex. During the incident, the victim was beaten repeatedly on the face and stomach. Captioned victim was transported in the trunk of WARREN'S vehicle and was taken to WARREN'S trailer during the night of January 30, 1986. During the sexual assaults, WARREN would cut a piece of the victim's hair as a symbolic gesture.

On January 31, 1986, at approximately 4:00 a.m., WARREN transported TAYLOR to an isolated area in Arizona near the Nevada border where WARREN attempted to kill TAYLOR by slashing his throat with a knife. The victim's throat was cut four or five times across the front. WARREN then hacked at the rear of the victim's neck in an attempt to decapitate him. TAYLOR "played dead" and was left in the desert area by WARREN after being covered by sage brush.

On January 31, 1986, at approximately 11:30 a.m., TAYLOR was found by a passing motorist near Littlefield, Arizona. TAYLOR had walked approximately one mile from the location where he was repeatedly knifed to the location where he was found. WARREN was subsequently identified and arrested by LAS VEGAS METROPOLITAN POLICE DEPARTMENT (LVMPD) on February 2, 1986, in the Mesquite, Nevada area for sexual assault, kidnapping and attempted murder.

On February 6, 1986, WARREN gave a signed statement to LVMPD officers admitting the above offenses. During the statement WARREN indicated he has committed similar acts before, making reference to murders in St. Louis, New Hampshire, Dallas, Houston, and Florida. LVMPD has sent out a nationwide APB regarding captioned subject and his MO.

Las Vegas has obtained a copy of WARREN'S signed statement which will be forwarded upon request. Las Vegas will obtain a copy of WARREN'S recorded interview which was taken during the course of the signed statement. Las Vegas will review WARREN'S diary and advise appropriate offices of pertinent information.

Receiving offices are requested to review pending and unsolved closed kidnapping files, and to consider WARREN a suspect in crimes with similar MO's, i.e. male victims ten (10) to eighteen (18) years of age, sexually assaulted, clothing completely removed and subsequently burned, and victim's throat cut; possible decapitation.

of other murders. Mr. Cheek felt that Keith Warren  
definitely capable of this type of crime but could not  
name if Warren was just making up the story. This  
the reason that Fredrick Cheek wrote the letter.  
(interim for add. info.)

Mr. Cheek was questioned if Keith Warren was  
with any of the other inmates. Fredrick Cheek provided  
with the names of two other inmates; Jim Heinel and  
my stock.

The Det. + Sgt. Wagon then met with inmate  
Heinel w/pt 12-30-53. Mr. Heinel was born in Boston  
and raised in Huntington Beach California. Mr. Heinel  
presently incarcerated for sexual assault. He was arrested  
5-29-86.

Jim Heinel informed these detectives that he met  
the Warren in June 1986. ~~at~~ During the time they were  
the same module Keith Warren never spoke of other  
murders or Adam Walsh to Jim Heinel. Jim Heinel  
states that he never got along with Keith Warren and he  
thinks that Keith is "crazy."

These detectives were informed that inmate Larry  
Stock was transferred to Indian Springs Correction Facility  
and would have to make arrangements to see him tomorrow.

These detectives then proceeded to see Keith Warren.  
Warren was removed from his cell and brought to the  
interview room. Mr. Warren, upon seeing these detectives  
agreed to speak with us. Mr. Warren requested the  
officer to take him back to his cell immediately. There was no  
discussion with Keith Warren.

RED PAPER

Wed. 12-3-86 at 1245 hrs. The Det. + Sgt Upton  
met with Frederick Leroy Check w/M 1-12-47 at the Clark  
County Detention Center.

A taped interview with Mr. Check commenced at  
1247 PM. In this interview Mr. Check explained how Keith  
Warren spoke to him about all the life sentences he was  
facing in Nevada. Keith Warren told Frederick Check that  
he would much rather go to a state that had the death penalty  
than go to prison with no chance for parole.

Keith Warren told Frederick Check if he was taken  
back to Florida, the authorities would have a case on him.  
Check asked Warren what case he was speaking of at  
which time Warren stated Adam Walsh.

Keith Warren informed Frederick Check that he  
kidnapped a young boy from a shopping center and then took  
him to a house in Ft. Lauderdale. The house belonged to a woman  
named Denise. Keith stated he kept the child there for  
a couple of days and during that time he had sex with the  
boy. While being sex with the child, Keith stated he  
was reaching a climax when he slit the child's throat.

Keith told Frederick Check that he put the body  
in a bag and drove it to a wooded area off of State Rd 80  
in Ft. Lauderdale. at this location he buried the body. Keith  
stated that Denise knew about this murder. Keith Warren  
did not go into any specifics about the murder, he just  
related the ~~rough~~ ~~approximate~~ ~~circumstances~~  
circumstances.

Frederick Check was asked if he thought Keith  
Warren was looking for publicity or just bragging ~~to~~  
~~for~~ ~~to~~ his relatives about

by the Las Vegas Police Dept, Det. Schumaker for attempt  
Murder, Kidnapping + Sexual assault of a w/m 15yr old. In  
this case Keith Warren attempted to sever the victim's  
head off and left him for dead in the desert.

~~On 3-28-81~~ This det. along with Sgt. Wynn traveled  
to Las Vegas Nevada. These detectives met with Keith Warren  
who agreed to speak to us. Mr. Warren was quite frank  
about being homosexual. He mentioned that the murders he  
committed were a result of a homosexual affair and that the  
victims were all w/m teenagers. Keith Warren mentioned  
that he committed murders in New Angeline, Texas & Fla.  
when asked about the murder in Fla., Keith said he killed  
a w/m approx 18yrs. old in Monroe County where he worked.

Keith Warren was questioned about the Adam  
Walsh Murder. at that time he denied ever doing that  
murder or ever being in Hollywood, Fl. He further  
stated that his victims were always teenagers. <sup>with the exception of</sup>

after returning from Las Vegas, the detective  
contacted the <sup>Det. Owens</sup> Monroe County Sheriff's Dept. an inquiry  
was made about any unsolved homicides involving a w/m  
teenager. after checking their records, <sup>but none</sup> they did not have  
any ~~unsolved~~ open homicide cases involving w/m teenagers.

This det. did a background check on Keith Allen  
Warren. 3-2-81 Keith was arrested in Tampa Fla.

3-27-81 He stayed at the Salvation Army in Miami for 100  
2 nights. 5-1-81 Keith obtained a Fla. D.L. - Monroe County.

12-24-82 Keith Warren got a speeding ticket in Monroe County.  
Keith Warren did work at the Coral Gull in Delamarville  
periodically between 1979 + 1982. as a dishwasher + cook. This  
det. was unable to place Keith Warren anywhere on 7-27-81.

Indian Springs Correction Facility to meet with Larry Stack.

at 0910 hr. the Det. + Sgt. Wynn interviewed Larry Dean Stack w/m 4-17-61. Mr. Stack was arrested in August 1986 and sent to the Clark County Jail. There he met Keith Warren and lived in the same module. Keith Warren told Larry Stack that he was in Fla. when Adam Walsh was abducted. Keith never admitted or denied responsibility for the murder. Keith Warren told Larry Stack that the Florida authorities were trying to charge him with that murder.

Keith Warren would speak to Larry Stack in detail about his Las Vegas case but did not talk about other cases.

Friday 12-5-86 the Det. + Sgt. Wynn attempted to see Keith Warren prior to returning to Fla. Keith Warren still refused to meet with these detectives.

Wed. 12-10-86 at 1015 hr. The Det. + Sgt. Wynn went to the residence of Denise Jurgysch, located at 3101 Houston St. FT Land 791-6965. In a taped interview with Ms. Jurgysch, she stated she didn't meet Keith Warren until August of 1982 after her husband's death. Keith drove back with ~~her~~ <sup>her</sup> ~~husband's~~ <sup>husband's</sup> ~~car~~ <sup>car</sup> ~~to~~ <sup>to</sup> Fla. ~~from~~ <sup>from</sup> Connecticut with Denise. Keith Warren lived at Ms. Jurgysch's residence until December 1982. During that time Keith ~~had~~ held odd jobs in the area.

While Keith lived with Denise, she found a folder in Keith's room. The folder contained clippings of mass murders. When Ms. Jurgysch confronted Keith about these clippings, Keith stated he wanted to write a book about these

Monday 11-24-86 this det. received a telephone call from Sgt. Tom Carney, <sup>the</sup> Bernal County Sheriff's Dept. Sgt. Carney informed this det. that his dept. received a letter from a Frederick L. Check, ~~who is currently incarcerated~~ Mr. Check is presently incarcerated in the Clark County Jail, Las Vegas Nevada.

SGT. Carney stated that the content of Mr. Check's letter pertained to the Adam Walsh homicide. Sgt. Carney said he would forward ~~the~~ letter to this det.

Thursday 11-27-86 this det. received the aforementioned letter from the Bernal County Sheriff's Dept. The contents of this letter revealed that Frederick L. Check has been in the Clark County Detention Center since June 13, 1986.

In August or Sept. 1986, Frederick Check was placed into module 3F. It was in this Module that inmate Check met inmate Keith Warren. As Frederick Check became acquainted with Keith Warren, Mr. Warren spoke of kidnappings, sexual assaults + murders of young boys that he committed. These crimes occurring in New Hampshire, Texas + Florida.

The kidnapping + murder - i.e. that Keith Warren spoke of frequently was Adam Walsh. According to Frederick Check, Keith Warren told him about the kidnapping, what he did to the child, how he killed him and where he disposed of ~~the~~ the body. Mr. Check would not go into any details in his letter. However he agrees to meet with the detectives should we travel to Las Vegas.

This det. <sup>is</sup> familiar with Keith Warren <sup>Allen</sup> 7-15-58. Back in February 1986 Mr. Warren was arrested 1956

kind of people.

Some Keith's incarceration - Las Vegas, Me.  
Juryak was asked if Keith had corresponded with her.  
Mrs. Juryak stated that Keith and her have been writing  
to each other. at no time has Keith Warren ever  
mentioned the Adam Walsh Case. (see typed interview for full  
info.)

The information Keith Warren told Frederick  
check that he was living with Lynne when ~~she~~  
he kidnaped Adam Walsh and brought the child to  
her house appears to be false and baseless. at the time  
Adam Walsh was kidnaped & murdered Keith Warren didn't  
know Lynne Juryak. Investigation to continue

Q. Where was the Coleman at before you went on to JOANN's house?

A. PEPPERMILL.

Q. PEPPERMILL? Did you live on the PEPPERMILL's property then?

MARK.

What's MARK's last name?

He's just a chef on swing shift.

Turned around and when they decided to let me go I left, went down to Stateline.

Frank, bought a case of beer, played the Blackjack table for awhile.

Were you with anybody then?

No, I'm never with anybody. When I decide to leave, I leave.

Always by myself. Took off from Stateline heading towards home and

saw Jack Taylor.

How do you know JACK?

Don't know him, I just see him. Use to work down at C-Mart.

A. I stopped and asked him for a ride. I picked him up. He got in. We took a ride.

Q. Did you say anything to him?

A. I said where are you coming from. He said Donkey Basketball. Turned around and said you want to go for a ride. He said sure.

Q. Where'd you go to?

A. Riverside. I offered him a beer. By the time we got from there to Riverside, we walked under the fence. When we got down by the fence, I had the knife in my hand.

Q. Do you know whose property that was on?

A. ABE's. ABE TREELINE.

Q. Is there a name for that part of the property that you were on then?

A. I don't know of any name.

Q. Did you tell him that if he didn't make you come by 2:00 something would happen:

A. I don't know.

Q. Did you ever come up to that point?

A. I come sometime during the night. I don't remember when.

Q. Did you come in his mouth?

A. I think so but I'm not that sure. But I did come during the night.

Q. After the trailer, where did you go to? The alarm went off, right?

A. The alarm went off at 3:00 o'clock....2:00 o'clock, and I turned around waiting until 4:30. Walked him down to a ditch on JOANNE'S land. I was going to bury him.

Q. How were you going to bury him?

A. With a shovel.

Q. Where is the shovel at now? Is it by your camper?

A. Yes.

Q. Where did you set it at, do you remember?

A. Right by my bike. I thought about it, it wasn't worth it. I brought him back up to the car and I took off. It was about quarter to 5.

Q. So you had him down there in the gulley and you started digging the hole?

A. Yes.

Q. How come you stopped digging?

A. It was a game to me, over there, and I didn't want him hurt anymore.

Q. Did you tell him that you were going to bury him?

A. I think he got the drift.

- Q. Did he do something to make you think he knew what you were going to do?
- A. Well, the kid was smart.....The kid was a little smarter than I realized.
- Q. Why do you think he was smart?
- A. Well, to go back, later on, that night when everything gets over. It was just, he knew what to do and what to do after.
- Q. Did he beg you not to hurt him?
- A. No, he never begged once the whole night.
- Q. So after you decided not to bury him, did you walk him back up to the car?
- A. I went back to the car, we took off, about quarter to 5.
- Q. Where was he at? then?
- A. In front of the car....the front seat. And I took him for a ride. At one time, I told him to jump in the back. I don't remember when. I told him to jump in the back.
- Q. Was he dressed then?
- A. No. Yes. He had some clothes on.
- Q. What was he wearing?
- A. Blue pants, I think.
- Q. Are those yours?
- A. Yes.
- Q. What else did he have on?
- A. A brownish checkered shirt.
- Q. And you gave him some clothes to put on.

A. I don't know. I thought I cut his hair twice off, and I'm not quite sure.

Q. So you got him back in the car, and you had him in the back seat, and you were driving along, where did you go to?

A. We took a road out to a dump area. In Mesquite. I was just taking a ride. Wanted to about what I was going to do, and after that, I was getting about like 5, past 5. Took a ride out to Arizona on the old Arizona airport road, a lot of people call it.

Q. Where is that? Is that between Mesquite and Littlefield?

A. Yes, I don't know why they call it the airport road. It is (unintelligible).

Q. OK.

A. It was around there, about 5 miles....turned the car around.

Q. Did you pull off the road?

A. I was trying to turn it around, point it down and lucky me, the car stalled.

Q. Would it start again?

A. No. So I took him for a walk.

Q. Where did you walk to?

A. Just to the top of the Hill where I last saw him. That is why I said the kid is smarter than I thought he was.

Q. Did you take him to the top of the hill or down inside of a gulley?

A. Bottom of the gulley.

Q. Was that close to something?

Q. Was there anything down there?

A. Water, water down there.

Q. OK, so after you took him down there, what happened?

A. I made him take the clothes off. I don't remember if his hands were tied.

I took the knife and I put it on his neck.

Q. And what did you do?

A. I cut him.

Q. How many times did you cut him?

A. Two or three times. I cut him.

Q. Was he bleeding?

A. Yes.

Q. Pretty heavy?

A. As far as I know he was.

Q. OK, you cut him 2 or 3 times across the front?

A. Yes.

Q. Did you cut somewhere else?

A. I once in the temple.

Q. So sometime during the night, didn't one of the cruisers spot you?

A. One of them said they did, but I don't believe they did. When I was hiding, yes, I was in the gulley. I still say a cruiser saw me. But....I still say somebody saw me, because he had a flashlight right at me. I don't know why they didn't see me, but that is beside the point.

Q. Did they ever shine any lights on you?

A. Yes.

Q. Never saw you huh?

A. No.

Q. After they left, that little area there, what did you do?

A. I got back up on the gulley making sure there was no Cops. I stayed on the left side of the Freeway, all the way. Going out of Mesquite. And as close to the fence as possible, and I didn't jump over the fence, until I almost got up by the Peppermill. the lane was getting a little bit narrow. You could see a lot more.

Q. Is that the shuttle for the Western Village?

A. (no response heard)

Q. OK, there was another whole day in there, wasn't there? What did you do in the day?

Now this all happened Friday morning. You took the kid Thursday night/Friday morning, you left him and then Friday afternoon you spend, basically running around your house over there, and then Friday evening, you went down in the gully by the River, and up over the Bridge. And what about Saturday, day?

A. I stayed in the desert most of the time, there was a cave, almost up to the Peppermill but not quite. Stayed in there most of the time. Could see the freeway pretty much. I wasn't going into the Peppermill until almost night.

too good to the kids, she had a different aspect of life, than what she has now.

Q. How was your dad treating you?

A. Weird.

Q. What kind of weird things did he do to you?

A. (unintelligible).

Q. I always ask, because I think it is important?

A. I'm kind of playing it like this, you are the cop, and I am the crook, and my father and I will see each other some day, hopefully eternal world.

Q. So you don't want to talk about the contact that he had. I think it is important, that is why I brought it up.

A. I would rather not. I don't want my mom hurt or anything.....

Q. OK KEITH, where you ever put in Jail when you were a kid?

A. Quite a few times, I was a Runaway. And on the Petit Larceny had a family friend, thought he was a good friend, he had 3 daughters. He ended up screwing me pretty bad.

Q. Literally or figuratively?

A. He stole my Government check, when I was in the Military, Income Tax Check, he cashed it, and he didn't put no signatures on it, he just signed his name and put it in the bank. And then back in 79, I proved it, and he paid the bank back. The bank paid the IRS back.....and the FBI said that he didn't have to pay me back.

Q. After you went on the road, you were about 16 years old?

A. Yes.

Q. Did anybody ever sexually abuse you, once you got on the road?

A. A lot of hitch-hikers.

Q. What kind of things did they do?

A. They put their hands down my pants, had one pull a knife on me. They chained me once...bikers...I think.

Q. Did they have anal intercourse with you?

A. Did everything.

Q. Have you ever been with a girl before?

A. Yes, I don't like it.

Q. When did you first decide that you prefer having contact with other guys?

A. When I was a kid.

Q. That is why I asked you about your dad. I think that's important. But I'm not going to press you on it KEITH. Because that leads up to a lot of things. You know that.

A. It was quite a few years ago. That is why I tried to get help many years ago.

Q. But nobody helped you back then?

A. They sent me to a Psychiatrist. He told me that the lessons would all be free. And we talking, we were communicating. He understood me. So one day he came there with his fern and he said you will have to start paying \$60.00 every week that you come. And I told him I couldn't afford that. He said since I couldn't afford it, I could have him.

Q. Do you remember his name?

A. I just knew what he looks like.

Q. What town was that in?

A. Concord. When I got released from my last charges, I went to Concord.

A. What were those charges.

A. Rape, 2 counts of Rape.

Q. What happened on those charges?

A. I have this kid I'd been seeing for a while, in Massachusetts. I stayed at a motel.

Q. Did he want to go along?

A. I didn't force him.

Q. How old was he?

A. 18.

Q. How old are you?

A. '83. I think it was when it happened.

Q. So you are about what, 21?

A. He turned around and I didn't think much about it. The next morning, I was accused of Rape.

Q. So you didn't feel like you had to kill everyone you had sex with huh?

A. No.

Q. Was there a certain thing that made you want to kill people? Length of their hair, or anything?

A. No, they talked tough, think they're tough.

Q. Why did you cut JACK'S hair?

A. I thought it was joke.

Q. Did you ever cut anybody else's hair like that?

custody module. Over two or three weeks period he had found out that I had served some prison time in Florida. We became acquainted and he started talking tell about this case here in Nevada and other cases that he was a suspect in in different areas of the country, including Florida. One was in New Hampshire, one was in Texas and then one in Florida. He talked about the Florida case more, and then in recent days he talked about a couple of other cities that he said if the police were smart they would pick him for crimes in other cities. One in San Diego and an other one in Palm Beach, Florida. When he was staying in a mission down in Palm Beach.

Q. Was he specific about the crime there in Palm Beach?  
A. No he didn't, he said it was similar to what he was charged with here which is Sexual Assault. And I believe he's got attempted Murder also. But the main conversation he then, a case he told me he said you know he said I wish they'd execute me. I said well thats kind of a dumb thing to say. I said here you're facing , I realize a lot of life sentences . He said yeah but its life sentences without parole. I'd rather be executed, he said I'd rather go to a state that they'd execute me. He said if they took me to Florida they have a case on me there and they can execute me. He started talking about the case. And he didn't name any names at first. And he said he kidnapped a young boy from a shopping center and taken him to a house in Fort Lauderdale. I believe it was between Davie and Broward Blvd. It was off Houston Street. To a lady's house by the name of DENISE. The first time he mentioned it he didn't tell me anything about the lady and her name. He said he kept this

young boy there for a couple of days. And on the second and third day he was there he was having sex with the boy and as he was reaching his climax he slit his throat. And put him in a bag and took him out and buried him in an area, wooded area off of State Road 80 in Fort Lauderdale. It was about oh maybe two or three days later he started talking about it again. And then that when he mentioned DENICE'S last name. I think it was JURZYCK I wrote it down and I didn't bring it with me. I think it was JURZYCK and said that she was pretty much aware of everything. And she had been involved in it. And he lived with her off an on. And then that's when he mentioned ADAM WALSH. And of course the publicity that MR. WALSH made a commercial out here for a recent elections for the District Attorney here in Las Vegas he ran for Lt. Governor and I recognized the name on the publicity. And that's when he started talking about it again. And said that basically the same thing. He kidnapped this young boy, taken this young boy and taken him to DENICE'S house on Houston Street and had him for a couple of days, continue to sexually assault him and get him tied up again and by the second and third day he, again when he reached the climax he slit his throat and buried him. Then off and on he talked about similar cases he committed. He never did mention any names he did a similar thing into a young boy in Texas and just two or three days ago talked about a boy from San Diego he did the same thing with. And then a lot of he's been talking about he had done with theyoung boy in this case here. About he had taken him out to the desert and sexual assaulted him and he was going back and he left him in the desert chained up to a pole. And he was

And when he went back, he decided he didn't have a witness, so he slit his throat and they arrested him. That's basically uh...

Q. Do you know any specifics about how he abducted the child?

A. No he didn't, he just said he took him from a shopping center.

Q. Was he specific about what shopping center?

A. He didn't say where it was no, and I suppose I could have found out, I could have checked into it cause of the publicity I am not ever sure where it was in the city, I know it was in South Florida, but he didn't say where the shopping center was. About a week ago he mentioned that he'd been I don't remember the Broward County Sheriff's Office prior to some time earlier this year there had been two agencies talking to him about the case, and one I think was Broward County, the other one he never did say, I got the impression its the FBI not the Sheriff, but he never did say for sure.

Q. Aside from the time that he's been with this woman DENISE, did he tell you what type of transportation he had if any?

A. I'm not sure if he mentioned what kind he had at that time, he had several cars that he had stolen from people and several old clunkers that he used. We talked about how he lived when he traveled throughout the countries and nations, Salvation Armies, he named about 13 or 20 that he'd stayed at and he was comparing the difference between the missions.

Q. How frequently did he discuss these things with you?

A. Since I've met him probably maybe five or six times, since I met him in September, it wasn't frequent. it usually reverts back to it when we talked to somebody about the legal aspects of this case through.

boy taking him, kept him in this house for a few days and then killed him and he buried his body, no other real details other than those.

Q. Each time that you talked to him did it appear to be the same type story he was telling you or would he go into more specifics or more details?

A. He added more each time, he first started out and said it was just a matter he killed someone down in Florida and about the second or third time was when he led into that he had kidnapped this boy and kept him for a couple of days and that's when he told me about the house he kept the boy at where he's staying at periodically over a period of years I guess, and each time he talked about it, he told me a little more about it. I'm not even sure why he wouldn't go into more detail.

Q. Would it be just you and he discussing this or were there other people privy to the conversation?

A. Normally it was just him and I sitting at the table. We were in the day room sitting. there was six tables and we usually sit at one of the back tables where I could go over, sit there with him been doing it almost daily here recently. He's got a hearing, he goes to trial, he goes on calendar call next week and trial the week after. He's trying to get that continued.

Q. Did he mention to you, you said that the house that he took the child to DENISE's house?

A. Yes.

Q. She was privy to the child being there?

A. He never did say specifically that she knew he was there, but he had said

that she knew everything that had had done. He said she was aware of the New Hampshire sexual assault in and said that she was aware of the sexual assault in Florida and one in California, he never did say that she knew that he had the boy at that house.

Q. She was more familiar with his background?

A. Right.

Q. His past in New Hampshire and his other locations?

A. He did say she was familiar that he had sexually assaulted this young boy in Florida. He never did say that she knew who it was or whether she knew that he had him at the house.

Q. Did he say how she knew about it?

A. He said that he's told her, he said that DENISE is more like a mother to him and his real mother he said that she was quite a bit older than what he is, that he are still in contact with each other. He hasn't heard from her in a couple of months now and he thinks its because of the boy - friend he said that she was more like a mother, he said that he's been staying there since he was a teenager off and on periodically. If I remember right, I think the first time he met her he said that he was hitchhiking and she picked him up and offered him a place to stay and then they kind of just evolved into whenever he was in the Florida area that's where he would stay He would come back and forth she would send him money

Q. You mentioned that he's a homosexual?

A. Oh yes.

Q. He doesn't live with anybody?

A. There's not a person in the module who doesn't know that.

Q. Did it appear like he told her of the acts with the boy subsequent to it happening or since he's been incarcerated, were you able to determine any time of the specific one in Florida?

A. Yes, I got the impression that it was before he ever left Florida. I can say for sure that I got the impression that it could have been when it happened or it could have been a few days or weeks later. I got the impression she's known about it for a while.

Q. What were your personal feelings about him after speaking with him and meeting him, what do you think? Do you think he's a con artist or what?

A. I think he has very severe mental problems. I'm not a trained person I've had four years of college studying Sociology and Psychology and from the text book knowledge that I have, I would say he's a borderline possibly multi personalities, just from observing him in the module. He goes into the shower and he beats himself, his voice has changed, he definitely has some problems.

Q. What do you think about the credibility of this story?

A. I don't really know how, the only thing I have to base it on is from he's been completely honest with me about what's happened here and in the Las Vegas area after he got into the case here, we had been reading his motions of discovery and the information filed on the case and he was completely straightforward about what he did to the boy here. I don't know if its a lot of Reverie or not

A. Its two separate places now, and he wanted to know what it was like. I said well I can tell you what the rest of the prison is like I don't know what death row is like, I can tell you what the rest of it is like and he just he seemed to be obsessed with the idea of being executed, and I can't buy that. I've done a lot of things I got ten felony arrests and I don't care, I'm going to fight till they bury me in here if necessary but he seems to be obsessed with the idea of wanting to be executed. He wanted them to, he thought for sure to get here and he said this would have been an ideal state to get executed in because its got lethal injection there is no ideal place to get executed.

San Diago

Q. Do you know if any authorities such as Fort Worth, have been here and spoke with him and wa nt to verify these cases that he spoke about?

A. I can't say for sure but I think Texas authorities, they've either been here or had local authorities question him about it. There has been some investigation on the Texas case but I again, he hasn't gone into a lot of detail.

Q. Back in '81 of the summer were you out or were you incarcerated back then?

A. Uh, lets see, '81, I was incarcerated during my peruidof incarceration I am trying to remember the dates I was incarcerated, I had gone to the Veterans Hospital in Gainesville during the period of incarceration for a heart problem I had and I left the V.A. Hospital and I was picked up in Omaha Nebraska, and I was incarcerated in Omaha in '81 and returned to Florida in January of '82. No I'd like to correct that, I was returned January of '81.

Q. To Florida?

A. To Lake Butler, January of '81.

Q. Is there anybody else in the module that KEITH seemed to confide in other than yourself?

A. There was one other man, he has since gone to the prison system, I'm trying to think of his last name, he was a, I'll think of it cause he was in the module with me a little longer than what KEITH had been before he left the prison system, I can't think of it right now.

Q. Was he an older gentleman?

A. No probably late 20's, probably about the same age as KEITH.

Q. Do you remember what he was in for?

A. Sexual assault, it must have been on a minor also, cause I say that this module that I'm in is a protective custody module and lets see we had 19 people in there now and out of the 19 people, 17 of them are sexual assault of minors, maybe I should explain why I'm in protective custody module. They moved me down here in September of this year because I cooperated with detectives with Metro with an investigation of the corrections officers bringing drugs into the jail, and so they moved me down here in protective custody thats why I've been moved down here.

Q. Did KEITH ever tell you that he spoke to any law enforcement officers Fla. regarding this case recently?

A. It was earlier this year, I think it was shortly after he was arrested on this particular case and there were two agencies, and I think he said one of them was Broward County, I want to say the other one was the FBI but I'm

not sure whatever it was two separate agents, he said he talked with.

Q. Did he relate to you what he told those agencies about the case?

A. No he didn't. About the only thing he said was that he talked with them but didn't really give them any details about anything about the case. He said he really talked about that.

Q. Did he tell you that he denied it?

A. No I don't think he did, I don't think he ever mentioned whether he admitted or denied it to the authorities. I assumed since he's still here on this case that he probably did deny it to them.

Q. Did you ever suggest to him since he's so compelled in wanting to get the death penalty, did you ever tell him why didn't he contact the agency ...

A. Well it was interesting..

Q. ...and help them solve the case?

A. We were watching the movie on TV one night it involved the man that had been sentenced to death and then, I don't remember the name of the movie, but then his death sentence was commuted to life and he said - you know I'll bet that guy's got a lot of money out of that movie. And I said - well he probably did, I said - I don't know how it works but I said - you know with what you told me about everything that happened in Florida, I said - if you want to be executed you can go to Florida to be executed and then make a movie out of it. And recently he's been talking more and more about - do you think they'd really write a book about it, do you think they would make a movie about this if I told them where the body was? Today we

were discussing, just this morning there's a case here in Las Vegas of a little three year old boy who disappeared three or four months ago and the mother and step-father had failed the polygraph and they were taking another one yesterday and he made the comment, he said - you know, he said, they should tell where the body is. And I said - why would you tell where the body is? He said - which one? I said - would you tell where the body is in Florida? And he said - after they convicted me and sentenced me, he said - I'd tell them where it was. He said - the boy should be buried decently. And that was it. We were reading about that article this morning when he made that comment.

Q. After conviction?

A. Yeah he said - I would after they convicted me, sentenced me.

Q. Did you by any chance see the Adam Walsh movie?

A. I, no I haven't seen either one of them. The second one, the sequel was on here.

Q. Did he watch it?

A. I don't know we weren't in the same module when it was on. He, as a matter of fact, I would say he probably didn't because I think he would have been still in disciplinary at that time.

Q. So you don't think he watched it?

A. I would say no, like I say, I'm not sure, I'm not sure which module he's in, he's been, when he left disciplinary we went to 2 G, which is an 8 man Module . So I'm not sure where he was at the time.

traveling across the Country.

Q. Did he tell you when he got out of the Military?

A. I have to, I think I have to figure, I don't think he ever told me exactly when but the income tax check was like seven years ago and that was from his last year of Military Service, so I would assume seven years ago.

Q. We're talking about maybe '78 or '79?

A. Yeah.

Q. Did he ever tell you when he went to Florida, what year he went to Florida?

A. He's been back and forth several times. He said the first time <sup>military</sup> brought that out, he did mention something prior to the first time he met DENISE was he was like sixteen years old and he was hitchhiking down to Florida, she picked him up in Florida hitchhiking, he stayed with her so that would be probably I think he's 28 years old.

so that would have been like twelve years ago.

Q. Did he ever tell you where he stayed other than DENISE's?

A. Missions and Salvation Armies..

Q. I mean, I'm talking about Florida, I'm sorry.

A. Yeah he stayed in Missions in Fort Lauderdale, Salvation Army Mission, Fort Lauderdale, Palm Beach, Orlando, Jacksonville, Tallahassee,

Q. You can name any City and he's been there?

A. Yes, probably.

Q. How about Key West, did he ever talk about being in the Keys?

A. Yes, it wasn't Key West though, I don't remember, he was there for a short period of time and worked as a short order cook.

Q. Did he name the place?

A. I'm sure he did because we were talking about Marathon and he said he'd been there but he never worked there and I don't think it was Key Largo. If he did it was in passing and I just, but I know did go down to the Keys cause he had worked there. The reason came up was an acquaintance of mine is a chef down there in Key West I just can't understand cause he's an award winning chef. He's won awards from all over.

Q. Where does he work?

A. He's got his own place now and I'm not even sure of the name of it, his one brother, as a matter of fact, this was another reason that I asked if I knew him, because they are originally from Littleton, New Hampshire, and one of his brothers owns two restaurants one in Littleton and one in Concord and he said his <sup>mom's</sup> been to both of them. Littleton is up around Mount Washington and I became acquainted with the guy through another brother who's involved in drug trafficking so I just so I just mentioned it to him.

Q. Did KEITH go into any specifics of how he disposed of the body?

A. He said that he put it in a garbage bag and buried it, that's all he said.

Q. That's all he said?

A. He said he buried it in a wooded area.

Q. And you mentioned a Route?

NAME OF: **FREDERICK LEROY CHEEK**

Yeah he said it was off a State Road 80.

In what City?

Fort Lauderdale.

Did he give you any other identifiers?

No.

Was it a long way out of Fort Lauderdale or a short way?

He never did say and I never even pursued it, he just said it was off of a wooded area State Road.80.

Did he go into how he selected his victim, how he found this child?

No he didn't.

Did he have any mode of transportation when he took the child?

I would say what was his mode of transportation?

I don't know specifically what he had at that time. He's talked about several clunkers he's used, cars he's borrowed from other people, DENISE car he used, but I don't believe he said exactly what he had the day he was supposed to have that boy. I don't know.

He committed this crime solely by himself?

Yes. He says he did.

So he said he took the child from a shopping center. Was he alone?

Was it by himself?

He indicated that he was by himself. Whether there was anybody else I don't know. I got the assumption from what he said that he was

by himself. I don't remember what movie it was we were watching. Cause that's what led up to the shopping center kidnapping it was a story on Christopher Wilder that was on T.V. that's how it led into the shopping center.

Q. What was his reaction like when he was watching that movie?

A. You would have to, you would have to sit through the to really understand what happened. Anything that has to do with violent crime, kidnapping, sexual assault, whatever, he sits in the back and he yells and cheers and just carries on like he's at a football game, really involved. Whenever a police officer gets shot on TV, "kill the pig", "let all of them die", you know he really has a reaction to that. The only, the only comments that kinda strike me funny and all the guys laugh at him whenever there's a situation on TV where a male or female situation, "oh he oughter try boys they're better".

Q. Did he tell you what store he was at?

A. I don't believe he did.

Q. Or what section of the store?

A. He didn't even, he did say that I don't, I don't know if it was the toy section or video section, or video games, but it was in a section where the kid was supposed to be by himself. It may have been the toys I don't know, but he's never said which shopping, as a matter of fact I asked him one day if it was the shopping center out there off of Sunrise and it's not really a shopping center I don't believe, it has been 12 years, 14 years since I've been to Fort Lauderdale and it was probably six or eight

stores, ... that's all there was.

Q. Do you mean way out past the Turnpike?

A. No,

Q. Sunrise and Federal?

A. I don't think it was that far, probably maybe a half mile, between A-I-A and Federal as you're going away from A-I-A it was on the left hand side it was just a little small shopping center maybe, 6, 8 or 10 stores in there and he said - no, that's when he told me about the other agencies down there, he said he couldn't remember the name of the town it began with a "P", I said - Palm Beach? He said - no it wasn't Palm Beach. I said - Pompano? He said - no it wasn't Pompano but he never did say which shopping center.

Q. Did he ever speak, mention to you that he's going to write a book or something about the mass murderers?

A. Just he did originally when we talked about it. He said - do you really think that they'd write a book about me?

Q. I'm talking about himself.

A. Yeah about himself.

Q. No about his intentions of ever wanting to write a book?

A. No he never has.

Q. Do you get newspapers in here to read?

A. Yes.

Q. Has he ever cut out clippings or anything like that?

A. Every day he's got..

Q. What does he cut out?

A. Anything to do with, most of it is violent crimes, just today he cut out, really idolizes the guy that's on trial right now, he cut out an article this morning where the guy yesterday during a recess of his trial he jumped up and ran out and he ran down the corridor and ran into a big plate glass window, watching too much TV I guess thinking it was going to bust and ramed his head in, KEITH cut that out. What the guy had done he killed his roommate and stuffed him in a refrigerator and then the same day he kidnapped a woman and assaulted her and left her chained up in the bedroom and then he went into the hospital and laid the gun on <sup>the desk</sup> after this and told where you could find the body of the guy in the refrigerator. KEITH clipped that one out. He clipped many articles a man by the name STAHLAIDER he was convicted recently of killing his homosexual <sup>lover</sup> and every day when that was in the paper he clipped that out. Anything to do with violence he would cut out. he probably has two carboard boxes of stuff himself. Not only newspaper clippings but legal papers and stuff.

Q. How about after the movie was on? I guess there were some reviews I guess the paper had some critic's opinions of the movie. Did you ever notice him cutting them from the paper?

A. The sequel?

Q. Adam, yeah.

A. No like I say I don't think we were in the same module at this

Q. Getting back to the child, I think you told us earlier he took him back to DENISE's house and kept him there for a couple of days?

A. Right.

Q. And sexually assaulted him?

A. Several times, several times.

Q. Did he ever go into detail as to why he killed the child?

A. The only thing that he has ever said about any of it, he says - I never, ever want a witness to identify him he said it was a fluke with this guy in Nevada lived, he said - I just never want anybody living.

Q. Did he tell you what he used to slit his throat?

A. Just that he used a knife and to go back to you asked why he killed the child, several times he'd mentioned that he did it as he was reaching a climax and said that really intensifies the climax. He said never has other than he just never wants a witness to identify him. He said one lived in New Hampshire and he ended up getting probation out of it and he said he'll never let another one live. This one evidently was a fluke the boy was out in the middle of the desert where nobody ever goes and a 16 year old boy out in the middle of the desert backpacking, riding a bicycle found him.

Q. The murders that he spoke to you about, did he give any ages of the victims?

A. The one in New Hampshire he didn't tell and I think he said he was 18. The one in Texas I think he said was ten. He never did mention how old this boy was in Florida. The one here, of course, he's told me a lot

about he's 16 or something. Other than that no. The reason that I'm aware of this is just the other day he got an opposition to a motion <sup>31-7321</sup> - he had filed and the State or District Attorney in the opposition to his motion states that he was a child, how did he state it, stands accused of sexual assault on a child or something like that, child, sexual, whatever, but it refers to a child. And he said - that's bull shit, he said - the only children that I have ever sexually assaulted is not alive, so I don't stand accused of any of those. And he was real upset about that.

Q. When he was talking about the child in Fort Lauderdale, did he mention ADAM WALSH or did you mention ADAM WALSH?

A. He finally had told me who it was, he told me it was ADAM WALSH. He said - hell you know who it is, I said - JERRY, he knows it isn't JERRY, nobody down there since the jail has been is JERRY JOHNSON, nobody down there knows me as FRED CHEEK. He said - Hell JERRY you're in prison there in Florida, you read all about it. And it was more like he was bragging. He said - we made national television and that's when he told me that the kids name is ADAM WALSH.

Q. Do you think he told you the story previous to when he identified it to be ADAM WALSH? Did he answer or did he tell you right off?

A. No, he, two or three days before I wrote the letter, I didn't know who it was until just a couple of days before I wrote the letter. And when he told me who it was, that's when I sat down and wrote the letter.

Q. What do you think prompted him to tell you that?

Q.

A. Yeah, I really, I really thought he was going to break down and cry when Governor Graham signed Bundy's last warrant and the day he got stayed he just, it was during the course of a conversation about a book, TV movie being made, he said - hell what I did down in Florida, we made national coverage, said - they've been looking for this kid for years. And I said - well, you know if it's that well-publicized - I said - why don't you contact a publisher? And he says - well, you know who it is because you've probably read all about it when you were in Florida prison, he says - if I told them who it was, would the publisher be able to testify against me before I was convicted? And I said - I don't know. And that's when he told me it was ADAM WALSH.

Q. Did he ever mention that the agency arrested the wrong person for the ADAM WALSH crime?

A. No we had discussed a guy by the name STANO(sp) he had been led to believe that STANO had confessed to Daytona Beach Police and that on that murder and that's the only thing he said - hell I know the guy and I don't remember who had told him somebody he had read it someplace or somebody had told him that STANO had confessed to it had done it. That's all he ever said.

A. He hates it when the other people in the module decides to watch a he calls them cop shows, he just hates it.

Q. Do you feel he is just trying to seek publicity for himself?

A. Yeah, I don't really know if he was I thought about it several times if he was, I thought if he was trying to seek publicity he would certainly get ahold of somebody that would put it out. He has no idea, he thinks that everything that I told him is absolutely in strict confidence and I think that one of the reasons that he believes that is even probably the best acquaintance that I have down here were always, always sitting together, I've never mentioned a thing about what he's told me about anything to him and so I don't think he would have come to me if he had wanted publicity I think he, I don't know, it's hard to, it's hard to really guess. Its like this what he wants and maybe, maybe he's told other people, I don't know, he might have told other people hoping if he tells enough people somebody will do exactly what I have done, I don't know.

Q. Has he ever shown any religious belief, talk to you about religion?

A. Other than he would have nothing to do with, we used to have, well we still do, religious volunteers come up and just absolutely would not go to any services or anything, other than that...No.

Q. How many people are in your module?

A. Right now there's 19.

Q. Does he appear close to any of those people?

A. Of the ones that are in there right now the only other one would be

Q. What was he in for?

A. Sexual assault on two young boys. And I'm not sure if he's still here, he's supposed to go to sentencing sometime this month or so.

Q. And he was in the module?

A. Yes. I don't know how far back the ancestry goes but he's got some Hispanic blood.

Q. All the people that you've met during your time that you have been incarcerated in various prisons, have they spoken to you about their crimes, it is common?

A. No, most of them they might go into a little bit of detail, but most of them, most of them that I've ever run into they tell you what their charge is, if you want to know they might tell you a phoney charge.

Q. What bothers me here's KEITH you know, he wants to go back to Florida, he wants to find a prison in a State that is going to have the death penalty and no way for him to prove that he's the one that's responsible for this child's murder, he's going to have to go into detail, he's gonna have to be specific that only the police know about and he would know about. maybe go into a little more detail to show his credibility and apparently everything he's telling you so far is just bits and pieces?

A. Yes it is. I'd say most times I've been incarcerated most people, they won't go into detail about their crimes. And especially in a jail, probably for that very reason. But he has told me, like you say, it is just if it in fact happened just an admission that it did happen and not really in detail.

Q. I see the postmark on this letter would have been November 21st, right prior to Thanksgiving that he mentioned Adam Walsh, that's when you wrote the letter?

A. Yeah it was it would have been about a week before.

Q. Did he tell you he buried the body in its entirety or did he go into any detail on the burial?

A. No just that he put it in a garbage bag and he buried it, he didn't say how...

Q. How he got there?

A. No.

Q. Did he go into any, you know did he, was it a deep hole that he dug, or did he just lay it off to the side of the road or?

A. He didn't say, other than he buried it.

Q. Route 80, are you sure it was Route 80?

A. I'm sure that's what he said, State Road 80.

Q. Where's State Road 80?

A. It's on the map.

Q. State Road 84?

A. I thought he said 80.

Q. This map, I should have the other map this doesn't show anything, it just shows 84.

Q. Other than attorneys does he get any visitors here?

A. Not that he hasn't had any since I've been

Q. Does he still have his head shaved?

A. Oh no, big old bushy red hair, a little goatee.

Q. Let's see State Road 84 and State Road 82, it looks like we're missing an 80.

Q. He's been in Fort Myers. Has he not?

A. I don't think you mentioned Fort Meyers to me.

Q. He's been in Tampa hasn't he?

A. Yeah, Tampa, St. Pete.

Q. He was arrested up in Tampa.

A. Arrested over in, what was that, he was arrested one time for or maybe he was just I think it was Pasco County.

I don't remember if that was an arrest or just stopped on a stolen car. That's when he was in Arizona they stopped him and stolen car and when they ran the check on him they found the probation violation.

Q. He did an awful lot of traveling, what did he do for money?

Q. He said he worked odd jobs he said when he first got in town here he got a job in a little restaurant here in town and then he went to work at the Paddel Wheel and the State Line; it sounded like, it sounded like he could travel from mission to mission or Salvation to Salvation Army and not need any money.

Q. You mentioned him cutting out a lot of newspaper clippings about murders, trials, etc. did he ever mention he cut out article on ADAM WALSH back at the time of the crime and kept them somewhere? Or left them somewhere?

A. He never did say.

Q. Did he indicate that he ever confessed to DENISE about this crime?

A. Other than saying that she knew about it, I took that to mean that he told her about it cause he had said that he told her about that situation in New Hampshire and the one in Texas. All about his background.

Q. Do you think he's willing to talk to Law Enforcement about the case?

A. I don't know, I don't know cause he was willing to talk about this case to them and then he just got a bug that he wasn't going to do anything so I really don't know I don't know how he would react.

Q. How long ago were these other agencies up here? Do you know?

A. He just said the first part of the year. It wasn't...

Q. I mean in TEXAS.

A. About the same time I gathered, I don't know. It hasn't been since we were in the module together. I think he said that they were investigating

the Florida and Texas about the same time.

Q. Does the Metro Police come over and talk to him any more?

A. Not that I know of. The only time, of course, we don't know who is up here it depends whenever you have a visit up here other than normal personal visiting hours, everybody that comes up is an attorney, that's how the officer in the module, he'll call you out and he'll say - attorney visit. So you don't know really who it is. But he's only been up here maybe twice until now once was yesterday about three minutes.

Q. His attorney?

A. Oh no I'm sorry, it was, he had some papers that he is filing in court and he called his appointed attorney and told him to get up here and take them over to court and file them. So the attorney came up and got them.

Q. Did he tell you anybody else on the outside that he's told this to? Other than DENISE.

A. No.

Q. Does he ever talk about getting help, psychological help?

A. Never. And he admits to anybody that asks him - yeah I'm crazy. He doesn't use "crazy" he uses "sick", yeah I'm sick.

Q. Is he violent? When he's incarcerated?

A. No, other than not with other individuals other than I mean he beats the hell out of himself in the shower. Hell take a towel and wet it down you hear him, he slaps himself with it yelling, it's amazing you have to turn the T.V. up.

A. He gets so crazy when .... he takes a shower.

A. Yeah, but he doesn't get violent, he's had one fight I know of that's why he was in disciplinary. But no he doesn't get violent with any of the people.

Q. How about with the guards?

A. He never gets violent, he always has , he doesn't like comments, he never gets violent with them. He sees that they don't tolerate that too much. It doesn't take him about 30 seconds, they carry a little alarm on their shirt and there's a lot of times that they'll bump that accidently and it will go off. It doesn't take them long to get fifteen or twenty officers up to anywhere.

Q. So what do you think about this whole thing? You've been around and you've been incarcerated with these type of people. Evaluating him and what's your real thoughts on this?

A. If I didn't know, If I didn't know other things especially this case here in Nevada I would say that he's just an attention seeker, just, because he has done this thing before I had to give some credence to that. If he had just been charged with sexual assault here I probably never would have sat down and wrote the letter but just to know the fact that this is the second case that I know of for sure, this one here, and then the one in New Hampshire I had the feeling that its very possible he might have done it, very possible.

Q. I don't have any other questions to ask you at this time. Is there anything else you want to add before we conclude this interview?

to try to attempt to make this trip to Florida. He had asked the Priest for some money and I was, I had the hood up in my car and I was trying to get my car to start and he came over to me and asked if he could help. And he didn't get my car going, it was, like I said it was raining and I invited him upstairs to my cousin's apartment which overlooks the church yard, we could see the two cars from her apartment and there we proceeded to have coffee and we started talking and he told me he was heading west and he said it didn't matter to him which direction he was going, he just was getting away from New Hampshire. And he said he wouldn't mind coming back to Florida, it was immaterial so there we talked about him junking his car and helping me drive back to Florida.

- Q. What kind of a car did he have at that time that he wanted to junk?  
A. I really can't, I can't remember but it was junk. I think it was, it could have been a Chevy.  
Q. What color, do you recall?  
A. Yes it was like a brown, a tan color.  
Q. Did he have New Hampshire plates on that car or Florida plates, do you recall?  
A. I don't recall, but I can tell you where it was junked, it was junked on Meridan Road in Waterbury, Connecticut in that year. They might have a record of that.  
Q. He accompanied you back to Florida?  
A. Yes we drove straight through and during this trip I had long talks

that he was a homosexual?

A. Er I didn't learn he was a homosexual until this all happened. I had no inclination KEITH was, no, because he was dating girls, he was dancing he made, I had, I was totally shocked to find out he was a homosexual.

Q. Did he ever tell you, explain to you, what type of crime he had committed in New Hampshire?

A. He never told me of a crime in New Hampshire.

Q. Any crimes that he ever committed, did he ever talk to you?

A. He never told me he committed, but this boy literally would come apart when he'd see news reels on TV where mur, these atrocious murders would be committed he would fall apart and he'd say - I can't see how people can do these terrible things, they got to be very sick. And he'd get very upset over these things. I just cannot believe that he was capable of doing what he said he did, done or whatever.

Q. So while he was living here and he was watching television and either some news footage would come on the television regarding murder or serial type murder that's been publicized, his emotional makeup would completely change?

A. It would. It would he would literally jump off from the chair and pace around and say "I think this is terrible, it's sick, how could people hurt other people that way. He hated crime, he hated murders or anything like that. I had a long conversation with him in Waterbury, Connecticut about these murders and again before we even, because I, you know

A. He might have seen, like I say, at the time there was periodic footage on TV about the ADAM WALSH murder, it took a long time to find the body I can remember and then there were, they were talking about picking up suspects and all that and he kept saying - I wish they'd find that guy and he'd deserve everything he would get for hurting that boy.

A. Right. Now you can find out exactly what the date was that he left here because I made a report to the bank that he had taken the truck. Now the date, if there's nothing you know I don't write down dates, you know I can't give you exact dates, its very hard for me because I had a lot of things going on in my life at that time.

Q. During KEITH's incarceration in Las Vegas, has he been corresponding with you?

A. Yes.

Q. And you with him?

A. Yes.

Q. Has he ever mentioned ADAM WALSH murder to you?

A. Not at all. Not at all.

Q. Do you have any knowledge that he had spoken to some of his inmates that are incarcerated with him about the ADAM WALSH murder?

A. Not at all. He doesn't even admit to, all he admits to is something happened between him and this boy, whoever, he doesn't even say who it was, but he does, as you can see in the letter that you read, show some kind of regret like saying that he just wishes the victim didn't have to go through this terrible nightmare again, you know like having to go to trial.

Q. You're referring to the victim in Las Vegas?

A. Yes. So it seems to me that if he had committed these crimes before he wouldn't be concerned about whether the victim is going to have more pain by going to trial.

A. I found a folder in my car in Waterbury, Connecticut before I even, you know, started this trip back to Florida.

Q. Could you describe for us what this folder contained?

A. It was a folder and it contained clippings of different kinds of crimes of murders more, more murders, not just murder but grotesque murders like Kacey(sp) and finding these, evidently right there it was homosexual and found these bodies under his house. There was also a couple of more clippings, oh, I think at the time there were murders in Atlanta where or they were finding all these children..

A. Right, there is another part where KEITH would get very emotional about that, very emotional, he would say - it's just terrible that people could hurt people that way.

Q. Did you ever see any type of clipping referring to ADAM WALSH case in that folder?

A. No. No.

Q. Did you ever confront KEITH with why he was saving these clippings?

a book about it. I showed the folders to my brother, my brother RANEY from Cheshire(sp) Connecticut and I said to my brother - I don't know this boy. My brother recommended that I didn't take a chance and drive back with him and I said I had a long talk with him, I've had dinner with him, I had coffee with him at my cousin's house and he shows no sign of aggressiveness whatsoever, as a matter of fact he's a real nice boy and I said I'm gonna take a chance on him. I don't know, I have an inner feeling that this boy is not going to hurt me. But, I said to my brother, just in the event that something does happen I want you to see these folders. My brother said - if it were me I sure wouldn't drive back to Florida with him. I said - well. At the time, you know, I said to myself, I was going through such a trauma over my husband's death that I just kinda didn't care anyway.

- Q. Did you notice if they were local papers from New Hampshire or were they from other parts of the country?
- A. I didn't because they were clipped, they were cut out very neatly and you know. There was, the whole newspaper wasn't there, he had taken scissors and he had cut the things out.

15. VALUE OF PROPERTY RECOVERED			

Q. Since he did work in the restaurant type business, chef or whatever type of cooking, whatever, did he have any tools of his trade here that he kept, knives or anything like that, large knife?

A. In his room he had well like I said when I picked him up he had like some different utensils, like a you know, he had just broken up, moved from an apartment some pots and pans forks and knives, nothing, a blanket, pillow.

Q. Any carving knives, large knives?

A. No. No.

Q. Were you ever with KEITH at any time where he ever became violent?

A. I seen him lose his temper, yeah.

Q. Over what?

A. Well I'll give you an instance, he bought a station wagon down here and they gave him a car that the transmission wasn't, it wasn't any good he had to have it repaired all the time and, but I seen him get on the phone and get very angry with these people, you know, and really give them hell about it, but that's about all. I mean to really, really let loose and be angry, no I never seen him that way. He would become very aggitated and talk a lot, talk a lot. On the contrary, when he became upset he would totally withdraw, he would go in his room and he would stay there and I would have to go and knock on the door and ask if he wanted to talk. He would become very, very quiet and pensive, would think a lot.

Q. Did he ever speak about his previous employer down at the Coral Grill in Islamorada?

Yeah, very little.

Do you remember when he worked there?

I know that when he came down here it was it was on a Holiday, Memorial no I think it was Labor Day and he asked if we could, if I didn't take a trip down there that he wanted to speak to some acquaintance at the restaurant, okay, evidently it was a woman there as a barmaid, she was a barmaid and he wanted to talk to her and I didn't have to do anything on that Holiday, we drove down there, he bought me dinner then he excused himself and he said - he wanted to talk to her privately, he went downstairs to the restaurant and they spoke for about I would say forty-five minutes.

Do you know her name?

I didn't meet her at all. I felt that this was his, a private matter and that I wasn't going to get involved so I left the restaurant and I sat in the car waiting for him.

Did he ever bring people home here to your residence when he was here?

Just one girl that he had here.

Any men?

No men. As a matter of fact he didn't have any friends. He'd go out for a while though, stay out all night, and I never questioned him, because he's a tenant why should I question him. And he'd come back the next day and I wouldn't think anything of it, it was his life, I sure don't interfere in my tenants' life.

Q. Did he pay you any type of rent or?

A. Oh yes, oh yes. Yeah as a matter of fact when he was here he tried to reimburse me for the truck. He went to the bank and went ahead and started paying back on the truck.

Q. Do you have any personal feelings why he would be telling other inmates that he was the individual responsible for ADAM WALSH's murder?

A. Yes.

Q. What is your opinion?

A. He made a comment here one day, the last time that he was here, I don't know what kind of trouble he got into but he was evidently on probation, is it probation, and he was living with these people, I can't tell you exactly where I think it was back in New Hampshire and they were having a party and the neighbors called telling them that the party was getting rowdy and so the police came into the apartment but for some reason they found a gun there or a weapon and KEITH was not supposed to be in any kind of an environment where they had weapons and so he said that just the thought of them finding that weapon scared him he got into the car and he headed back down here. Now I didn't know this until just about one or two days before he left, you know, he said - I have to be honest with you, I can't stay long, too long more in one place because I was on probation and they found a gun in the place where I was living and he said - I have such a fear of going to jail that rather than go to jail I'd kill myself first. I'd rather die than be in jail.

Q. Did he express his feelings to you recently since he's facing a long jail sentence in Nevada, that he would rather face the death penalty?

A. No. No as a matter of fact I found that kinda strange because, but then he might not put that in letters, you know. He seems to have an awful he regrets what happened, he has a lot of compassion for the victim, he feels as though he shouldn't have, the victim shouldn't have to re-live this thing in trial so he is contemplating in not asking for a trial but to agree to go for a deal rather than to put the victim through this whole thing again. Okay. I have another letter here and I looked for it this morning so I could show you gentlemen and in the letter he tells me that he derserves everything that's happening to him that what he did was wrong. He doesn't specify what he did and that he deserves everything that he's getting, he deserves to be where he's at.

Q. Was your step-son living here in 1981?

A. No this was in 1983.

Q. No, did he live here back in '81?

A. No.

Q. Was he in jail in '81 also?

A. No.

Q. Do you know where his whereabouts were?

A. He was in Connecticut, he was in the Navy.

Q. When did he get discharged from the Navy?

A. He got discharged from the Navy in 1982. I think it's 1983.

Q. How many years was he in the Navy?

A. Four. Four because he was, he was he had re-enlisted and then he had problems with his wife and I guess they had like a six months period where they can change their mind and he changed his mind and came out.

Q. When KEITH and your stepson lived here, what kind of problems did they have?

A. I don't know. My stepson would never tell me but he didn't like him, he did not like KEITH, they did not like each other at all. I think it was the fact that ROBERT PAUL was my real stepson and KEITH, who had prior to ROBERT PAUL coming down here more or less had charge which was great for me because he would maintain my property like I say and do the pool and everything and now ROBERT PAUL came in and he wanted to do the same thing. He wanted to maintain the yard and this was his father's house and he wanted things done his way and KEITH wanted things done his way, okay, ....

Q. How long did the two of them live here together?

A. Not too long, it couldn't have been more than six weeks and then KEITH all of a sudden one night just packed up and my son said - Mom, he's gonna take the truck. and I said - let him, let him take the truck, I said I know KEITH and he's not going to go and just leave me hang with this truck, but he did. But even after he took the truck he wrote me a letter saying - I'm not going to stick you with this truck, as soon as I make some money I'm going to send you money.

er bring any people home?

KEITH never brang anybody home, never. If he went out, he went out. he was doing he was doing it away from this house. He had total or my home and me. This boy never even swore in front of me. He d me like I was his mother and he had that kind of a respect, you if somebody would come along and would say so much as a bad word to oy would just come to my defense. Now I had a boyfriend at the time, argument and I'm going to tell you this incident where he could have angry and this boyfriend shattered the windows on my car, he had a amputee and he wore hooks and he just took his hook and shattered ield on one of my cars and he went back to his residence and I got to go up there to talk to him because, you know, I cared about this just thought it was something that we could talk about and my step- as here at the time and she told KEITH, he wondered what happened and she told KEITH where I was and he got in that car and he went my friend's residence and he just looked at me and he said - do y problem? more specifics about the case, what you knew about the ADAM WALSH case?

A. No we just sat there in conversation and he would, I would say it's so sad, I thought it was so sad you know for this family and what they went through and KEITH said that whoever could have committed such a crime had to be very very sick. He always used emphasized "sick" you know, not crazy, nothing, "sick."

Q. Did he ever ask you what was the cause of death, how the child died or anything like that?

A. Well we commented about it you know how his head was cutoff and things like that. That's what he thought was so sick, you know. He did say - how could somebody take a child and take a knife and decapitate this child, how could they do that, they've got to be sick. And he'd literally get up from the chair and pace as he would talk about these things. He would get very emotional about it. I can't, I cannot possibly, but then again, I could never see KEITH doing what you say he did.

Q. I'm not saying he did it ...

Q. Regarding the Las Vegas case you mean?

A. Yes.

Q. Oh the Las Vegas case?

A. Yeah.

Q. Does he ever comment on that on sickness or his mental state?

A. All he said is that he deserves everything that's happening to him.

Q. But does he think he has a mental problem in committing that type of crime?

A. He doesn't comment about it. I told him I didn't want to talk about, I wrote him a letter and I told him that I was not God, I was not going to stand in judgment of him that our relationship was the same that he never did me any harm and I had no reason to turn against him as far as our friendship went. That he felt towards me as a mother and somebody that he can confide in and somebody that he could trust. He knew that he could trust me. And I cannot say anything about KEITH WARREN. I love that boy. I never had any children of my own, I had step-children and I loved him as much as I love my own stepson and I think this is where the conflict came in between ROBERT PAUL and KEITH because KEITH would call me mom.

Q. Apparently he's been talking to other inmates in there, I don't know if he's bragging or what but he's also said he's done murders in New Hampshire, Texas, California. Do you know him to brag on things like that, during the period of time that you've known him?

A. Never. Never, he never showed any signs of violence like that to me. Never.

Q. Did he ever tell you where he lived in Florida during 1980?

A. It had to be in Key West, that's where he, when he, when we rode down here he said to me - whenever I go to Florida I go to Key West. He even showed me where he lived, where there was a trailer across the street from the restaurant that he was working at and he lived there as a matter of fact with a young boy. They were sharing an apartment there, I mean a trailer.

A. No.

Q. Aunts, uncles, grandparents?

A. No. The only close association he had, and the only thing that would upset KEITH not in anger but in great hurt was this was an affair of the heart with this TAMMY this girl in New Hampshire, which he claimed the family took him in as a foster.

Q. These people took him in as a foster child?

A. Yes and he became enamored you know with TAMMY, okay, and he would call her and she had promised him to come down here and he sent her money for fare for an airplane ticket and she used the money for something else and never did come down and he was very, very very upset over that but not in

CLEARLY SHOW DISPOSITION OF RECOVERED PROPERTY AND INVENTORY NUMBERS.	

Q. Sure.

A. This that even though I would have known that KEITH was homosexual it would not have made a difference to me. I don't believe that sexual preference is going to change the feelings or the character of a person towards the kind of relation that KEITH and I had. I like the kid, he never harmed me, I never, anything he told me I believed it to be the truth because he poured his heart and soul out to me about the problems he had with his mother, about the problems he had with his father and about the problems that he had with his foster family. We would talk, we would have a long talk.

Q. Let me ask you this. When KEITH and your son both lived here, was the personality conflict immediately or ...

A. It seemed to be, yeah after two or three days, of course my stepson was very hard to live with.

Q. So it was that quick?

A. It was, it was quick. In a matter of two weeks KEITH was gone.

Q. I thought you said six weeks?

A. No it was about two weeks, two or three weeks. I'm not really sure about that, it was a short period of time.

Q. If your stepson would see something that KEITH was doing that he didn't think was right, would he bring it to your attention?

A. No, he would just sit there and tap his fingers. That was my signal that something was wrong, but they werenot, they didn't tattle on each other, they kept it to themselves.

I had my stepson with me who is mentally retarded, I couldn't take care of him any more so I drove him back to Connecticut at Christmas of 1981, came back here and in 1982 this was when I went on vacation with my girlfriend and this is when I met KEITH. Hollywood P.D. Case #81-56073

Please accept the attached sword blade for examination for blood traces in relation to the Walsh case.

This blade was received from Ft. Pierce P.D., via Detective Hoffman of Hollywood P.D. We are informed that the blade was in the possession of an individual arrested by Ft. Pierce for drug paraphernalia & child pornography. You may recall that Walsh's head was found at the 130 mile marker of the Florida Turnpike.

I would appreciate any attention you might give this request. When your examination is complete, I will submit the blade to Bob Hart, of the Metro-Dade lab, who has tool mark impressions from the deceased's skull.

Please give me a call when this blade is ready for pick-up. Thanks for your continuing cooperation.

Re: Your Case #81-56073  
My Case #81-1187  
Adam Walsh

Dear Detective Hoffman:

Attached, please find an analysis report issued by the BSO Crime Lab on a sword blade submitted by this office. You will note that the results were negative for blood traces. The sword has been returned to my office.

At your convenience, you may retrieve the weapon and take it to Metro-Dade Police Department for toolmark comparison, should you desire to do so. I have already cleared such a consult through Chief Spurlock, who requested that transporting officers call Bob Hart directly, before responding to the lab. You will recall that Mr. Hart made the original comparisons from skull impressions in December, 1983.

Please let me know if we can be of further service to you.

Sincerely,

D.P. Hughes

Re: Attached police report

*Rick*  
Dear Chief Witt:

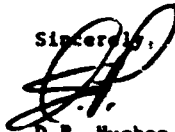

The attached report was forwarded to my office by Ms. Kate Kearney, Assistant State Attorney, who is aware of our continuing interest in the Adam Walsh case.

While the likelihood of any connection is probably remote, I would be remiss in not bringing the matter to your attention.

This is a complaint currently being evaluated by Ms. Kearney's office for purposes of determining whether prosecution is warranted. As such, I ask that any follow-up be channeled through, or at least with notice to her, personally.

Always a pleasure to deal with your agency. Please let me know if we can be of service to you in the future.

Sincerely,

D.P. Hughes  
Chief of Operations

Statement of Mrs. Cara Blumberg and John Blumberg Case No. 87-1436

~~Today is May 13, 1987.~~ The time is 3:35 P.M. The following statement is being taken at 4501 Ocean Drive, at the Police Department. Present at the time of this statement is, what's your name John?

A: John Patrick Blumberg.

Q: John Patrick Blumberg and his mother Cara. We're dealing with a juvenile so I'm going to ask Mrs. Blumberg a few statements, question Mrs. Blumberg, do you realize you and John are speaking with a sworn Police Officer who's a Notary Public and empowered to take sworn testimony?

A: I do.

Q: Is the statement you're about to give and allow John to give, of your own free will and with the realization it could be used in a Court of Law?

A: That's correct.

Q: Do you swear, to the best of your knowledge, that this is a true statement, the truth, the whole truth and nothing but the truth?

A: Yes.

A: (John) Yes.

Q: Would you state your name and date of birth?

A: My name is Cara Louise (unintelligible) Blumberg, date of birth 3/16,

Q: And give me John's full name and date of birth.

A: John's full name is John Patrick Blumberg, his birth is Nov. 12, 198

Q: And where do you live, and your business phone?

A: I live now at 3260 Northeast 19th Avenue, Fort Lauderdale, and that is the Coral Ridge Apartments.

A: Yes.

Statement of Mrs. Cara Blumberg and John Blumberg Page two

Q: Now, I'm going to ask John a few questions. John, we are referring to a man named William Collins. I believe he was married to your mother, and then he was your step-father, right?

A: Well, actually Bill Collins.

Q: Bill Collins, and he was your step-father. When your mother married Bill Collins, were you happy that your mom was marrying him?

A: Yes.

Q: Did you like him when your mommy married him?

A: Yes.

Q: Do you like him now?

A: No.

Q: Would you like to tell me why you don't like him now?

A: I think he kills children. My mom said.

Q: Okay. Did he ever say or do anything to make you not like him?

A: Umm no.

Q: Okay. You started taking a shower when you were very young and you could take your own shower. You were a big boy. You didn't have to take a bath anymore. When you showered, were you able to undress and take your shower and dry off, and dress again?

A: Yes.

Q: Did anything ever happen in the bathroom when you were taking a shower with Bill?

A: Well, he did touch me on my private part before and after the shower.

Q: Did he say anything to you when he did that?

A: No.

Q: Did he say anything to you after this happened?

A: No.

Q: Did he ever threaten you if you told your mother, he would do something bad?

A: No.

Statement of Mrs. Cara Blumberg and John Blumberg Page three

Q: Were you afraid of him?

A: No.

Q: You were not afraid of him even when he did that in the bathroom, when he touched your private parts?

A: No, I wasn't afraid of him.

Q: Okay. How many times did that happen? Was that the only time, the one shower or did it happen another time?

A: It happened two showers.

Q: Real close together, like one night and the next night?

A: Yes.

Q: You're not afraid of him, but you think he hurts children?

A: Yes.

Q: He never said anything to you did he? Or what did he say to you to give you that impression? Did you just, do you know anything that he ever did to any other children?

A: Well, my mom thinks and I think, that he cut Adam Walsh's head off.

Q: Okay.

A: He was his baby sitter.

Q: He was his baby sitter?

A: (Cara) May I say something?

Q: Sure.

A: When John told me what had happened, I told John that I was very happy nothing more had happened than what Bill was able to do. I thought that Bill had probably done much worse to other children and that we were very lucky that he was only able to touch John on his private parts and no do anything worse to him. I also told him that Bill use to babysit for Adam Walsh and that he may have been involved in Adam's disappearing. And, I told him that Adam had been killed.

Q: Now, do you ever have bad dreams or anything?

A: (John) Ever since.

Q: Ever since: Has he ever been by your school or anything like that, since he moved out and he no longer lives with your mother? Have you seen him at the school or anything?

2122

A: No.

Q: Have you seen him out in public anywhere, when you go to the stores or shopping?

A: Well, one time I spotted him going out of the mall.

Q: Okay, can you think of anything else you'd like to tell me about this?

A: Well, I don't like that man at all.

Q: Do you, is there anybody else that you really don't like?

A: Not really.

Q: Okay. Do you have anything you'd like to add Mrs. Blumberg?

A: (Cara) No, I think John pretty much said everything. I think that, I can't speak for you John. How do you feel about what Bill did?

A: (John) Very bad and I want to karate him right now.

A: (Cara) So you feel very angry, don't you?

A: (John) You bet.

A: (Cara) Well, I don't blame you. I don't blame you for feeling angry about it.

Q: The case isn't closed John. Are you angry at Bill for what he did to your mother or for what he did to you, dear?

A: Yes.

Q: Yes you're angry for what he did to your mother or to you?

A: To me.

Q: Did he ever undress in front of you?

A: No.

Q: Did he ever take your hand and touch any part of his body?

A: No.

Q: I think we can conclude this statement. The time is 3:38 P.M, March 14, 1987. Thank you very much John and thank you very much Cara.

been a ballet dancer before having my son so we went to the ballet and I got to meet all of my ballerina girlfriends, they were there and they had three and four children also. Ahm...

- Q. So your relationship grew as the months went on?
- A. Yes. We liked similar things. We both listened to country music and classical music. He was wonderful with JOHN. If JOHN needed anything at all he'd rush out to go get it or he'd give me the money to get it. Whenever we'd go out on dates, he'd give me a hundred dollars or two hundred dollars and say well why don't you buy a dress or something to wear tonight. Ahm, that's kind of like a prince charming.
- Q. He was quite an impressionable individual?
- A. Oh yes he was.
- Q. And JOHN and him got along very well also?
- A. Oh yes. Yes he did. In fact JOHN was one of the people who really pressured me, you know JOHN liked him alot and ahm he once gave BILL a lecture about how he couldn't just sit around and watch cartoons all day because girls don't like that. They don't like that. So ahm, JOHN was very, very fond of him.
- Q. Eventually your relationship blossomed and you married WILLIAM is that correct?
- A. That's correct.
- Q. And when was your marriage?
- A. On August 29, 1986.
- Q. Did you learn that WILLIAM COLLINS had been previously married?

A. Yes in fact he told me that he had been divorced for a number of years. I found out subsequent to our marriage that at the time he married me he hadn't even been divorced for an entire year. JUDITH COLLINS was his wife.

A. I met friends that he worked with.

Q. During the courtship with BILL and after your marriage did you learn what type of family he's from, any brothers, sisters anything like that, his parents?

and you started becoming suspicious of WILLIAM?

A. Ah, yes almost immediately.

Q. Almost immediately?

A. Almost immediately. And I wasn't suspicious but immediately I could see a big change in him. It was as though he had an attitude of well I'm married to you and you should be very grateful that I'm married to you because you're going to have a lot of comforts that you haven't had perhaps. And also that he would enable me to stop working as a bartender and go into real estate.

Q. At the time that you met him and when you married him was he financially sound or was it a facade and he really wasn't?

A. I believe it was a facade. I have no idea how much he earned at the time I married him and wasn't really too concerned about how much he earned because I'm a very good breadwinner. I've taken excellent care of our family since, forever. When we were dating I had a home facing Lighthouse Point Yacht Basin and right on the water. It was a beautiful home with a pool a nice area and I did that by myself so ahm, my concern with how much he made monetarily was next to nil. However, I did come to realize that he had presented a facade to me and later in the relationship I saw how he had accomplished this facade and that was by stealing from his employers.

Q. He was an embezzler from all of his previous employers?

A. Well from the one that I saw him in action with.

Q. That would be the Oceanside Inn where he used to work?

A. No it was the Jolly Roger. That's where...

A. Uh huh.

Q. Did he conduct himself like a normal business day? He'd wake up in the morning, go to work and come back at a certain time or did he spend a lot of time at home?

A. No he spent a lot of time at home which I thought was very odd and ah mostly he layed in bed nude with the door open and just the sheet on the him all day long.

Q. Who was home at the time when he did this?

A. Everyone would be home.

Q. Your son, yourself, your mother?

Q. Three months you were married right?

I told him that ahm, like he was being very nasty with me once I wouldn't let him get to JOHN and I told him I wanted him to get out and so every chance he got for three weeks he would refer to me as "nutsy, nutsy, nutsy" and I didn't say nothing to him and finally I turned to him and I think it was the last day he was in the house and I said, at least I don't lay or lie on the bed like a giant beached whale and I told him he was like a fat slob laying there day after day, which I thought he was going to burst into tears but those were basically the only really cruel things that I said to him. Ahm, and everything else I said to him was just the truth and not cruel.

Q. Was there any other strange behavior by him that you observed.

A. One thing I wanted to tell you about the facade part of this conversation was that he had told me, in fact I know that he owned sub shops on Biscayne Boulevard I believe he said and there were a chain of them. There were more than one. He had a business partner and he before our marriage had told me that he was going, he had them up for sale and they'd be sold soon. Apparently had gotten the money for the shops from his divorce settlement from his wife JUDITH, his ex-wife JUDITH. Ahm, after we were married he said that the man his business partner had sold the sub shops and had forged his signature and wasn't giving him a penny. And I looked at him and I said well aren't you going to do anything on it and he said no. And I said does this man know something about you or something about your past that you don't want to come out and he said yes. And, but I do remember that he was a party in these sub shops because I heard some other people speaking of them. So I'm sure his name would be somewhere on the tax rolls in connection

A. Everything. I thought about everything about him was strange. He bought me some clothes, toys, food. He'd spend \$100 a day on food. Buying lobster and crab and things everybody loves to eat but you can't unless you're on the rich and famous show, you can't really afford to do that everyday.

Q. You mentioned he bought your son gifts. Was this on a daily basis?

A. Yes it was on a daily basis. And he'd spend hundreds of dollars in a day. I've got checks in here for \$300.

Q. Did you speak to him, did you resent him making these purchases every day for your son?

A. I, it never occurred to me that it was a way of manipulating my son. I, when my son, I mentioned to you that he's a gifted child. By the time he was four years old, he had his own IBM computer. I bought it for him. Ahm, and he's a wiz at it. He taught me how to use it. Ahm, I've tried to see that he's a sweet child and I've had to work very hard. I tried to

the lifestyle as I said. I provided a home in Lighthouse Point, FL, but he only got gifts, he got his computer on his birthday and that was it basically, unless it was something he really wanted so when BILL started buying him all of this stuff it didn't seem for me that it was a form of manipulation of things to come. I thought was here's my beautiful child, he's so sweet and he's a good child, and I thought how nice that BILL would go out and spend money on things for him. I've done without since John's been born so I thought I should have and it's been my pleasure.

What led into, what caused you to file a police report with Lauderdale County on April 28, 1987, involving your son as a victim?

I was forced to file the police report. First of all when my son was arrested for molesting BILL COLLINS I suspected that BILL wanted to molest him.

Can you go into detail about that. When did you first learn that your son was molested by your former husband?

I actually knew for certain that my son was molested until March 1987 when he was...

When did you first learned it? I learned it when I first learned.

How did you come to learn this? I came to learn it is that my son who was even studied on the...

perfect family. All of a sudden for months, my son is pishing in his pants, he's urinating in his underwear. And at first I spoke to him and I said JOHN this isn't right JOHN. As soon as you feel as though you have to go to the bathroom I want you to make a point, I know it's fun to play and I know you really get involved but you've got, as soon as you feel you have to go I want you to go. I don't like to see this in your underwear.

Q. This was totally out of character for your son?

A. Oh yes! But I thought...

Q. How long had he been toilet trained?

A. Since he was 2½ years old.

Q. And now at age 6 he started peeing in his pants?

A. That's right and this is the first time.

Q. And this is what caused you concern?

A. Right, well I wasn't really, I thought he was just over enthusiastic, he was a very enthusiastic child as are most children. So then it continued for another month and I said JOHN, on my birthday, that's the reason I remember the date, my birthday, and I said JOHN you never peed your pants when you were a baby and I said and why are you doing it now. I said, there's something wrong and I want to know what, I want to know right now. At that point when I confronted him and said you better tell me what's wrong because you don't do this, then he said I'll tell you what's wrong. BILL COLLINS is what's wrong. And at that point I asked him what did he mean, what about BILL COLLINS and he said, "Mommy he touched me on my private parts." I asked JOHN at that point, I said JOHN I asked you many, many times whether

he had touched you and you said no. I said, did you think that maybe it was your imagination and he really wasn't touching you in a bad way, that you know maybe you know you were imagining this? And he looked down and he said "no mommy I knew it was wrong." And then I said well JOHN how can mommy protect you, how can mommy do anything at all to help you if you won't tell me what's going on and I reiterated that I had asked him many times and he said, "Mommy to tell you the truth I didn't think that a guy like BILL would do something like this," and he said, "Mommy, I was ashamed". Then I spoke to him for approximately another hour about BILL COLLINS and to tell JOHN that he had nothing to be ashamed of. That I felt, well in fact, BILL has told everyone he knows that his three previous wives were unfaithful to him and because of the infidelity he asked them for a divorce and he allowed them to be a nice guy, to divorce him.

Q. When you spoke to your son did he go into specifics? When this occurred, how it occurred, where it occurred?

A. Yes, I had asked him...I said when did he do this to you? And he said it was when I got out of my shower mommy, it was in the bathroom when he was helping me dry my hair. And those were the, this apparently happened on two occasions, on two consecutive nights and at first I said JOHN how many times did this happen. He said, I said five times, six times? He said no, no, no, not that many times. I said two times, three times, he said about that. And ah but he was not positive.

Q. Was it always when you were not home?

A. No I was home. That's the reason...

Q. On both times?

A. ...he only got to touch because the first night he did it, my mother and I looked at each other and we just didn't have a good feeling. We talked at the table and we said, if this was his own father, his own father wouldn't be in there drying his hair. A real father would say go dry your hair. So we looked at each other and my mom went into the bathroom and said BILL, JOHN is old enough to dry his own hair and if he should need help his mother or I will help him. BILL said okay. That was the night that BILL had fondled JOHN when JOHN got out of the shower.

Q. Did BILL ask you to could he go in and dry his hair or he just took it upon himself and walked in on him?

A. No, yes he just took it upon himself and walked in on him. We told him right away that this was not all right to do. The next night the bathroom door was closed and we hear the blow dryer going. My mother and I looked at each and said where's BILL? No BILL, so my mother goes flying into the bathroom. The first night that this happened JOHN already had his underwear on and BILL was blow drying his hair. The second night which was the next night there's my little boy standing there completely nude and my mother said she opened the door and the look on BILL COLLINS face was so demented and she said it was like someone completely mad. She said I've never seen a look like this in my entire life. It was like he was bairly holding himself back and he was all hunched over my nude little boy. And this was the other night that JOHN told me this happened.

Q. How was BILL dressed?

A. BILL was dressed in bermuda shorts.

Q. Both times?

A. Yes. They weren't short shorts. I asked JOHN after he recounted this to me, I said JOHN, why is it that you're not sure how many times this happened, cause you said two times, three times, I said why can't you be exact about that and he said well mommy it happened two times but he did it before his shower and after his shower. In other words it was the two nights but it happened, but he got JOHN before he got in and after he came out.

Q. And ah when JOHN explained this to you, you got from him that BILL fondled him? Is that about the extent of what happened?

A. Yes I think it's the extent of what happened.

Q. Did he ever say that BILL ever exposed his penis to JOHN?

A. JOHN never told me that but I have him in counselling now and I did take JOHN as soon as I suspected which directly followed those two incidents in the bathroom, I took him right to the pediatrician even though JOHN said that BILL hadn't touched him or hadn't done anything. I wanted him to be checked because I had a strong feeling that BILL had.

Q. Prior to you learning about this while you were married or dating BILL, anytime, did the discussion ever come up about ADAM WALSH? Prior to you finding out about your son?

A. He talked.

Q. Did he ever discuss about these child molesters, things like that?

A. Oh yes. In fact that was the way that the topic of ADAM WALSH came up

is that I make no bones about it. I despise anyone because they can't perform with another person of the opposite sex, would pick on children for whatever, maybe they were molested when they were children and they go after children. I have no sympathy for them. I have no compassion whatsoever. I don't think that they should go to counselling. I think they should be shot. I think they should be executed and that's very radical I know but that's how I feel about them. But I, just to warn prospective child molesters away from my son. I'll make no bones about saying this to anyone that I might start a relationship with. Because I know, if they're gonna flinch then I'll see them flinch and I'll know they're not coming anywhere near my son. Well BILL would tell me stories about other people, prominent people in the community who, a judge one time had been caught molesting his granddaughter and he got an hour of community service a week and how disgusting it was. And he claimed to feel exactly as I felt about child molesters. Ah...

Q. Was there anything unusual about the topic of these discussions or did they just come up?

A. No, no, before really going into a relationship with a man I want to know that he's not going to be after my child and I want to secure that and I want them to know that while I might be a very nice person and I might be very sane, something like that could make me insane. And I want them to know that.

Q. When did ADAM WALSH's name come up in discussions with BILL?

A. Well I think probably I initiated his name coming up to an extent because

I, when ADAM WALSH was abducted, by chance I happened to have been here in Hollywood for a girlfriends wedding. At the time I was living in Philadelphia and I had come down with JOHN who was about nine months old at the time, to a girlfriends wedding and I remember being so shocked that this could happen to any child and I remember just waiting and thinking who would take a child and then I was here when his head was found floating in a canal. I didn't know where but I have just heard that it was found floating in a canal. And that made such an impact on me in my relationship with my child because after that I thought boy there's no way, there's no way he's gonna be out of my sight. I'm gonna know where this kid is 24 hours a day if this is what the world is coming to. And after a time I decided that this was really harmful to children. I thought back to when I was a child and I had some freedom. I could go and play and I could ride my bike to the corner drugstore and I could have had some, slowly gained some independence and not worry about some creep that's going to take me and my parents didn't have to worry.

Q. So you apparently brought up ADAM WALSH's disappearance to him one time?

A. Uh huh.

Q. When you brought this up did he expound on this, that he knew the WALSH family?

A. Oh yes!

Q. Can you go into that?

A. Yes he told me that JOHN WALSH was, and he worked together for apparently quite a long time. That they were very close friends. That his previous

wife, next previous to me...

Q. BILL's previous wife?

A. Yes.

Q. JUDITH COLLINS?

A. JUDITH COLLINS and he used to babysit for ADAM WALSH all the time. That they watched him constantly. ADAM called them uncle BILL. That he would tell funny stories about he, I have to say something and I trust that his family, his mother and father seem like very, very sweet people. Ahm, BILL said that his father had smoked pot from the time he was fifteen, not BILL, but his father is an old man. that this was apparently a tradition before pot ever became illegal and apparently the father when he really got up in age stopped smoking because it was hurting his lungs but ahm, so it was no big thing <sup>for me</sup> to hear him say I smoked with somebody. But he would tell very funny stories about becoming very stoned and saying to JOHN WALSH to come outside of an airport, I think maybe Tampa airport, on a, on a, like a railing or something so that they'd be away from everybody and you know come on we'll go behind this door (inaudible)

Q. Do pot together.

A. And ah he said that he looked in and JOHN looked in and there's a whole dining room of people looking at them. And ah so this was a hilarious story and I doubt that in his position now and <sup>with</sup> everything that's happened it's like that JOHN WALSH would smoke pot and I wouldn't want, you know I wouldn't want what I'm saying here to harm anyone.

Q. No this is all confidential.

A. All right.

Q. You mentioned that BILL and JOHN worked together at one time. What company did they work for do you know?

A. I don't know for what company they worked.

Q. Do you know what year we're talking about when they worked together?

A. I know that they were working together and that they were very close at the time ADAM was abducted.

Q. Okay so they're relationship was together at the time of ADAM's disappearance you're saying?

A. That's correct.

Q. And him and his former wife JUDITH COLLINS used to babysit for ADAM?

A. That's correct. Then, this is what I haven't told anyone and refused to tell anyone, but I think I should tell you what he said. Bear in mind that he has said terrible, terrible things about me which I'll tell you that he told, said about me. So this may have absolutely no factual basis.

Q. All right go ahead.

A. He said, one reason, he'd sit around and talk about JOHN and ADAM and what a sweet child he was and Uncle BILL and so on and so forth. One day while sitting around our dining room table he looks at my mother and I and he says well, you know can you imagine the guilt? He always said that JOHN WALSH was a womanizer, that he really liked the ladies and apparently his wife got tired of it and he said that his wife was having an affair and he said ahm, can you imagine the guilt of that poor woman now. She used to drop ADAM off at Sears in the toy department and then she'd go meet her

I said what do you mean. I said you mean to tell me she'd leave him in the store and completely leave and go off to have a thrist and he said. And he said that he knew who her lover was and this is where she was at the time that all this happened.

Where was she when ADAM was abducted?

He didn't tell me the name of the person.

Where was she?

He was specific. He said that she was with her lover at the time ADAM was abducted.

Wasn't in the store?

What was he saying?

Did he relate this information to you? How long ago? Was this when you were still married?

Yes, it was probably two months into the marriage.

What would have been somewhere around October of 86?

Probably. I'm not exactly sure. My mother would probably remember better than I.

Do you go into any details about the Walsh's themselves, their relationship, their marriage, ADAM, anything more that you could recall?

That it was a horrible, horrible, thing it was. He mentioned that he lived in Vero Beach. I never knew until this weekend that ADAM was found in Vero Beach. But he talked about the WALSH's all the time and in fact while we were still married before he molested my son, we split up finally, ah, my mother, knowing that he had said that

JOHN and he were very good friends, he babysat for ADAM, so on and so forth, called and she could not get, she called the ADAM WALSH Society, she did not get to talk to JOHN WALSH, she spoke to NANCY their assistant, close assistant or his liaison down here while he's up north. Ahm, and NANCY, she told NANCY what JOHN had said to me about wanting to prick BILL with a pen so that he'd deflate. This is what causes me, this happened early in the marriage, maybe the first month. When JOHN said he wanted to prick BILL like he was a balloon and then watch him go .... all around the room.

Q. You're talking about JOHN your son, just for the record?

A. That's correct. Oh just for the record. And this caused me some concern because I thought if JOHN, I laughed when he said that and I imitated what would happen to BILL if he pricked him and he really was a balloon, ahm, and that's when I started asking JOHN if BILL was touching him, so on and so forth. It he ever touched or said anything to him and JOHN said no. The only times that he admits to anything happening were the two times in the bathroom.

Q. When BILL mentioned that he knew Reve's whereabouts at the time ADAM was abducted, this definitely must have raised some suspicion in your mind and concern. Did you pry any deeper into that. Did you ask him any additional questions?

A. I did not ask him additional questions because I did not know any of the details of this case other than the little boy had been abducted and that his head had been found floating in a canal. I thought it was a canal in Hollywood. That's all I knew about the case so I thought that maybe you know

this had all come out, and to the police this was common police knowledge that of course hadn't been released. But oh, he did say that that was why they had to drop their suit against Sears. That the Walsh's had had to drop their suit against Sears because this was where she went at the time that ADAM was abducted. I don't know.

Q. You mentioned that BILL COLLINS did at one time live in Vero Beach is that correct?

A. That's correct.

Q. Do you know when he lived in Vero?

A. No I don't. I've wanted to finish telling you about what happened when we called the ADAM WALSH Society.

Q. Okay.

A. Nancy said, agreed that that didn't sound good at all and we were suspicious of him, my mother spoke to her, and she said let me check with JOHN and I'll get back to you as soon as possible. She called back within two days and said that JOHN said absolutely there is no problem with BILL COLLINS. He's the most trustworthy guy in the entire world. He would not ever do anything to harm a child and JOHN sent a real nice letter, BILL had already moved out at the time in November and we must have gotten the letter in December. A letter congratulating BILL. A letter saying BILL I'm so happy for you, good luck to you buddy, and wonderful marriage. He even sent five books that are put out by the ADAM WALSH Society.

Q. So when you spoke to somebody from the ADAM WALSH center who was NANCY and you spoke to her about your suspicions of BILL COLLINS molesting your

own child she said she would talk to JOHN WALSH in person and get back to you right?

A. Right. That's right.

Q. Okay so now apparently she did speak to JOHN. He sent you his letter about, well did she recontact you?

A. No she recontacted me right away.

Q. And she was telling you how JOHN said what an upstanding guy BILL COLLINS is, that you should not be suspicious of him molesting any type of children or anything like that?

A. Right. Not in the least.

Q. So he defended BILL COLLINS?

A. That's correct. Then after that we got the letter congratulating BILL. It was as though he hadn't been contacted at all or asked any questions, just that he had heard that BILL had gotten married to me and good luck to your fine little family and best wishes and congratulations.

Q. Did BILL COLLINS ever mention JOHN MONAHAN's name.

A. Yes.

Q. And how did that come up?

A. The way it came up was that he used to work for JOHN MONAHAN apparently.

Q. Okay when he worked for JOHN MONAHAN would that have been about the same time that he worked with JOHN WALSH or was this separate?

A. It could have been.

Q. Okay.

A. I'm not sure but I think it's possible.

Q. What was the problem between you and him?

A. Well for, everything.

Q. This is before you learned about him sexually assaulting your son?

A. That's right.

Q. What was the problem between you and BILL?

A. He was a very poor lover for one thing and at one point in the relationship when he was such a hard worker and he took an interest in everything about the family, that was, it didn't matter to me that he was a poor lover, but then when he layed on the bed day after day like a giant beached whale and watched us stain the floors, paint the walls...I fixed the refrigerator door.

Q. Right.

A. Then I told him, I said look, this does not get it. I don't know who you think you are but you know, I was supporting us because he wasn't working cause he lost his job. I was working. I was coming home, JOHN was sick, so I was up all night with JOHN to bring his fever down. And then I was doing all of this really hard labor around the house while he was watching me be stretched so thin out to the point of crashing.

Q. Did he have an excuse for his sexual inadequacies?

A. Well when I told him about his sexual inadequacies we went down to the ocean and I told him that I did not think he was adequate but that I would be perfectly <sup>happy</sup> to teach him and we could learn together. And he, it was really funny, he was wearing a little beany cap. and he started jumping up and down, this huge man, like a little kid having a temper tantrum, jumping and

down at the beach saying, oh no! And he stomped off the beach and he left me that day also for about a week or two. Ahm, and at that point that was the second to last time he left. Because at that point I said, if you're gonna leave you're gonna leave then you stay gone. I don't ever want to see you back here. So, and I said this to him but he's a game player and I said it's like this whole thing is some big game to you and I said I'm not a game and certainly not a child and our lives are not games.

Q. The way you describe him, I mean from what I've learned just being with you here today, I mean, businesswise, socialwise, he seemed like a very mature individual, right, outspoken, no problem?

A. Uh huh.

Q. Okay but when it came to your intimate relationships with him he seemed like a very immature individual?

A. Very, very immature, extremely immature. In fact the last three weeks that he was at the house I told you he was running around everyday calling me nutsy this and nutsy that. He was also smashing objects with his fist. Huge fists. Just smash, things would, it didn't matter, glass, plastic rolodex, anything he could punch down on.

Q. Did he ever become violent with you?

A. He started to come and take a swing towards me once and I stepped forward like I was gonna kick toward him and he stopped himself because JOHN was there watching too and that was one thing he wanted to maintain to JOHN was that he was a really good guy. After he left taking everything I did see him one time. He had taken a receipt from Neiman Marcus for a fur coat which

he hadn't bought me anyway but he had taken a receipt, and I went to Neiman Marcus to get my coat to make sure it hadn't been taken and JOHN and I saw him in the parking lot. I didn't even spot him. JOHN said that's BILL and he rolled down the window and he was very nasty with JOHN, of course he knew he wasn't gonna get to molest him.

Q. Did he ever take any discipline action with JOHN while he was married to you?

A. Ah...

Q. Did he ever become violent with JOHN?

A. He wanted me to become violent with JOHN. In fact that was one of his major complaints was that he said that I never beat JOHN. And I said, beat JOHN, I said you said to me yourself yesterday that JOHN was one of the best, most well adjusted kids. And what had happened is I had taken JOHN to a school picnic, he had been running a temperature of 103 all that week and finally it went down to 102, and I had taken him to a school picnic because I wanted him to get out, he'd been cooped up and he seemed to be getting better. But it was a very hot day the kids were supposed to sing. The kids were putting on a show. And ah, so JOHN was really overheated, his face was all red and I said JOHN, we have to go over it's time for you to sing. And he said mommy I want to stay here, I want to play and I said no, I'm sorry JOHN we have to go now and JOHN came with me and that's what BILL said I should have beaten JOHN for because he said no he didn't want to go.

Q. Did BILL ever, when you were married did BILL ever take JOHN out by

themselves, go out for the day by themselves? Go anywhere together?

A. Yes. Yes. Ahm, but it was...

Q. Did they have a special place like the two of them used to go there. Maybe more frequent, maybe more than other places.

A. It was very infrequent that BILL got to go anyplace alone with him but there were times for instance that they'd go out to down the street to get takeout food from one of the gourmet shops around that neighborhood, or they'd go down to Atlantic Boulevard to the fish market it's right on the intracoastal.

Q. Anything like he took him to the zoo or anything where they spent the whole day together?

A. No. Not without me or my mother or my sister. Because I, you know you asked me a question on the phone last night. You said did you ever notice anything off color, off base, well there was something he had given me before we were married. This was months before we were married. Ahm, I'd say four or five months. He had given me a magazine that was maybe this thick and it had pictures of nude young men in it and he had said that it had belonged to one of the hotel employees that was gay and he said get a load of this. And I looked at it and I remember being shocked and repulsed. I went to leave it in the car and he said no, no, do me a favor why don't you just get this thing out of my car. So I took it and I ripped it up and threw it away. I thought you know, God, this is the most grotesque thing I've ever seen.

Q. He probably wanted to see how you would react to something like that?

A. Yeah.

Q. Did he see you ripping it?

A. No, but he saw my reaction and it was....

Q. Did he ever inquire again about that, those pictures, the magazine?

A. No nothing like that ever came up again.

Q. Okay since he left you or since the divorce did you find any pornographic literature in the house or anything unusual similar to what you just explained to us in the house.

A. Ahm, before he left, before the last time he left at the end of November he had knocked over a little case of his, it looked like a jewelry box and the picture of a nude child fell out and the child looked as though it was, I'd say between five and six years old. The child was blonde, blonde hair, very pale blonde hair and it was on a bearskin rug. He, I asked him about because that was another reason we called JOHN WALSH when JOHN said the thing about the pin and then we found this picture. At that point I had no reason to suspect even, he wasn't in the bathroom with JOHN or anything, because that made me suspicious. So I called about the photograph and then I got the response, "don't worry about BILL COLLINS", from JOHN WALSH. And then ahm I asked BILL about it. I questioned him. I said you know I found a picture and who is this child, why do you have this picture. And it's the only picture that I ever saw that he had. And he said oh that's my niece we're gonna blackmail her when she gets older and she goes to graduate I'm gonna pull the picture out and I'm just gonna blackmail her and she's gonna be embarrassed...

Q. That would be his brother Wayne's child? Is that what he referred to?  
He has no other brother's or sisters?

A. I think he said it was, it could have been a niece, if the child actually is a niece.

Q. Yeah.

A. That the child could have been a niece on his ex-wife's side. Because apparently they had four girls in the family, his wife had three other sisters.

Q. Okay.

A. So if anything I would think it would be in his ex-wife's family. And I didn't pursue that, I accepted his explanation. I couldn't tell...

Q. You couldn't determine the gender of the child?

A. Uh, uh, It would have been a very homely little girl, it would have been a beautiful little boy. That was one thing I noticed. The other thing...

Q. Was it a colored photograph?

A. Yes it was.

Q. Okay.

A. And it was on a like a bearskin rug. But the surroundings were like it was taken in a motel. It looked like leopard wall paper or something. It was just...

Q. Something that you wouldn't normally see in a residence?

Q. Did he ever go into anything about JOHN MONAHAN's involvement in the search for ADAM WALSH and stuff like that?

A. He never mentioned that, that JOHN MONAHAN was involved.

Q. Okay, that never came up.

A. Never came up.

Q. And he never mentioned to you or anyone, who was Mrs. WALSH's lover?

A. No.

Q. Did he say he knew the party?

A. He said he knew where she was at the time.

Q. Did he say he knew the lover personally?

A. No he didn't.

Q. Did he ever say how he knew or how he found out where she was, how he knows that she wasn't at Sears?

A. I asked him, I said what are you trying to tell me. I said you can't be saying, and he said oh yes, she left him and she used to do it on a daily basis.

Q. But he didn't give you any indication if this was secondhand information or where he got that information or if he personally knew it.

A. No he said that he personally knew it. But as I said who knows what he personally knew. He told me after going to the marriage counselor, the marriage counselor told him he was a game player and he really didn't have much nice to say about, to him or about him. Ahm, and he couldn't handle it. What happened is he's a prolific liar. He had my own family believing outrageous things about me. Outrageous things! Because I said I had the dog

**INTERVIEW WITH CARA LOUISE BLUMBERG**

A. That's correct.

This is continued from Tape #1:

Q. Go ahead, go on with what you were saying.

A. About the vehicle. My sister thinks that she saw him in front of our apartment building driving by our apartment building in a dark blue Continental. I saw the car however I did not see the occupant. She claimed it was BILL COLLINS and my son also claimed it was BILL COLLINS. He claimed to have seen him. It was a blue and white continental. So basically BILL has access I guess to whatever cars he would want. Getting back to the marriage counselor. BILL COLLINS claimed that he had called her regarding me and that she thought I was paranoid, that he had gone into see her or called her, no, gone into see her he said without me. What had happened, in the sessions he and I went to together in one session was the he kept lying and since we, she didn't interview us separately, everytime he told a lie I'd say well BILL we are gonna get help, why don't you tell the truth. Because I think if you tell the truth then she could help us. For instance he went in there and said I've been married three times, I said well BILL you've been married four times, tell the lady and he got very upset about that. Then he'd go to say something and I'd say well BILL but how it actually happened is this and there was nothing you could say because he builds these scenarios and he's the most convincing person I've ever seen unless your right there to refute him. What I had started to say about this woman and him saying that he had gone to see her or called her and she said CARA I've never heard from him again, never seen him or nothing. Ah, he had, I started to mention what

he had said about my son and his dog. That I had gotten him as a form of protection to give him some independence from me. Ah, he told my mother and sister that I wanted the dog to attack other children so that everyone would know that they shouldn't, not to mess with JOHN, don't ever look to mess with JOHN and the man was so convincing. Now my mother's known me for 33 years and my sister has known me also. Ah, he was so convincing that they came up to me with shock on their face and said CARA and I just looked at them and I said what is going on. In all of your experience and in all of these years have you ever known anything like that. Cause I'm a very non-violent person. Even if I'm hurt. Most of the time I don't consider it worth my while to pursue it because I can be better for myself.

Q. Other than the time that you mentioned that you ran into him at Neiman Marcus in the parking lot, have you seen him since?

A. I haven't no.

Q. Do you know his whereabouts at this time?

A. No I don't. I know people who will know his whereabouts. They're good friends of his.

Q. Do you know anything about an address in ElPortel?

A. Yes that's the address that was on his drivers license.

Q. Do you think he'd be living there?

A. I doubt it. Because the address he had before that was in, on Biscayne Boulevard in a condo. Before he moved into the Jolly Roger and subsequently into 242 Eljuris Avenue. These people supply him with the money. They're very wealthy people.

Q. What people?

A. These people. Whenever he needs it.

Q. You're referring to JEANNIE and...

A. OWEN MITCHELL.

Q. OWEN MITCHELL?

A. That's correct.

Q. And where do they reside?

A. I don't know.

Q. Do you know what they do for a living?

A. OWEN MITCHELL works at the Oceanside Inn. He also has a share in some of the art deco hotels in Miami, so that's one location you might search for BILL COLLINS. If it's in OWEN's power, or rather JEANNIE loves BILL, she's really a champion to him and he constantly talks about him and about her also. Says she's crazy, so on and so forth.

Q. When you met BILL and you were married did he ever tell you if he had a criminal past, ever been involved with law enforcement?

A. Ahm, from what I could understand he said that he had been involved with a drug running operation that was a large scale operation. There were I believe at least 45 people from what he told me. His numbers changed. Sometimes there'd be 44 out of 45 are in prison. Then it would be 54 out of 55 are in prison, so, but I think that there were at least 45 people involved and ah apparently everyone but him, but BILL COLLINS went to prison from what he told me.

Q. Well from what you told us I mean this guy's like a habitual liar also?

boat. So KENNY called, apparently told BILL where the boat was located, needed BILL to try and get the boat and sell the boat. But that he wasn't going anywhere near the boat. And apparently the VISA .....

Q. Did BILL ever work in the islands, Bahamas or anyplace?

A. He spent alot of time he told me in the Bahamas drug running, that that's where he'd go to pick up the drugs.

Q. Do you know what prison KENNY is in at this time?

A. He's in Montgomery, Alabama in the federal penitentiary from what I understand. I have the telephone number.

Q. What's his last name?

A. I wish I knew. If I knew I would have, KENNY thinks BILL's his good friend. All these guys apparently think that BILL's their good friend and BILL's the one that put them all in there. Here's the telephone number and the time that this telephone call came in, you might be able to trace KENNY that way also. I don't know if they would keep a log at the prison or not.

Q. They may. Now these calls were direct calls they weren't collect or anything like that?

A. From KENNY?

Q. Yeah.

A. They were collect, person to person.

Q. Collect from that number 205, area code?

A. Uh huh.

Q. There were many others but the phone was in BILLS name and he took the bills and I couldn't get copies of the bills. But I can get a copy of JUDITH's sisters, the bill that she's on.

A. I'd appreciate that. I...the thing that's bothered me so much about all of this is that I think that there's a possibility that BILL really did have something to do with ADAM WALSH disappearing.

Q. That's just your personal feelings?

A. That's my personal feeling. And it maybe wrong and the reason I kept my peace for so long is that BILL has told and said a lot of terrible things about many, many people including myself. He told people when he left that I was a cocaine abuser and all the money went up my nose. And I....

Q. The problem is he gives all types of excuses for all of his divorces so he doesn't look like the one that initiated these divorces?

A. Well, but the ironic thing was that this nice girl, this girl he called a nice girl, 20 years old, steel plate in her nose, this was BILL's good friend. She's a nice girl, steel plate she's done so much cocaine, she's got a steel plate in her nose and she sat there, I heard about this through friends, cause she sat talking to her mother on the phone in front of two or three friends of mine that she didn't know knew me telling her mother what a great blowjob she gave and that's why these guys stick with her because she gives the best blowjobs around. a blowjob queen who, you know that's the type of family that she comes from that she would actually brag to her mother, mom, mom hearing this if it were me.

Q. I just want to touch bases on something. You and your son had furnished the Lauderdale-by-the Sea a statement regarding the child molestation to JOHN. JOHN responded in one of his answers that my mom thinks and I think that he, referring to BILL, cut ADAM WALSHS head off. Where did he get this that he made this statement?

A. Okay.

Q. Did you speak to him about BILL cutting ADAM WALSH's head off?

A. When this happened to JOHN, my mother, this now, remember I'm finding all of this out a month after this has gone on.

Q. Right.

A. And we've been through so much because he couldn't molest JOHN on a permanent basis. That's the reason that we've been through everything we've been through and it doesn't seem sane or right, people break up all the time, I'm not a bitter person, when I said goodbye to JOHN's father that was that.

Q. Right.

A. Ah, so I couldn't, I thought that there was something wrong and I thought that this man is such a great deceiver, he looks like Mr. Straight and based on, and he's done, he's done all of these things that I know of and fooled everybody. So then JOHN tells me what's happened with him and I said to JOHN, I said, JOHN, cause when JOHN said he's ashamed, I said JOHN in the first place I said, adults can trick other adults into doing things that they

know are wrong. I said, how old are you JOHN. He said six years old and I said well how old do you think BILL COLLINS is, I said he's an old man JOHN and he's had a lot of time and alot of experience in manipulating people and tricking them into doing what he wants them to do. I said, how can you fight against someone like that when even an adult can be tricked by someone like that. So he thought about it. Well this was when, that was the hour and a half that I spoke to him and he stopped wetting the bed. Ah so and then I said to him cause he said he was ashamed, I said, did it feel good when he did that and he said NO. And I said JOHN if it did feel good that's because it's supposed to, that's how we're made and I said when you fall in love and you get married, God made us, because that's your sex organ to make babies and I explained to him how all his sperm were in his balls from the time of birth and that the sperm would unite with an egg and it would be a beautiful, beautiful thing and make the babies. So I said, so GOD made it so it would feel great and it's a wonderful experience, so if it felt good to you you shouldn't be embarrassed at all. And I said, JOHN you know you're really very lucky. I said, it could have been alot worse and I should have told him this because it was too much, this last time, he understood everything. But when I told him about ADAM WALSH it was too much and I should not have told him everything I told him in concern. Because I told him, I said, at least all BILL got to do was to touch you on your private parts. I said that I think that he may have had something to do with this little boy

disappearing. I said there was a little boy named ADAM WALSH who disappeared and I said a few people that I knew or had read over the years, maybe the case is even solved, I said but I think that BILL COLLINS is the man that kidnapped ADAM WALSH.

Q. Why would you say that? Why would you put that in his mind?

A. Because these things happen, children do get... kidnapped.

Q. This is a rather strong accusation to put in a child's mind that you're not even sure of.

A. Well, based upon some deductions which were, and I said this to my son, I said JOHN some people have said that they kidnapped ADAM WALSH and they were really deranged looking black men and I said that I don't believe that ADAM would have gone with anyone that looked like that and not made a sound. I said, but BILL said, I said he used to babysit for ADAM and ah, he said that ADAM called him Uncle BILL and I think that if BILL saw ADAM at a mall and BILL walked in, nice Uncle BILL, and said come on ADAM, ADAM would leave without a word with nice Uncle BILL and no one would ever know the difference. There wouldn't have been anyone to notice anything. And then with the look, when my mother told me about the look she saw on his face, that said to me no matter what JOHN said at that point that BILL had not touched him. That's what he said at that point. When my mother told me about that look that's when I didn't care if JOHN said that BILL hadn't touched him. That deranged look, she said it was like in the black narcissus in the movie where those eyes come out and they're completely mad. She said his eyes, she said worse. She just had never seen anything like it. My mother doesn't

exaggerate anything. She is not an exaggerator, she is a very truthful person. She is from the midwest.

Q. Let me ask you...

A. I agree with you that I shouldn't have said this to my son. In retrospect I wish I hadn't but as I said to you he may have had nothing whatsoever to do with it. My gut feeling is that he did.

Q. Were you and BILL married when the television <sup>MOVIE</sup> was on about Adam?

A. I don't think so. I don't remember seeing that.

Q. Did you ever see the television movie of ADAM WALSH?

A. No. See I....

Q. Because if you and he were married wouldn't he in that he was so close to the family, wouldn't he be insistent on watching that movie?

A. I don't know because see I was working myself to death while he was lying on the bed. So I didn't have time. I ended up selling....

Q. It was on in the evening, the late evening. Do you work nights?

A. Well what I'd do is I'd take my customers around during the day and then at night if they didn't find what they wanted, they had millions in cash and I knew if I could find them what they wanted I would have a sale and since I was the only one bringing in money I had to be at my office late getting the comps, calling all these real estate people up to 10 o'clock at night and then doing my research. You know just going over everything just finding if they like this, I'm going to have everything all in a row so I can say this and this and this, square footage, talking the house I'm selling and so forth. So my research, then take, plus doing my, he didn't

help with the dishes, he didn't do the laundry. He didn't stay up at night if JOHN had to have medicine every four hours. I'd stay up and give it to him, I don't care if I'm half frayed. He's my baby. So that's the way it goes. So I didn't have time to ever watch T.V.

Q. Did BILL ever speak to you about his childhood?

A. Yes.

Q. Did he ever go into anything that he was ever an abused child or neglected child?

A. Listen to this. This is something. Apparently when he, I think he said he was about 12 or 13 years old. His father left his mother and he said here was my little tiny mother and I was the size I am right now and he said I think that arrested his development cause he dropped out of school at that point and went to work in the hotels where...

Q. At 12 years old?

A. Yeah as a bag boy, so on and so forth. I don't think it was mandatory at the time after a certain age. But he said I just couldn't bear watching my mother pulling at this, with this little tiny woman supporting a big hulk, me. So he said he got jobs which I believed because I know he spoke to a Mrs. RITTENHOUSE. I used to work on Rittenhouse Farm in Philadelphia and that's where JOHN was born. And he had spoken to her one time that I know of. So that's, he told me that that was how he got his beginning was working in hotels, starting as a bag boy and he worked his way up to becoming a manager and he said what he did about his education is he just lied and told people he went to Temple University which he certainly had the finesse

to do the jobs.

Q. Did he go into anything about being abused or neglected or anything like that as a child?

A. His mother couldn't spend any time with him.

Q. He's the oldest of the children?

A. No, Wayne is the oldest. WAYNE he said never wanted much to do with him even as children.

Q. They didn't have a good relationship?

A. No. In fact I told him just before he was about to leave that well I wonder if I call your brother, and he threatened me, if you call my brother, don't, just don't call my brother. He was petrified of me speaking to WAYNE/ And my mother called his father and I've got that number written down here also. Right after <sup>that</sup> he called from the woman and the two children that he went to live with, the two young children...

Q. After he left you?

A. Yes he went to live with this woman who he said he despised and she was really a low live and had no class at all. That's where he went to live when she left me but she had two very young children. And she didn't watch the children like I watch JOHN. So....

Q. Did you ever discuss with your mother your thoughts on his involvement with ADAM WALSH?

A. Yes I did.

Q. And what was your mother's consensus?

A. Her consensus is that she would stake her life on it. That's what she

said. I don't have, all I have are bits and pieces. I think that what he does is that he attaches himself to people who he feels has more to hide than he does and I think that's why he was so good to his last wife in splitting the house, and she took everything except that she was even going to take an oriental rug that he had bought her two weeks before and she knew she was leaving him for this other man and he said well no I'm taking that. But I think the reason he was so nice with her is that she may have known something in some way about what happened to ADAM.

Q. Since their divorce don't you think she would have come forward?

A. Well she left him. She got a divorce from him.

Q. Yeah I understand that. Well now that their divorced and she's gonna be re-married don't you think if she possessed any type of information she may have come forward to the police?

A. I don't think so.

Q. You don't think so?

A. No because she, it came out in our marriage that apparently throughout their marriage she was doing this with other men.

Q. Could you be more specific?

A. Having affairs with other men. Because he mentioned seeing Burt Reynolds and Dinah in the Bahamas. That was many years ago and in the context of that statement he mentioned, my mother asked him, she said well was JUDY with you and he said as it turned out JUDY always had other things to occupy her time if you know what I mean. So even at that point apparently they had some kind of arrangement.

Q. Is there any male friend of BILL's that he was close to that he would confide in?

A. No.

Q. Was he a secretive individual who kept to himself?

A. Extremely....well when he left every bit of information I could have had about him was taken from the house. His sister-in-law's telephone number ripped from notebooks. Pages in the middle of a notebook with nothing in it, he had gone through, taken that page out, ah, that had the social security number on it which I found anyway.

Q. Did you ever open up any bank accounts together since your married?

A. Ahm, no, no.

Q. How long was he and JUDY married?

A. They were married...apparently he met her when she got out of college and she's older, he married her right out of college. She's older than I am and I'm 33. So she must have been 22. I think 13 years.

Q. They were married that long?

A. Yes. And ah one of the things that was so difficult for him with me is that he literally deceived everyone he came into contact with and it made him insane that he couldn't deceive me because I would call him everytime he would try to pull something or say something, I'd say don't give me that and then I'd tell him, you know, exactly how it was and he even mentioned it to me at one time. He said, how come you're so sharp. It's like he nailed me against the wall, not physically, but with words, I could. He's a very brilliant man, he covers his tracks extremely well.

Q. Is COLLINS his real last name?

<p>A. I believe so, I believe his father's name is COLLINS.</p> <p>Q. But you're not sure?</p> <p>A. JOHN PATRICK COLLINS sounds much more kind.</p> <p>Q. How do you know that, were you on the phone too?</p> <p>A. I was standing by the phone and he related. He had a lot of old replicas, in fact I've got almost every kind of gun, they're really guns but they've got blocks in where you'd put the bullets. So he had everything from a powder gun that they used in the revolutionary war which really worked to all of these replicas which he gave to JOHN and he had a lot of medieval replicas such as the chain and the ball with those spikes in it that the tax collectors used to use if you didn't pay your taxes.</p> <p>Q. How about anything like any swords or anything from that time?</p> <p>A. Oh yes swords. I have a pair of spurs in the car that's very sharp. A lot of weaponry.</p> <p>Q. A. Ahm he took the swords with him.

Q. How big a swords were they?

A. They were ornate. He had things from all over the world. Ah, I'd say they were like that.

Q. He didn't go into any specifics or names or anything?  
A. No. He might have used first names but when people start talking about things like that most of the time I think who cares. You know that's their life, this isn't my business. And ah you know certainly I've known alot of people who have foundered so to speak, but no one, not even my parents, no one in the world heard it from me that they've foundered. A. They told me that in cases of molestation that it was very difficult if it was only one child's word against someone, against any adult.  
Q. Right.  
A. That it would be very difficult, whereas if there were a chain or a history of the same person doing this to other children then it would be something that they would be able to pursue. But to pursue it as it was would probably be a waste of time and put JOHN through alot of trauma.

<p>attorney's office to file the case?</p> <p>A. Well no. They had, I spoke to them about this before we furnished them with a statement.</p> <p>Q. Right.</p> <p>A. Which I talked to the chief and I said look if you want me to come in... he said I don't need to traumatize your child. This is the way it is. Meanwhile the case worker at H.R.S. had been told about the photograph that was found and apparently she, I didn't tell the police about the photograph. She spoke to the police chief and said what about the photograph, can't you go and see if ypu can find that. That would nail him....If the girl is not a neice because even if it was it was not an appropriate picture for a child that age. That's what struck me as funny about it. A baby, someone months old yes, but not a large child. Ahm, so then the police chief called and said that there maybe something that we'd be able to do and then H.R.S. must have called and said look you know I really want you to go in and give the police a statement so I said okay. I said if there's a possibility of something being done, I don't mind giving a statement and I know JOHN would not mind because JOHN would want BILL to be punished. JOHN feels impotent, right now, as though he's been victimized and he feels guilty and he feels angry and it's caused, other people still say, oh he's so well adjusted and this and that, but I've seen a huge difference in my son.</p> <p>Q. Well I don't think we have any other questions to ask you at this time CARA. Sgt. Wynn?</p> <p>A. This is where he stored his things when I kicked him out of the house.</p>

Q. At OWEN and JEANNIE MITCHELL's?  
A. AT their house.  
Q. Do you have an address or phone number. I have a phone number. I already wrote that down.  
A. And I don't know where these calls are to but he might have been calling Frank. FRANK works at the Diplomat as probably a waiter in food service. Frank was supposed to live in KENNY's house while he was in prison. Apparently JOHN MONAHAN and FRANK know each other. But he may have been calling FRANK or his sister-in-law or his ex-wife. That's in with these numbers. I haven't called them, I don't know who they're to.  
Q. What was your date of marriage to BILL?  
A. August 29th, 1986.  
Q. This interview is being concluded on Tuesday, June 23, 1987, at approximately 1842 hours.

hot date tonight, knowing that he's going out with, just kidding you know.

The next thing you know I was Uncle Dirty.

Q. How would you describe John and Reve as parents?

A. Excellent. Excellent. Well John travelled alot, very, very, very, that's when I heard what, how this thing happened it seemed very weird to me because they were, they idolized him.

Q. Whatever time that John was out of town and Reve was busy did you ever take Adam with yourself, take him to a park or anything?

A. No I don't recall ever doing that. No. I think the only time my wife and I would have been alone with Adam probably was when we were babysitting.

Q. You're saying that the Walshes moved out in approximately 1982?

A. I'm not real good on the dates.

Q. 1982.

A. My wife probably, I'm divorced now but I could give you, she'd probably know the dates better than I do. But ah I guess it was a year and a half something like that.

Q. Before the murder?

A. Oh yeah, yeah. I guess it was, geez it's hard to remember, six months, eight months, a year before.

Q. Okay. After they moved out was he still working for your company, John?

A. No, no. Ah, John left, our company was falling apart. We were a little subsidiary of this huge real estate firm that was going right down the tubes. We were a two billion dollar corporation. They were the largest real estate holding company in the world. They went right down the tubes. We

rented from you up to Hollywood, did you keep in touch with him. Did you socialize with them?

A. Not very well at all. At the very end John got very cold towards me. I didn't really understand why. But I think he felt a little guilty. He was always a little short on the rent or not paying it you know. And he'd always say don't say anything to Reve, you know. And I used to cover his ass cause we used to screw around alot you know. But ah the last couple months instead of him, I hardly saw him when they lived there the last couple months. He'd send Jimmy Campbell over to pay the rent cause Jimmy was living there.

Q. Do you know Jimmy Campbell?

A. Yeah sure.

Q. He was living with the Walshes?

A. He was living with the Walshes in my house yes.

Q. So when they moved in, the Walshes, he was with them at the time?

A. He joined them afterwards.. He didn't move in right away but he was there quite a bit. Ah, they used Jimmy alot. I mean Jimmy...

Q. Was that your first meeting with Jim Campbell when he moved in there?

A. Yeah. yeah.

Q. What type of individual was he?

A. Nice kid. Absolutely idolized Adam. He was more, not that John didn't take care of Adam but John was away, Jimmy Campbell, we called him Dudly, that was his nickname. I don't know why he had that one, Dudly, ah, took Adam everywhere, did everything with Adam. Ah, I think he had a hell of

a crush on Reve but I think they laughed it off. You know I don't think, you know. If anything had to be done in that house, Jimmy Campbell did it. Something had to be fixed, an errand run something like that he did it. From what I understood he wasn't very happy at home and ah he had been very friendly with John and I think they surfed together and ah the next thing I knew he was moving in.

Q. So when they moved out, the Walshes, he also moved out with them?

A. He moved out with them. I heard that he moved in with them in Hollywood but I don't have any firsthand knowledge of that.

Q. Well if the Walshes were out of town or went out for the evening why would they leave Adam with Campbell?

A. On occasion, most of the time I guess they did do that.

Q. Right.

A. Most of the time, ah, but ah, I guess we babysat for them maybe a half a dozen times, something like that. He was a little doll the boy. He was the nicest little boy you'd ever want to meet in the world. I'm sure people told you.

Q. Did Campbell ever work for the company?

A. No.

Q. Did he have a vehicle when he was living down there?

A. Gosh he must have. He had to have. Yeah he had to have a vehicle. I don't remember what kind but he had to have a vehicle.

Q. When John and Reve moved up to Hollywood did you ever go up to their residence up there?

A. Never.

Q. Did you know where it was?  
A. No.

Q. Did you keep in touch with them by telephone?  
A. No. He was, he, as I said he'd gotten very cold to me and I think it was because of the...you know Monahan was his mentor and I think Monahan got him the Paradise Grand job and Monahan and I, I had to sue Monahan to collect some money so Monahan and I had a falling out. And it was one of these things you either go with Monahan and be his friend, if you were going to be my friend you weren't gonna be Monahan's friend. And Monahan's a big name in the business so John you know he avoided me yeah.

Q. And John Monahan owed you some money so you had to file suit to recover it?  
A. I had to file suit, yeah I did.

Q. In the summer of 1981, okay, were you working at that time?  
A. Ah yeah. I guess I was at Sun Country. The subsidiary was called Sun Country resorts.

Q. Right.  
A. Ah GAC.

Q. And that's where you worked in '81?  
A. I guess that was '81 yeah since I was still there. Maybe, probably that was the last year.

Q. Where were the offices?  
A. Coral Gables, Alhambra Circle.

A. Ah the company is now, they reorganized, they filed Chapter 11 and reorganized. They're called Avatar now, A-v-a-t-a-r. And I think the only hotel that they still have, I think they still have a lease on the Cape Coral Country Club. We had eight hotels, country clubs, they all got rid of everything. They sold off all the developments.

Q. All right. In '81 while you were working there did you have people work for you, sales personnel and so forth reporting to you?

A. Yes.

Q. What kind of vehicle did you own at that time?

A. Oh gosh. If I was still at GAC which I think I was ah it would have been a company car.

Q. What kind of car was that?

A. I'm trying to think. I think it was a Granada, Ford Granada. And I think I also had a Lincoln at that time.

Q. What color was that?

A. I'm trying to think. One was a town car, a beige town car and then I got rid of that and at one point I had a white Mark IV but I don't remember which was which.

Q. What color was the Granada?

A. Brown I'm pretty sure. GAC would have those records.

Q. Were they all lease cars?

A. They leased all the cars from a Ford agency.

Q. During our investigation into Adam's death there was alot of tremendous rumors that people called into us, you know to follow up this lead and that

lead. There were rumors that John Walsh was involved in drug smuggling and so forth. Have you heard anything to that affect?

A. I've heard every possible rumor there could possibly be except a Russian connection. But I don't think that John Walsh was ever involved in smuggling drugs. He used drugs.

Q. Yeah we know that.

A. But I don't think that he was ever involved. I heard a rumor that he had sold some drugs in Key West but a very small quantity, before he got married or something he hung down in Key West. But other than that I would doubt very much if he smuggled drugs. I think because he was going back and forth between the Bahamas, that might have....

Q. All the travel that John did and Reve taking care of the baby, so forth and, was there a lot of pressure on their marriage?

A. Yes.

Q. Was there a problem at any time with Reve and John?

A. I think there was always a bit of a problem. John played around. John layed more pipe than any plumber in Hollywood. I mean he didn't miss anything. He nailed alot of ladies, a lot of them and I think that Reve knew a little of it and but she loved John dearly you know, but who knows. I heard the rumors afterwards about her and Dudley, Jimmy Campbell. Ah, frankly that was a little hard for me to believe. And yet...

Q. Why?

A. Well from her viewpoint. I knew he idolized her. But I just couldn't see her really being attracted to Dudley you know. I guess because I was

A. Uh huh. And ah I'm sure I told Jane it was a friend of mine involved and everything and I left and I drove down to the police station. Ahm, I found out, I think they were on the second floor they set up some type of headquarters. And I went in, I saw John, I didn't see Reve. I saw John. Ahm, and you know I guess at that time we thought he was gonna be found at any minute. You know I really did. But I am an emotional guy. I mean I'm the one that cries at the movies and I told John if there's anything I could do you know, even though I hadn't seen him for a long while. I still felt that he was a friend. Q. Down to ElPortel?

A. Yeah El Portel.

Q. And you know where Jane is at this time, is she working?

A. She lives in Boca Raton. Ah I have a phone number for her somewhere. I could find it. She definitely lives in Boca Raton and I imagine her number's listed.

Q. Okay. That's her married name, maiden name?

A. Campen was her first or second marriage and then Lancaster was her latest marriage.

Q. Was just the two of you at the office when you heard this over the radio?

A. Yeah we had a secretary at one time but I don't think she was there then. I think that was later. I think the office had just been opened about

Q. And you came down to Hollywood, came to the station and you saw John?

Q. Did you speak with John or Reve during the next week or two during the search for Adam or any family members?

A. No.

Q. Nobody?

A. No. As I said we had, although I was terribly upset about it we had drifted apart, what was I gonna do. I didn't have anything I could offer him. I didn't know what to say to him so I didn't call them. Of course everyday we followed the news reports. Ahm, and I went to the funeral. having people, her boyfriends call up and say they are Fort Lauderdale police looking for me, Palm Beach Police looking for me, private detective..

Q. For what.

A. She's trying to find me.

Q. For the divorce?

A. Yeah. Well I want the divorce but she keeps backing out. It's a real screwed up deal. So I had this private detective out but if anybody calls saying they're somebody I let them check it out. What happened was Bernard said it was Fort Lauderdale Police so we've been calling Hoffman in Fort Lauderdale Police and then Jimmy George for this detective agency says that's a Hollywood number. Hollywood. You know I didn't think she knew anybody in Hollywood cause she lives in Lighthouse Point. But she's a real article.

Q. Did she know ah...

A. Oh no I just met her about a year and a half ago and ah...

Q. So she couldn't add anything?

A. Well I guess she heard of him.

Q. Did you ever tell her your relationship with the Walsh family?

A. Oh I'm sure that I mentioned at some point in time. It's hard, you know Adam's picture's on so many things and I think ah, I'd say I'm positive that I mentioned it to her.

in a store you know what I mean?

Q. Right.

A. Now if he was outside yeah you could figure somebody could grab him or something, but leaving that store I don't...

Q. Without putting up a fuss or something?

A. ...I can't, personally think that if he left the store with somebody it almost had to be somebody he knew, had to be.

Q. That's your feelings.

A. Now if he was dragged out or he went outside to look for Reve, yeah okay that's a different ballgame. But if he was taken from inside the store I don't, I can't believe that he would leave with anybody unless he knew them. If somebody says oh hey Adam, hey I got something outside for you or something maybe they could con him. But I don't....

Q. Reve gave him instructions, alright Adam you can stay here in the toy department I want you to be here, I'm going to go over here to the lamp department, I'll be back. I mean he would pretty much listen to the instructions that she would give him?

A. I imagine so as much as any little boy does. Ahm, as I said, that's what I mean. If somebody came in, ah, that knew him that he trusted that would be a different story. If he wouldn't have any fear..

Q. Well if they moved up to Hollywood, other than their immediate family who else would he have known?

A. Well I don't know who he knew up in Hollywood of course but ah the neighbors in ElPortal would have known him. Ahm, they ahm, they were very

friendly with a couple that were a couple of doors down, Bobby and Donna Heath, H-e-a-t-h. They had a little girl and Adam used to play with the little girl outside and my niece would come over and my niece would come over and they would play. Well my niece lived next door at that time. She's seventeen now.

- Q. Were they still living in El Portal when Adam was abducted?
- A. No.
- Q. The Heaths?
- A. Oh the Heaths?
- Q. Yeah.
- A. Yeah, yeah. They moved up to, in fact she's getting in town today. Ah they moved up to McIntosh near Gainesville and I'm trying to think if they were still there. They might have been up in McIntosh because I kinda remember...yeah because we took Donna to the funeral and I don't remember now if they came, if they had moved or not. I remember we took Donna to the funeral.
- Q. Did you say the Heaths are coming into town today?
- A. She, Donna is yeah. Yeah she's coming in today. Her father lives down in the keys and she's gonna go down for a day or two and see her father.
- Q. Well do you know of any enemies that the Walshes may have had?
- A. No I can't think of any.
- Q. You mentioned that at times, John didn't have the rent money at times?
- A. Yeah he was a couple...a few times he was...John lived pretty good.
- Q. I mean was there a time that he may have had to borrow money from???

A. No. I didn't charge him that much. All's I charged him for rent was what the mortgage payment was. I gave him a deal on it. I just wanted to cover the mortgage payment. Like I said it was an investment for myself and my mother-in-law. Ahm, no I would never, it was like \$260 a month or something like that you know. It wouldn't have been anything that ye would have had to borrow money for.

Q. Did they live above their means?

A. Ah yeah. John blew a lot of money playing around but then when he went to work at the Grand from what I heard ah, he was making very good money there so I would imagine that that would have changed completely. Reve never worked ahm, but ah no I can't see John borrowing any money. He might have on occasion he'd borrow a hundred from me or fifty, but never....

Q. Somebody would have had to know that Reve was going to Sears that day okay if they were planning this abduction and if it was somebody that knew Adam, the way you said Adam had to trust somebody to go with him without putting up a fuss, and other than the people you mentioned, what about Jim Campbell? What's your feelings towards him?

A. Ah I think he idolized Adam. I think he loved Adam. I can't imagine him ever even spanking Adam, you know.

Q. Were there any other people that came into contact or had a close relationship with the Walshes?

A. Yeah he had friends from when he lived in Hollywood before. But as I said after he moved back to Hollywood we had no contact so I don't really know what was going on in their social life and I didn't have any connection

with him when he went to the Grand Hotel in the Bahamas so I just don't know what was going on at that time.

Q. How about the people that he would have been dealing with over in the Bahamas?

A. Well that's another story. Ah I don't know who the people were that had the hotel. Ah, I understand they were an outfit out of Texas but I don't know anything else about them. Yeah there's always a question because there's so much drugs in the Bahamas but I can't see John, John was building a career, he was becoming established and I don't think he was, John's a pretty smart boy, I don't think he would do anything stupid. You know he had done some things stupid but you know, in his younger life, you know surfing and going down to the beach and all but I think he grew up as far as getting involved in anything that would bring danger or disgrace or embarrassment if the stuff came out. I can't see it. I had heard that Reve used to deal in small quantities of coke. Ah but for her own use you know.

Q. Her own personal use?

A. She would sell it. Evidently she would get some, sell it and off the profit or whatever was left she would use. But I know she and John used coke.

Q. Do you know what people she would have been dealing with?

A. No. There was a guy by the name of Jeff, big tall guy, he must have been 6'5 or something and had an Irish last name. He was very, very close to the Walshes.

A. Body building?

Q. Yeah.

A. Never heard of her involved in any at all.

Q. Cause when she was up here in Hollywood at the time of Adam's abduction she was into that, going to this Apollo gym and working out.

A. Not, I'd never heard of her doing that when she lived down in El Portal.

Q. Did you also live or work in Vero Beach?

A. I worked in Vero Beach one winter, geez, thirty years ago.

Q. Thirty years ago?

A. Thirty years ago. Worked there for the winter season. I worked at that time for Treadway Inns and they had a resort called the Royal Park Inn which has been torn down now they built condo's there. It was right on U.S.1. It was a five acre resort and it was only open for the winter and ah I went in there one winter and then I went up to ah one of their summer resorts up in Thousand Islands.

Q. That was the only time you were in Vero Beach?

A. Oh no I have been in Vero. I have been in Vero.

Q. When was the most recent?

A. Oh lets see. Say about seven, eight years ago. Went up there, I was working with Monahan then. We had both left there you see, we had a company representing hotels and there's a development up there it's the John's Point, or it's a little hotel up there and we went up there to talk to them about representing them. The owner's name was Eckleston. He's got a very, very, John's Island, that's it. We went up there to talk to him about representing him. That's the only time I've been in Vero Beach

Q. What year was it when you broke off your relationship with Monahan?

A. Um, I guess it's been about seven years, '81, something like that.

Q. Was it after Adam's abduction and murder?

A. Uhm God let me think. No I think this would have been prior to that. I think, I'm not sure but I think it was prior. Can we come back to that one?

Q. Sure.

A. I'm terrible with dates.

Q. Who else do you think was close to them?

A. No excuse me. My relationship with Monahan broke off before Adam's disappearance and murder. I'm sorry.

Q. Who else do you think is close to the Walshes?

A. I don't remember any last names. There was an English fella and his wife Billie who worked on the beach as a pool boy or as a pool manager.

A. Oh gosh, he worked all different hotels all over the beach. I (inaudible)  
He probably worked at the Diplomat at one time.

Q. He was friendly with the Walshes?

A. Yeah.

Q. Did he work for them?

A. No he was just, no he knew them before I met John and they remained friends.

Q. How old was he?

A. I guess he was about John's age. How old is John now? Forty?

Q. Somewhere in that area.

A. There was another couple that they were very friendly with who lived in Vero.

Q. Whose that?

A. He's an artist. I can't remember their name. He's an artist and they were very close. I think the wife's name began with an "M". But he's an artist and they moved to Vero.

Q. When did they move to Vero?

A. Prior to this, prior to Adam's ah? You never heard of these people?

Q. That's why I came to interview you.

A. That's unbelievable.

Q. He lived up here in Hollywood? That's how their friendship...?

A. They lived in Hollywood, yeah they were friends for quite a while, I mean very close friends.

Q. Why would she believe that?

A. The guy that owned the plane, now this is, I'm getting this all from her. The guy that owned the plane was a friend of Winnick's and Monahan's. Howie wouldn't touch, Howie was so straight, he'd been offered 92 drug deals, him and his brother, turned them all, wouldn't touch it, wouldn't have anything to do with it. Ah, we had some planes, we bought a plane, the company and all.

Q. Which company you talking about?

A. Sun Country Resorts.

Q. Your company with John Monahan?

A. Yeah. And John owned the company, I was only paid a percentage. Ah, at one point John, I was out of town. I was on vacation. I was in Europe. My wife and I went to Europe for a two week vacation, went to England and Ireland, came back and I remember the girl in the office said something, you otta take a look at this and they were bills, cause I paid all the bills for the airline, I wrote all the checks. And ah what the hell is this, DC-3, John traded the Queenaire in on a DC-3. I said what the hell we gonna do with a DC-3, she said well he's gonna charter it back and forth between the property in Aluthra for touring. I went out to the airport and the seats had been taken out of the DC-3. Well you know why do you take the seats out of a DC-3. You don't have to be a genius to figure that out. It was right about then that Howie and his brother quit working for Monahan and didn't want anything to do with him. Now Howie would have told me if he'd been offered a deal by Monahan so I'm firmly convinced Monahan didn't

offer him any kind of a deal or get involved in anything, cause Howie would have told me. We were very close. Ah, but Monahan called Howie and said that he had a business acquaintance that had just bought a, had a jet and needed a pilot and an engineer whatever, and Janet told me they wanted to double check and make sure this guy was clean cause they didn't want to get involved in anything. Monahan guaranteed them that they were as clean as can be. Ah as it turns out Janet tells me she overheard some conversations and some recordings on the telephone machine or something that would point that this guy was as dirty as could be and that he was a coke dealer. He supposedly had a coffee plantation in Colombia. Nobody has a coffee plantation in Colombia today. But ah, so she became convinced that there was foul play in this whole thing. Monahan was supposed to be on that plane and at the last minute changed his plans. He decided to fly out with another hotel guy on a scheduled carrier. But I understand Monahan's girlfriend was on the plane. So ah you know I heard all kinds of stories. I heard, what the hell was it. This guy had a Japanese body guard who was wacko or something and they think that he went in and gave Howie and Charlie each a karate chop or something cause they said they found a diary. The story I got didn't make sense. Cause they said first they thought it was either Charlie or Howie's diary but it was written in Japanese. I don't know how they figured that. But the translation was that whatever the guys name was, the owner of the plane, is back into the drug thing I'll have to kill him tomorrow or something...I don't know if that's...but she was firmly convinced so she started talking to some reporters and they

became interested in Monahan. Monahan likes to drop names and all the mafia people that live in Hallandale and Hollywood, he drops their names because he was at the Diplomat of course he was with Tony Plate and ah I don't think Monahan was ever involved in anything, I really don't. But he liked to drop names and Monahan was constantly going back and forth to Europe, constantly. But it was for business, hotel business. I don't like Monahan at all but I don't think he was involved in anything. People said well he was laundering money, flying back and forth. I don't think John would have carried those amounts of money with him or things like that to do that because it's too easy to get caught. But ah...

Q. What about somebody that had a grudge for Monahan knowing that John was...

A. Monahan has nine million enemies so I mean you know.

Q. That maybe went through....(two subjects talking at once) the abduction of Adam to get to John.

A. I'll tell you what. If you contacted the Sun Sentinell, I don't remember the names of the ah. Well I'll tell you what. Janet Sosnowski, S-o-s-n-o-w-s-k-i, her husband's name is Chris and they live in Charleston South Carolina. She could tell you the names of the reporters of the newspaper and they could probably give you....They were going to do a big expose' on Monahan. They talked to about 50 people, 100, I mean unbelievable. Because I had a phone list, a copy of a phone list that was Monahan's and it had all kindsa names on it that were evidently mafia people. And Monahan had been investigated once because, remember years ago Lansky tried to get in

They wouldn't let him, he came back through Mexico, he was arrested. He had his bags he had a telephone book. They got numbers out of it and they got one guy in Chicago I think it was and they were talking to him and they found checks going back and forth between this guy and Monahan and Vegas and Monahan. They were for junkets and they right away figured it was something else. So he got investigated and that's when they found out that Monahan hadn't filed for three years and they did a big stink on that. But I think he likes to use names really.

explain so you know how we came up with your name. Your most recent that you're looking to get a divorce from, what's her name?

is in Lighthouse Point?

Recently contacted the Lighthouse Point Police Department who informed us. Okay and she had filed a report with them regarding child abuse to her son. All right. I guess she further told the reporting officer up there that she was friendly with the defendant at one time and now that her son was allegedly abused by you she feels that you may, that we have to look into you that you are a possible suspect in the Adam Walsh case because of your closeness to her, you were babysitting for the child and so forth. how we in turn finally located you and had you come in here today to talk with us. Okay she indicated to the Lighthouse Point Police that I guess her and her mother had apparently caught you fondling their boy.

A. I'd like to take a polygraph if it's ever wanted.

Q. We're not investigating that.

A. No but I mean if you talk to Lighthouse Point Police I'd like to take a polygraph.

Q. I mean if they're investigating you they would have contacted you by now right.

A. Yeah geez but that's a horrible thing. That little boy is the nicest little boy growing up with an absolute nut.

Q. Well apparently they interviewed him. They took a statement from the boy you know and he indicated that you have fondled him in the bathroom when he came out of the shower.

A. Unbelievable, unbelievable.

Q. So now you know why we were interested in speaking with you.

A. That's amazing.

Q. It's unbelievable but she did it and there is an official police report.

A. Wheeew!

Q. I don't know what the status of that investigation is.

A. Well I'm gonna get an attorney and go up there and take a polygraph. I'm not just saying that (inaudible).

A. Un...well.

Q. Well I don't know if we should have even told you that but you cooperated with us...

A. I know, this woman is a pro...well you don't care. This woman is a professional con-artist. I found out that she, that she shakes down people. She's used the name Flayheive (sp?), Blumberg, Collins, Johnson. She is blackmailing some poor Allstate insurance guy up in ah, it's either Allstate or State Farm I forget what, in Atlanta. Told him that he knocked her up and she gets a check from him. She's, I could go on and on. She's just bad news. And I flipped for her. And I was lonely. I hadn't been out for a year, I was divorced. I was depressed. I married her. She lived with her mother, her sister and ah unbelievable. I knew she's vicious and capable of anything but I didn't think that she would do that. That's is absolutely amazing. Well like I say. If there's any point you ever want me to take a polygraph, I got....I've always said I'd never take one but...

Q. (inaudible) I mean you're a very cooperative individual I know and my chief of police, I mean we've been working this case for six years.

A. I know I've read your name in the paper, that's why I said I knew who you were.

Q. Ah you know what you're telling me, you've been up front with us the whole bit. You know ah, would you take a polygraph regarding the Adam Walsh case?

Q. No problem?

A. You just tell me when.

Q. I appreciate that. But other than what you've told us to day you have no ideas of suspects that may be responsible for Adam's abduction and murder?

A. No. It didn't make a lot of sense when it happened.

Q. No it doesn't.

A. Doesn't make any sense really.

Q. It may have just been a random thing we don't know. Who else do you think we ought to talk to? We're open for suggestions.

A. Other than those people I've told you about I can't think of anybody that would have a grudge against John or ....

Q. Well you're not saying these people would have a grudge?

A. Huh?

Q. Are you saying these people would have a motive or a grudge or...

A. No I guess I shouldn't say that. No I'm not saying they have a grudge, I'm just trying to think of somebody that did and I can't really think of anybody that would be that way. That's weird.

Q. I'm gonna give you my card if you have to call me or you come with anybody that maybe we should look into.

A. Right, I'm gonna be at Pierpoint until I guess the 16th, 17th, after that I'm not real sure.

abandoned her and ah you know it was.....when I found out what they were up to it was just a unbelievable thing.

Q. I think the police department up there also felt that it may have been a thing of spite in the divorce and so sorth.

INTER-OFFICE MEMORANDUM

Chief R. S. Davis

DATE: October 24, 1988 FILE:

REFERENCES:

Detective received a telephone call on 10/24/88 from Sgt. Scheff of the Broward County Sheriff's Department.

Content of this call pertained to the recent trip to Raiford by Sgt. Scheff and Sgt. Fantagrassi.

During the week of 10/17/88, Sgt. Scheff and Sgt. Fantagrassi went to Raiford Prison to conduct an interview with prisoner, Gerard J. Schaffer. Mr. Schaffer recently wrote letters to various police departments, including the Broward Sheriff's Department. In these letters, Schaffer states that he is a cellmate of Ottis Toole and has filed legal appeals for fellow inmates.

Schaffer tells how Ottis Toole has spoken to him frequently about the Adam Walsh Murder. Mr. Schaffer believes that Toole is telling him the truth. Toole also gave Schaffer a hand written confession to the Walsh Murder.

According to Sgt. Scheff, after interviewing Schaffer, it is his opinion that Schaffer is strictly interested in this matter because he feels he would be entitled to the reward money offered by the family. Schaffer believes the reward money is in excess of \$100,000.00.

Schaffer informed Sgt. Scheff that he represents Ottis Toole in further matters. Schaffer stated he must be present at all interviews conducted with Ottis Toole in the future. Should Ottis Toole be taken out on location, Mr. Schaffer indicates that he must accompany Toole and the Law Enforcement Agency.

Schaffer informed Sgt. Scheff that Ottis Toole told him that he was given a bayonet to commit the Walsh Murder. This bayonet was obtained from Ottis Toole's sister's residence in Jacksonville.

Sgt. Scheff and Sgt. Fantagrassi proceeded to locate Toole's sister. During this, Toole's sister was interviewed by these detectives. The sister informed Sgt. Scheff that she had obtained the bayonet in question in 1979. This bayonet has been hanging on her wall since the year she obtained it. According to her, if Ottis Toole had taken this bayonet she would have been fully aware of it.

2212

She assured the detectives that the bayonet has never left her residence.

Ottis Toole's sister agreed to cooperate by furnishing the bayonet to the Sheriff's Department to be forwarded to the Crime Lab.

It is the opinion of Sgt. Scheff and Sgt. Fantagrossi that Gerard J. Schaffer is interested in this matter strictly for his own personal benefits. There is no evidence at this time to link Ottis Toole to the Walsh Murder.

MDPD Case #418664-D  
Other Agency Case #  
Victim: Adam Walsh  
Defendant: Ottis Toole

The below listed evidence was submitted to this laboratory on November 23, 1988

by D. P. Hughes, Broward Medical Examiner's Office:

One Japanese Army Bayonet, wood grips with 15 1/2" blade and ~~guard~~

Comparison examination was conducted of standard impressions made with the above bayonet and marks on the previously submitted shell. Although the class characteristics are consistent, insufficient similarities are present to determine if this bayonet was the weapon used to inflict the injuries.

Respectfully submitted,

**BINGHAMTON, NEW YORK NOVEMBER 21, 1988**

Michael N. Wagner, a situational pedophile with a preference for adolescent males, was convicted for the brutal stabbing murder of a 12 year old boy in Binghamton, New York on April 18, 1988. Sentencing is scheduled for January 13, 1989.

Wagner has also been convicted of sodomy of a 3 year old girl in the State of Virginia.

**MICHAEL WAGNER BRIEFLY:**

Wagner described by this police investigator as a loner who has traveled the country living in his cars. He hung out a truck stops and preferred Union 76 to all others.

**WAGNERS CARS:**

1972 Ford Torino red with a black top  
1978 Mercury Cougar green with white half top  
1977 Mercury Station wagon yellow with wood grain

Michael Wagner was obsessed by his cars, he kept a daily log for each car, in the log he put his starting mileage, ending mileage and how many miles he drove that day. He would often note routes he drove on and states he passed thru.

Wagner got and kept every gas slip, repair slip and every receipt that pertained to his cars. The log was in 22 note books and covers the time span from April 29, 1979 thru May 1, 1988.

**WAGNERS LOG BOOKS:**

Wagners log books have been condensed and computerized so that any police agency may inquire by date or location for any information as to Wagners location on a given date as it is felt that he is responsible for many other violent and sexual crimes around the country.

**MAP:**

Michael Wagner kept a map entitled "PLACES NIKES CARS HAVE BEEN". The map has red and green dots at different cities, the color of the dot is believed to be either the red Ford or the green Mercury Cougar. (See Exhibit A)

**INVESTIGATION:**

Due to the fact that when the Binghamton Police identified the killer as Wagner he was found to be in the middle of court proceedings in Virginia being represented by an attorney thus making it impossible to interview him regarding any criminal activity. Wagner will remain to be represented by the Broome County Public Defender until sentencing.

**WAGNERS BACKGROUND:**

Wagner was born in and lived most of his life in York, Pennsylvania near Harrisburg. Wagners father told an investigator that his son had never really grown up he stated that he still rides a skateboard and he feels that his son has a hatred for teenage boys, which he relates to the fact that he was always victim of bullies in school.

He went on to say that his son is what he calls a **COMPULSIVE POSSESSIVE** person with regard to his cars, that he didn't want anyone doing anything with his cars. He would not let his mother or father drive his cars.

The senior Wagner went on to say that his son would only drive between 12:00 Noon and 6:00 P. M., only drive on the Interstate Highways and would not drive in the rain. If it started to rain he would pull over and park so he would eliminate any chance of an accident to protect his car.

Wagners father also stated that his son was victim to a shooting back in the early 1980's somewhere around San Antonio, Texas, where as he picked up two young men and was giving them a ride when they pulled a gun on him and forced him out of the car, shot him and left him on the side of the road.

**EROTICA:**

Wagners 1972 Ford Torino was located in York, Pennsylvania in the custody of his father who gave investigators permission to search and remove anything they wished. Michael Wagners erotica was located in this vehicle which clearly showed that his interests were in adolescent males. Porno magazines found:

**NATURE BOYS** - Teen age boys nude in the woods doing what comes natural.

**SENSELS** - Kennels 9'teen 69 annual, teen age boys engaging in anal intercourse etc.

**Trigger** - Teenage nude boys engaged in sex acts with other boys.

**HORNEY TEENS** - Teen age boys nude in sexually explicit poses.

**OTHER ITEMS IN THE TORINO:**

The map mentioned above.  
Address book covering the country  
Travel log books  
Work places he has worked  
Business cards from all over  
Names and addresses from all over
