Dear Otis,

I have tried to write you many times but with ever thing happening to me, I couldn't.

The reason I have not told you about Becky was I never wanted to hurt you, and knowing what happened to her, she was my life, and I loved her more than any thing else we both have did wrong but I believe God will soon let us to return to each other in Heaven and I pray ever day that it will happen real soon.

But still I must clear the Book here on earth first.

Otis you seem to recall things more than I can and what happened can you tell me about the things that went on while we were traveling around the Country you know the different

times we took lifes together
in trying to clear up my
own wrong, and I realise you
may not want me to involve you
but I haft to ask for your
helps to clear up the cases
that have happend. Its hard to
get each name right and I
have got to get some places that
we were and the case's I've
already gave them were some
we have done together I have
not told them you were involved
nor have I gave any thing
they could use against you
I told them what happend
to Mom's house because like
I have said I must clear up
my wrong so Bucky and I will
be together with Mom in heasen
I need to know if you will
help me give back the Bodie's

so I can clear every thing up
at or at least try. I thank of
you ever day and wish that
I could turn back time and
not have to go through this

But I cant. So if you cant
or want help me at least let me
know so I can make a decision
about what to do. if you decide
that you wish to help clear
up this I will try and get it
arranged so we can get the
hole thing out in the open

I have been talking to a
Sheriff here in Williamson
County that's Georgetown Texas
it's close to where the Boy was
shot and a long ways up the
Road is where the girl was
left that's all I will say until
I find out your ideas as to
whether or not you want to

Do always
Nancy

What you know right and the others
if we know right every
I can make the arrangements
in this case I am on target for
now. I tell them part of the business
as not to involve you until I
know what you want to do.
I am happy over this
straight with you and that
all is will with the Jordan
give my regards to all and
tell them I am sorry that even
they are not coming so it has
well I must close for now
take care and be good in
what ever you do.
