Dear Hernandez,

The letter you wrote to Sheriff Ron Cochran on June 10th was forwarded to me, here at the Cold Case Unit, where we are dedicated to the investigation of unsolved homicides. In the event we receive information about an unsolved homicide, originally investigated by another law enforcement agency, we normally forward that information to the appropriate jurisdiction. Your letter refers to the "Adam Walsh" Homicide, which was originally investigated by the Hollywood Police Department. Accordingly, I have sent your letter to Sgt. Robert Dunbar, the supervisor of Hollywood's Homicide Unit.

Here at the Cold Case Unit we always welcome any and all information with respect to unsolved homicides. On behalf of the Broward Sheriff's Office and the many families of murder victims here and throughout the country, I would like to thank you for taking the time to write your letter.

Sincerely,

A handwritten signature in cursive script that reads "Michael Bolé".

DEAR SIR:

6-10-97

My name is George Hernandez.
I am currently at Florida STATE PRISON.
I have recently had a conversation with another inmate here, and he made comments to me concerning the murder of Adam Walsh, John Walsh's son.
I believe the information I received will open the investigation and focus new light on the killer.
I have sent a letter to the Jacksonville office of F.B.I. about this matter.
I will only talk to the F.B.I. and your investigator about this.
Hopefully, this information will clear things up. I will assist law enforcement 100% in this investigation.

Sincerely,

George Hernandez
392770.
