that Keith had collected newspaper clippings of mass murderers who had been arrested and had been recently written about in the newspapers. When Ms. Jurzyh confronted Keith about these newspaper clippings, he mentioned that he was considering writing a paper about mass murderers.

This detective then recontacted Det. Owens of the Monroe County Sheriff's Department to speak to him about any unsolved homicides in his jurisdiction that Keith Allen Warren mentioned to the aforementioned detectives while out in Las Vegas. Det. Owens indicated that they did not have any unsolved homicides during the time that Keith Warren was living and working in Monroe County. A check with cities located in northern Florida having any possible unsolved homosexual homicides during the time that Keith Allen Warren may have been in their jurisdiction met with negative results.

At the time of this supplemental report, this detective does not have any reasons or evidence that may link Keith Allen Warren to the Adam Walsh homicide. It is further this detective's opinion that if Mr. Warren had been responsible for Adam Walsh's murder, he would probably have confessed to it.

Investigation to continue.....
